

PRELIMINARY OFFICIAL STATEMENT DATED OCTOBER 2, 2024

NEW ISSUE - BOOK-ENTRY ONLY

RATINGS:

Fitch: "F1+" Moody's: "MIG 1"

See "RATINGS" herein

In the opinion of Holland & Knight LLP, Special Tax Counsel, assuming compliance with certain arbitrage rebate and other tax requirements referred to herein, under existing law, interest on the Notes is excludable from gross income for federal income tax purposes and will not be treated as an item of tax preference in computing the federal alternative minimum tax imposed on individuals under the Internal Revenue Code of 1986, as amended (the "Code"); however, the interest on the Notes is included in the "adjusted financial statement income" of certain corporations on which the federal alternative minimum tax is also imposed under the Code. Holders of Notes could be subject to the consequences of other provisions of the Internal Revenue Code of 1986, as amended, as further described herein. See "TAX MATTERS" herein.

\$99,000,000* CITY OF HOUSTON, TEXAS Tax and Revenue Anticipation Notes, Series 2024

Interest Accrual: Date of Delivery

Due: June 30, 2025

The City of Houston, Texas Tax and Revenue Anticipation Notes, Series 2024, (the "Notes") are payable from Pledged Revenues of the City collected in Fiscal Year 2025 (defined herein). Pledged Revenues consist of ad valorem taxes levied for general purposes, sales and use taxes, franchise charges and fees, and other general revenues of the City for Fiscal Year 2025 that remain after the deduction of all interest on debt obligations of the City to be paid out of such revenues for Fiscal Year 2025 and deduction of the sums required to be paid out of such revenues into any sinking fund, special fund or special trust fund of the City. Pledged Revenues exclude revenues derived from certain enterprise systems and pledged to the payment of certain debt obligations of the City, including revenues of the Houston Airport System, Combined Utility System, Convention and Entertainment Facilities Department, revenues derived from the hotel occupancy tax remitted to the City and the City's Dedicated Drainage and Street Renewal Fund (each an "Enterprise Fund" and collectively, the "Enterprise Funds").

Proceeds of the Notes shall be used to finance the City's general operating expenditures for Fiscal Year 2025 in anticipation of the collection of taxes and revenues for Fiscal Year 2025. Interest on the Notes will accrue from their Date of Delivery. Principal of and interest on the Notes are payable on June 30, 2025 upon presentation and surrender of the Notes to UMB Bank, N.A., Paying Agent/Registrar. **The Notes are not subject to redemption prior to maturity.**

All Notes are issued in fully registered form and in denominations or maturity amounts of \$100,000 or integral multiples thereof, and when issued, will be registered in the name of Cede & Co., as registered owner and nominee for The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the Notes. The Notes will be available to purchasers in book-entry form only. For as long as Cede & Co. is the sole registered owner of the Notes, the principal of and interest on the Notes will be payable by the Paying Agent/Registrar to DTC, which will be solely responsible for making such payments to DTC Participants (as defined herein) for subsequent remittance to the owners of beneficial interests in the Notes. The purchasers will not receive certificates representing their beneficial ownership interests.

The Notes are offered when, as and if issued, subject to the approving opinion of Holland & Knight LLP, Houston, Texas and Bratton & Associates, PLLC, Houston, Texas, as Co-Bond Counsel and Special Co-Disclosure Counsel to the City, as to the validity of the issuance of the Notes under the Constitution and laws of the State of Texas and the opinion of Holland & Knight LLP, Houston, Texas, as Special Tax Counsel, as described above. It is expected that the Notes will be available through the facilities of DTC on or about [October 24, 2024] ("Date of Delivery").

* Preliminary, subject to change.

CUSIP data herein is provided by CUSIP Global Services, managed by Standard & Poor's Financial Services LLC on behalf of The American Bankers Association. This data is not intended to create a database and does not serve in any way as a substitute for the CUSIP Services. CUSIP numbers are provided solely for the convenience of potential investors. None of the Purchasers, the City, or the Co-Financial Advisors is responsible for the selection or correctness of the CUSIP numbers set forth herein.

For purposes of compliance with Rule 15c2-12 of the Securities and Exchange Commission, as amended (the “Rule”), and in effect on the date of this Preliminary Official Statement, this document constitutes an Official Statement of the County with respect to the Obligations that has been “deemed final” by the County as of its date, except for the omission of no more than the information permitted by the Rule.

THE NOTES HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, IN RELIANCE UPON EXEMPTIONS CONTAINED IN SUCH ACT. THE REGISTRATION OR QUALIFICATION OF THE NOTES IN ACCORDANCE WITH APPLICABLE PROVISIONS OF SECURITIES LAW OF THE STATES IN WHICH THE NOTES HAVE BEEN REGISTERED OR QUALIFIED AND THE EXEMPTION FROM REGISTRATION OR QUALIFICATION IN OTHER STATES CANNOT BE REGARDED AS A RECOMMENDATION THEREOF.

IN MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE TERMS OF THIS OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED. THE NOTES HAVE NOT BEEN RECOMMENDED BY ANY FEDERAL OR STATE SECURITIES COMMISSION OR REGULATORY AUTHORITY. FURTHERMORE, THE FOREGOING AUTHORITIES HAVE NOT CONFIRMED THE ACCURACY OR DETERMINED THE ADEQUACY OF THIS OFFICIAL STATEMENT. ANY REPRESENTATION TO THE CONTRARY MAY BE A CRIMINAL OFFENSE.

The information set forth herein has been furnished by the City and includes information obtained from other sources which are believed to be reliable, but is not guaranteed as to accuracy or completeness. The information and expressions of opinion contained herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City or the other matters described herein since the date hereof.

This Official Statement includes descriptions and summaries of certain events, matters and documents. Such descriptions and summaries do not purport to be complete, and all such descriptions, summaries and references thereto are qualified in their entirety by reference to this Official Statement in its entirety and to each such document, copies of which may be obtained from the City or from the Co-Financial Advisors to the City for this issuance. Any statements made in this Official Statement or the appendices hereto involving matters of opinion or estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any such opinions or estimates will be realized.

This Official Statement is delivered in connection with the sale of the securities described herein and may not be reproduced or used, in whole or in part, for any other purposes.

This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Notes in any jurisdiction in which it is unlawful to make such offer, solicitation or sale. No dealer, salesperson or other person has been authorized by the City to give any information or to make any representation other than those contained herein, and, if given or made, such other information or representation must not be relied upon as having been authorized by the City or any other person. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the matters described herein since the date hereof.

Certain statements in this Official Statement, which may be identified by the use of such terms as “plan,” “project,” “expect,” “estimate,” “budget” or other similar words, constitute forward-looking statements. Such forward-looking statements refer to the achievement of certain results or other expectation or performance that involves known and unknown risks, uncertainties and other factors. These risks, uncertainties and other factors may cause actual results, performance or achievements to be materially different from any projected results, performance or achievements described or implied by such forward-looking statements. Although the City currently publishes certain monthly financial reports that are available upon written request from the City to the extent permitted by applicable law, the City reserves the right to discontinue or modify this practice at any time, and the City does not plan to issue any other updates or revisions to any forward-looking statements if or when its expectations, or events, conditions or circumstances on which such statements are based, occur, or if actual results, performance or achievements are materially different from any results, performance or achievements described or implied by such forward-looking statements.

PRELIMINARY OFFICIAL STATEMENT

\$99,000,000*

**City of Houston, Texas
Tax and Revenue Anticipation Notes
Series 2024**

INTRODUCTION

This Official Statement is in connection with the offering of the City of Houston, Texas Tax and Revenue Anticipation Notes, Series 2024, in the aggregate principal amount of \$99,000,000* (the “Notes”). The Notes are issued under and authorized pursuant to Section 1507.251 et seq., Texas Government Code, as amended (the “Act”), and an ordinance adopted by the City Council of the City of Houston, Texas (“City Council” and “City”) on August 28, 2024 (the “Ordinance”). Concurrently with the adoption of the Ordinance, the City adopted a separate ordinance (the “Supplemental Ordinance” and along with the Ordinance, the “Ordinances”) authorizing the City, to the extent needed, to issue additional tax and revenue anticipation notes during Fiscal Year 2025 (as defined herein). The Notes are secured with and payable solely from Pledged Revenues (as defined herein). See “PLAN OF FINANCE—Purpose” and “PLAN OF FINANCE—Pledged Revenues.” The total amount of parity tax and revenue anticipation notes issued under the Ordinances will not exceed \$232,000,000.

The City is the fourth most populous city in the nation and the most populous city in the State of Texas (the “State”). According to the most recent U.S. Census Bureau estimate, the City’s population was approximately 2.3 million in 2023. The United States Census Bureau 2023 estimate for the population of the nine-county metropolitan statistical area (“Houston-The Woodlands-Sugar Land” or the “MSA”) was 7.3 million, which is the seventh largest metropolitan statistical area in the United States. Located on the Southeast Texas Gulf Coastal Plains, Houston is approximately 50 miles from the Gulf of Mexico. The City is a major corporate and international financial center, and leading industries include energy, engineering and construction, real estate, aerospace, commerce, medicine and health care, transportation, biotechnology and computer technology. See “THE CITY” herein.

The City’s audited basic financial statements which are part of the City Controller’s Annual Comprehensive Financial Report for the Fiscal Year ended June 30, 2023 (the “Financial Statements”) are attached to this Official Statement as APPENDIX A. The Financial Statements present information on the general financial condition of the City at the dates and for the periods described therein. The inclusion of the Financial Statements, and other financial information in this Official Statement is not intended to imply that any other tax receipts, revenues or moneys of the City other than Pledged Revenues are pledged to pay the principal of or interest on the Notes. See “PLAN OF FINANCE—Pledged Revenues” and “PROPERTY TAXES,” particularly the subcaptions “—Constitutional and Statutory Tax Rate Limitations” and “—City Charter Tax and Revenue Propositions” for a discussion of current revenue limitations and related measures. As used herein, the term “Fiscal Year,” unless otherwise indicated, means the City’s Fiscal Year, which currently is the twelve-month period beginning on July 1 of a calendar year and ending on June 30 of the next succeeding calendar year. Each such period may be designated with the number of the calendar year in which such period ends. APPENDIX B provides certain economic and demographic information about the City; APPENDIX C provides the form of opinion of Co-Bond Counsel for the Notes and form of opinion of Special Tax Counsel for the Notes; and APPENDIX D provides information relating to the securities clearance procedures applicable to the Notes, including a description of The Depository Trust Company (“DTC”).

FORWARD LOOKING STATEMENTS

The statements contained in this Official Statement that are not purely historical are forward looking statements, including statements regarding the City’s expectations, estimates, intentions, or strategies regarding the future. Readers should not place undue reliance on forward looking statements. All forward looking statements in this Official Statement are based on information available to the City on the date hereof, and the City assumes no obligation to update any such forward looking statements. The forward looking statements herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or

* Preliminary, subject to change.

development in social, economic, business, industry, market, legal and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the City. Any of such assumptions could be inaccurate and, therefore, there can be no assurance that the forward looking statements included in this official statement would prove to be accurate and may be materially different.

PLAN OF FINANCE

Purpose

As in prior fiscal years, the City expects to issue tax and revenue anticipation notes for the Fiscal Year beginning July 1, 2024 and ending June 30, 2025 (“Fiscal Year 2025”). For Fiscal Year 2025, the City is authorized to issue parity tax and revenue anticipation notes in an aggregate amount not to exceed \$232,000,000. The Notes are payable solely from Pledged Revenues collected in Fiscal Year 2025 and shall be paid on or before the end of Fiscal Year 2025. See “—Pledged Revenues.” The aggregate principal amount of parity tax and revenue anticipation notes outstanding at any time during a Fiscal Year may not exceed the greatest amount by which the City’s estimated proposed expenditures for such Fiscal Year exceed certain estimated revenues.

The Notes are issued to finance the City’s general operating expenditures for Fiscal Year 2025 in anticipation of the collection of taxes and revenues, a significant portion of which will be collected in the latter half of Fiscal Year 2025. The Notes accrue interest from the Date of Delivery, mature on June 30, 2025, and are issued in fully registered form, in denominations of \$100,000 or any integral multiple thereof. Interest on the Notes is calculated on the basis of a 365-day year at the rates set forth on the cover page hereof.

UMB Bank, N.A., is the initial paying agent/registrant (the “Paying Agent/Registrar”). **The Notes are not subject to redemption prior to maturity.**

The following table provides the principal amount of parity tax and revenue anticipation notes issued in Fiscal Years 2021 and 2022 and the proposed principal amount of the Notes for Fiscal Year 2025, along with the corresponding percentage of such amount relative to Pledged Revenues.

Table 1: Tax and Revenue Anticipation Notes

<u>Fiscal Year</u>	<u>Amount</u>	<u>Percentage of Pledged Revenues</u>
2021.....	230,000,000	11.3
2022.....	75,000,000	3.4
2023.....	***	0.0 ^(a)
2024.....	***	0.0 ^(a)
2025.....	99,000,000	4.2 ^(b)

^(a) The City did not issue tax revenue anticipation notes in Fiscal Years 2023 and 2024.

^(b) If the City issued the entire authorized amount of parity tax and revenue anticipation notes, the percentage of Pledged Revenues would be approximately 10%.

Ownership

The City, the Paying Agent/Registrar and any other person may treat the person in whose name any Note is registered (the “Registered Owner”) as the absolute owner of such Note for the purpose of making and receiving payment of the principal thereof and the interest thereon and for all other purposes, whether or not such Note is overdue. Neither the City nor the Paying Agent/Registrar will be bound by any notice or knowledge to the contrary. All payments made to the person deemed to be the Registered Owner of any Note in accordance with the Ordinance

will be valid and effectual and will discharge the liability of the City and the Paying Agent/Registrar for such Note to the extent of the sums paid.

The Depository Trust Company

The information concerning The Depository Trust Company, New York, New York (“DTC”) and its book-entry system has been obtained from DTC and is contained in APPENDIX D to this Official Statement. Beneficial Ownership of Notes registered in the name of DTC will be initially transferred as described in APPENDIX D.

Transfers and Exchanges

So long as any Notes remain outstanding, the Paying Agent/Registrar shall keep the Register at its principal corporate trust office and shall provide for the registration and transfer of the Notes in accordance with the terms of the Ordinance. Each Note shall be transferable only upon the presentation and surrender thereof by Cede & Co., as DTC’s nominee or any subsequent Registered Owner, at the principal corporate trust office of the Paying Agent/Registrar, duly endorsed for transfer, or accompanied by an assignment duly executed by Cede & Co., as DTC’s nominee, or any subsequent Registered Owner or the authorized representative thereof in a form satisfactory to the Paying Agent/Registrar. Upon due presentation and surrender of a Note for transfer, the Paying Agent/Registrar is required to authenticate and deliver in exchange therefor, within 72 hours after such presentation and surrender, a new Note or Notes, registered in the name of Cede & Co., as DTC’s nominee, or such other transferee, in authorized denominations, of the same maturity and interest rate, in the same aggregate principal amount as the Note or Notes so presented and surrendered. In the event the Notes are not held in a book-entry registration system, all Notes shall be exchangeable upon the presentation and surrender thereof at the principal corporate trust office of the Paying Agent/Registrar for a Note or Notes of the same maturity and interest rate, in any authorized denomination and in an aggregate principal amount equal to the Note or Notes presented for exchange. Notes issued in exchange for other Notes shall be entitled to the benefits and security of the Ordinance to the same extent as the Note or Notes in lieu of which such Note is delivered.

The City or the Paying Agent/Registrar may require DTC or any subsequent Registered Owner of any Note to pay a sum sufficient to cover any tax, fee, or other governmental charge that may be imposed in connection with the transfer or exchange of such Note. Any fee or charge of the Paying Agent/Registrar for such transfer or exchange shall be paid by the City.

Pledged Revenues

Pledged Revenues consist of ad valorem taxes, sales and use taxes, franchise charges and fees, and other general revenues of the City for Fiscal Year 2025 that remain after the deduction of all interest on debt obligations of the City, specifically ad valorem tax obligations, to be paid out of such revenues for Fiscal Year 2025, and deduction of the sums required to be paid out of such revenues into any sinking fund, special fund or special trust fund of the City (“Pledged Revenues”). For a discussion of the impact of Proposition 1 (defined herein) and other Charter measures on the ad valorem tax revenues, see “PROPERTY TAXES—City Charter Tax and Revenue Propositions” and “—Impact of Proposition 1 and Proposition H on Ad Valorem Tax Collections.” See “ADDITIONAL SOURCES OF PLEDGED REVENUES” and “ACCOUNTING AND BUDGETING PROCEDURES AND GENERAL FUND REVENUES FOR FISCAL YEARS 2025 AND 2024.” Pledged Revenues exclude revenues pledged to the payment of certain debt obligations of the City, including revenues of the Houston Airport System, Combined Utility System, Convention and Entertainment Facilities Department and revenues derived from the hotel occupancy tax remitted to the City and the City’s Dedicated Drainage and Street Renewal Fund.

Table 2 represents Pledged Revenues for Fiscal Years 2021 and 2022, the projected Pledged Revenues for Fiscal Year 2024 and the estimated Pledged Revenues for the adopted Fiscal Year 2025 Budget (“Fiscal Year 2025 Budget”).

Table 2: Pledged Revenues

<u>Fiscal Year</u>	<u>Pledged Revenues (in thousands)</u>
2021	2,033,642
2022	2,176,046
2023	*** ^(a)
2024	*** ^(a)
2025 ^(b)	2,327,212

^(a) The City did not issue tax revenue anticipation notes in Fiscal Years 2023 and 2024.

^(b) Projection based on information reported in the City's Fiscal Year 2025 Budget.

General Fund Revenues and Expenditures

The City's General Fund operating expenditures are expected to occur in level amounts throughout a Fiscal Year, but significant portions of the City's revenues will not be received until the latter half of the Fiscal Year. The principal revenue source for the City's General Fund is ad valorem taxes, and the majority of such taxes are collected shortly before the tax delinquency date, which is February 1 of each year. See "PROPERTY TAXES." Prior to these revenue collections, current operations are financed by the expenditure of the beginning fund balance, collection from other revenue sources and the Notes which, under the Act, must be repaid by the end of the Fiscal Year in which they are incurred.

The General Fund Projected Cash Flow for Fiscal Year 2025 was prepared by using data available to the City on or about the date hereof, with estimates through June 30, 2024. The Fiscal Year 2025 Budget was adopted by City Council on June 13, 2024. The City may modify or amend the Fiscal Year 2025 Budget as it deems appropriate consistent with the Financial Policies and applicable State law and may manage temporary cash flow shortfalls for the General Fund through interfund borrowings or other similar means. See "Table 12: General Fund Budget for Fiscal Year 2025 and Fiscal Year 2024" for a comparison of the originally adopted Fiscal Year 2024 Budget and the Fiscal Year 2025 Budget, and see "Table 15: General Fund Unassigned and Assigned Fund Balance" for historical information regarding the City's General Fund unassigned and assigned fund balances.

The City does not as a matter of course make public projections as to cash flows as described in Table 3 and Table 4 of this Official Statement. However, the City has prepared the prospective financial information set forth below to present the General Fund Projected Cash Flows of the City with respect to Fiscal Year 2024 and Fiscal Year 2025. The accompanying prospective financial information was not prepared with a view toward public disclosure (other than as described herein) or with a view toward complying with the guidelines established by the American Institute of Certified Public Accountants with respect to prospective financial information, but in the view of the City, was prepared on a reasonable basis, reflects the best currently available estimates and judgments, and presents, to the best of the City's knowledge and belief, the current and future financial performance of the City for this fiscal year and the next fiscal year. The information presented is not fact, and should not be relied upon as being necessarily indicative of future results, and prospective purchasers are cautioned not to place undue reliance on the prospective financial information.

The assumptions and estimates underlying the prospective financial information are inherently uncertain and, though considered reasonable by the City as of the date hereof, are subject to change due to many circumstances, including economic conditions and other factors or events that could cause actual results to differ materially from that described in Table 3 and Table 4. Those factors include, among others, uncertainties relating to timing as to receipt of revenue sources and payment of expenditures, as well as actual revenues and expenditures varying from expected amounts.

Neither the City's independent auditors, nor any other independent accountants, have compiled, examined, or performed any procedures with respect to the prospective financial information contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability, and assume no responsibility for, and disclaim any association with, the prospective financial information.

Table 3 Notes:

In FY2023 and FY2024 no TRANs were issued due to the COVID-19 public health emergency in the amount of \$199 million funded under the American Rescue Plan Act (ARPA) received in FY2022.

The amounts include all general fund revenues, including ad valorem taxes levied for the purpose of funding the debt service on outstanding debt of the City; however ad valorem taxes levied for the purpose of funding debt service on outstanding debt are not Pledged Revenues available for repayment of the Notes. See "PLAN OF FINANCE- Pledged Revenues" herein .

Ad Valorem Tax includes current and delinquent taxes and penalty and interest.

Other Receipts include misc. fees, interfund transfers, parking and moving violation tickets, grants, mixed beverage tax, industrial assessments, license and permit fees.

General Debt Service is a direct transfer processed once a year from the General Fund in the amount of \$352,153,276

Other Disbursements include office supplies, equipment and other services.

The total designation for the Budget Stabilization Fund is approximately \$24.4 million. The City expects to appropriate and transfer \$23 million out of the Budget Stabilization Fund to Disaster Recovery Fund for May 2024 Derecho and Hurricane Beryl debris removal.

Assumes revenue stability during the fiscal year.

Totals may not add exactly due to rounding.

Table 4 Notes:

This table does not include Series 2025 Note proceeds and principal retirement, but does include an associated interest expense with respect to the Series 2025 Notes.

The amounts include all general fund revenues, including ad valorem taxes levied for the purpose of funding the debt service on outstanding debt of the City; however ad valorem taxes levied for the purpose of funding debt service on outstanding debt are not Pledged Revenues available for repayment of the Notes. See "PLAN OF FINANCE- Pledged Revenues" herein .

Ad Valorem Tax includes current and delinquent taxes and penalty and interest.

Other Receipts include misc. fees, interfund transfers, parking and moving violation tickets, grants, mixed beverage tax, industrial assessments, license and permit fees.

General Debt Service is a direct transfer processed once a year from the General Fund in the amount of \$380,860,426.

Other Disbursements include office supplies, equipment and other services.

Excluding the Series 2025 TRANS borrowing, the maximum General Fund cash deficit occurs on December 5, 2024 in the amount of approximately \$58.2 million.

The total designation for the Budget Stabilization Fund is approximately \$1.4 million. In FY25, \$23 million was transferred to Disaster Recovery Fund for May 2024 Derecho and Hurricane Beryl which will be replenished by FY2027 to the Budget Stabilization Fund.

Assumes revenue stability during the fiscal year.

Totals may not add exactly due to rounding.

PROPERTY TAXES

The following is a summary of certain provisions of State law as it relates to ad valorem taxation and is not intended to be complete. Prospective investors are encouraged to review Title I of the Texas Tax Code, as amended (the "Property Tax Code"), for identification of property subject to ad valorem taxation, property exempt or which may be exempted from ad valorem taxation if claimed, the appraisal of property for ad valorem tax purposes, and the procedures and limitations applicable to the levy and collection of ad valorem taxes.

Valuation of Taxable Property

Except for certain exemptions provided by federal law and the Property Tax Code, all real and personal property in the City is subject to ad valorem taxation from which the City's general expenditures and debt service expenditures (including the "Tax Obligations" as defined herein) are paid. See "AD VALOREM TAX OBLIGATIONS OF THE CITY." The Property Tax Code provides for countywide appraisal and equalization of taxable property values and establishes in each county of the State an appraisal district and an appraisal review board ("Appraisal Review Board") responsible for appraising property for all taxing units within the county. The Harris County Appraisal District, the Fort Bend Central Appraisal District and the Montgomery Central Appraisal District (collectively, the "Appraisal Districts") are county-wide agencies created under the Property Tax Code and are responsible for appraising property within their respective jurisdictions. The City primarily lies within the jurisdiction of the Harris County Appraisal District, but portions of the City lie within each of the other Appraisal Districts as well. Each Appraisal District has its own Appraisal Review Board (collectively, the "Review Boards"), which are appointed by the respective Appraisal Districts. Each Review Board is responsible for reviewing the values established by the Appraisal Districts. In determining the market value of property, the respective Appraisal District is required to consider the cost method of appraisal, the income method of appraisal and the market data comparison method of appraisal, and use the method the chief appraiser of the Appraisal District considers most appropriate. The Property Tax Code requires appraisal districts to reappraise all property in its jurisdiction at least once every three years. A taxing unit may require annual review at its own expense, and is entitled to challenge the determination of appraised value of property within the taxing unit by petition filed with the Appraisal Review Board.

As of July 1, 2024, each Appraisal District will be governed by a nine-member board of directors (previously six). Three directors are elected by a majority vote at the general election for state and county officers by the voters of the respective counties in which the Appraisal Districts are established, and the county's assessor-collector serves as an ex-officio director. Five directors are appointed by taxing entities within the Appraisal District based on the percentage of the total taxes levied by such taxing entities within the Appraisal District. The City appoints one board member to Harris Central Appraisal District; however, the City does not unilaterally appoint board members to the other Appraisal Districts.

State law requires the appraised value of an owner's principal residence ("homestead" or "homesteads") to be based solely on the property's value as a homestead, regardless of whether residential use is considered to be the highest and best use of the property. State law further limits the appraised value of a homestead to the lesser of (1) the market value of the property or (2) 110% of the appraised value of the property for the preceding tax year plus the market value of all new improvements to the property.

Effective January 1, 2024, an appraisal district is prohibited from increasing the appraised value of real property during the 2024 tax year on certain non-homestead properties (the "Subjected Property") whose appraised values are not more than \$5,000,000 (the "maximum property value") to an amount not to exceed the lesser of (1) the market value of the Subjected Property for the most recent tax year that the market value was determined by the appraisal officer or (2) the sum of (a) 20% of the appraised value of the Subjected Property for the preceding tax year, (b) the appraised value of the Subjected Property for the preceding tax year, and (c) the market value of all new improvements to the Subjected Property. After the 2024 tax year, through December 31, 2026 (unless extended by the Legislature), the maximum property value may be increased or decreased by the product of the preceding state fiscal year's increase or decrease in the consumer price index, as applicable, to the maximum property value.

State law provides that eligible owners of both agricultural land and open-space land, including open-space land devoted to farm or ranch purposes or open-space land devoted to timber production, may elect to have such property appraised for property taxation on the basis of its productive capacity. The same land may not be qualified as both agricultural and open-space land.

The appraisal values set by the Appraisal District are subject to review and change by the Appraisal Review Board. The appraisal rolls, as approved by the Appraisal Review Board, are used by taxing units, such as the City, in establishing their tax rolls and tax rates (see “PROPERTY TAXES – City and Taxpayer Remedies”).

State Mandated Homestead Exemption. State law grants, with respect to each city in the State, various exemptions for disabled veterans and their families, surviving spouses of members of the armed services killed in action and surviving spouses of first responders killed or fatally wounded in the line of duty.

Local Option Homestead Exemption. The governing body of a taxing unit, including a city, county, school district, or special district, at its option may grant: (1) an exemption of up to 20% of the appraised value of all homesteads (but not less than \$5,000) and (2) an additional exemption of at least \$3,000 of the appraised value of the homesteads of persons 65 years of age or older and the disabled. Each taxing unit decides if it will offer the local option homestead exemptions and at what percentage or dollar amount, as applicable.

Cities, counties and school districts that adopted an optional homestead exemption described in (1) above for the tax year 2022 are prohibited from repealing or reducing the exemption through December 31, 2027. The exemption described in (2), above, may also be created, increased, decreased or repealed at an election called by the governing body of a taxing unit upon presentment of a petition for such creation, increase, decrease, or repeal of at least 20% of the number of qualified voters who voted in the preceding election of the taxing unit.

Local Option Freeze for the Elderly. The governing body of a city, county, or junior college district may, at its option, provide for a freeze on the total amount of ad valorem taxes levied on the homesteads of persons 65 years of age or older or of disabled persons above the amount of tax imposed in the year such residence qualified for such exemption. Also, upon voter initiative, an election may be held to determine by majority vote whether to establish such a freeze on ad valorem taxes. Once the freeze is established, the total amount of taxes imposed on such homesteads cannot be increased except for certain improvements, and such freeze cannot be repealed or rescinded.

Personal Property. Tangible personal property (furniture, machinery, supplies, inventories, etc.) used in the “production of income” is taxed based on the property’s market value. Taxable personal property includes income-producing equipment and inventory. Intangibles such as goodwill, accounts receivable, and proprietary processes are not taxable. Tangible personal property not held or used for production of income, such as household goods, automobiles or light trucks, and boats, is exempt from ad valorem taxation unless the governing body of a taxing unit elects to tax such property.

Freeport And Goods-In-Transit Exemptions. Certain goods that are acquired in or imported into the State to be forwarded outside the State, and are detained in the State for 175 days or less for the purpose of assembly, storage, manufacturing, processing or fabrication (“Freeport Property”) are exempt from ad valorem taxation unless a taxing unit took official action to tax Freeport Property before April 1, 1990 and has not subsequently taken official action to exempt Freeport Property. Decisions to continue taxing Freeport Property may be reversed in the future; decisions to exempt Freeport Property are not subject to reversal.

Certain goods that are acquired in or imported into the State to be forwarded to another location within or without the State, stored in a location that is not owned by the owner of the goods and are transported to another location within or without the State within 175 days (“Goods-in-Transit”), are generally exempt from ad valorem taxation; however, the Property Tax Code permits a taxing unit, on a local option basis, to tax Goods-in-Transit if the taxing unit takes official action after conducting a public hearing, before January 1 of the first tax year in which the taxing unit proposes to tax Goods-in-Transit. The City does tax Goods-in-Transit. Goods-in-Transit and Freeport Property do not include oil, natural gas or petroleum products, and Goods-in-Transit does not include aircraft or special inventories such as manufactured housing inventory, or a dealer’s motor vehicle, boat, or heavy equipment inventory.

A taxpayer may receive only one of the Goods-in-Transit or Freeport Property exemptions for items of personal property.

Other Exempt Property. Other major categories of exempt property include property owned by the State or its political subdivisions if used for public purposes, property exempt by federal law, property used for pollution control, farm products owned by producers, property of nonprofit corporations used for scientific research or educational activities benefitting a college or university, designated historic sites, solar and wind-powered energy devices, and certain classes of intangible personal property.

Tax Increment Financing Zones. A city or county, by petition of the landowners or by action of its governing body, may create one or more tax increment reinvestment zones (“TIRZ” or “Zones”) within its boundaries. At the time of the creation of the TIRZ, a “base value” for the real property in the TIRZ is established and the difference between any increase in the assessed valuation of taxable real property in the TIRZ in excess of the base value is known as the “tax increment”. During the existence of the TIRZ, all or a portion of the taxes levied against the tax increment by a city or county, and all other overlapping taxing units that elected to participate, are restricted to paying only planned project and financing costs within the TIRZ and are not available for the payment of other obligations of such taxing units. See “PROPERTY TAXES – City Application of Property Tax Code” for descriptions of any TIRZ created in the City.

Tax Abatement Agreements. Taxing units may also enter into tax abatement agreements to encourage economic development. Under the agreements, a property owner agrees to construct certain improvements on its property. The taxing unit, in turn, agrees not to levy a tax on all or part of the increased value attributable to the improvements until the expiration of the agreement. The abatement agreement could last for a period of up to 10 years. See “– City Application of Property Tax Code” for descriptions of any of the City’s tax abatement agreements.

Temporary Exemption For Qualified Property Damaged By a Disaster. The Property Tax Code entitles the owner of certain qualified (i) tangible personal property used for the production of income, (ii) improvements to real property, and (iii) manufactured homes located in an area declared by the governor to be a disaster area following a disaster and is at least 15 percent damaged by the disaster, as determined by the chief appraiser, to an exemption from taxation of a portion of the appraised value of the property. The amount of the exemption ranges from 15 percent to 100 percent based upon the damage assessment rating assigned by the chief appraiser. Except in situations where the territory is declared a disaster on or after the date the taxing unit adopts a tax rate for the year in which the disaster declaration is issued, the governing body of the taxing unit is not required to take any action in order for the taxpayer to be eligible for the exemption. If a taxpayer qualifies for the exemption after the beginning of the tax year, the amount of the exemption is prorated based on the number of days left in the tax year following the day on which the governor declares the area to be a disaster area.

City and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units, including the City, may appeal the determinations of the appropriate Appraisal District by timely initiating a protest with the Appraisal Review Board. Additionally, taxing units such as the City may bring suit against the appropriate Appraisal District to compel compliance with the Property Tax Code. Owners of certain property with a taxable value in excess of the current year “minimum eligibility amount”, as determined by the State Comptroller, and situated in a county with a population of one million or more, may protest the determinations of an appraisal district directly to a three-member special panel of the appraisal review board, appointed by the chairman of the appraisal review board, consisting of highly qualified professionals in the field of property tax appraisal. The minimum eligibility amount is set at \$59,562,331 million for the 2024 tax year, and is adjusted annually by the State Comptroller to reflect the inflation rate.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the City and provides for taxpayer referenda that could result in the repeal of certain tax increases (see “PROPERTY TAXES – Public Hearing and Maintenance and Operations Tax Rate Limitations”). The Property Tax Code also establishes a procedure for providing notice to property owners of reappraisals reflecting increased property value, appraisals which are higher than renditions, and appraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The City contracts with the Harris County Tax Office for the collection of taxes and two law firms to enforce the collection of delinquent taxes. Taxes are due October 1, or when billed, whichever comes later, and become delinquent after January 31 of the following year. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty of up to twenty percent (20%) if imposed by the City. The delinquent tax also accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code also makes provision for the split payment of taxes, discounts

for early payment and the postponement of the delinquency date of taxes for certain taxpayers. Furthermore, the City may provide, on a local option basis, for the split payment, partial payment, and discounts for early payment of taxes under certain circumstances.

City's Rights in the Event of Tax Delinquencies

Taxes levied by the City are a personal obligation of the owner of the property. On January 1 of each year, a tax lien attaches to property to secure the payment of all state and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of each taxing unit, including the City, having power to tax the property. The City's tax lien is on a parity with tax liens of such other taxing units. A tax lien on real property takes priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the City is determined by applicable federal law. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

At any time after taxes on property become delinquent, the City may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the City must join other taxing units that have claims for delinquent taxes against all or part of the same property.

Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, adverse market conditions, taxpayer redemption rights, or bankruptcy proceedings which restrain the collection of a taxpayer's debt.

Federal bankruptcy law provides that an automatic stay of actions by creditors and other entities, including governmental units, goes into effect with the filing of any petition in bankruptcy. The automatic stay prevents governmental units from foreclosing on property and prevents liens for post-petition taxes from attaching to property and obtaining secured creditor status unless, in either case, an order lifting the stay is obtained from the bankruptcy court. In many cases, post-petition taxes are paid as an administrative expense of the estate in bankruptcy or by order of the bankruptcy court.

Constitutional Tax Rate Limitations

The Constitution of the State of Texas (the "Texas Constitution") limits the maximum ad valorem tax rate to \$2.50 (per \$100 of assessed valuation) for home-rule cities such as the City. Administratively, the Attorney General of the State of Texas will permit allocation of \$1.50 of the \$2.50 maximum tax rate for all debt service on ad valorem tax-supported debt, as calculated at the time of issuance.

In addition to such maximum ad valorem tax rates under the Texas Constitution, the City's ad valorem tax rates are limited by both State statutory law and the City Charter. See " – Tax Rate Limitation under State Statutory Law" and " – City Charter Tax Limitations and Revenue Propositions" below. Depending on the year, the applicable ad valorem tax rate limitations under the City Charter may be more or less restrictive than the limitations under State statutory law and the Texas Constitution.

Tax Rate Limitations under State Statutory Law

The following terms as used in this section have the meanings provided below:

"adjusted" means lost values are not included in the calculation of the prior year's taxes and new values are not included in the current year's taxable values.

"de minimis rate" means the maintenance and operations tax rate that will produce the prior year's total maintenance and operations tax levy (adjusted) from the current year's values (adjusted), plus the rate that produces an additional \$500,000 in tax revenue when applied to the current year's taxable value, plus the debt service tax rate.

“no-new-revenue tax rate” means the combined maintenance and operations tax rate and debt service tax rate that will produce the prior year’s total tax levy (adjusted) from the current year’s total taxable values (adjusted).

“special taxing unit” means a city for which the maintenance and operations tax rate proposed for the current tax year is 2.5 cents or less per \$100 of taxable value.

“unused increment rate” means the cumulative foregone revenue amount for the three tax years prior to the current tax year divided by the total taxable value of property for the current year, less exemptions.

“voter-approval tax rate” means the maintenance and operations tax rate that will produce the prior year’s total maintenance and operations tax levy (adjusted) from the current year’s values (adjusted) multiplied by 1.035, plus the debt service tax rate, plus the “unused increment rate”.

The City’s tax rate consists of two components: (1) a rate for funding of maintenance and operations expenditures in the current year (the “maintenance and operations tax rate”), and (2) a rate for funding debt service in the current year (the “debt service tax rate”). Under State law, the assessor for the City must submit an appraisal roll showing the total appraised, assessed, and taxable values of all property in the City to the City Council by August 1 or as soon as practicable thereafter.

A city must annually calculate its voter-approval tax rate and no-new-revenue tax rate in accordance with forms prescribed by the State Comptroller and provide notice of such rates to each owner of taxable property within the city and the county tax assessor-collector for each county in which all or part of the city is located. A city must adopt a tax rate before the later of September 30 or the 60th day after receipt of the certified appraisal roll, except that a tax rate that exceeds the voter-approval tax rate must be adopted not later than the 71st day before the next occurring November uniform election date. If a city fails to timely adopt a tax rate, the tax rate is statutorily set as the lower of the no-new-revenue tax rate for the current tax year or the tax rate adopted by the city for the preceding tax year.

As described below, the Property Tax Code provides that if a city adopts a tax rate that exceeds its voter-approval tax rate or, in certain cases, its de minimis rate, an election must be held to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

A city may not adopt a tax rate that exceeds the lower of the voter-approval tax rate or the no-new-revenue tax rate until each appraisal district in which such city participates has delivered notice to each taxpayer of the estimated total amount of property taxes owed and the city has held a public hearing on the proposed tax increase.

For cities with a population of 30,000 or more as of the most recent federal decennial census, such as the City, if the adopted tax rate for any tax year exceeds the voter-approval tax rate, that city must conduct an election on the next occurring November uniform election date to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

Any city that is located at least partly within an area declared a disaster area by the Governor of the State or the President of the United States during the current year and has at least one person within the City that has been granted a temporary exemption for qualified property damaged by a disaster (as described herein under the subheading “—Valuation of Taxable Property—Temporary Exemption For Qualified Property Damaged By a Disaster”) may calculate its voter-approval tax rate using a 1.08 multiplier, instead of 1.035, until the earlier of (i) the first tax year in which such city’s total taxable appraised value exceeds the taxable appraised value on January 1 of the year the disaster occurred, or (ii) the third tax year after the tax year in which the disaster occurred.

The calculations of the no-new-revenue tax rate and voter-approval tax rate do not limit or impact the City’s ability to set a debt service tax rate in each year sufficient to pay debt service on all of the City’s tax-supported debt obligations, including the Notes

Reference is made to the Property Tax Code for definitive requirements for the levy and collection of ad valorem taxes and the calculation of the various defined tax rates.

City Charter Tax Limitations and Revenue Propositions

General. In addition to certain constitutional and statutory limitations described above, the City may limit, increase or change the revenue resources available during a given Fiscal Year, either by voter authorization as provided by the City Charter or by amending the City Charter itself. The City Charter may not be amended more frequently than once every two years. Over the past twelve years, voters of the City have limited increases in ad valorem tax revenues and other revenues in Proposition 1 (codified in Article III, Sec. 1 and Article IX, Sec. 20 of the City Charter) and Proposition 2 (codified in Article VI-a, Sec. 7 of the City Charter but not effective). Voters also have increased available revenue sources in Proposition G (codified in Article IX, Sec. 21 of the City Charter) and Proposition H, which did not amend the City Charter. Notwithstanding any limitations on revenue described below, the City Charter provides that, in preparing the City's budget, provision shall first be made for the payment of debt service on the City's outstanding Tax Obligations, with remaining revenues to be apportioned among the City's respective departments. In future Fiscal Years, the amount of the tax levy allocated to debt service may need to be increased, reducing the amount available for the delivery of essential governmental services unless there is a corresponding increase in the overall tax levy or other revenues.

Proposition 1 and Proposition 2 (2004). In 2004, voters approved Proposition 1 (now codified as Article III, Sec. 1 and Article IX, Sec. 20, City Charter) in order to limit increases in (i) the City's ad valorem tax revenues by requiring voter approval for increases in ad valorem taxes in future years above a limit equal to the lesser of the actual revenues in the preceding Fiscal Year, plus 4.5%, or a formula that is based upon the actual revenues received in Fiscal Year 2005 adjusted for the cumulative combined rates of inflation and the City's population growth; and (ii) water and sewer rates (i.e., the City's Combined Utility System) by limiting rate increases to the combined increases in the rates of inflation and population growth, excluding rate increases required by certain bond covenants and rates established by contract, unless approved by the voters. See TABLE 2: AD VALOREM TAX LEVIES AND COLLECTIONS. For a discussion of the impact of Proposition 1 on the Fiscal Year 2022 Budget, see "ACCOUNTING AND BUDGETING PROCEDURES AND GENERAL FUND REVENUES FOR FISCAL YEARS 2025 AND 2024 – General Fund and General Debt Service Fund Budgets." At the same election, the voters also approved Proposition 2 (Article VI-a, Sec. 7, City Charter:), which proposed to limit increases in the City's "combined revenues," including revenues of the General Fund, Special Funds and Enterprise Funds. Based on the specific language of Proposition 1 and Proposition 2, the number of votes for each proposition, and the language of the City Charter, the City declared that Proposition 2 was not effective. However, see "*Proposition 2 Litigation*," below, for information on the Texas Supreme Court ruling remanding the matter to the trial court.

Proposition 2 Litigation. Supporters of Proposition 2 filed a lawsuit to declare Proposition 2 effective. After protracted litigation, on August 26, 2011, the Texas Supreme Court vacated the judgment of the trial court (for lack of ripeness) without reference to the merits and dismissed the case for want of jurisdiction. In April 2014, the suit was refiled. The court granted the City defendants' Motion for Summary Judgment on September 16, 2019 and denied plaintiffs' Motion for Summary Judgment. On October 4, 2019, the trial court held a bench trial on the remaining issues. On October 29, 2019, the trial court held for the City defendants, ordering that the plaintiffs take nothing. The parties cross appealed and on October 12, 2021, the court of appeals issued a 2-1 decision affirming the trial court's ruling. The remaining plaintiff filed a petition for review in the Texas Supreme Court. On April 21, 2023, the Texas Supreme Court reversed the judgment of the court of appeals, in part, and affirmed the trial court's judgment ruling that the City has complied with Proposition 1. On September 1, 2023, the Texas Supreme Court denied the City's motion for rehearing and thus, the case was ordered to return to the trial court on remand. The case was set for trial on April 22, 2024 and subsequently moved to the trial docket for April 29, 2024. Upon recusal of the presiding judge, the case has been transferred to the 133rd Civil District Court for further proceedings. On July 15, 2024, the judge in the 133rd Civil District Court denied both the Plaintiffs' and City's competing motions for summary judgment and stated that she would leave the matter to her successor in January, as she was retiring.

Propositions G and H. In response to Proposition 1 and Proposition 2, the City held an election on November 7, 2006, at which the voters approved Proposition G and Proposition H, both of which are currently effective. Proposition G amends the City Charter to exclude revenues of the City's enterprise systems (i.e., Combined Utility System, Houston Airport System and the Convention and Entertainment Facilities Department) from the types of revenues limited under the City Charter. Voter approval of Proposition G removed the enterprise systems from the revenue limitations of Proposition 2, although the limitation on water and sewer rate increases included in Proposition 1 remains in effect. Proposition H allows the City to collect and spend up to \$90 million of revenue, over and above any Proposition 2 limitations, for increased police, fire and emergency medical services and related matters. The

amount collected and spent in each year becomes part of the base revenue calculations for the following year. Propositions G and H are incorporated into the City's Financial Policies (defined below), and the City has collected revenues and made expenditures for public safety purposes in compliance with Proposition H.

Impact of Proposition 1 and Proposition H on Future Fiscal Years. In Fiscal Year 2015, the City reduced its tax rate to comply with Proposition 1 and Proposition H limitations; however, the City did not budget above this cap and, therefore, did not have to reduce its revenues from budget. The City is expecting Proposition 1 and Proposition H to impact future budgets and, as a result, all five-year forecasts are now relying on projections of CPI plus population growth to project ad valorem revenue growth.

Impact of Proposition 1 and Proposition H on Ad Valorem Tax Collections

In each Fiscal Year, Proposition 1 limits increases in ad valorem tax revenues collected by the City by limiting such annual ad valorem collections to the lesser of the actual ad valorem tax revenues collected in the preceding Fiscal Year, plus 4.5%, or actual ad valorem tax revenues received in Fiscal Year 2005 adjusted for the cumulative combined rates of inflation and the City's population growth (as determined by the US Census). Additionally, to augment the impact of Proposition 1, Proposition H authorizes the City to annually budget up to \$90 million of ad valorem tax revenue for increased police, fire and emergency medical services and related matters. The amount collected and spent in each year becomes part of the base ad valorem revenue calculations for the following year. The City intends to continue collecting revenues for public safety purposes in compliance with Proposition H. See "PROPERTY TAXES—City Charter Tax Limitations and Revenue Propositions."

The Fiscal Year 2024 Budget contemplates the ad valorem tax revenues as allowed under Proposition 1 and Proposition H. Because the final Tax Year 2023 ad valorem tax values provided by the Appraisal Districts exceeded the growth factor allowed by Proposition 1, the City adopted a tax rate of \$0.519190 (per \$100 assessed valuation) for Fiscal Year 2024, which is approximately 2.7% lower than the City's Fiscal Year 2023 tax rate of \$0.53364. See "General Fund and General Debt Service Fund Budgets."

The City estimates that Proposition 1 reduced ad valorem tax collections by approximately \$400.7 million in Fiscal Year 2024 below the collections that would have been budgeted without the Proposition 1 limitations. If ad valorem tax values continue to increase in an amount greater than the growth factor allowed under Proposition 1, it is expected that the City's revenues from ad valorem taxes would continue to be limited and may negatively impact City budgets in subsequent Fiscal Years due to increasing demands on the City's budget, unless other revenue sources are identified. Due to the revenue limitations imposed by Proposition 1, all 5-year forecasts prepared by the City rely on conservative projections of CPI plus population growth to project ad valorem revenue growth as prescribed by Proposition 1.

City Application of Property Tax Code

The City has granted an exemption of 20% of the appraised market value of residence homesteads; the minimum exemption is \$5,000 (the "Homestead Exemption").

The City grants an ad valorem property tax exemption to persons 65 years of age or older and the disabled of \$260,000 per household (the "Additional Exemptions"). A household may claim one, but not both of the Additional Exemptions. In Tax Year 2023, approximately 134,071 households claimed an Additional Exemption, with an average Additional Exemption claim of \$175,201.21 for each such household compared to \$166,081.46 for Tax Year 2022. See "-Tax Rolls."

The City has not adopted the tax freeze for citizens who are disabled or are 65 years of age or older

The City does not tax nonbusiness personal property.

The City contracts with the Harris County Tax Office for the collection of taxes; payment agreements are allowed and discounts are not allowed.

The City grants the Freeport property exemption.

The City does tax goods-in-transit.

The City has entered into approximately eight active abatement agreements to stimulate economic development. Property owners receiving these abatements agree to construct certain real property and/or personal property improvements in consideration of the abatement of ad valorem taxes on such improvements for a specified period of time, with a minimum investment exceeding \$1 million and the creation or retention of full-time jobs. Ad valorem taxes are assessed on all other property. According to the Harris County Appraisal District, these abatement projects currently represent investments of approximately \$775 million with the value of abatable improvements totaling approximately \$337 million.

The City currently participates in 28 Tax Increment Reinvestment Zones. In Fiscal Year 2024, the City transferred approximately \$252million of Tax Increments to special funds for such Zones, as required by State law. A portion of those funds, plus revenues from the other sources, were transferred back to the City for affordable housing projects, an administrative fee and a fee for municipal service costs attributable to development in such Zones, in an amount of approximately \$31 million.

Tax Rolls

Set forth in the table below are the City’s tax rolls for Tax Years 2020 through 2024 (Fiscal Years 2021 through 2025), as provided by the Appraisal Districts. The Tax Years 2020 through 2023 (Fiscal Year 2021 through 2024) tax rolls represent the total appraised value of property, after subtracting all exemptions, and reflect all adjustments made by the Appraisal Districts. The Tax Year 2024 (Fiscal Year 2025) tax rolls represent the Appraisal Districts’ estimated final taxable value of property, which consists of the total appraised value of property less all exemptions and adjustments made by the Appraisal Districts. All figures are as of the final roll for each Fiscal Year, except for Tax Year 2024 (Fiscal Year 2025), which are based upon certified estimated tax rolls as of August 16, 2024. See “PROPERTY TAXES – City Charter Tax Limitations and Revenue Propositions” and “ACCOUNTING AND BUDGETING PROCEDURES AND GENERAL FUND REVENUES FOR FISCAL YEARS 2025 AND 2024 – Budget Projections for Fiscal Year 2025 and Future Fiscal Years.”

Table 5: Tax Rolls^(a)

<u>Tax Year</u>	<u>Fiscal Year</u>	<u>Real Property (in thousands)</u>	<u>Personal Property (in thousands)</u>	<u>Total Tax Rolls^{(b)(c)} (in thousands)</u>
2020	2021	\$230,741,971	\$27,438,111	\$258,180,082
2021	2022	237,004,816	25,695,528	262,700,343
2022	2023	256,612,681	28,654,307	285,266,988
2023	2024	283,795,395	31,961,722	315,757,117
2024	2025	292,605,474 ^(d)	34,606,977 ^(d)	327,212,452 ^(d)

(a) Information provided by the Appraisal Districts.

(b) As of August 16, 2024, the Harris Central Appraisal District reported that approximately 13,500 active lawsuits have been filed which, in the aggregate, challenge the valuation placed on approximately \$69.0 billion of the total appraised tax rolls for Tax Year 2024 and all prior Tax Years. No prediction can be made as to how the tax rolls may be affected by these lawsuits.

(c) See “PROPERTY TAXES – City Application of Property Tax Code” for a discussion of the tax abatement agreements the City has entered into.

(d) These amounts reflect the Appraisal Districts’ certified taxable valuations and uncertified taxable valuations less an estimate of hearing loss based on tax rolls available as of August 16, 2024.

Recent City Tax Rates

The tax rate for Tax Year 2023 (Fiscal Year 2024) is \$0.519190 (per \$100 assessed valuation), which consists of approximately \$0.388878 for general purpose and \$0.130312 for debt service based on the estimated certified tax roll. The tax rate for Tax Year 2022 (Fiscal Year 2023) was \$0.533640 (per \$100 assessed valuation), which consisted of approximately \$0.385127 for general purpose and \$0.148513 for debt service based on the estimated certified tax roll. See “ACCOUNTING AND BUDGETING PROCEDURES AND GENERAL FUND REVENUES FOR FISCAL YEARS 2025 AND 2024 – General Fund and General Debt Service Fund Budgets – Fiscal Year 2025 Budget.” See also TABLE 6: AD VALOREM TAX LEVIES AND COLLECTIONS.

Ad Valorem Tax Levies and Collections

The following table sets forth for Fiscal Years 2020 through 2024 the tax rate in each year, the net amount of ad valorem taxes levied by the City, the amount of each year's levy that was collected through the end of each respective Fiscal Year, the amount of prior years' delinquent taxes collected and the percentage of the net levy represented by such total collections. All figures are as of June 30 of each Fiscal Year.

Table 6: Ad Valorem Tax Levies and Collections

Fiscal Year	Tax Rate ^(a)			Net Current Year Tax Levy ^{(b)(d)} (in thousands)	Current Collections ^{(c)(d)} (in thousands)	Prior Years' Delinquent Collections (in thousands)	Total Collections ^{(c)(d)} (in thousands)	Total Collections (Percentage of Net Levy) ^{(c)(d)}
	General Purposes	Debt Service	Total					
2020	\$0.40413	\$0.16379	\$0.56792	\$1,367,460	\$1,345,580	\$16,082	\$1,361,662	99.6%
2021	0.42309	0.13875	0.56184	1,425,415	1,245,598	9,202	1,254,800	99.3
2022	0.40247	0.14836	0.55083	1,447,043	1,409,911	9,488	1,419,399	98.1
2023	0.38513	0.14851	0.53364	1,521,769	1,496,143	6,494	1,502,637	98.7
2024	0.38888	0.13031	0.51919	1,638,922	1,592,893	12,202	1,605,095	97.9

^(a) The Texas Constitution limits the maximum ad valorem tax rate to \$2.50 per \$100 of assessed valuation for home-rule cities such as the City and the City's ad valorem tax rate is further limited by statute and provisions of the City Charter. For additional information on constitutional, statutory and City Charter tax rate limitations, see "PROPERTY TAXES – Constitutional Tax Rate Limitations," "Tax Rate Limitations Under State Statutory Law," "City Charter Tax Limitations and Revenue Propositions" and "Impact of Proposition 1 and Proposition H on Ad Valorem Tax Collections."

^(b) The figures represent net adjusted levies, including the late certification and correction rolls from the Appraisal Districts, through June 30 of each Fiscal Year, except for Fiscal Year 2024, which are approximate amounts as of June 30, 2024.

^(c) These amounts do not include revenues from various types of Industrial District Contracts entered into by the City with industrial property owners outside of the City's corporate limits, but such Industrial District Contracts, as of the date set forth above, are projected to produce \$25 million in Fiscal Year 2024. Such Industrial District Contracts have a term of 15 years, are scheduled to terminate in Tax Year 2027 and allow property owners to make payments to the City in lieu of paying ad valorem taxes.

^(d) Includes all ad valorem tax receipts received by the City, including tax increment revenues ("Tax Increments") that are deposited into special funds designated for various tax increment reinvestment zones (the "Zones"). Such Tax Increments are transferred to the respective local government corporation and are available to fund authorized projects in the Zone and to be pledged to obligations issued by the local government corporation on behalf of the Zone. See "PROPERTY TAXES—City Application of Property Tax Code" for a description of the budgeted Tax Increments to be transferred to such local government corporations.

[Remainder of Page Intentionally Left Blank]

Principal Taxpayers

The top ten taxpayers for Fiscal Year 2023 (Tax Year 2022) by taxable valuations, as provided by the Appraisal Districts, and the percentage of the total taxable valuation attributable to each such taxpayer were as follows:

Table 7: Principal Taxpayers^(a)

<u>Rank</u>	<u>Name</u>	<u>Taxable Valuation (in thousands)</u>	<u>% of Tax Roll^(a)</u>
1	Centerpoint Energy, Inc.	\$ 2,858,136	1.00 %
2	Chevron Chemical Company	912,570	0.32
3	BSREP 1HC-4HC	693,725	0.24
4	One Two Three Allen Center	691,832	0.24
5	GWP (Greenway Plaza)	688,799	0.24
6	Four Five Oaks Place	648,035	0.23
7	HG Galleria I II III, LP	628,132	0.22
8	Shell Oil Co	606,519	0.21
9	Camden REIT	531,832	0.19
10	Flint Hills Resources	<u>517,241</u>	<u>0.18</u>
	TOTAL ^(b)	<u>\$ 8,776,821</u>	<u>3.07%</u>

(a) Based on information reported in the City's audited financial statements for Fiscal Year 2023 presented in APPENDIX A.

(b) Based on Tax Year 2022 certified taxable valuations and uncertified taxable valuations less an estimate of hearing loss based on tax rolls available as of July 2023 of \$285.3 billion, the percentage of total taxable valuation attributable to the top ten taxpayers is approximately 3.07%.

Drainage Utility Fee and Pay-As-You-Go Fund Assessments and Litigation

In 2011, City Council passed an ordinance that imposed an assessment upon benefitted properties that receive drainage services (the "Drainage Utility Fee") to assist with the provision, maintenance and improvement of the City's drainage and street drainage systems. Certain properties are exempt from the Drainage Utility Fee, including State government agency facilities, public and private institutions of higher education, and existing churches. Exempted properties comprise approximately 2.55% of the drainage service area.

The Drainage Utility Fee is deposited into a segregated drainage account in the "Dedicated Pay-As-You-Go Fund for Drainage and Streets" (the "Pay-As-You-Go Fund"), which also includes ad valorem tax revenue, certain grants, and a developer impact fee. All funding in the Pay-As-You-Go Fund that is not derived from ad valorem taxes is excluded from the revenue limitations in the City Charter.

Jones v. Turner. On October 21, 2019, taxpayers filed suit in state district court alleging miscalculation by the City of required ad valorem tax contributions to Pay-As-You-Go-Fund resulting in alleged underpayments into the fund. The plaintiffs seek declaratory relief, an injunction, mandamus relief, attorneys' fees, and any other relief to which they may be entitled. The trial court denied the City's plea to the jurisdiction in December 2019, and the Fourteenth Texas Court of Appeals reversed in the City's favor and rendered a decision dismissing Jones' claims. The Texas Supreme Court reversed the Court of Appeals decision and remanded the case to the trial court for further proceedings. On remand, the trial court granted Turner's motion for summary judgment and held that the City had not violated its charter in calculating the Dedicated Drainage and Street Renewal Fund allocation. Jones appealed. On April 23, 2024, the Fourteenth Court of Appeals reversed the trial court's motion for summary judgment and rendered declaratory judgment against the City. It was determined that because the taxpayers obtained adequate remedy by appeal, their request for mandamus relief was denied. The City has since filed a motion for rehearing which was denied. The City filed a petition for review with the Texas Supreme Court on September 3, 2024.

Drainage Utility Fee Litigation. In 2012, the owners of three apartment complexes filed a lawsuit against the City and the Director of Houston Public Works in their official capacity, challenging the validity of the Drainage Utility Fee and alleging ultra vires actions by the Director. The City filed a plea to the jurisdiction seeking dismissal

of the suit. The City's plea was granted in part and denied in part. The apartment complexes' remaining ultra vires claims regarding whether their properties are benefitted or are exempt from the drainage ordinance remain pending. The declaratory judgment claims and constitutional challenges to the ordinance and any associated ultra vires claims have been resolved by interlocutory summary judgment in the City's favor. While the case is still listed as "abated" the Court is open to motions for summary judgment on the remaining disputed issues of whether these individual properties are subject to the ordinance.

A small business filed a lawsuit contending that the City, Mayor Sylvester Turner and the Director of Houston Public Works in their official capacities have illegally assessed, collected and spent hundreds of millions of dollars for drainage and street repairs from Houston taxpayers and landowners for the past seven years, pursuant to a void Charter Amendment and/or a void City Ordinance. The case was abated pending the resolution of a similar case challenging the drainage fee ordinance.

An additional lawsuit has been filed against the City seeking a declaratory judgment that the Drainage Utility Fee is illegal and asking that the City reimburse residents who have paid the fee in prior years. The lawsuit seeks to certify such residents as a class. The trial court dismissed the case; the plaintiff has appealed and the dismissal of the case was affirmed on appeal. The trial court dismissed the case; the plaintiff appealed and the dismissal of the case was affirmed on appeal. The Texas Supreme Court granted review, received briefing and heard oral argument. On June 10, 2022, the Texas Supreme Court confirmed the City's ability to charge a drainage fee and remanded the case to the trial court to allow repleading on any remaining claims. No additional claims have been asserted.

The revenues the City derives from the Drainage Utility Fee are considered neither Gross Revenues nor Net Revenues, and are not pledged to repay the Notes. However, the City cannot reasonably predict the impact of the Texas Supreme Court's decisions or other pending litigation on the future of the City's Combined Utility System funding of the City's drainage programs' annual operating and maintenance expenses.

AD VALOREM TAX OBLIGATIONS OF THE CITY

Authority to Issue Bonds and Other Obligations

Statutory Limitation. Texas law authorizes the City to incur total bond indebtedness through the issuance of Tax Obligations in an amount not to exceed 10% of the total assessed valuation of property in the City. As of March 1, 2024, the statutory limitation on such ad valorem tax obligations was approximately \$42.3 billion based on an approximate assessed valuation of \$423.4 billion for Tax Year 2023. See "—Ad Valorem Tax Obligation Percentages." Revenue bonds, tax and revenue anticipation notes, and other contracts are not included in the bonded debt total to which the statutory limitation of 10% applies. See "TABLE 8: OUTSTANDING DEBT." The City has covenanted to assess, levy and collect an ad valorem tax in each Tax Year sufficient to pay debt service on the outstanding Tax Obligations.

Tax-Supported Bonds, Tax-Supported Certificates, Commercial Paper Notes and Tax-Supported Notes. Voter-authorized ad valorem Tax Obligations may be issued as public improvement bonds ("Tax-Supported Bonds"), general obligation commercial paper notes ("Commercial Paper Notes") or bond anticipation notes ("Tax-Supported Notes"), provided that such obligations are approved by a favorable vote by a majority of those voting in an election held for that purpose. The City may issue Tax-Supported Bonds without an election to refund previously issued and outstanding Tax Obligations of the City, whether or not voter-authorized, and to refund assumed debt from an annexed water district or utility district. Although the City has never exercised its authority, State law allows the issuance of Tax-Supported Bonds without an election to refund revenue bonds of the City. The City may also issue Tax-Supported Bonds without an election to refund any general or special obligation of the City, including final, unappealable judgments resulting from lawsuits or legal settlements against the City.

The City may also issue certificates of obligation ("Tax-Supported Certificates") payable from ad valorem taxes and, in some cases, a pledge of certain City revenues for the purpose of paying any contractual obligations to be incurred in the construction of any public work or for the purchase of materials, supplies, equipment, machinery, buildings, land and rights-of-way, for the demolition of dangerous structures, and other professional services. The City also is authorized to issue anticipation notes and time warrants payable from ad valorem taxes for general purposes. The issuance of Tax-Supported Certificates, certain commercial paper notes and other obligations does not require voter approval unless the applicable law allows a qualifying referendum petition to be filed with the City.

within a specified time limit. As discussed above, House Bill 1869 treats the ad valorem taxes levied to pay debt service on certain non-voted debt approved after September 1, 2021 as part of the maintenance and operations tax rate calculations. The City may add to its bonded debt payable from ad valorem taxes through the assumption of bonds of water districts that have been annexed into the City or water districts within the City that have been abolished. See “ANNEXATION PROGRAM AND ‘IN-CITY’ DISTRICTS – Annexation Program – *Limited-Purpose Annexations and Strategic Partnership Agreements*.” The City is authorized to issue pension obligation bonds and notes (“Pension Obligations”), which may be payable from and secured by ad valorem taxes or revenues or both to fund the unfunded actuarial accrued liability (“UAAL”) associated with the Pension System (as defined herein), as further set forth in Chapter 107, Texas Local Government Code. Chapter 107, Texas Local Government Code, requires an election to approve Pension Obligations. The City has previously incurred or issued approximately \$1.613 billion in tax-supported Pension Obligations to fund amounts required by prior commitments to the Pension Systems (as defined herein) and as required under Pension Reform Legislation, which includes Tax-Supported Bonds issued to refinance the Pension Obligations. See TABLE 8: OUTSTANDING DEBT for the current amount of outstanding pension obligation bonds. Also see “EMPLOYEE PENSION FUNDS.”

General Obligation Commercial Paper Programs. The City has multiple general obligation commercial paper programs with an aggregate authorization of \$1.025 billion, of which \$625 million is secured by credit facilities. The remaining \$400 million supports facilities that provide appropriation capacity to manage the City’s capital improvement program. The various programs may be used for voter-authorized purposes or for other purposes allowed by law, including the purchase of equipment and other purposes. As of July 31, 2024, no Commercial Paper Notes were outstanding. The City’s Series A, B, C, D, F and H-1 General Obligation Commercial Paper Programs have expired.

The City’s existing General Obligation Commercial Paper Programs are as follows:

- (1) \$100 million Series E-1 General Obligation Commercial Paper Program (the “Series E-1 Notes”). The liquidity provider for the Series E-1 Notes is State Street Bank. As of July 31, 2024, none of the Series E-1 Notes are outstanding;
- (2) \$100 million Series E-2 General Obligation Commercial Paper Program (the “Series E-2 Notes”). The liquidity provider for the Series E-2 Notes is Wells Fargo Bank, N.A. As of July 31, 2024, none of the Series E-2 Notes are outstanding;
- (3) Voter-authorized \$75 million Series G-1 General Obligation Commercial Paper Program (the “Series G-1 Notes”). The liquidity provider for the Series G-1 Notes is TD Bank, N.A. As of July 31, 2024, none of the Series G-1 Notes are outstanding;
- (4) Voter-authorized \$125 million Series G-2 General Obligation Commercial Paper Program (the “Series G-2 Notes”). The liquidity provider for the Series G-2 Notes is Barclays Bank PLC. As of July 31, 2024, none of the Series G-2 Notes are outstanding;
- (5) Voter-authorized \$100 million Series H-2 General Obligation Commercial Paper Program (the “Series H-2 Notes”). The liquidity provider for the Series H-2 Notes is TD Bank, N.A. As of July 31, 2024, none of the Series H-2 Notes are outstanding; and
- (6) Voter-authorized \$125 million Series J General Obligation Commercial Paper Program (the “Series J Notes”). The liquidity provider for the Series J Notes is State Street Bank and Trust Company. As of July 31, 2024, none of the Series J Notes are outstanding.

Additionally, the City entered into two appropriation facilities supported by two forward bond purchase agreements (the “Forward BPAs”) between RBC Capital Markets, LLC (“RBCCM”) and the City under which, pursuant to certain parameters and at the City’s direction, RBCCM has agreed to use its best efforts to sell up to \$200 million and \$200 million, respectively, of Public Improvement Bonds. These commitments expire December 31, 2030 and are currently used to facilitate appropriations. The Royal Bank of Canada (“RBC”) is the parent company of RBCCM.

With regard to all general obligation commercial paper programs, Commercial Paper Notes may be issued for a period not to exceed 270 days and will bear interest based upon the specified term of the Commercial Paper

Notes, but not to exceed 10%. The principal and interest on the Commercial Paper Notes is payable from ad valorem taxes and other funds that may be provided under their respective lines of credit. The Commercial Paper Notes are offered for sale by commercial paper dealers. In addition, the rating of each liquidity provider has a direct effect on the liquidity of the respective Commercial Paper Notes being secured and the cost to the City to issue such Commercial Paper Notes. Financial and other information about each liquidity provider may be available from the applicable liquidity provider or one or more nationally recognized rating agencies.

Interest Rate Swaps. The City currently has no outstanding interest rate swaps or hedge agreements for its tax-supported debt. As part of its debt management program and consistent with the guidelines set forth in its interest rate swap policy, the City considers and reviews various interest rate swap proposals, including tax-supported interest rate swaps. The City's interest rate swap policy does not impose any quantitative limits on the rate, credit or other risks that the City could assume under interest rate swap agreements. See "ACCOUNTING AND BUDGETING PROCEDURES AND GENERAL FUND REVENUES FOR FISCAL YEARS 2025 AND 2024— City Interest Rate Swap Policy."

Enterprise System Debt. The City also is authorized to issue revenue bonds and notes without voter approval to finance improvements to its Combined Utility System, Convention and Entertainment Facilities Department, Houston Airport System and certain other revenue-producing enterprises. Such revenue bonds and notes are payable solely from the revenues derived from the operation of the related enterprise system.

[Remainder of page intentionally left blank.]

Obligations of the City

The following table sets forth, as of July 31, 2024, the outstanding principal amounts of obligations of the City payable from ad valorem taxes and other revenue sources.

Table 8: Outstanding Debt

Payable from Ad Valorem Taxes	
Public Improvement Bonds ^(a)	2,253,915
Pension Obligations ^(b)	1,404,470
General Obligation Commercial Paper Notes ^(c)	-
Certificates of Obligation	2,595
Subtotal.....	<u>\$ 3,660,980</u>
Payable from Sources Other Than Ad Valorem Taxes	
Combined Utility System Revenue Bonds ^(d)	5,901,900
Combined Utility System Commercial Paper Notes ^(e)	-
Water and Sewer System Revenue Bonds ^(f)	122,237
Contract Revenue Obligations ^(g)	40,055
Combined Utility System Subordinate Lien ^(h)	419,695
Airport System Senior Lien Commercial Paper Notes ⁽ⁱ⁾	0
Airport System Subordinate Lien Revenue Obligations ⁽ⁱ⁾	2,370,3950
Airport Special Facilities Revenue Bonds ^(j)	1,078,660
Hotel Occupancy Tax and Civic Parking Facilities Revenue Bonds ^(k)	489,921
Hotel Occupancy Tax and Civic Parking Revenue Flexible Rate Notes, Series A & B...	18,000
Subtotal.....	<u>10,440,863</u>
Total Debt Payable by the City.....	<u>\$14,101,843</u>

- (a) A portion of the debt service for Public Improvement Bonds is paid by transfers of revenues derived from certain Enterprise Funds, Special Revenue Funds or otherwise dedicated funds. Does not give effect to the issuance of the Notes.
- (b) This amount includes certain Tax-Supported Bonds issued to fund certain pension obligations. A portion of the debt service for the Pension Obligations is paid by certain Enterprise Funds. See "EMPLOYEE PENSION FUNDS—Municipal System" and "—Police System." Additionally, as contemplated by the Pension Reform Legislation (as described herein), the City issued its Pension Obligations Bonds, Series 2017 (Taxable) to fund a portion of the UAAL of Houston Municipal Employee Pension System and Houston Police Officers' Pension System.
- (c) The City has multiple series of general obligation commercial paper programs with total authorization of \$1.025 billion; however, of this amount, \$400 million is allocated to two facilities that provide appropriation capacity to manage its capital improvement program. Liquidity for \$625 million of such commercial paper programs is provided by various commercial banks with various commitments ranging from one year to five years. See "— Authority to Issue Bonds and Other Obligations— General Obligation Commercial Paper Programs."
- (d) As of July 31, 2024, \$902.4 million are outstanding as variable rate demand obligations. In respect to such obligations, the City has entered into interest rate swap agreements secured by revenues of the system. See "— Authority to Issue Bonds and Other Obligations" and Note 8.C.13 and 14 of the City's audited Financial Statements in APPENDIX A.
- (e) The City maintains the Series B Commercial Paper Program for the City's Combined Utility System that provides for the issuance of Commercial Paper Notes as Third Lien Obligations. The current issuance capacity of the Series B Commercial Paper Program is \$1 billion, of which \$475 million is supported by either lines of credit or letters of credit, and certain facilities to manage appropriation for the capital improvement program of the system represent the balance. While the appropriation facilities allow for the issuance of obligations, there are no amounts outstanding under such programs.
- (f) This amount represents outstanding Water and Sewer System Revenue Bonds issued prior to the City's creation of the Combined Utility System and includes \$92.66 million accreted value of capital appreciation bonds. The Water and Sewer System is now a component of the Combined Utility System; however the Water and Sewer System Bonds are senior in priority to those of the Combined Utility System.
- (g) Contract Revenue Obligations consist of obligations under certain contracts between the City and the Coastal Water Authority, which are payable, as to both principal and interest, as operating expenses of the City's Combined Utility System.
- (h) Does not include \$343.319 million in contract obligations payable to Coastal Water Authority; the City receives payments from regional water authorities offsetting a significant portion of these obligations.
- (i) The City has authorized a \$350 million Airport System Senior Lien Commercial Paper Program, which is additionally secured by a letter of credit provided by Sumitomo Mitsui Banking Corporation, acting through its New York Branch; the letter of credit expires on December 15, 2025.
- (j) All Special Facilities Revenue Bonds are secured solely from Special Facilities Lease Revenues, which are not revenues of the Houston Airport System.
- (k) Of this amount, as of July 31, 2024, approximately \$159.6 million represents accreted value of capital appreciation bonds.

[Remainder of page intentionally left blank.]

Ad Valorem Tax Obligation Percentages

The following table shows (i) tax-supported debt, (ii) final tax rolls of each Fiscal Year, except for Tax Year 2023, the figures of which are based on estimated tax rolls as of July 5, 2024, (iii) tax-supported debt as a percentage of the City's tax rolls, (iv) tax-supported debt per capita, (v) debt service requirements payable from taxes at the end of Tax Years 2019 through 2023 (Fiscal Years 2020 through 2024), and (vi) tax levy for debt service. For purposes of this table, tax-supported debt consists of the outstanding Tax-Supported Bonds, Tax-Supported Certificates, Commercial Paper Notes and Pension Obligations as of the dates shown.

Table 9: Ad Valorem Tax Obligation Percentages^(a)

<u>Tax Year</u>	<u>Fiscal Year</u>	<u>Tax Obligations as of December 31^(a)</u> <u>(in thousands)</u>	<u>Tax Roll^(b)</u> <u>(in thousands)</u>	<u>Tax Obligations as a Percentage of Tax Roll</u>	<u>Tax-Supported Per Capita Debt^(c)</u>	<u>Debt Service Requirement Payable from Taxes^{(d)(e)}</u> <u>(in thousands)</u>	<u>Tax Levy for Debt Service^(f)</u> <u>(in thousands)</u>
2019	2020	\$3,918,035	\$244,291,904	1.60%	\$1,689	\$403,043	\$352,100
2020	2021	3,603,895	258,180,082	1.40	1,567	382,854	311,353
2021	2022	3,510,903	262,700,434	1.34	1,534	398,565	339,739
2022	2023	3,205,915	285,266,988	1.12	1,392	415,030	358,711
2023	2024	3,058,085	315,757,117	0.97	1,327	385,733	352,153

(a) Information as reported in the City's Monthly Financial Report dated as of December 31 of each Fiscal Year.

(b) With the exception of Tax Year 2023, the tax roll represents the total appraised value of property, after subtracting all exemptions, and reflects all adjustments made by the Appraisal Districts as of the final tax roll for each Fiscal Year. As of July 5, 2024, the total assessed value for Tax Year 2023 (including exempt property values) was approximately \$421.6 billion, which is the appraised value used to determine the statutory limitation of approximately \$42.1 billion relating to total bond indebtedness. See "SCHEDULE 4: OUTSTANDING DEBT" for the total amount of the City's outstanding bond indebtedness.

(c) Per capita figures are based on population estimates according to the U.S. Census Bureau. See APPENDIX B – ECONOMIC AND DEMOGRAPHIC CHARACTERISTICS for additional population information and other economic and demographic information.

(d) These amounts have not been reduced by the combined ending fund balances in the General Debt Service Fund, which were as follows for the Fiscal Years indicated: Fiscal Year 2020 - \$158,269; Fiscal Year 2021 - \$149,286 and for Fiscal Year 2022 is \$149,495; Fiscal Year 2023 is \$172,048; and the estimate for Fiscal Year 2024 is \$204,597.

(e) These amounts include principal and interest payments for Tax Obligations, except that only interest is included for Commercial Paper Notes at an assumed market rate appropriate for each Fiscal Year.

(f) Sources of funds for the Tax-Supported debt service requirements include the proceeds of the tax levy and transfers from Enterprise Funds and Special Revenue Funds.

ADDITIONAL SOURCES OF PLEDGED REVENUES

General

In addition to ad valorem tax receipts, Pledged Revenues also include sales and use tax, franchise charges and fees, certain direct and indirect charges to other City funds, and certain other general revenues of the City. Pledged Revenues exclude revenues (i) pledged to the payment of certain bonds and other obligations of the City and (ii) from the City's (a) Houston Airport System, (b) Combined Utility System, (c) Convention and Entertainment Facilities Department, and (iii) revenues derived from (a) the hotel occupancy taxes remitted to the City and (b) the Dedicated Drainage and Street Renewal Fund..

Sales and Use Tax and Franchise Charges and Fees The State collects a 1% sales and use tax on behalf of the City. The total sales and use tax imposed on a transaction is collected by the retailer from the consumer or purchaser and remitted by the retailer to the Comptroller of Public Accounts of the State, which then remits the City's portion of the collected amount to the City on a monthly basis. Sales and use tax revenues accounted for approximately 28% to 34% of General Fund revenues for Fiscal Years 2019 through 2023, and are projected to account for approximately 32% of the Fiscal Year 2024 General Fund revenues.

The City also collects franchise charges and fees on utilities, including electric, telephone and gas companies, and other parties that have obtained franchises from the City. The fees generally vary from 1% to 5% of the gross

receipts collected by the franchise holder within the City although the fees vary. For example, some franchise fees, such as those for electric and fiber optic franchises, are a designated amount set forth in the franchise agreement, adjusted annually by an inflation or growth factor. Other fees, such as those for the use of rights-of-way by telecommunications companies, are a function of the number of access lines in the right-of-way. However, certain changes to state law effective September 1, 2019 mandate that telecommunication companies that provide both cable and voice services through the same fiber optic may only be charged by a public entity (i.e., the City) on the basis of a franchise fee or by the number of access lines, but may not be charged using both methods. The City expects that this change in state law will continue to decrease annual collection of franchise fees as shown in Table 10 below.

All of the City's franchise fee revenues above a base amount (equal to the franchise fee revenues actually collected in Fiscal Year 2005) is dedicated to public safety expenditures. Franchise charges and fees accounted for approximately 5% to 8% of General Fund Revenues for Fiscal Years 2019 through 2024, and are projected to be approximately 5% of Fiscal Year 2025 General Fund Revenues; such decrease is attributable to the change in state law described in the previous paragraph.

Table 10 shows the amount of revenues obtained by the City from its sales and use tax and franchise charges and fees for Fiscal Years 2021 - 2025:

Table 10: Sales and Use Tax and Franchise Charges and Fees

<u>Fiscal Year</u>	Sales and Use Tax (in thousands)	Franchise Charges And Fees (in thousands)
2021.....	\$706,829	\$154,093
2022.....	822,656	149,978
2023.....	865,593	149,179
2024 ^(a)	882,199	141,398
2025 ^(a)	893,382	150,545

(a) Projections based on information reported in the City's Monthly Financial Report as of July 31, 2024.

Charges to Certain City Enterprise Funds

Indirect and Direct Charges. An Indirect Charge is a charge made by the General Fund to the Combined Utility System, Houston Airport System, or Convention and Entertainment Facilities Department funds, or to certain grant and special revenue funds for indirect charges incurred by the General Fund on behalf of such funds. A Direct Charge is a charge made by the General Fund to the Combined Utility System, Houston Airport System, Convention and Entertainment Facilities Department or the Capital Projects funds or certain other funds of the City for specific services provided to such funds by the General Fund.

[Remainder of Page Intentionally Left Blank]

Table 11 shows Indirect and Direct Charges for Fiscal Years 2021 through 2025.

Table 11: General Fund Direct and Indirect Charges to Other City Funds

<u>Fiscal Year</u>	<u>Indirect Charges (in thousands)</u>	<u>Direct Charges (in thousands)</u>
2021	\$24,668	\$59,308
2022	25,235	60,475
2023	22,801	65,845
2024 ^(a)	25,984	69,108
2025 ^(a)	24,871	75,061

(a) Projections based on information reported in the City's Monthly Financial Report as of July 31, 2024.

Special Revenue Funds

The City maintains various special revenue funds, which are budgeted and accounted for outside the City's General Fund. Revenues of such funds (except for certain indirect charges from the General Fund) are not considered available revenues (or Pledged Revenues) and are dedicated to specific City projects. For further information regarding the special revenue funds, see Note 1.C. to the City's audited financial statements for Fiscal Year 2023 presented in APPENDIX A.

ACCOUNTING AND BUDGETING PROCEDURES AND GENERAL FUND REVENUES FOR FISCAL YEARS 2025 AND 2024

Financial Accounting

The accounts of the City are organized on the basis of funds, each of which constitutes a separate entity for accounting purposes. The most significant of these funds is the General Fund, which accounts for all revenues and expenditures of the City not accounted for in the various Enterprise Funds or the other funds maintained by the City. Other than ad valorem taxes, the primary sources of General Fund revenues include sales and use taxes, franchise charges and fees, charges to other City funds, industrial district contract revenues and miscellaneous revenue sources such as fines, penalties, licenses, fees, interest income from investments and other taxes. There are three major enterprise funds: the Combined Utility System Fund, the Houston Airport System Fund and the Convention and Entertainment Facilities Fund (collectively, the "Enterprise Funds").

The methods of accruing revenues and expenditures differ between the General Fund and the Enterprise Funds. For a description of the accrual methods and the reporting entity definitions, see Note 1 to the City's audited Financial Statements for Fiscal Year 2023 as presented in APPENDIX A. Other major governmental funds maintained by the City include the Debt Service Fund, the Capital Projects Fund and the Grants Fund. Other funds include Nonmajor Special Revenue Funds (e.g., Public Works Special Fund - Dedicated Drainage & Street Renewal), Internal Service Funds and Fiduciary Funds, including Pension Trust Funds and certain agency funds.

Budgeting Procedures

State law and the City Charter require that the Mayor annually prepare and submit to the City Council a balanced budget consisting of an estimate of the revenues and expenditures in the budget period. The proposed expenditures in each budget period may not exceed the estimated available resources in such period. According to the City Charter, the estimate of available resources is based on the amount of available surplus, if any, carried forward from the preceding period, the estimated revenues of the City derived from ad valorem taxes, based on the total valuation of the property for taxation for the preceding period, and such other contingent revenues of the City as may probably accrue.

The City Charter further provides that, in preparing the budget, provision shall first be made for the payment of debt service on the City's outstanding bond indebtedness, with the remaining revenues to be apportioned among the City's respective departments. After a budget has been approved by the City Council, the Mayor may, under certain limited circumstances, submit a revised budget to the City Council for approval.

The City Council appropriates funds both in support of the budget and for specific purposes. The City Charter also provides that no appropriation or obligation of City funds may be made unless the City Controller first certifies that funds are available for payment of such obligation or that such funds will be available before the maturity of such obligation. The City Charter prohibits the execution of any warrant, contract or order for payment unless signed by the Mayor and countersigned by the City Controller, each of whom is an independently elected official. The City Controller's responsibility not to certify the availability of funds in the event of a shortfall in revenues in a Fiscal Year can serve to assure that expenditures do not exceed resources during such Fiscal Year. If a budget is not adopted prior to the beginning of a Fiscal Year, the City Council historically has adopted an ordinance that appropriates funds to authorize an interim spending plan for City operations.

General Fund and General Debt Service Fund Budgets

The City's budget process has several phases, including public meetings to obtain public input, departmental submission of budget and Capital Improvement Plan ("CIP") requests, and presentation of the Mayor's budget priorities, policies and strategies to City Council. State law provides that no budget may be adopted when budgeted expenditures exceed budgeted resources, and the City Charter provides that no appropriation or obligation of City funds may be made unless the City Controller first certifies that funds are or will be available for payment of such obligation before maturity.

The discussion of the City's Fiscal Year 2024 Budget and Fiscal Year 2025 Budget contain projections that are subject to change due to a variety of factors and circumstances. The City, as in prior fiscal years, expects to monitor the receipt of revenues and expenditures within its department, and recommend such changes as may be necessary to meet its statutory, charter and internal financial requirements. The City may modify or amend the budget as it deems appropriate.

Fiscal Year 2024 Budget. Consistent with the City's budget process, the Mayor proposed and City Council adopted the Fiscal Year 2024 Budget in June 2023, with approximately \$2.97 billion budgeted for expenditures and transfers, approximately \$3.39 billion budgeted for total available resources, which is expected to produce a General Fund unassigned ending fund balance of approximately \$412 million. The Fiscal Year 2024 Budget provides for transfers of approximately \$352.2 million from the General Fund to the Debt Service Fund.

Fiscal Year 2025 Budget. Consistent with the City's budget process, the Mayor proposed and City Council adopted the Fiscal Year 2025 Budget in June 2024, with approximately \$3.03 billion budgeted for expenditures and transfers, approximately \$3.32 billion budgeted for total available resources, which is expected to produce a General Fund unassigned ending fund balance of approximately \$280 million. The Fiscal Year 2025 Budget provides for transfers of approximately \$380 million from the General Fund to the Debt Service Fund.

It is anticipated that Proposition 1 will continue to limit ad valorem tax revenue collections in Fiscal Year 2025 and thereafter, assuming continued increases in ad valorem tax values reported by the Appraisal Districts beyond the growth factor allowed under Proposition 1. However, depending on the year, the limitation under State statutory law as described in "PROPERTY TAXES – Tax Rate Limitations under State Statutory Law" may be more restrictive than the City charter limitations. Accordingly, the City Council will adopt a tax rate consistent with limits of Proposition 1, which may be less than the tax rate of the previous fiscal year. See "Impact of Proposition 1 and Proposition H on Ad Valorem Tax Collection."

In addition to Proposition 1, the City anticipates increased demands on future budgets and possible declines in other revenue sources, such as sales taxes, and other economic factors beyond the City's control could impact future budgets. The combined effects of Proposition 1 and increased budgetary demands could materially impact the City's ability to maintain or provide certain services at current levels if it does not take action to increase revenues, decrease expenditures, or both. Accordingly, all 5-year forecasts rely on conservative projections of CPI plus population growth to project ad valorem revenue growth. See "PROPERTY TAXES—Impact of Proposition 1 and Proposition H on Ad Valorem Tax Collections."

Table 12 and Table 13 set forth a summary of the adopted General Fund Budget (excluding grant programs) and Debt Service Fund Budget for Fiscal Year 2024 and the adopted General Fund Budget (excluding grant programs) and the Debt Service Fund Budget for Fiscal Year 2025.

Summary of General Fund Revenues, Expenditures, Transfers and Changes in Fund Balance

The following table sets forth the actual revenues, expenditures, and transfers for Fiscal Year 2023 and Fiscal Year 2022. Fund balances in this summary differ from budgeted fund balances due primarily to the inclusion of certain reserves. See footnote (b) below. The Fiscal Year 2023 and Fiscal Year 2022 amounts are taken from the audited basic financial statements included in the City Controller's Annual Comprehensive Financial Report of the City of Houston, Texas for the years ended June 30, 2023 and June 30, 2022, respectively. For additional information concerning the City's basic financial statements for the General Fund for Fiscal Year 2023, see APPENDIX A.

^(a) This category includes ambulance service, library fees, parking fees, charges for direct and indirect services performed for other funds, rents and royalties, and other fees and charges.

^(b) Includes contributions.

^(c) This amount includes various reserves totaling \$40,331,000 for Fiscal Year 2023 and \$40,492,000 for Fiscal Year 2022. Per governmental accounting standards, the year-end balance includes the General Fund and other governmental accounting funds, as well as balances categorized as restricted, committed and assigned.

Summary of General Fund Unassigned and Assigned Fund Balance

The following table sets forth the unassigned and assigned fund balance for the operating fund within the General Fund for the periods designated below.

Table 15: General Fund Unassigned and Assigned Fund Balance^(a)

<u>Fiscal Year</u>	<u>Balance (in thousands)</u>
2019.....	\$388,597
2020.....	358,730
2021.....	349,526
2022.....	420,659
2023.....	550,255

^(a) Information as presented in the City's respective Annual Comprehensive Financial Reports. Such balances do not include amounts in the Budget Stabilization Fund.

Financial Policies

The City operates under financial policies (the "Financial Policies") that have been adopted by City Council. The Financial Policies were initially approved in 2003, and have been amended and updated from time to time to include, among other things, provisions regarding pay-as-you-go funding, the issuance of debt and the disclosure of financial information pursuant to State and federal securities laws. The Financial Policies also authorize the implementation of policies with respect to the issuance of debt and the disclosure of financial information pursuant to state and federal securities laws. The City implemented such policies in 2016, and amended such policies on August 30, 2023.

Under the heading of Operating Budget Policies – Revenues and Expenditures, the Financial Policies state that the City will adopt a budget annually in which current revenues and other sources will be sufficient to support current expenditures. All retirement and employee benefit systems will be financed in a manner to fully and systematically fund liabilities (with the City making all necessary payments in compliance with contractual obligations and statutory requirements and in a manner that results in full amortization of liabilities over a closed 30-year period). See the sections captioned "THE CITY – Health Benefits," "EMPLOYEE PENSION FUNDS" and TABLES 18, 18A, 18B, and 18C for more detailed information relating to the funding of the City's OPEB and Pension Systems.

Each Enterprise Fund maintains revenues that support the full (direct and indirect) cost of the service provided. A review of all fees and rates will be conducted at least every five years, except that impact fees will be reviewed at least every ten years to determine the extent to which the full costs of associated services are being recovered by revenues. Fees may be adjusted in the interim period by ordinance based on an analysis conducted whenever there have been significant changes in the method, level or cost of service delivery. The General Fund unassigned fund balance will be maintained to provide for temporary financing of unforeseen needs of an emergency, disaster and economic instability. The Financial Policies also provide that the level of the General Fund unassigned fund balance will be a minimum of 7.5% of General Fund expenditures, less debt service and transfers for pay-as-you-go capital expenditures. To the extent that the General Fund unassigned fund balance exceeds 7.5% of total expenditures less debt service and transfers for pay-as-you-go capital expenditures, the excess funds are available for appropriation by City Council for non-recurring expenditures.

Under the heading Special Revenue Fund Reserve Policy, the Financial Policies state that the proposed and adopted operating budgets for each year must include the budgets of all special revenue funds that are restricted or committed to specified purposes other than debt service or capital projects. Each special revenue fund is required to have an appropriate methodology for determining minimum and maximum cash reserves. The Financial Policies also state that any fiscal year-end fund balance that exceeds the established maximum cash reserve of a special revenue fund may be transferred to the General Fund, subject to City Council approval.

Under the heading of Debt Management Policies, the Financial Policies provide that any capital project financed through the issuance of bonds be financed for a period not to exceed the average expected life of the assets. Average (weighted) general obligation bond maturities will be maintained at or below 12 years. The Financial Policies

also provide that annual contributions to the Debt Service Fund from the General Fund not exceed 20% of total General Fund revenues, excluding state and federal grants, until Fiscal Year 2020. Beginning in Fiscal Year 2020 and in each subsequent fiscal year, the maximum annual contribution to the Debt Service Fund from the General Fund will be reduced by 0.5% annually until it reaches 12% of General Fund revenues (excluding state and federal grants), at which point the maximum will be held constant at 12%.

The City's Financial Policies require that an annual audit be performed by an independent public accounting firm in accordance with generally accepted accounting principles. The June 30, 2023 City's audited Comprehensive Financial Report of the City and additional financial information are available for public inspection, or copies may be obtained by written request, to the extent permitted by law, addressed to the Office of the City Controller.

Additionally, the Financial Policies require the Finance Department to annually prepare a five-year General Fund forecast that includes identification of requirements for achieving a "structural balanced budget" in the upcoming fiscal year and the subsequent fiscal year, including a list of options for eliminating any funding shortfalls preventing achievement of a structural balanced budget. If a structural balanced budget was adopted by the City Council, it is expected that the level of expenditure reductions would be materially and significantly higher than currently anticipated.

Investment Policy

The City maintains an investment strategy that emphasizes, in order of priority, safety, liquidity and return on investment, as embodied in its investment policy (the "Investment Policy"). The City does not invest in inverse floaters, or interest-only or principal-only mortgage-backed securities. The Investment Policy provides, among other things, that (1) the Investment Manager (as defined in the Policy) shall submit quarterly investment reports to City Council and (2) the Policy shall be reviewed annually by City Council. On November 29, 2023, the City Council approved and readopted the Investment Policy, which was amended to permit investment in commercial paper of up to 20% of the total pool, up from a previous maximum of 15%. The Investment Policy aims to further protect City assets by identifying investment objectives, addressing the issues of investment risks versus rewards, and providing the framework for the establishment of controls, limitations and responsibilities of City employees in the performance of their fiduciary responsibilities.

Fitch Ratings, Inc. has assigned a "AAA" credit quality rating to the City's General Investment Portfolio. The ratings reflect the view of Fitch Ratings, Inc., from whom an explanation of the significance of such ratings may be obtained.

Interest Rate Swap Policy

The City currently has no outstanding Swaps (as defined below) with respect to any outstanding Tax Obligations.

The City follows a master swap policy, as amended from time to time (the "Swap Policy"), to provide guidance for the City in its use of swaps, caps, floors, collars, options and other derivative financial products (collectively, "Swaps") in conjunction with the City's management of its assets and liabilities. The Swap Policy describes the circumstances and methods by which Swaps will be used, the guidelines to be employed when Swaps are used, and the City official responsible for carrying out these policies. The City may enter into Swaps as authorized by the City Council and approved by the Attorney General in connection with the issuance or payment of certain debt obligations, before, concurrently with, or after the actual issuance of the debt. See "AD VALOREM TAX OBLIGATIONS OF THE CITY – Authority to Issue Bonds and Other Obligations."

As a general rule, the City will enter into Swap transactions only with counterparties whose obligations are rated in the double-A category or better from at least one nationally recognized rating agency. In addition, if a counterparty's credit rating is downgraded below the double-A rating category, the City may require that its exposure to the counterparty be collateralized or may exercise its right to terminate the Swap prior to its scheduled termination date. In order to limit the City's counterparty risk, the City will seek to avoid excessive concentration of exposure to a single counterparty or guarantor.

The Swap Policy provides that City may choose counterparties for entering into Swap contracts on either a negotiated or competitive basis. To provide safeguards on negotiated transactions, the Swap Policy provides that the City should generally secure outside professional advice to assist in the process of structuring, documenting and pricing the transaction, and to verify that a fair price was obtained. In any negotiated transaction, the counterparty will be required to disclose all payments to third parties (including lobbyists, consultants and attorneys) who had any involvement in assisting the counterparty in doing business with the City.

The City will track and regularly report on the financial implications of its Swaps. A quarterly report will be prepared for the City Council including: (i) a summary of key terms of the agreements, including notional amounts, interest rates, maturity and method of procurement, including any changes to Swap agreements since the last reporting period; (ii) the mark-to-market value (termination value) of its Swaps, as measured by the economic cost or benefit of terminating outstanding contracts at specified intervals; (iii) the amount of exposure that the City has to each specific counterparty, as measured by aggregate mark-to-market value, netted for offsetting transactions; (iv) the credit ratings of each counterparty (or guarantor, if applicable) and any changes in the credit rating since the last reporting period; and (v) any collateral posting as a result of Swap agreement requirements. In addition, the City will perform monitoring and reporting as is required by the rating agencies or for compliance with GASB requirements.

THE CITY

Governmental Structure

The City has a mayor-council form of government in which the Mayor and the sixteen-member City Council serve as the legislative body. Eleven council members are elected by district and five council members are elected at-large. The present term of office for all elected officials expires in January 2024.

On November 3, 2015, voters approved an amendment to the City Charter (“Term Limits Amendment”) that changed the number of terms of elective office to no more than two terms in the same office and limits the length for all terms of elective office to four years, beginning in January 2016.

The Mayor is the City’s chief executive officer. The Mayor exercises administrative control over the City’s government; presides over City Council meetings; establishes the City Council agenda; and appoints the heads of the various departments of the City, subject to confirmation by the City Council. The Mayor also is responsible for preparing and submitting the City’s annual budget proposals to the City Council for adoption. On November 7, 2023, City voters approved Proposition A, an amendment to the City Charter, which authorizes three or more city council members to request in writing an addition to the City Council agenda. Prior to the passage of Proposition A, only the Mayor could bring items to the City Council agenda for the full City Council to consider.

The City Controller is the City’s chief financial officer. The Office of the City Controller superintends, supervises, manages and conducts the fiscal affairs of the City; maintains the books of accounts; prepares financial statements; conducts the sales of City obligations; certifies the availability of funds before the City incurs any financial obligation; and, along with the Mayor, countersigns all warrants, contracts or orders for payment of any money by the City.

Services Provided by the City

The City provides services relating to law enforcement, fire protection, emergency medical needs, water, sanitary sewer and solid waste disposal, storm drainage, bridge and street facility maintenance, libraries, parks, building inspection and civil defense. The City also provides preventive health services through numerous health facilities within the City and certain housing services to low income and homeless families and operates convention, cultural, sports and airport facilities.

The City does not operate public hospitals, schools, transit services or a higher education system, nor does it expend City funds for public assistance programs. Public hospitals and schools within the City’s boundaries are administered by the State or special districts or other governmental entities with independent taxing authority. METRO operates the transit system and is financed by a separate 1% sales and use tax, federal and State grants and fare receipts.

Cybersecurity Initiatives of the City

Over the past five years, the City has taken several steps to enhance and protect information systems and information of the City. In addition, to help protect the City against claims and expenses due to a cybersecurity incident, the City maintains cyber insurance in an amount determined by City policies.

In 2013 and 2014, the City implemented Executive Order 1-44 and Executive Order 1-48 (the “Executive Orders”) respectively, authorizing the Chief Information Officer (CIO) to manage citywide IT risks and develop a city-wide information security program. The CIO designated a Chief Information Security Officer (CISO) responsible for carrying out the CIO's information security responsibilities. Specific objectives of the Executive Orders include: (i) protecting all City information and information systems in a manner that is commensurate with the security classification level, sensitivity, value, and critical nature of information; (ii) protecting information from unauthorized access, disclosure, destruction, disruption, or modification while the information is being collected, processed, transmitted, stored, or disseminated; (iii) managing all information technology that is acquired, developed, or used in support of City programs, projects, and department requirements by use of a process that covers the complete system lifecycle; (iv) managing all information systems in a cost-effective manner, guided by the application of sound risk management processes that ensure an appropriate level of integrity, confidentiality, and availability of information in each phase of the system lifecycle; (v) conducting periodic audits of all City information systems that process, store, or transmit City data; (vi) investigating information security incidents for incident management, forensic investigations, and reports; and (vii) ensuring all basic information security policy requirements, audits, and forensic investigations are implemented across all City departments.

Among other initiatives, the CISO is in the process of implementing a comprehensive, multi-year information security master plan. The plan is designed to identify, protect, detect, respond and recover from cyber events and incidents from nation state actors, organized criminals, hacktivist groups and insider threats. The City recently completed year four of the master plan and several initiatives have been completed.

Home-Rule Charter

Although the City is a home-rule city under the Texas Constitution, it may not adopt ordinances or charter provisions inconsistent with Texas law. The Texas Legislature may enact legislation that (i) materially increases the costs and expenditures of the City or (ii) reduces the ability of the City to collect ad valorem taxes or other revenues described herein. Under the Texas and United States Constitutions, the Texas Legislature may not, however, enact legislation that impairs the City's ability to pay principal of and interest on its indebtedness. Under the Texas Constitution, the City Charter may be amended not more than once every two years at an election held for that purpose, which may be called by the City Council or upon petition of 20,000 of the City's registered voters. The last City Charter amendments were adopted on November 6, 2018. See “—Governmental Structure.” In addition, the City Charter allows the City's voters to exercise the powers of initiative and referendum. To enact an initiative ordinance, a petition signed by voters equal in number to at least 15% of the greater total vote cast for Mayor in any general election in the preceding three years must be submitted to the City. Thereafter, the City Council may enact the ordinance or call an election on the question of its adoption. In order to exercise the referendum power, a petition signed by voters equal in number to at least 10% of the greater total vote cast for Mayor in any general election in the preceding three years must be submitted to the City. City Council may repeal the ordinance that is the subject of the referendum petition or submit the issue to the electorate. See “PROPERTY TAXES—City Charter Tax Limitations and Revenue Propositions.”

[Remainder of Page Intentionally Left Blank]

Employees

The following table shows the total number of City employees at the end of Fiscal Years 2019 through 2023:

Table 16: City Employees

<u>Fiscal Year</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>2023</u>
Police (classified)	5,351	5,593	5,293	5,422	4,931
Fire (classified)	4,100	4,099	4,056	4,101	3,680
Other Municipal	<u>12,481</u>	<u>12,270</u>	<u>12,487</u>	<u>12,444</u>	<u>11,932</u>
Total	<u>21,932</u>	<u>21,962</u>	<u>21,836</u>	<u>21,967</u>	<u>20,543</u>

Bargaining with Police and Firefighters. Chapter 143 of the Texas Local Government Code prohibits police officers and fire fighters from engaging in strikes. They may, however, elect bargaining agents for the purpose of negotiating with a municipality regarding compensation and other terms and conditions of employment. The bargaining agent for police officers “meet and confer” upon specific terms and conditions of employment, including wages, with the Mayor and/or his representatives. The bargaining agents for firefighters engage in collective bargaining with the Mayor pursuant to Subchapter C of Chapter 174 of the Texas Local Government Code.

The provisions of Chapter 143, Subchapter J, Sections 143.351, et. seq. of the Texas Local Government Code extends to police officers of the City the right to appoint bargaining agents to “meet and confer” with representatives of the City to establish wages, salaries, rates of pay, hours, working conditions or other terms and conditions of employment. Pursuant to Chapter 143, the City recognized the Houston Police Officer’s Union (HPOU) as the sole exclusive bargaining agent for all covered employees, which consists of only sworn City police officers and excludes the Police Chief, Executive Chief, Executive Assistant Chiefs and Assistant Chiefs. On or about March 28, 2022, City Council enacted an ordinance approving a new “meet and confer” agreement between HPOU and the City (the “2022 HPOU Agreement”). Pursuant to the 2022 HPOU Agreement, “across-the-board” pay increases of 4% occurred the first full period after July 1, 2022; 3% occurred the first full period after July 1, 2023; 3.5% will occur on the first full period after July 1, 2024. If neither of the parties cancel the 2022 HPOU Agreement nor reach a new agreement by June 30, 2025, the 2022 HPOU Agreement continues on a month-to-month basis with a 2% cost of living increase to base pay effective the first full pay period after July 1, 2025.

Local 341 Impasse Litigation. On June 28, 2017, Houston Professional Firefighters’ Association, Local 341 (“Local 341”) originally filed suit against the City seeking judicial enforcement of Texas Local Government Code Chapter 174’s private-sector comparable compensation standards and work conditions for Fiscal Year 2018. The City filed a plea to the jurisdiction and a motion for summary judgment on the basis that judicial enforcement under Section 174.242, violates the separation of powers doctrine, which the court denied. The court’s denial was appealed up to the Texas Supreme Court. On March 31, 2023, the Texas Supreme Court issued an opinion holding that the judicial enforcement provisions of Chapter 174 were not an unconstitutional delegation of legislative authority to the courts and remanded for further proceedings on “the Fire Fighters’ claim for judicial enforcement under Chapter 174’s compensation standards” for Fiscal Year 2018. After Senate Bill 736, a new mandatory arbitration statute, became effective on June 2, 2023, Local 341 amended its petition and filed motions requesting that the court compel mandatory arbitration for Fiscal Year 2018 and collective bargaining for the intervening years, Fiscal Year 2019-Fiscal Year 2023, in order to meet the prerequisite for mandatory arbitration. The City filed responses to Local 341’s motions, which included a constitutional challenge to Senate Bill 736, and filed a plea to the jurisdiction regarding collective bargaining for the intervening years. On August 29, 2023, the Court heard argument on Local 341’s motions seeking to compel arbitration and collective bargaining. The City’s plea to the jurisdiction was denied, Local 341’s motion to compel collective bargaining for the intervening years was granted, and the City was ordered to collective bargain for the intervening years.

On March 13, 2024, the City and Local 341 entered into a settlement agreement resolving the Local 341 impasse litigation for \$650 million to be paid in a one-time lump sum payment for overtime wages owed to certain firefighters covering Fiscal Years 2018 through 2024 (the “Settlement Agreement.”). The Settlement Agreement also includes a Collective Bargaining Agreement for Fiscal Years 2024 to 2029 with a 10% across the board pay raise in Fiscal Year 2025, 3% across the board raise (with a 3% escalator) for Fiscal Years 2026 and 2027, and 4% across the board raise (with a 2% escalator) for Fiscal Years 2028 and 2029. The escalator is contingent upon joint efforts by the

City and Local 341 in raising new revenues for public safety that must be in an amount to cover the raises. The pay increases from Fiscal Year 2025 through Fiscal Year 2029 have a five-year value of \$428 million.

Subsequently, on June 18, 2024, City Council approved the Settlement Agreement. The one-time lump sum payment was financed through the issuance of General Obligation Refunding Bonds, Series 2024A Bonds. All the bond funds have been distributed to eligible fire fighters (there are some unclaimed checks of deceased fire fighters and/or fire fighters no longer employed by the City whose location is being determined) and payment has been deposited in Local 341's Medical Trust Fund per the Settlement Agreement. Separately, the City has remitted attorney's fees from the City's Property and Casualty Fund pursuant to the Settlement Agreement.

On March 25, 2024, a Petition in Intervention was filed by 13 executives of the Houston Fire Department's command staff (assistant chiefs and executive assistant chief), collectively the "Intervenors," in the underlying lawsuit between Local 341 and the City. The Intervenors request for a Temporary Restraining Order was denied. However, a temporary injunction hearing seeking to enjoin the Local 341 and the City from the excluding the Intervenors from receiving settlement funds in the underlying lawsuit related to collective bargaining as well as claims for declaratory judgment and duty of fair representation. On March 28, 2024, the City and Local 341 filed a Motion to Sever the Intervenors' claims from the underlying lawsuit and place it in a separate cause of action. The Court heard arguments on April 3, 2024, and on April 5, 2024, ordered that the Intervenors' claims be severed into a separate lawsuit. On April 11, 2024, the Intervenors appealed and filed a motion for temporary relief staying all proceedings in the trial court and sought mandamus relief vacating the trial court's severance of their claim into a separate lawsuit. On April 30, 2024, the 14th Court of Appeals ("COA") denied the Intervenors request for a temporary stay of trial court proceedings. Subsequently, on May 21, 2024, the trial court entered the Agreed Final Judgment between the City and Local 341. Finally, on May 30, 2024, the 14th COA denied Intervenors' request for mandamus relief effectively disposing of the Intervenors' appeal of the trial court's severance of their claim into a separate lawsuit. The Intervenors claim remains pending in the trial court. On August 22, 2024, the trial court denied the City's Motion to Dismiss (based on lack of jurisdiction) and Local 341's Plea to the Jurisdiction. The following day, the City appealed the denial of its Motion to Dismiss and on September 18, 2024, Local 341 filed its petition for writ of mandamus in the COA challenging the trial's court's denial of Local 341's Plea to the Jurisdiction. The appeal is currently pending before the COA.

Bargaining with Other Municipal Employees. Chapter 146 of the Texas Local Government Code ("Chapter 146"), extends to municipal employees of the City, other than department heads, firefighters and police officers, the right to appoint bargaining agents to "meet and confer" with representatives of the City or any agency, board, commission or political subdivision that is required to establish wages, salaries, rates of pay, hours, working conditions or other terms and conditions of employment regarding such issues. Chapter 146 prohibits municipal employees from engaging in strikes and specifically prohibits the bargaining agent and the City from entering into agreements regarding pension-related matters governed by Article 6243g, Vernon's Texas Civil Statutes, or a successor statute (now Article 6243h, Vernon's Texas Civil Statutes). See "EMPLOYEE PENSION FUNDS." However, any agreement affecting the salaries of municipal employees will likely have a negative effect on the City's pension liabilities. See also "—Health Benefits—Health Care Benefits for Retired Employees."

Pursuant to the provisions of Chapter 146, the City recognized the Houston Organization of Public Employees ("HOPE") as the exclusive bargaining agent for all covered employees, which generally consist of municipal employees, but not elected officials, directors, or classified firefighters and police officers. On August 4, 2021, City Council enacted an ordinance approving a new "meet and confer" agreement between HOPE and the City (the "2021 HOPE Agreement"). Pursuant to the 2021 HOPE Agreement, an "across-the-board" three percent pay increase occurred on October 1, 2021, July 1, 2022, and July 1, 2023. The 2021 HOPE Agreement will expire June 30, 2025 if no successor agreement is reached. The parties have tentatively agreed to a successor agreement. As of September 23, 2024, the tentative successor agreement is currently with HOPE for ratification by its members. After ratification, the successor agreement will be presented to City Council for approval. If ratified by HOPE and approved by City Council, the Meet and Confer Agreement provides as follows: in November 2024, bargaining unit members will receive \$116.00 bi-weekly across the board increases; in July 2025, a 3.5% across the board increase; and in July 2026, a 3.5% across the board increase. In addition, the minimum base pay rate will increase to \$16.75/hour in November 2024; \$17.25/hour in July 2025; and \$18.00/hour in July 2026.

Employee Compensated Absence. The City offers various vacation, sick leave and compensatory time benefits for its employees with distinctions based on date or duration of employment or other factors. As of June 30,

2023, the amount of accumulated vacation, sick leave and compensatory time was valued at approximately \$610 million. Of this, approximately \$138 million was expected to be paid within 12 months from governmental funds, and approximately \$435 million was recorded as a long-term liability of the governmental funds. A liability of \$37 million was recorded in the Enterprise Funds.

Additionally, the City provides in its annual budget for each Fiscal Year an amount reasonably calculated to provide funding for the payment of accumulated sick leave and vacation benefits for City employees whose employment terminates during that year. In Fiscal Years 2022 and 2023, the City paid out approximately \$38.1 million and \$10.4 million, respectively, relating to these benefits for civilian employees, and approximately \$10.5 million and \$7.9 million, respectively, relating to these benefits for classified employees.

The City is subject to federal and state laws regarding the terms, conditions and extent of financial benefits it must provide to its employees. Future changes in the benefits required by such laws cannot be predicted and may substantially increase the City's personnel costs. The following tables provide the compensated absence liability and long-term disability obligation as of June 30, 2023 and June 30, 2022. See also "—Health Benefits—Health Care Benefits for Retired Employees."

(a) Based on information reported in the City's audited Financial Statements for Fiscal Year 2023 and 2022. The audited Financial Statements for Fiscal Year 2023 are presented in APPENDIX A.

Health Benefits

The Health Benefits Fund (the "Health Benefits Fund") is an Internal Service Fund administered by the Human Resources department of the City. The Health Benefits Fund was established to centralize the financial transactions for the City's employee benefit plans, which include medical, dental, vision and life insurance programs.

Health Insurance Plans. Effective May 1, 2019, the City awarded CIGNA a five-year contract, with two (2) one-year renewal options for three (3) health plans. The health benefits model is composed of three (3) plans, all of which have heavy emphasis on a wellness component, and includes: (i) a limited network HMO-type plan, (ii) an open access PPO-type plan with no out-of-network coverage, and (iii) a consumer driven high deductible Health Plan (CDHP), partnered with a health reimbursement account.

The City self-insured effective May 1, 2011, and therefore, the City assumes the financial risk of catastrophic and overall claim liability. Pursuant to the City's Financial Policies adopted in December 2014, the Health Benefits contingency reserve fund maintains a minimum of 10% of annual claims up to a maximum of 60 days of average claims expense paid over the prior fiscal year for each self-insured program. The Fiscal Year 2023 ending fund balance for the Health Benefits was \$27 million, with an additional \$15 million reserve for catastrophic claims.

Other Health Benefits for Active Employees. The Health Benefits Fund also includes two dental plans, funded entirely by participants: a dental health maintenance organization (DHMO) and a dental DPPO (formerly indemnity) plan. Basic Life Insurance is paid by the City and Voluntary Life Insurance is paid by the subscribers. Basic life insurance coverage is one times the annual base salary of the employee, which is 100% employer funded. Basic life insurance coverage premiums for retirees are paid by retiree contributions. Active employee participants may purchase additional life insurance coverage at their own expense. A Healthcare Flexible Spending Account, in addition to the Dependent Care Reimbursement Account, is also in the Health Benefits Fund. Effective May 1, 2018, the City awarded Superior Vision a three-year contract with two (2) one-year renewal options to provide vision services. The contract was extended by one additional year, through April 2025, per the Second Amendment to Group

Vision Insurance Administration Agreement. The vision plan is provided to City employees, certain retirees and their dependents and is funded exclusively by participants.

Health Benefits for Retired Employees. The City provides certain health care benefits for its retired employees, their spouses and survivors. Employees on long-term disability and their spouses can also qualify for retiree health care benefits. Currently, substantially all of the City's employees who qualify for pension benefits while working for the City will become eligible for such benefits.

Effective January 1, 2021, the City provides three (3) Medicare plans with two (2) different vendors and has made these plans mandatory for all retirees over age 65 who are eligible for Medicare. The medical plans are supported by contributions from the City and subscribers. In addition to the medical plan and in an effort to mitigate costs and maximize benefits to the City and Medicare eligible retirees, the City offers Medicare Advantage plans from two insurance providers. Effective January 1, 2021, the City awarded a three-year contract with two (2) one-year renewal options to Aetna (Premier ESA PPO and Basic PPO Plans) and Kelsey (HMO Plan). These Medicare Advantage Plans provide retirees with alternative managed healthcare plans. The Medicare Advantage Plans are to be fully insured products and offer retirees the choice of several different plans. Effective May 1, 2011, the City requires all Medicare-eligible retirees to enroll in a Medicare Advantage Plan.

Funding of Other Postemployment Benefits. Similar to many issuers, the City currently pays Other Postemployment Benefits ("OPEB") on an annual pay-as-you-go basis, which are accounted for as a current operating expense in the City's financial statements in the Fiscal Year in which the benefit is paid. See the table captioned "Statement of Revenues, Expenditures and Changes in Fund Balances in Governmental Funds" in the City's audited Financial Statements for Fiscal Year 2023. The City has taken steps to assess the current and future financial impact of its unfunded OPEB liabilities and continues to review the appropriate policies to address and manage any such liabilities. The City has included in the Fiscal Year 2025 budget a City contribution of \$12.5 million to fund an OPEB trust.

Pursuant to the Government Accounting Standards Board ("GASB") Statement No. 45 ("GASB 45"), *Accounting by Employers for Other Postemployment Benefits*, the City reports an actuarially determined cost of OPEBs, other than pensions, such as health and life insurance for current and future retirees. Under GASB 45, the City recognizes such costs over the working lifetime of employees to the extent they were not prefunded, and reports such costs as a financial statement liability. The City's most recent actuarial study indicated that, as of June 30, 2023, the City's net OPEB liability is \$1.8 billion, the reported Actuarial Determined Contribution (ADC) is \$157 million, calculated using a discount rate of 3.54%. The City expects the actuarial report for July 1, 2024, to be completed and received in Fiscal Year 2025.

Under the Government Accounting Standards Board issued Statements 74, *Financial Reporting for Postemployment Benefit Plans Other than Pension Plans*, and Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, state and local government entities that provide OPEB are required to report the cost of these benefits on their financial statements. The City's total net position was \$5,881 million and \$7,595 million as reported in the City's Annual Comprehensive Financial Report for Fiscal Year ended June 30, 2022 and Fiscal Year ended June 30, 2023 respectively. The increase in the City's total net position is due primarily to pension and OPEB benefits realized from prior year deferred gains and change in OPEB benefit terms. The City cost for retiree claim payments and health insurance premiums from the General Fund were approximately \$59.5 million for Fiscal Year 2023, and approximately \$66.5 million for Fiscal Year 2024.

Options available to an issuer such as the City to offset or reduce the future OPEB liability that will be reported under GASB 75 include the following:

- Reduction of benefits for new hires, active employees and/or retirees;
- Increase of required contributions from new hires, active employees and/or retirees; and
- Contributing assets (as included for the first time in the City's Fiscal Year 2024 budget) or pre-funding with real property, a dedicated revenue stream or other taxes or City assets not yet identified.

See also Note 11 of the City's audited Financial Statements for Fiscal Year 2023, which includes information relating to retiree health care premiums paid by the City in Fiscal Year 2023, as well as information relating to health and long-term disability benefits.

EMPLOYEE PENSION FUNDS

Prospective investors are advised that any projections or forecasts in the section below, including projections of the amount of the Unfunded Actuarially Accrued Liability ("UAAL") and other calculations of unfunded pension liability and the amounts of actuarially calculated contributions by the City, constitute forward-looking information that reflects the judgment of the City, the boards of the Pension Systems (as defined below) and their respective actuaries as to the funding required to pay future benefits to retirees. Such forward-looking information is based upon a variety of assumptions concerning future events and circumstances. Future actuarial studies may differ significantly from current estimates due to factors such as: retirements, terminations, deaths, disabilities, salary growth and investment returns, changes in contributions or investment portfolios, changes in actuarial or accounting standards, and changes in plan provisions, the Pension Statutes (as defined below) or applicable laws. See "— Pension Reform Legislation" below. The assumptions underlying the projections are material to the development of the projections, and changes in one or more of the assumptions may produce substantially different results. In addition to these projections, the City's financial statements as set forth in APPENDIX A to this Official Statement also report Net Pension Liability as required by GASB 68. The Net Pension Liability, as reported in the financial statements, is materially higher than the UAAL reported in the various actuarial reports of the Pension Systems and has materially changed the City's financial statements relating to the Pension Systems. Such differences reflect, in part, the different methods of valuation employed by accountants and actuaries. Prospective investors are strongly encouraged to review the entirety of Note 10 to the financial statements set forth in APPENDIX A hereto for additional information.

Statutory Authority, Governance and Management.

Texas statutes authorize three separate pension systems (collectively, the "Pension Systems") for full-time firefighters ("HFRRF" or the "Firefighter Fund"), police ("HPOPS" or the "Police System"), and municipal employees ("HMEPS" or the "Municipal System"). Detailed information regarding the funding of each Pension System is discussed under "— Municipal System," "— Police System," and "— Firefighter System" below and in Note 10 to the Financial Statements. Each Pension System is a defined benefits plan, which guarantees retiree benefits based on years of service and salary. The City bears the primary financial risk of such plans. As such, the City must fund the Pension Systems to pay a retiree's defined benefit regardless of why the Pension System is underfunded.

In 2017, the Texas Legislature amended the Pension Statutes (the "Pension Reform Legislation") by establishing risk-sharing corridors that determine minimum and maximum annual City Contribution rates, reducing the existing unfunded pension liabilities with lower pension benefits and increased employee contributions, mandating the management and pay off of existing unfunded liabilities (the "Legacy Liability") over a 30-year amortization period ending in 2047, reducing both anticipated earnings and the discount rate used to calculate the City's future payments to 7.00%, and by generally increasing the governance of additional aspects of future Pension System funding and City contributions through the Pension Statutes rather than by negotiated agreements. To further reduce the Legacy Liability attributable to HMEPS and HPOPs, the City also issued pension obligation bonds in the aggregate principal amount of \$1,005,145,000 (the "Series 2017 POBs") in 2017.

Prior to the Pension Reform Legislation, negotiated "meet and confer" agreements had a more significant role in determining benefits and City contributions for HMEPS and HPOPS (but not for HFRRF). The Pension Statutes currently allow negotiated "meet and confer" agreements between HMEPS, HPOPS, and HFRRF under limited circumstances, but to the extent there is any conflict between the Pension Statutes and any separate "meet and confer" agreements between HMEPS and the City, or HPOPS and the City, the Pension Statutes control. Thus, any such agreements may not affect the calculation or payment of City obligations or benefit structures unless they conform to the limitations and scope set forth in the Pension Statutes.

Below is a description of Pension System governance, the funding of the Pension Systems prior to pension reform, the Pension Reform Legislation, and status of funding requirements.

Statutory Authority and Contracts Between the Pension Boards and the City.

The statutes governing the Pension Systems are as follows:

- (i) HMEPS: Article 6243h, Vernon's Texas Civil Statutes, as amended (the "HMEPS Statute");
- (ii) HPOPS: Article 6243g-4, Vernon's Texas Civil Statutes, as amended (the "HPOPS Statute"); and
- (iii) HFRRF: Article 6243e.2(1), Vernon's Texas Civil Statutes, as amended (the "HFRRF Statute" and, collectively with the HMEPS Statute and the HPOPS Statute, the "Pension Statutes").

Governance. Each Pension System is separately governed by a board of trustees that acts independently of the City. The Mayor appoints a designee to serve on the board of each Pension System, and the Director of Finance of the City appoints a member to the HFRRF Board and the HPOPS Board, while the City Controller appoints a member to the HMEPS Board. However, a majority of the trustees serving on each Pension System board are either full-time employees or retirees elected by participants in the respective Pension System and are themselves participants. These trustees have a personal interest in the plan administered by the board of the Pension System on which they serve. All trustees of a Pension System board take an oath to "diligently and honestly administer" such Pension System, and each trustee is counseled and trained on their fiduciary responsibilities. Trustees appointed by the City are counseled that their fiduciary duties to the Pension System take precedence over the interests of the City and the official that appointed them. No legal challenges have arisen as a result of potential conflicts of interest.

The Pension Systems' boards are generally imbued with broad powers to interpret, construe and supplement omissions in their governing statutes and to determine questions related to eligibility for membership, services and benefits, though their ability to act unilaterally with respect to the reforms enacted as part of the Pension Reform Legislation is limited. The grant of such powers to the Pension System boards may adversely affect the City's ability to manage its pension obligations through mechanisms such as reducing the number of City full-time employees by outsourcing certain City functions. The Pension Systems are funded from City contributions, employee contributions, and investment earnings, and the amount of funding required is related to the benefits projected to be paid to retirees. Each of the Pension Systems is currently underfunded.

Future Costs. Costs of the Pension Systems are required to be calculated each Fiscal Year by actuarial valuations separately carried out by the respective Pension Systems and the City. The annual actuarial valuations establish the City's required payments to meet Pension System costs, based on pension system normal costs and unfunded accrued liabilities. New liability losses, excluding the Legacy Liability being amortized through 2047, will be amortized over a new 30-year period. New liability gains will be amortized over the remaining period of the largest remaining liability loss layer or, if there is none, 30 years.

Risk Sharing. Under the Pension Statutes, the City and each Pension System are required to share information and cooperate to evaluate the performance of the Pension System. The City and each Pension System are required to conduct an annual valuation study (the "RSVS"), which is subject to review by the Texas Pension Review Board. The RSVS process sets the City's projected future contribution rates and the corridor midpoints, as a percentage of projected pensionable payroll for each Pension System. The corridor midpoint system was made part of the Pension Statutes under the Pension Reform Legislation in an effort to share the risk of large unexpected future contribution costs.

The initial RSVS process following passage of the Pension Reform Legislation set the City's projected future contribution rates and the corridor midpoints, as a percentage of projected pensionable payroll for each Pension System for the next 31 years. For years one through 30, the corridor midpoint for HMEPS ranges from 8.17% in Fiscal Year 2018 to 8.81% in Fiscal Year 2047. Similarly, for HPOPS the corridor midpoint ranges between 31.77% in Fiscal Year 2018 to 32.13% in Fiscal Year 2047, while the corridor midpoint for HFRRF is constant at 31.89% for the 30-year period. The City bears the risk of pension contribution costs increasing up to 5% of pensionable payroll above the corridor midpoint. If the increase in the pension contribution cost is greater than 5% of the pensionable payroll, then steps must be taken, including the reduction of benefits or increase of Pension System member contributions, to reduce the City's cost. Conversely, if costs are 5% of pensionable payroll less than projected for any plan, steps must be taken to maintain the City's contribution at the minimum level. If on or after July 1, 2023, the funded ratio of HPOPS or HFRRF is less than 65% as determined in an RSVS, then the City and the Pension System are required to establish a cash balance retirement plan for any new participants in HPOPS or HFRRF, as applicable.

If on or after July 1, 2027, the funded ratio of HMEPS is less than 60% as determined in an RSVS, then the City and the Pension System are required to establish a cash balance retirement plan for any new participants in HMEPS.

The projected contribution rates and the annual contribution rates for HPOPS and HFRRF include the amortization of the Legacy Liability. The annual cost of amortization of the Legacy Liability for HMEPS is excluded from the calculation of projected and annual contribution rates; however, the HMEPS Legacy Liability is paid on a fixed-dollar schedule rather than based on a percentage of pensionable payroll. Because pensionable payroll for each Pension System is projected to increase, the actual dollar amounts required to be paid based on the projected corridor midpoints and contribution rates are also projected to increase. The City's contribution rates for future Fiscal Years will be calculated by each subsequent year's RSVS.

Investment Considerations Relating to Risk Sharing Valuation Studies

The City has identified the following investment considerations, but any potential investor should consult their own advisor.

Conduct of the RSVS. The RSVS requires the sharing of information and comparison of results by the City and each Pension System. While the Pension Reform Legislation requires the City and each Pension System to conduct the RSVS and to share information, failure to do so by the City or a Pension System could result in litigation or other enforcement efforts which could delay conduct of the RSVS in any year. If a Pension System fails to provide information, the City may conduct its RSVS based on estimates, but the estimated payments could carry a greater risk of under- or over-payments by the City.

Status of Funding of the Pension Systems

The following information is based on reports prepared reflecting the current system of funding and benefits under the Pension Statutes.

Changes in pension accounting rules resulted in significant changes to the presentation of the City's liabilities for each Pension System in its financial statements beginning in Fiscal Year 2015. For a comparison of the liabilities, see "– Net Pension Liability Under GASB 67 and 68" below as well as Note 10 to the Financial Statements attached hereto as APPENDIX A. GASB 67 and 68 do not affect the City's pension contributions or contribution rates.

The City has historically funded the Pension Systems in amounts agreed upon by the City and the respective boards of the Pension Systems either (i) as part of jointly-sponsored changes in State law or (ii) in negotiations with the Municipal System's and Police System's respective boards through the "meet and confer" process. The City funds the Pension Systems consistent with State law. As stated in the Fiscal Year 2025 adopted budget, the total amount of the City's contribution to the three Pension Systems for Fiscal Year 2025 will be approximately \$461 million, which represents an approximate \$19 million increase from the Fiscal Year 2024 actual payments.

The annual contribution to the Pension Systems is sufficient to fund the annual cost of amortizing the Legacy Liability and the normal and administrative costs of the Pension Systems.

Net Pension Liability Under GASB 67 and 68. As reflected in the table below, the financial statements now reflect a calculation of the City's Net Pension Liability to describe the City's funding obligation to the Pension Systems. The "Net Pension Liability" is the difference between the City's "Total Pension Liability" and the "Fiduciary Net Position" of each respective Pension System's plan. The Total Pension Liability is the present value of pension benefits that are allocated to current members due to past service by the entry age normal actuarial cost method. It includes benefits related to projected salary and service, and automatic cost of living adjustments. In addition, ad hoc cost of living adjustments are also included in the Total Pension Liability to the extent they are substantially automatic. Fiduciary Net Position is determined on the same basis used by the respective Pension System. The City's Net Pension Liability was measured as of June 30, 2023. For a more detailed break-out of Net Pension Liability for each Pension System, see Note 10.

NET PENSION LIABILITY AS OF JUNE 30, 2023

	(in thousands)		
	HFRRF	HMEPS	HPOPS
Total Pension Liability	\$5,167,589	\$5,798,777	\$7,892,171
Fiduciary Net Position	(5,109,178)	(4,072,345)	(7,208,455)
Net Pension Liability	\$ 58,411	\$1,626,432	\$ 683,716

The calculation of Net Pension Liability under GASB 67 and 68 as reported in the City's financial statements for Fiscal Year 2023. See Note 10 to the City's audited Financial Statements for Fiscal Year 2023 presented in APPENDIX A.

Table 18: Actuarially Determined Contribution Amounts and Changes in Pension Plan Assets

Each part of the following tables should be read in context with the sections that follow describing in more detail the Pension Systems individually. Part 1 sets forth for each of the Fiscal Years 2019 through 2023 the amount of the annual pension cost to the City and the percentage contribution made by the City to each of the Pension Systems. Contribution amounts are established by the Pension Statutes.

Part 2 sets forth for each of the Fiscal Years 2019 through 2023 actuarially determined amounts and actual City pension contribution amounts as a percentage of payroll. Part 3 sets forth certain information from the City's financial statements for Fiscal Year 2023 (June 30, 2023).

[Remainder of Page Intentionally Left Blank]

Part 1: Annual Pension Costs and Contributions^(a)

(in millions)

Fiscal Year	Municipal System			Police System			Firefighter Fund		
	Annual Pension Cost	City Contrib. ^(b)	Percent Contrib.	Annual Pension Cost	City Contrib. ^(b)	Percent Contrib.	Annual Pension Cost	City Contrib. ^(b)	Percent Contrib.
2019	\$366.1	\$176.3	48%	\$330.3	\$142.4	43%	\$227.3	\$89.9	40%
2020	382.9	176.4	46	297.2	149.1	50	232.4	83.8	36
2021	64.4	184.8	35	(87.6)	151.1	58	(65.5)	77.5	85
2022	38.8	197.3	20	86.5	152.4	57	(72.5)	81.4	89
2023	69.2	204.9	34	25.2	159.9	16	(4.6)	72.5	6

(a) For further details, see the City's Financial Statements for Fiscal Year 2023, particularly Note 10 and the section captioned "Required Supplementary Information."

(b) Contribution amounts are determined by the applicable Pension Statute.

Part 2: Actuarially Determined Contribution Amount and

Actual City Contribution as a Percentage of Payroll^{(a)(b)}

Fiscal Year	Municipal System		Police System		Firefighter Fund	
	Actuarial	Actual	Actuarial	Actual	Actuarial	Actual
2019	28.9%	28.7%	31.9%	32.0%	33.0%	33.0%
2020	29.3	28.2	31.8	32.1	32.3	32.3
2021	29.5	28.7	31.8	31.9	31.9	31.9
2022	29.5	29.0	31.9	32.0	31.9	31.9
2023	29.8	28.8	31.9	32.0	26.9	26.9
2024	27.8	TBD	32.0	TBD	26.9	TBD

(a) For further details, see the City's Financial Statements for Fiscal Year 2023 presented in APPENDIX A, particularly Note 10 and the section captioned "Required Pension System Supplementary Information." Actuarial numbers from the funding valuations prepared by the Pension Systems may be different from the GASB 68 accounting valuations used to prepare the City's financial statements.

(b) Sources: Actuarial contributions are per the applicable adopted HMEPS Risk Sharing Valuation Studies, HPOPS Risk Sharing Valuation Studies, and HFRRF Joint Addendum to Final Risk Sharing Valuation Studies. Actual Contributions are per the City's annual financial statements. See "—Municipal System," "—Police System" and "—Firefighter Fund."

Part 3: Changes in Pension Plan Assets^(a)
(in millions)

Fiscal Year 2023	Municipal	Police	Fire	Total
Additions ^(b)	\$ 461.5	\$ 737.4	\$ 304.1	\$ 1,503.0
(Deductions) ^(c)	(341.5)	(390.1)	(288.7)	(1,021.1)
Net Increase (Decrease)	\$ 120.0	\$ 346.5	\$ 15.4	\$ 481.9
City's Total Contribution	\$ 204.9	\$ 159.9	\$ 72.5	\$ 437.3

(a) Source: Pension Systems Financial Statements for Fiscal Year 2023.

(b) Includes contributions by the employees and the City, net increase (decrease) in the fair value of investments, income from investments, and other income.

(c) Includes benefits paid to members, refunds to members, and other costs, including professional services and administrative expenses.

Municipal System

The Municipal System is a contributory defined benefits pension program that provides benefits to most municipal employees (other than classified police officers and firefighters) pursuant to three different programs. Employees hired prior to January 1, 1999 had a choice to enroll in either a contributory defined benefit program ("Group A") under which, prior to the Reform Effective Date, the employees contributed 5% of their salary to the plan, or a non-contributory plan ("Group B"). Employees hired between January 1, 1999 and January 1, 2008 are provided benefits pursuant to the Group A program. Employees hired after January 1, 2008 are covered by a defined benefit plan ("Group D") which, prior to the Reform Effective Date, was non-contributory. The HMEPS Risk Sharing Valuation Study as of July 1, 2019 do not provide classification of active employees by their Groups. Prior year's Study reports that 40.89% of active employees of the City were enrolled in Group A, 10.23% were enrolled in Group B and 48.88% were enrolled in Group D. After the Reform Effective Date, Group A employees contribute 8% of their salary, Group B employees contribute 4% of their salary, and Group D employees contribute 2% of salary, plus 1% of salary placed in a notional cash balance plan account.

The City's annual contributions for Fiscal Year 2024 to the Municipal System was 8.48% of payroll plus \$146.0 million, equating to roughly 29.4% of payroll. The Fiscal Year 2025 Budget includes annual contributions to the Municipal System of 8.51% of payroll plus \$150.0 million, equating to roughly 29% of payroll.

Municipal System Fiscal Year Funding. The City budgets its contributions by allocating the cost between its General Fund and Enterprise Funds based upon the nature of the employment of the covered employees. Fiscal Year 2024 provides that the General Fund was responsible for approximately \$63.8 million of the City's approximately \$203.058 million contribution to the Municipal System (approximately 8.48% of payroll plus \$146.0 million); the Fiscal Year 2025 adopted budget provides that the General Fund is responsible for approximately \$ million of the City's estimated \$213.8 million contribution to the Municipal System (approximately 8.51% of payroll plus \$150.0 million).

[Remainder of Page Intentionally Left Blank]

The table below reflects actuarial accrued liability, actuarial value of plan assets, unfunded actuarial accrued liability or surplus and funded ratio for each of the years 2019 to 2023. For 2019 to 2023, the values are based on the HMEPS Risk Sharing Valuation Study as of July 1, 2019 through July 1, 2023.

Table 18A: Municipal System Pension Plan Assets, Liabilities and Unfunded Actuarial Accrued Liability^(a)
(in millions)

	2019	2020	2021	2022	2023
Actuarial Accrued Liability.....	\$6,655	\$6,835	\$7,121	\$7,381	\$7,699
Actuarial Value of Plan Assets.....	5,435	5,631	6,082	6,459	6,877
Unfunded Actuarial Accrued Liability ^(b)	1,220	1,204	1,039	922	823
Funded Ratio.....	81.7%	82.4%	85.4%	87.5%	89.3%

(a) Source: Police System Actuarial Valuation Reports. This information is no longer presented in the City's financial statements due to the implementation of GASB 68.

(b) The actuarial value of plan assets is determined by the actuary for HMEPS. Such value was calculated using a generally accepted method of recognizing market gains and losses (relative to the assumed discount rate) over a five-year period.

Police System

The Police System is a contributory defined benefits pension program that provides benefits to the City's classified police officers.

Police System Fiscal Year Funding. The General Fund covers substantially all of the City's contributions to the Police System. The Fiscal Year 2024 contribution to HPOPS was approximately \$162.5 million. The Fiscal Year 2025 adopted budget sets the contribution to HPOPS at approximately \$170 million as determined by the Pension Reform Legislation.

[Remainder of Page Intentionally Left Blank]

The table below reflects actuarial accrued liability, actuarial value of plan assets, unfunded actuarial accrued liability or surplus and funded ratio for each of the years 2019 to 2023. The information contained therein is derived from the HPOPS actuarial valuation reports from July 1 in each of the respective years.

Table 18B: Police System Pension Plan Assets, Liabilities and Unfunded Actuarial Accrued Liability^(a)
(in millions)

	2019	2020	2021	2022	2023
Actuarial Accrued Liability	\$6,655	\$6,835	\$7,121	\$7,381	\$7,699
Actuarial Value of Plan Assets	5,435	5,631	6,082	6,459	6,877
Unfunded Actuarial Accrued Liability.	1,220	1,204	1,039	922	823
Funded Ratio	81.7%	82.4%	85.4%	87.5%	89.3%

(a) Source: Police System Actuarial Valuation Reports. This information is no longer presented in the City's financial statements due to the implementation of GASB 68.

Firefighter Fund

The Firefighter Fund provides benefits to the City's classified firefighters and is structured as a contributory defined benefits pension program. Firefighters must contribute 10.5% of the member's pensionable pay. The City contribution is now determined by the RSVS process.

Firefighter Fund Fiscal Year Funding. The General Fund covers substantially all of the City's contributions to HFRRF. The Fiscal Year 2024 contribution to HFRRF was approximately \$76.6 million. The Fiscal Year 2025 adopted budget sets the contribution at approximately \$77.5 million as determined by the applicable Pension Statue.

[Remainder of Page Intentionally Left Blank]

The table below reflects actuarial accrued liability, actuarial value of plan assets, unfunded actuarial accrued liability or surplus and funded ratio for 2019 to 2023. The information contained therein is derived from the HFRRF Actuarial Valuations from July 1 in each of the respective years.

Table 18C: Firefighter Fund Pension Plan Assets, Liabilities and Unfunded Actuarial Accrued Liability^(a)
(in millions)

	2019	2020	2021	2022	2023

(b) The actuarial value of the plan assets is determined by the actuary for the HFRRF. Such value was calculated using a generally accepted method of recognizing market gains and losses (relative to the assumed discount rate) over a five-year period.

ANNEXATION PROGRAM AND "IN-CITY" DISTRICTS

Annexation Program

General. Chapter 42, Texas Local Government Code, as amended, provides that, within the limits described therein, the unincorporated area contiguous to the corporate limits of any city constitutes that city's extraterritorial jurisdiction. For the City, the extraterritorial jurisdiction consists of all the contiguous unincorporated areas, not a part of any other city, within five (5) miles of the corporate limits of the City. With certain exceptions, a city may annex territory only within the confines of its extraterritorial jurisdiction. Under Chapter 43, Texas Local Government Code, as amended, when a city annexes additional territory, the city's extraterritorial jurisdiction expands in conformity with such annexation. Since 1999, the City has completed nine full purpose annexations. However, due to amendments to Chapter 43 passed by the Texas legislature, there are significant additional procedures and requirements governing annexation. Generally, in order to annex property for full purposes after December 1, 2017, the City is required to (i) obtain a petition signed by more than 50% of the registered voters in an area with a population under 200, and if the registered voters don't own more than 50% of the land in those areas, also signed by more than 50% of the owners of land in the area, or (ii) hold an election in an area with a population of at least 200, and if the registered voters don't own more than 50% of the land in the area, obtain a petition signed by more than 50% of the owners of land in the area. But see "—Annexation Program—Limited Purpose Annexations and Strategic Partnership Agreements" below.

Limited Purpose Annexations and Strategic Partnership Agreements. Strategic partnership agreements ("SPAs") may provide for limited-purpose annexation for a period of time, during which the City may impose a sales and use tax within the boundaries of the part of the district that is annexed for limited purposes. SPAs may provide that at the completion of the agreed duration of the limited purpose annexation, full-purpose annexation may occur either on an agreed full-purpose annexation date without the need for further action by the City, or by City action at that time. The qualified voters of an area annexed for limited purposes are entitled to vote in municipal elections for members of the governing body or for amendments to the municipal charter. Such voters may not vote in a bond election.

The City has completed limited-purpose annexations by mutual consent with approximately one-third of the water districts in the City's extraterritorial jurisdiction. The City expects to enter into similar agreements with other districts in the future. Generally, the limited-purpose annexations have applied only to non-residential property, and the City is authorized to, and does impose, its sales tax in each of the areas annexed for limited purposes. In most cases, the City and a district each receive an amount equal to one-half the sales tax received in that area. The City is not authorized to levy an ad valorem tax on property annexed for limited purposes, and the district continues to levy and collect ad valorem taxes. The SPAs entered into so far by the City defer the time for full-purpose annexation by City action for periods of up to 30 years or, in some cases, until the district utility system is fully developed or some

other event occurs. Since January 2001, the City has approved 387 SPAs with 243 municipal utility districts totaling approximately \$929 million in revenue to the City (as of June 2024), \$72.3 million of which was from Fiscal Year 2024. The revenue from SPAs now represents 8.18% of sales tax collections for the City.

The City does not assume the debts of a district until such time as the district is annexed for full purposes, at which time all of the sales taxes collected within the district will be retained by the City, the annexed area will become subject to the City's ad valorem tax levy and collection, the district will be dissolved and the debt will be assumed by the City. In some cases, the City agrees to provide police or fire services to the district, if the cost of providing such services is marginal to the City.

Regional Participation Agreements. Under Texas law, the City and certain large unincorporated areas within the City's extraterritorial jurisdiction are authorized to enter into regional participation agreements. The City and The Woodlands Township entered into a Regional Participation Agreement (the "RPA") in 2007, pursuant to which the City agreed (i) not to annex the land in The Woodlands Township for a term of 50 years and (ii) if during that time, The Woodlands Township incorporates as a municipality or any other form of local government under Texas law, the City will release it from the City's extraterritorial jurisdiction. In exchange for such provisions, The Woodlands Township agreed to provide a sixteenth of one percent of sales and use taxes for mutually beneficial projects in the City, including improvements at the City's parks, the Texas Medical Center and various road improvements. On May 19, 2010, the City's City Council voted to approve an amendment to the RPA, which allows for the addition of land into The Woodlands Township, but requires consent of the City's mayor for future annexation by The Woodlands Township. The City may further amend the RPA from time to time.

In-City Districts

Texas law authorizes the creation of certain types of "in-city" districts with independent taxing authority. The City has authorized by ordinance the creation of 36 water districts within its corporate limits, all of which have been created. Of the 36 water districts authorized by the City, 29 are active in-city municipal utility districts, 7 are inactive in-city municipal utility districts, and have been disannexed and then re-annexed for limited purposes pursuant to a strategic partnership agreement. The creation of Harris County MUD 585 is awaiting the City Council's approval.

In order to encourage development within the City, the City has entered into agreements with "in-city" districts whereby the district will provide the water, wastewater and stormwater drainage infrastructure in the district and convey such facilities to the City, although in some instances, the district has retained ownership and operation of its facilities. In exchange, the City agrees to maintain the facilities and rebate to the district the portion of City ad valorem taxes collected within the district and attributable to drainage. In some agreements, the City agrees to collect water and wastewater charges at standard City retail rates and remit to the district for deposit in the debt service fund of the district the difference between City retail rates and wholesale rates. The City's obligations under these agreements are payable only from revenues from within the district, can never exceed annually the annual debt service of the district and expire upon maturity of the district's bonds.

There are numerous municipal management districts within the corporate limits of the City. Such districts have independent authority to impose assessments on certain property owners to support and enhance specific residential or business corridors within the City. Municipal management districts may issue bonds secured by assessments or taxes levied on property within the district pursuant to a vote in such district approving the bonds.

The City has also created certain entities to enhance and encourage redevelopment activities within the City and to provide a mechanism to fund certain public improvements and related redevelopment costs, in addition to providing administrative support for these projects. In many cases, in order to more effectively and efficiently manage its tax increment reinvestment zones, the City has created local government corporations, which are not-for-profit local government corporations created under Chapter 431 of the Texas Transportation Code, as amended. Such redevelopment authorities are created to aid, assist and act on behalf of the City in the performance of certain of the City's governmental and proprietary functions, including acting as a financing vehicle for the reinvestment zones. Tax increment revenues for each such reinvestment zone are initially deposited in separate tax increment funds maintained by the City and then a local government corporation if a local government corporation has been created to manage such reinvestment zone. Projects financed on behalf of tax increment reinvestment zones are typically accomplished through the issuance of bonds by local government corporations that pledge tax increment revenues

received from the City by virtue of a contract between the respective local government corporation, the tax increment reinvestment zone, and the City. The City has also created certain public improvement districts but their existence does not materially impact the operations of the City.

LITIGATION AND REGULATION

General Litigation and Claims

The City is a defendant in various lawsuits and is aware of pending claims arising in the ordinary course of its municipal and enterprise activities, certain of which seek substantial damages. That litigation includes lawsuits claiming damages that allege that the City caused personal injuries and wrongful deaths; class actions and other lawsuits and claims alleging discriminatory hiring and promotion practices and certain civil rights violations arising under the Federal Voting Rights Act; various claims from contractors for additional amounts under construction contracts; claims involving property tax assessments; suits over the validity of City ordinances and over their enforcement; suits alleging non-compliance with certain federal and state environmental statutes; and various other liability claims. The status of such litigation ranges from an early discovery stage to various levels of appeal of judgments both for and against the City. The amount of damages is limited in certain cases under the Texas Tort Claims Act and is subject to appeal. The City intends to defend itself vigorously against the suits; however, no prediction can be made, as of the date hereof, with respect to the liability of the City for such claims or the final outcome of such suits.

The City is also aware that various claims for inverse condemnation have been and may be asserted against the City in connection with the City's operations, the aggregate amounts of which are unknown. The City intends to defend itself vigorously against all such inverse condemnation claims; however, the City's liability with respect to these claims cannot be predicted.

Additionally, the City has received various claims related to Hurricane Harvey, none of which have become a lawsuit, alleging that the City released water from reservoirs flooding nearby residential and commercial properties and vehicles. The claims consist of both requests for compensation for loss from individual claimants and claims from insurance companies for their insured's losses. The claims allege either a constitutional taking under the Texas Constitution, a nuisance claim, or simply allege the City released the water causing harm to the claimants' property. The City intends to defend itself vigorously against all such claims; however, the City's liability with respect to these claims cannot be predicted.

For discussions of litigation relating to the City's Drainage Utility Fee, see "PROPERTY TAXES—Drainage Utility Fee and Pay-As-You-Go Fund Assessments and Litigation."

State Legislation

Generally, although the City is a home-rule city under the Texas Constitution, it may not adopt ordinances or charter provisions inconsistent with Texas law. The Texas Legislature may enact legislation that (i) materially increases the costs and expenditures of the City or (ii) reduces the ability of the City to collect ad valorem taxes or other revenues described herein. Under the Texas and United States Constitutions, the Texas Legislature may not, however, enact legislation that impairs the City's ability to pay principal of and interest on its indebtedness.

The Texas Legislature convenes in regular session in odd numbered years for 140 days. During the 2023 Regular Legislative Session, the Texas Legislature approved numerous bills, new laws and changes to various State statutes, including the changes to the Texas Agriculture Code, the Texas Business and Commerce Code, the Texas Finance Code, the Texas Insurance Code, the Texas Labor Code, the Texas Local Government Code, the Texas Natural Resources Code, the Texas Occupations Code, and the Texas Property Code (each an "Affected Code," and collectively, the "Affected Codes") contained in House Bill 2127 ("HB 2127"), described below.

Upon its effective date of September 1, 2023, municipalities, including the City, are precluded from adopting or enforcing an ordinance, order, rule, or policy (each, a "Municipal Action") in a field "occupied by" a provision of an Affected Code unless explicitly authorized otherwise by State statute. Under the statute, a Municipal Action that violates this provision will be void and unenforceable. Any person (as defined by HB 2127), including a taxpayer, adversely affected by a Municipal Action or a trade association representing the person will have standing to sue the

municipality for declaratory or injunctive relief, costs, and reasonable attorneys' fees. HB 2127 waives governmental immunity from suit and liability to the extent that liability is created by HB 2127. The City is currently conducting a review of its existing Municipal Actions to determine which, if any, are in a field occupied by provisions of the Affected Codes and expects that some existing Municipal Actions may need to be rescinded, revoked or amended in order to not violate HB 2127. However, the City does not expect that any such actions will have a material adverse effect on the payment of its Tax Obligation.

On July 3, 2023, the City filed suit in Travis County District Court challenging the constitutionality of HB 2127. San Antonio and El Paso intervened in the lawsuit. The City filed a motion for summary judgment and the State of Texas filed a motion to dismiss the lawsuit. On August 30, 2023, the District Court for Travis County granted the City's motion for summary judgment and held that absent a severability clause, the statute is unconstitutional on its face and as applied to Houston and local laws that are not already preempted. On September 1, 2023, the Texas Attorney General issued a press release confirming that, despite the ruling of the Travis County District Court, HB 2127 went into effect on September 1, 2023 and filed a notice of appeal. The case is fully briefed in the Third Court of Appeals but no submission date or oral argument has been set. The City can make no representations or predictions concerning the substance or effect of any legislation that may be proposed and that ultimately may be passed during the regular session or any special session that may convene after the end of the regular session, or how any such legislation would affect the financial condition of the City or its operations.

Environmental Regulation

The City is subject to the environmental regulations of the State and the United States. These laws and regulations are subject to change, and the City may be required to expend substantial funds to meet the requirements of such regulatory authorities, such as requirements relating to quality of the City's water supply or wastewater discharges or to the handling and disposal of wastes. Failure to comply with these laws and regulations may result in the imposition of administrative, civil and criminal penalties, or the imposition of an injunction requiring the City to take or refrain from taking certain actions. In addition, the City may be required to remediate contamination on properties owned or operated by the City, or at sites where the City has sent waste for disposal.

Other Environmental Measures

Air quality control measures required by the United States Environmental Protection Agency (the "EPA") and the Texas Commission on Environmental Quality ("TCEQ") may curtail new industrial, commercial and residential development in the County. Under the Clean Air Act ("CAA") Amendments of 1990, the eight county Houston Galveston-Brazoria Area (the "HGB Area") has been designated by the EPA as a nonattainment area under three separate federal ozone standards: the one-hour (124 parts per billion ("ppb")) and eight-hour (84 ppb) standards promulgated by the EPA in 1997 (the "1997 Ozone Standards"); the more rigorous, eight-hour ozone standard of 75 ppb promulgated by the EPA in 2008 (the "2008 Ozone Standard"), and the EPA's most-recent promulgation of an even lower, 70 ppb eight-hour ozone standard in 2015 (the "2015 Ozone Standard"). While the State has been able to demonstrate steady progress and improvements in air quality in the HGB Area, the HGB Area remained subject to CAA nonattainment requirements.

In a final rule that became effective on March 16, 2020, the EPA determined that the HGB Area had met the CAA criteria for redesignation to attainment status under the 1997 Ozone Standards and EPA terminated the obligations that had applied in the HGB Area under the 1997 Ozone Standards. However, the HGB Area remains designated as a nonattainment area under the 2008 and 2015 Ozone Standards, and the TCEQ remains obligated to demonstrate attainment with the more-stringent 2008 and 2015 Ozone Standards under the CAA.

The HGB Area is currently designated as a "severe" nonattainment area under the 2008 Ozone Standard, with an attainment deadline of July 20, 2027. EPA issued a final rule determining that the HGB Area failed to meet the attainment deadline under its prior "serious" classification, effective November 7, 2022. The State will be required to submit State Implementation Plan ("SIP") revisions to the EPA no later than 18 months after the November 7, 2022 effective date of the final rule reclassifying the HGB Area as a "severe" nonattainment area, and any new emissions controls that the TCEQ determines are needed for attainment must be implemented within 36 months of November 7, 2022. The HGB Area could be subject to more stringent controls on emissions from the industrial sector. In addition, the EPA may impose a moratorium on the awarding of federal highway construction grants and other federal grants for certain public works construction projects if it finds that an area fails to demonstrate progress in reducing ozone levels.

The HGB Area is currently designated as a “moderate” nonattainment area under the 2015 Ozone Standard, with an attainment deadline of August 3, 2024. EPA issued a final rule determining that the HGB Area failed to meet the attainment deadline under its prior “marginal” classification, effective November 7, 2022. For purposes of the 2015 Ozone Standard, the HGB Area consists of six counties: Brazoria, Chambers, Fort Bend, Galveston, Harris, and Montgomery Counties.

In order to demonstrate progress toward attainment of the EPA’s ozone standards, the TCEQ has established a SIP for the HGB Area that sets emission control requirements, some of which regulate the inspection and use of automobiles. These types of measures could impact how people travel, what distances people are willing to travel, where people choose to live and work, and what jobs are available in the HGB Area. These SIP requirements can impact new and expanded industrial activity due to the additional permitting/regulatory constraints that accompany this designation. It is possible that additional controls will be necessary to allow the HGB Area to attain the ozone standards by the EPA’s attainment deadlines. These additional controls could create impediments and costs for new industrial development in the HGB Area.

Other constraints on economic growth and development include lawsuits filed under the Clean Air Act by plaintiffs seeking to require emission reduction measures that are even more stringent than those adopted by TCEQ and approved by EPA. From time to time, various plaintiff environmental organizations have filed lawsuits against TCEQ and EPA seeking to compel the early adoption of additional emission reduction measures, many of which could make it more difficult for businesses to construct or expand industrial facilities or which could result in new restrictions on the actions of businesses, governmental entities and private citizens. Any successful court challenge to the currently effective air emissions control plan could result in the imposition of even more stringent air emission controls that could threaten continued growth and development in the HGB Area.

Oil and Gas Industry

The Houston metropolitan area has the world’s largest concentration of petro-chemical manufacturing, so the regional economy has been particularly susceptible to adverse conditions in the oil and gas industry. Adverse conditions in the oil and gas industry and their spillover effects on other industries in the Houston region could adversely affect the Houston region’s economy and City tax revenues.

Infectious Disease Outbreaks

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, has been characterized as a pandemic (the “Pandemic”) in March 2020 by the World Health Organization and continues to affect many parts of the world, including the United States and Texas. Many of the federal and State actions and policies had significant effect to the operation of businesses and directly impacted the national, State, and local economies.

In April 2020, the City received \$404.8 million from the U.S. Department of Treasury pursuant to the Coronavirus Aid Relief & Economic Security Act (the “CARES Act”). The City has fully expended the allocation of CARES Act funding totaling \$404.8 million.

The American Rescue Plan Act (“ARPA”) was signed into law on March 11, 2021. Under ARPA, the State and Local Fiscal Recovery Fund (“SLFRF”) provides additional funding to state and local governments for response and recovery from the Pandemic. The City’s allocation of SLFRF funds totals \$607.7 million, which was received in two separate payments of \$303.8 million each. The first was in May 2021 and the second in June 2022. The City has begun to allocate and use these funds towards eligible costs, such as COVID-19 public health related expenditures and for revenue replacement for the provision of government services. SLFRF allows localities to spend the funds for revenue replacement to the extent of the reduction of revenue due to the Pandemic.

Storm Activity and Periodic Flooding

Downtown Houston is located approximately 50 miles north of the Gulf of Mexico. The Gulf region is prone to seasonal hurricane activity; major hurricanes or related storms may develop. Owing in part to its relatively flat topography and moist coastal climate, certain areas in the City are subject to periodic flooding and associated severe property damage as a result of hurricanes and storm events. In addition to the damage experienced from Hurricane Harvey to City facilities, properties and infrastructure and other related costs of approximately \$2.3 billion in 2017,

the City has experienced four storms exceeding a 0.2% probability (i.e. “500-year flood” events) since 2015. As of June 2023, the City has received a total of \$518.5 million in Hurricane Harvey recovery funds. As a long-term response to Hurricane Harvey, the Mayor appointed a chief recovery officer to address longer-term flooding issues.

The City and Harris County each participate in the National Flood Insurance Program, which is administered by FEMA. Communities participating in the National Flood Insurance Program are required by FEMA to adopt restrictions on development in designated flood prone areas. In exchange, the National Flood Insurance Program makes federally subsidized flood insurance available to homeowners, renters, and business owners located in the participating communities.

The Derecho and Hurricane Beryl

On May 16, 2024, the City experienced a line of severe windstorms known as a “derecho” (the “Derecho”). On July 8, 2024, the City experienced a substantial natural disaster resulting from Hurricane Beryl when rain and wind in the Houston area caused flooding in portions of the City. As a result of both storms, the City sustained significant damage including hundreds of downed trees, trash and other heavy debris.

The City was able to maintain regulatory compliance of the City’s water and wastewater systems and did not have to issue any health notices, such as water boil notices. While the City’s water and wastewater systems remained operational due to ongoing emergency protective measures, the Derecho and Hurricane Beryl caused significant damages to the City’s water and wastewater facilities.

The current estimate of the damages to the facilities and related debris removal costs agreed upon by the City and FEMA, related to the Derecho, is approximately \$43.9 million. The current estimate of the damages to the facilities and related debris removal costs agreed upon by the City and FEMA, related Hurricane Beryl, is approximately \$166.7 million. However, the City is still undergoing the process of damage review and eligibility, bringing facilities up to code and mitigation efforts, which could result in combined potential damages estimated in the range of \$210.6 million. This includes damage to 18 wastewater treatment plants, 63 wastewater lift stations, 3 surface water plants and 14 groundwater facilities. The combined utility system also incurred approximately \$5 million in disaster-related expenses for emergency protective measures and additional costs for emergency overtime. These estimates are preliminary and may vary significantly once detailed assessments are completed.

A significant portion of the damage to the facilities and infrastructure will be covered by grants from the Federal Emergency Management Agency (“FEMA”) and insurance. Houston Public Works is working closely with FEMA, the U.S. Department of Housing and Urban Development, the State of Texas (the “State”) and the Federal Highway Administration (“FHWA”) to address repair and mitigation efforts. As a condition of federal reimbursements, the City is required to match 10% of the approved grant funds related to Hurricane Beryl recovery. The State will provide 75% of the City’s 10% match requirement as a result of recent legislation. The City continues working with a disaster recovery consultant to coordinate with FEMA and FHWA and to assist in preparing appropriate documentation for eligible projects. Upon completion of the damage assessment and finalizing claims with FEMA, Houston Public Works will work with FEMA on adding additional funding for flood mitigation, including improved projects such as asset consolidation. At this time, the City cannot predict the amount of funds it will receive from FEMA insurance proceeds, FHWA or the State.

Shortly after Hurricane Beryl, Houston Public Works established a “Disaster Recovery Fund – CUS” in its accounts to serve as an appropriation source for disaster-related expenses, pending insurance and reimbursement from FEMA and FHWA following the approval of City Council. Houston Public Works has transferred \$8 million from the Enterprise Operating Fund to the Disaster Recovery Fund. Houston Public Works continues to evaluate the costs of damages from the storm and will submit additional requests for reimbursement to FEMA and its insurance carriers if necessary.

REMEDIES

The Ordinance does not specifically provide any remedies to a Registered Owner if the City defaults on the payment of the principal of or interest on any Obligations, nor does it provide for the appointment of a trustee to protect and enforce the interest of the Registered Owners upon the occurrence of such a default. If a Registered Owner of a Bond does not receive payment of principal or interest when due, the Registered Owner may seek a writ of

mandamus from a court of competent jurisdiction requiring the City to levy and collect taxes. Such Registered Owner also may seek a judgment against the City. The mandamus remedy, however, may be impractical and difficult to enforce. There is no provision for the acceleration of maturity of principal of a Bond in the event of a default. A Registered Owner of a Bond could file suit against the City if a default occurred in the payment of principal or interest on any such Obligation; however, a suit for monetary damages could be vulnerable to the defense of sovereign immunity and any judgment could not be satisfied by execution against any property of the City. The enforcement of a claim for the payment of a Bond also would be subject to the applicable provisions of the Federal bankruptcy laws and to any other statutes affecting the rights of creditors of political subdivisions and may be limited by general principles of equity.

LEGAL INVESTMENTS AND ELIGIBILITY TO SECURE PUBLIC FUNDS IN TEXAS

Under Texas law, the Notes are legal and authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries and trustees. The Notes are also legal and authorized investments for the sinking funds of cities, towns, villages, school districts and other political subdivisions or public agencies of the State of Texas and are eligible to secure deposits of public funds of the State of Texas or any political subdivision or agency thereof and are lawful and sufficient security for the deposits to the extent of their market value. For political subdivisions in Texas which have adopted investment policies and guidelines in accordance with the Public Funds Investment Act (Chapter 2256, Texas Government Code, as amended), the Notes may have to be assigned a rating of “A” or its equivalent as to investment quality by a nationally recognized rating agency before such obligations are eligible investments for sinking funds and other public funds. The City has not reviewed the laws in other states to determine whether with the Notes are legal investments for various institutions in those states.

The City has not made any investigation of any other laws, rules, regulations or investment criteria that affect the suitability of the Notes for any of the above purposes or limit the authority of any of the above persons or entities to purchase or invest in the Notes.

RATINGS

The rating services of Fitch Ratings and Moody’s Investor Service, have assigned ratings of “F1+” and “MIG 1” respectively on the Notes. Ratings reflect only the views of the rating agencies, from whom an explanation of the significance of such ratings may be obtained. There is no assurance that ratings will continue for any given period of time or that they will not be revised downward or withdrawn entirely if, in the judgment of the rating agency, circumstances so warrant. Any such downward revision or withdrawal could have an adverse effect on the market price of the Notes. The City and the Financial Advisors will undertake no responsibility to oppose any revision or withdrawal of such ratings.

TAX MATTERS

General

In the opinion of Special Tax Counsel, assuming compliance with certain arbitrage rebate and other tax requirements referred to herein, under existing law, interest on the Notes is excludable from gross income for federal income tax purposes and will not be treated as an item of tax preference in computing the federal alternative minimum tax imposed on individuals under the Internal Revenue Code of 1986, as amended (the “Code”); however, the interest on the Notes is included in the “adjusted financial statement income” of certain corporations on which the federal alternative minimum tax is also imposed under the Code. Further, Special Tax Counsel has expressed no opinion regarding the state tax consequences that may arise with respect to the Notes.

The Code and the regulations promulgated thereunder contain a number of requirements that must be satisfied subsequent to the issuance of the Notes in order for the interest thereon to be and remain excludable from gross income for federal income tax purposes. Examples include: the requirement that, unless an exception applies, the City rebates certain excess earnings on proceeds and amounts treated as proceeds of the Notes to the United States Treasury Department; restrictions on the investment of such proceeds and other amounts; and certain restrictions on the use of the proceeds of the Notes and the sources of repayment of the Notes. The foregoing is not intended to be an exhaustive

listing of the post-issuance tax compliance requirements of the Code, but is illustrative of the requirements that must be satisfied subsequent to the issuance of the Notes to maintain the exclusion of interest on the Notes from gross income for federal income tax purposes. Failure to comply with such requirements may cause the inclusion of interest on the Notes in the gross income of the holders thereof for federal income tax purposes, retroactive to the date of issuance of the Notes. The City has covenanted to comply with each such requirement of the Code that must be satisfied subsequent to the issuance of the Notes in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The opinion of Special Tax Counsel is subject to the condition that the City complies with all such requirements. Special Tax Counsel has not been retained to monitor compliance with the described post-issuance tax requirements subsequent to the issuance of the Notes.

Special Tax Counsel gives no assurance that any future legislation or clarifications or amendments to the Code, if enacted into law or otherwise become effective, will not cause the interest on the Notes to be subject, directly or indirectly, to federal income taxation, or otherwise prevent the holders of the Notes from realizing the full current benefit of the tax status of the interest on the Notes. During recent years, legislative proposals have been introduced in Congress, and in some cases have been enacted, that have altered or could alter certain federal tax consequences of owning obligations similar to the Notes. In some cases, these proposals have contained provisions that were to be applied on a retroactive basis. It is possible that legislation could be introduced that, if enacted, could change the federal tax consequences of owning the Notes and, whether or not enacted, could adversely affect their market value. Prospective purchasers of the Notes are encouraged to consult their own tax advisors regarding any pending or proposed federal legislation, as to which Special Tax Counsel expresses no view.

As to certain questions of fact material to the opinion of Special Tax Counsel, Special Tax Counsel will rely upon representations and covenants made on behalf of the City, the City's Financial Advisors and the Initial Purchaser (as defined herein) with respect to matters solely within the knowledge of the City, the City's Financial Advisors and the Initial Purchaser, respectively, and certificates of appropriate officers and public officials (including certifications as to the use of proceeds of the Notes), which Special Tax Counsel has not independently verified.

Reference is made to the proposed form of the opinion of Special Tax Counsel attached hereto as "APPENDIX C – Form of Special Tax Counsel Opinion" for the complete text thereof. See also "OTHER INFORMATION – Legal Opinions" herein.

Original Issue Discount

In general, if original issue discount ("OID") on a Note is greater than a statutorily defined de minimis amount (a "Taxable Discount Note"), a holder of a Taxable Discount Note must include in federal gross income (for each day of the taxable year, or portion of the taxable year, in which such holder holds such Taxable Discount Note) the daily portion of OID, as it accrues (generally on a constant yield method) and regardless of the holder's method of accounting. "OID" is the excess of (i) the "stated redemption price at maturity" over (ii) the "issue price." For purposes of the foregoing solely as it relates to the discussion in this paragraph: "issue price" means the first price at which a substantial amount of the a Taxable Discount Note is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers); "stated redemption price at maturity" means the sum of all payments, other than "qualified stated interest," provided by such Taxable Discount Note; "qualified stated interest" is stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer) at least annually at a single fixed rate; and "de minimis amount" is an amount equal to 0.25 percent of the Taxable Discount Note's stated redemption price at maturity multiplied by the number of complete years to its maturity. A holder may irrevocably elect to include in gross income all interest that accrues on a Taxable Discount Note using the constant-yield method, subject to certain modifications.

Original Issue Premium

In general, if an owner of a Note acquires it for a purchase price (excluding accrued interest) in excess of its stated redemption price to maturity, such excess constitutes "bond premium on the Note (a "Premium Note"). Section 171(a) of the Code provides rules under which a bond premium may be amortized and a deduction allowed for the amount of the amortizable bond premium for a taxable year. Under Section 171(a)(2) of the Code, however, no deduction is allowable for the amortizable bond premium in the case of obligations, like the Premium Notes, the interest on which is excludable from gross income. Under Section 1016(a)(5) of the Code, the purchaser's basis in a

Premium Note will be reduced by the amount of the amortizable bond premium disallowable as a deduction under Section 171(a)(2) of the Code. Proceeds received from the sale, exchange, redemption or payment of a Premium Note in excess of the owner's adjusted basis (as reduced pursuant to Section 1016(a)(5) of the Code), will be treated as a gain from the sale or exchange of such Premium Note and not as interest.

The federal income tax treatment of original issue premium under the Code, including the determination of the amount of amortizable bond premium that is allocable to each year, is complicated and holders of Premium Notes should consult their own tax advisors in order to determine the federal income tax consequences to them of purchasing, holding, selling or surrendering Premium Notes at their maturity.

Other Tax Consequences

Prospective purchasers of the Notes should be aware that ownership of the Notes may result in collateral federal income tax consequences to certain taxpayers, including without limitation, financial institutions, property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits, certain S Corporations and foreign corporations (including the "branch profits tax"), individuals entitled to receive the earned income tax credit, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry the Notes and low and middle income taxpayers otherwise qualifying for the health insurance provision assistance credit. Prospective purchasers of the Notes should also be aware that ownership of the Notes may result in adverse tax consequences under the laws of various states. Special Tax Counsel has not expressed an opinion regarding the collateral federal income tax consequences that may arise with respect to the Notes. Further, Special Tax Counsel has expressed no opinion regarding the state tax consequences that may arise with respect to the Notes. Prospective purchasers of the Notes should consult their tax advisors as to the collateral federal income tax and state tax consequences to them of owning the Notes.

The federal income tax consequences from the purchase, ownership and redemption, sale or other disposition of Notes which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. Holders of Notes, should consult their own tax advisors with respect to the consequences of owning Notes, including the effect of such ownership under applicable state and local laws.

Information Reporting and Backup Withholding

Interest paid on tax-exempt obligations, such as the Notes, is subject to information reporting to the Internal Revenue Service in a manner similar to interest paid on taxable obligations. This reporting requirement does not affect the excludability of interest on the Notes from gross income for federal income tax purposes. However, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of Notes, under certain circumstances, to "backup withholding" at the fourth lowest rate applicable to unmarried individuals with respect to payments on the Notes and proceeds from the sale of Notes. Any amounts so withheld would be refunded or allowed as a credit against the federal income tax of such owner of Notes. This withholding generally applies if the owner of Notes (i) fails to furnish the paying agent (or other person who would otherwise be required to withhold tax from such payments) such owner's social security number or other taxpayer identification number ("TIN"), (ii) furnishes the paying agent an incorrect TIN, (iii) fails to properly report interest, dividends, or other "reportable payments" as defined in the Code, or (iv) under certain circumstances, fails to provide the paying agent or such owner's securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. Prospective purchasers of the Notes may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding and the procedures for obtaining exemptions.

PURCHASE, OWNERSHIP, SALE OR DISPOSITION OF THE NOTES AND THE RECEIPT OR ACCRUAL OF THE INTEREST THEREON MAY HAVE ADVERSE FEDERAL TAX CONSEQUENCES FOR CERTAIN INDIVIDUAL AND CORPORATE NOTEHOLDERS, INCLUDING, BUT NOT LIMITED TO, THE CONSEQUENCES DESCRIBED ABOVE. PROSPECTIVE NOTEHOLDERS SHOULD CONSULT WITH THEIR TAX SPECIALISTS FOR INFORMATION IN THAT REGARD.

Reference is made to the proposed form of the opinion of Special Tax Counsel attached hereto as "APPENDIX C – Form of Special Tax Counsel Opinion" for the complete text thereof. See also "OTHER INFORMATION – Legal Opinions" herein.

LEGAL MATTERS

The delivery of the Notes is subject to receipt of the approving opinion of Co-Bond Counsel as to the validity of the issuance of the Notes under the Constitution and laws of the State of Texas and an opinion of Special Tax Counsel addressing the matters described under the heading "TAX MATTERS." The opinion of Co-Bond Counsel will be based upon an examination of a transcript of certain proceedings taken by the City incident to the issuance and authorization of the Notes. Co-Bond Counsel will not be responsible in any manner for matters addressed in the opinion of Special Tax Counsel and, likewise, Special Tax Counsel will not be responsible in any manner for matters addressed in the opinion of Co-Bond Counsel. Moreover, Co-Bond Counsel and Special Tax Counsel have no joint responsibility with respect to the Notes or the proceeds relating to the Notes. Co-Bond Counsel will be solely responsible for such proceedings and Special Tax Counsel will be solely responsible for its opinion.

Co-Bond Counsel have reviewed the information appearing in this Official Statement with respect to the description of the Notes solely to determine whether such information conforms to and fairly summarizes the provisions of the Ordinance referred to herein. Co-Bond Counsel also have read and participated in the drafting of the information under the headings "PLAN OF FINANCE," "REMEDIES," "LEGAL INVESTMENTS AND ELIGIBILITY TO SECURE PUBLIC FUNDS IN TEXAS," and "CONTINUING DISCLOSURE," except for the information under the subheading "Compliance with Prior Undertaking," and "TAX MATTERS" solely to determine whether such information fairly summarizes the law referred to therein. Such firms have not, however, independently verified any of the factual information contained in this Official Statement nor have they conducted an investigation of the affairs of the City for the purpose of passing upon the accuracy or completeness of this Official Statement. No person is entitled to rely upon such firms' limited participation as an assumption of responsibility for, or an expression of opinion of any kind with regard to, the accuracy or completeness of any of the information contained herein. Certain matters will be passed on for the City by its Special Co-Disclosure Counsel, Holland & Knight LLP, Houston, Texas and Bratton & Associates, PLLC, Houston, Texas and its Special Tax Counsel, Holland & Knight LLP, Houston, Texas. The legal fees of Co-Bond Counsel, Special Tax Counsel and Special Co-Disclosure Counsel are contingent upon the sale and delivery of the Notes.

FINANCIAL ADVISORS

Masterson Advisors LLC, and The RSI Group LLC (the "Co-Financial Advisors") are retained by the City in connection with the issuance of the Notes and, in such capacity, have assisted the City in the preparation of documents. The Co-Financial Advisors' fees for services rendered with respect to the sale of the Notes are not contingent upon the issuance and delivery of the Notes.

Although the Co-Financial Advisors have read and participated in the preparation of this Official Statement, they have not independently verified any of the information set forth herein. The information contained in this Official Statement has been obtained primarily from the City's records and from other sources which are believed to be reliable, including financial records of the City and other entities which may be subject to interpretation. No guarantee is made as to the accuracy or completeness of any such information. No person, therefore, is entitled to rely upon the participation of the Co-Financial Advisors as an implicit or explicit expression of opinion as to the completeness and accuracy of the information contained in this Official Statement.

OFFICIAL STATEMENT CERTIFICATE

At the time of delivery of the Notes, the purchaser of the Notes (the "Initial Purchaser") will receive a certificate dated the Date of Delivery of the Notes, signed on behalf of the City by the City Controller or another appropriate City official acting solely in an official capacity, which certifies substantially to the effect that to the best of such official's knowledge and belief, as of the Date of the Delivery of the Notes to the Initial Purchaser, the Official Statement, as then supplemented or amended, does not contain any untrue statement of a material fact and does not

omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. In delivering such certificate, the official executing the certificate may rely in part on an examination of the records of the City related to matters within such official's own area of responsibility, and discussion with, or certificates or correspondence signed by, certain other officials, employees, consultants and representatives of the City.

NO-LITIGATION CERTIFICATE

The City will deliver to the Initial Purchaser a certificate, dated as of the Date of Delivery of the Notes, stating that no litigation has been filed or is then pending to restrain or enjoin the issuance or delivery of the Notes, or which would affect the provisions made for payment of the principal of and interest on the Notes or in any manner would question the validity of the Notes.

INDEPENDENT AUDITORS

The financial statements of the City of Houston, Texas, as of and for the year ended June 30, 2023, included in this Official Statement as APPENDIX A, have been audited by McConnell & Jones LLP/Banks, Finley, White & Co., a joint venture known as M&J/BFW, independent auditors, as stated in their report appearing herein.

REGISTRATION, SALE AND DISTRIBUTION

The Notes have not been registered under the federal Securities Act of 1933, as amended (in reliance upon an exemption therefrom), or the blue sky laws of any jurisdiction. The Ordinance has not been qualified under the federal Trust Indenture Act of 1939, as amended (in reliance upon an exemption therefrom).

Interest on the Notes will accrue from the Date of Delivery. No assurance can be given that any trading market will be developed for the Notes after their initial sale by the City. The City has no control over the prices at which the Notes initially will be reoffered to the public.

CONTINUING DISCLOSURE

General

In the Ordinance, the City has made the following agreement for the benefit of the holders of the Notes. The City is required to observe the agreement for so long as the Notes are outstanding. Under the agreement, the City is exempt from providing certain updated financial information and operating data annually pursuant to an exemption set forth in the United States Securities and Exchange Commission (the "SEC") Rule 15c2-12 (the "Rule"), which provides that municipal securities maturing within 18 months of their issuance are not required to provide annual updated financial and operating data. The City will provide timely notice of specified events to the Municipal Securities Rulemaking Board (the "MSRB"), which is the sole information repository.

Annual Reports

As described above, the City is not required to provide annual financial information and operating data pursuant to the Rule. Notwithstanding, the City provides annually updated financial information and operating data to certain information vendors in connection with the issuance of certain other debt obligations that are not otherwise exempt under the Rule. Holders of notes may have access to such information and will be made available to the public without charge by the MSRB on its Electronic Municipal Market Access ("EMMA") website.

Material Events

The City also will provide, to the MSRB, timely notice, not in excess of ten (10) business days after the occurrence of the event, of any of the following events with respect to the Notes: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal

Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Notes, or other material events affecting the tax status of the Notes; (7) modifications to rights of holders of the Notes, if material; (8) Bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Notes, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership, or similar event of the City; (13) the consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action, or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) the appointment of a successor or additional trustee or the change in the name of the trustee, if material; (15) incurrence of a financial obligation of the City, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the City, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the City, any of which reflect financial difficulties. In addition, the City will provide to the MSRB, in a timely manner, notice of any failure by the City to provide the required annual financial information described above under “Annual Reports” and any notices of material events in accordance with this section.

For the purposes of the event numbered (12) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the City in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the City, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the City. A “financial obligation” as described in (15) and (16) above means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) a guarantee of (i) or (ii). The term “financial obligation” does not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

Compliance with Prior Undertakings

On June 12, 2023, the City filed disclosures (the “Summarized Update”) describing its compliance with its continuing disclosure undertakings during the previous five years, which disclosures are available by accessing the link below to EMMA and locating the Summarized Updated under the “Event-Based Disclosures” tab under the link “Other Event-Based Disclosures: Summarized Update of Previous Disclosure Filings.” On September 5, 2023, the City modified the Summarized Update to link certain omitted CUSIPs for outstanding obligations of the City. The content of the Summarized Update is incorporated by reference.

<https://emma.msrb.org/P21727322-P21317661-P21750297.pdf>

Limitations and Amendments

The City has agreed to provide notices of material events only as described above. The City disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its agreement to provide notices of certain events or from any statement made pursuant to its agreement, although holders of Notes may seek a writ of mandamus to compel the City to comply with its agreement.

Except for the City’s obligation to comply with the foregoing, the City has not agreed and does not intend to provide owners of the Notes, subsequent to the issuance thereof, with continuing information about its finances, changes in its debt structure or tax base, legal matters, ratings or any other information related to the City or the Notes.

GENERAL INFORMATION

The description herein of the Notes and the Ordinance does not purport to be complete, and all such descriptions or references thereto are qualified in their entirety by reference to the complete form of the Ordinance. Statements made herein involving estimates or projections, whether or not expressly identified as such, should not be

construed to be statements of fact or as representations that such estimates or projections will ever be attained or will approximate actual results. Any summaries or excerpts of constitutional provisions, statutes, ordinances or other documents do not purport to be complete statements of same, and are made subject to all of the provisions thereof. Reference should be made to such original sources in all respects.

This Official Statement is not to be construed as a contract with the purchaser(s) or the holders of any of the Notes.

For additional information with respect to the financial condition of the City, a copy of the June 30, 2023 Comprehensive Annual Financial Report of the City is available upon written request addressed to the City Controller, P.O. Box 1562, Houston, Texas 77251-1562. A copy of the most recent quarterly investment report is also available upon request from the City Controller. Copies of the Ordinance may be obtained from Pat Jefferson Daniel, City Secretary, City Hall Annex, 900 Bagby, Level P, Room P-101, Houston, Texas, or by mail, P.O. Box 1562, Houston, Texas 77251-1562, or by e-mail, citysecretary@houstontx.gov.

This document has been approved by the City Council of the City of Houston, Texas.

CITY OF HOUSTON, TEXAS

PART I INTRODUCTORY SECTION

Introductory Section:

NASA's Johnson Space Center has served as a hub of human spaceflight activity for more than half a century. It is home to the nation's astronaut corps, the International Space Station mission operations, the Orion Program, and a host of future space developments. The center plays a pivotal role in enhancing scientific and technological knowledge to benefit all of humankind.

OFFICE OF THE CITY CONTROLLER

Houston City Controller Chris B. Brown is the second highest elected official in the City of Houston Government (the "City") and its Chief Financial Officer. The Office of the City Controller superintends the fiscal affairs of the City. This includes conducting internal audits, managing investments and debt, preparing financial statements, and providing leadership on policy issues pertaining to the City's financial health. Controller Brown thus serves as an independently elected "financial watchdog" over the City's fiscal affairs.

The Treasury Division is responsible for managing the City's \$5.66 billion investment portfolio in accordance with state law and the City's investment policy. Fitch has awarded the City's general investment portfolio/pool its highest rating, AAA. The Treasury Division is also responsible for overseeing a debt program of approximately \$13.9 billion. The City has multiple general obligation commercial paper programs with a total authorization of \$2.03 billion. The current issuance capacity of the commercial paper program is \$550 million, which is supported by credit facilities or lines of credit. Additionally, the City has two appropriation facilities supported by a forward bond purchase agreement in the amount of \$400 million. The City has four interest rate swaps with a total notional amount of \$902.4 million. The City's general obligation debt is rated Aa3 by Moody's; AA by Standard and Poor's; and AA by Fitch Ratings.

The Audit Division adheres to recognized professional auditing standards (*Government Auditing Standards* and International Standards as issued by the Institute of Internal Auditors). During fiscal year 2023, the Audit Division engaged in 21 audits and special projects that produced seven audit reports and a risk assessment report, as posted on the Office of the City Controller's website. These audits and projects focused on risk assessment, contract compliance, performance and efficiency, process reviews, ongoing monitoring, consideration of fraud, waste or abuse, and quality assurance. These efforts resulted in policy and procedure changes, improved processes, and millions of dollars in potential recoveries. The Audit Division also provided updates to the City Controller regarding compliance efforts, fraud, waste or abuse reports, and quality assurance results. In the most recent peer review, the Association of Local Government Auditors concluded "the internal quality control system of the Office of the City Controller's Audit Division within the City of Houston was suitably designed and operating effectively to provide reasonable assurance of conformance with the Standards."

The Operations and Technical Services Division is responsible for funding certification for contracts, accounts payable, vendor payments and cash disbursement, travel advances, monthly bank account reconciliation, review and approval of City-wide personnel action requests, payroll payments processing, City-wide contract review, financial and accounting records retention and imaging retrieval, City-wide vendor liaison, and the Controller Office's information technology operations.

The Financial Reporting Division is ultimately responsible for the preparation of both the Monthly Financial and Operations Report and the Annual Comprehensive Financial Report ("ACFR"), although every division of the Office of the City Controller contributes to the ACFR effort. The ACFR is available on the City Controller's website: www.houstontx.gov/controller and on a USB drive upon request. The division also produces the annual Trends Report.

**CITY CONTROLLER
CHRIS B. BROWN**

Controller Chris B. Brown is a lifelong Houstonian who was sworn into office as the City Controller of the City of Houston (the “City”) in January 2016 and re-elected to a second term in 2019.

As the Controller of the nation’s fourth largest city, Chris oversees a \$6.2 billion budget, manages the City’s \$5.66 billion investment portfolio and superintends its \$13.9 billion debt portfolio. Since first elected, Chris has identified approximately \$10 million in savings via increased efficiencies through the office’s Audit Division and helped save City taxpayers more than \$669 million in present value savings through refinancing the City’s existing debt.

In addition, Chris has led on the City’s most pressing financial issues, playing an instrumental role in solving the City’s pension crisis, addressing billions of dollars in unfunded other post-employment benefits liability, and championing the City’s pursuit of adopting a structurally balanced budget every fiscal year.

Chris’ career spans more than two decades across both the public and private sectors. Prior to being elected Controller in December 2015, Chris served as Chief Deputy City Controller in the Office of the City Controller, where he managed the day-to-day operations of the office and oversaw a staff of more than 65 employees. Before being appointed Chief Deputy City Controller in 2009, Chris worked as City Council Chief of Staff, spearheading community development initiatives and serving as a liaison to the Budget and Fiscal Affairs Committee.

Chris’ career began in the private sector, where he worked as a trader for Coastal Securities, an investment bank. After several years, Chris co-founded an equity trading firm where he worked as the head of operations. This work gave him first-hand experience with leadership, risk management, compliance, reporting, building operations, and negotiating complex agreements.

In addition to his professional experience, Chris is actively involved with several organizations in a leadership capacity.

Chris is the former Chair of the National League of Cities’ Finance, Administration & Intergovernmental Relations Committee (“FAIR Committee”), a role in which he played a key role in developing the organization’s policy positions on a range of issues for cities across the nation. Chris currently represents NLC on the Government Accounting Standards Board (GASB) Government Accounting Standards Advisory Council (GASAC) where he works to increase transparency of government finances by strengthening accounting and reporting standards.

Chris also serves on the board of the William A. Lawson Institute for Peace & Prosperity, the Asia Society of Texas Advisory Board, and the Texan-French Alliance for the Arts. In addition, he is a past board member of the Texas Christian University National Alumni Association and SEARCH Homeless Services.

As a fourth-generation Houstonian, Chris has deep roots across the community. He attended Texas Christian University, where he obtained a Bachelor of Business Administration in Finance, and later earned a Master’s in Business Administration from the University of Houston. Chris and his wife, Divya, are involved in many philanthropic causes, and are proud parents to their daughter, Milana, and son, Britton.

TRANSMITTAL LETTER

November 17, 2023

Citizens of Houston, Honorable Mayor and City Council Members:

I am pleased to provide you with the Annual Comprehensive Financial Report ("ACFR") for the City of Houston, Texas, (the "City") for the fiscal year ended June 30, 2023, including the independent auditor's report, on pages 1 through 3, prepared by McConnell & Jones/Banks, Finley, White & Co. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering unmodified opinions on the City's basic financial statements as of and for the year ended June 30, 2023.

The ACFR was prepared by the City Controller's Office and satisfies my responsibilities under the City Charter and State law. Responsibility for both the accuracy of the data presented, as well as the completeness and fairness of the presentation, including all disclosures, rests with the City.

We believe the data, as presented, is accurate in all material respects and is organized in a manner which fairly sets forth the financial position and results of operations of the City as measured by the financial activity of its various funds.

The City's management is responsible for establishing and maintaining a system of internal controls designed to provide reasonable, but not absolute, assurance that the assets of the City are protected from loss, theft or misuse, and for the reliability of financial records for preparing financial statements and maintaining accountability of assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and that the evaluation of costs and benefits requires estimates and judgments by management.

The ACFR is presented in three sections.

The Introductory Section includes this transmittal letter, a list of elected City officials, and organizational charts for both the Office of City Controller and for City government.

The Financial Section includes Management's Discussion and Analysis ("MD&A"), basic financial statements, combined and individual fund statements and schedules, as well as the independent auditor's report on the basic financial statements. MD&A immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

The Statistical Section includes selected financial, demographic, and other information generally presented on a multi-year basis.

The basic financial statements of the City include all government activities, organizations, and functions, including those legally separate organizations for which the City is financially accountable as defined by the Governmental Accounting Standards Board ("GASB"). These financial statements have been prepared in accordance with Generally Accepted Accounting Principles ("GAAP") for local governments, as prescribed by GASB.

The Reporting Entity and Its Services

The Mayor serves as the Chief Executive Officer of the City. The City Controller is the second-highest elected official within City Government and serves as the Chief Financial Officer. The legislative body of the City is the City Council, which consists of the Mayor, eleven district members, and five at-large members. In November 2015, voters approved a proposition changing the terms of Mayor, Controller, and Council members to four years, with a limit of two terms, which became effective in January 2016.

The City provides a full range of municipal government services including police and fire protection, emergency medical services, pretrial detention services, traffic and municipal courts, water production and distribution, solid waste collection, sanitary code enforcement, wastewater treatment, health and human services, building and maintenance, parks and recreation, library, convention and cultural activities; operation of three municipal airports, including George Bush Intercontinental Airport, William P. Hobby Airport, and Ellington Airport; as well as operation of the Houston Spaceport.

The City does not operate hospitals, schools, transportation, or higher education systems. Special districts and governmental entities with independent taxing authority administer these services.

History and Population

Houston was founded on August 30, 1836, by New York real estate brokers John Kirby Allen and Augustus Chapman Allen. The Allen brothers paid \$9,428 for 6,642 acres of land at the headwaters of Buffalo Bayou. About a year later, General Sam Houston, the first president of the Republic of Texas, authorized Houston to incorporate. For the next four years Houston was the capital of the Republic. In the early years, cotton and the railroad were the key drivers of Houston's economy. That changed in 1901 with the discovery of oil at Spindletop in Beaumont, Texas. Energy is still prevalent, but the area's increasingly diverse economy is also supported by other economic engines such as Port Houston, the Texas Medical Center, NASA's Johnson Space Center, and a blossoming technology ecosystem bolstered by the region's startup space responsible for employing nearly a quarter-million of the region's residents. Houston is also home to several world-class colleges and universities.

At the time of the first census in Texas in 1850, Houston had a population of 2,397 and Galveston, a bustling port 45 miles south of Houston, was the state's largest city. Today, Houston is the largest city in Texas and the fourth largest city in the U.S. In the first decade of the new century, a quarter million people from other U.S. cities and towns relocated to Houston. Houston, with more than 2.30 million people as of July 1, 2022, is a melting pot of ethnicities and remains the nation's most diverse metro area. The City is the seat of a burgeoning metropolitan area encompassing nine counties with a total population surpassing 7.34 million.

Budgetary Information

In accordance with State law and the City Charter, Houston City Council shall, in collaboration with the Mayor and City departments, adopt balanced budgets each year for the General Fund, Debt Service Fund, Special Revenue Funds, Internal Service Funds, and Proprietary Funds. Exceptions are permitted for the Grant Revenue, Disaster Recovery, Health Special, and Housing Special Revenue Funds, for which City Council adopts separate operating or program budgets throughout the year. The City also does not budget capital projects and other capital expenditures from the General Fund. Instead, City Council authorizes these expenditures through individual appropriation ordinances. Proprietary Fund budgets, also called Enterprise Funds, exclude depreciation and amortization expenses. These Proprietary Fund budgets include debt service and capital equipment costs, but exclude buildings and improvements, with the exception of Aviation, which budgets its current year expenses for these projects. As with the General Fund capital projects, approval of each Proprietary Fund capital project is accomplished through individual appropriation ordinances. No City expenditures may be made without an appropriation. City Council can legally appropriate only those amounts of money that the City Controller has previously certified are, or will be, in the City treasury. Although the legal level of budgetary control is at the departmental level within a fund, the City maintains internal budgetary control at the expenditure category (i.e., Personnel Services, Supplies, Other Services and Capital Outlay). Budget control is primarily managed using an automated encumbrance and accounts payable system. The City is required to undergo an annual Single Audit in conformity with the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the audit requirements of the Texas Grants Management Standards. These audits are conducted

simultaneously with the City's annual financial statement audit. Information related to these Single Audits, including the schedules of expenditures of federal and state awards, findings and recommendations, and auditor's reports on the internal control structure and compliance with applicable laws and regulations is included in the separately issued Single Audit Report.

The Area's Economy

In the early 2010's, Houston joined other cities across the country in benefiting from strong economic growth as the nation recovered from the Great Recession. With rising energy prices as its catalyst, Houston's regional economy became one of the most rapidly growing in the nation, resulting in thousands of new jobs and robust population growth.

The Houston metro area's Gross Domestic Product (GDP) of \$537.1 billion ranks Houston as the seventh largest metro economy in the United States. If the Houston Metropolitan Statistical Area ("MSA") were an independent nation, it would rank as the world's 26th largest economy, behind Norway (\$546.8 billion) and ahead of Austria (\$526.2 billion), per the International Monetary Fund's 2023 ranking. Despite the resiliency exhibited by the regional economy in the wake of COVID-19, due in large part to federal stimulus, the City of Houston's organizational financial health has the potential to incur added stress as the region continues to grow.

Employment

Comfort is found in the resilience shown by our region's workforce in the last decade, and in particular, the last two years. Houston's economic prowess is buoyed by a bustling port, a world-class medical complex, and a vast network of leading institutions of higher education.

Oil and gas employment in Houston peaked at 300,100 jobs in November 2014. In the years following, roughly 93,000 jobs, or close to 30 percent of the local industry workforce, were lost. Fortunately, an increase in exploration activity in late 2016 sparked a resurgence in hiring, but only in services and equipment manufacturing. In fiscal year 2023, the region's employment continues to be closely tied to energy.

As of June 30, 2023, the regional economy has added nearly 528,300 jobs, exceeding the roughly 349,300 lost to the COVID-19 pandemic.

Population growth

The Houston MSA has seen a loss of population only once in the past 40 years, in 1988 following the loss of 220,000 jobs. After several years of slowing growth, Houston's population estimates have decreased in recent years from 2.30 million residents estimated in 2020; to 2.28 million residents estimated in 2021; and to 2.30 million residents estimated in 2022, per the Census Bureau. It is incumbent on the region's leaders to increase affordable housing supply, address failing infrastructure, and enhance both the quality of life and service delivery demanded by a growing population. While these charges incur significant costs, failing to address these challenges has the potential to hamper future economic success.

Housing and real estate

At the end of fiscal year 2023, the City's real estate market is indicating a strained recovery from the downturn resulting from the COVID-19 pandemic. . As of June 2023, single-family home sales fell 12.8 percent compared to the same period prior year with single-family home median sales prices falling to \$345,000, well below the June 2022 median of \$354,000. Houston's real estate market continues to exhibit volatility as we anticipate the potential for a changing interest rate environment and the heightened likelihood of a looming recession.

Since 2015, the Houston MSA continues to see a slow rise in the cost of living. While most of those costs remain below the national average – particularly as compared to other major metropolitan regions – that trend is expected to continue. With that, Houston is not as affordable as it once was. Per the Council for Community and Economic Research (C2ER), the cost of living in Houston was 12.3 percent below the national average in 2007 but only 5.8 percent below at the end of fiscal year 2023. How the region manages the demands of a growing population – and the rising costs associated with that – will play a key role in future growth.

Purchasing and income: The Houston Purchasing Managers Index (PMI), a short-term indicator for regional production, registered at 55.5 at the end of fiscal year 2022, but fell slightly to 50.7 at the end of fiscal year 2023. Despite the nominal decrease, this is an encouraging sign for the ongoing economic recovery, as readings above 50 signal economic expansion for the next three- to four-months.

The graph below illustrates a rebounding economy. Property tax revenue for the City, represented by the top line, has seen sustained growth following the recession of the late 2000s. More elastic to economic trends, sales tax, the lower line, experienced a slowdown during the downturn before experiencing positive growth following Hurricane Harvey in August 2017.

Property and Sales Taxes

Property tax is the City's single largest source of revenue. Fiscal year 2023 was the ninth year the City was affected by the Proposition One revenue cap, which resulted in the lowering of the property tax rate.

Historically, the City's sales tax receipts have been closely tied to the rising price of oil, but as we diversify our regional economy, our reliance on energy may become less prevalent. The short economic contraction caused by the COVID-19 pandemic and a struggling energy sector caused a significant drop in sales tax revenue in the later months of fiscal year 2019, punctuated by a slowing in consumer activity. Following the infusion of federal stimulus and receipt of COVID federal recovery funding, Houston, among other localities, benefited from robust sales tax receipts between fiscal year 2021 and fiscal year 2023. As revenues normalize, a changing interest rate environment sustains and discretionary household spending wanes, sales tax has the potential to show more volatility in following reporting periods.

Property Tax Abatements: The City has entered into several property tax abatement agreements with local businesses under the state Property Redevelopment and Tax Abatement Act, Chapter 312. The agreements have investment and employment requirements that must be met to have a portion of property taxes abated. The total amount abated for the year ended June 30, 2023, totaled approximately 1.2 million to eight businesses. Additional details on the agreements and projects are disclosed in the accompanying Notes to the Basic Financial Statements (Note 5 – Property Tax).

Financial Policies and Planning

The City has had formal financial and budgetary procedures in place since 1987. They require, among other things, a balanced budget, annual review of all fees and charges, funding of employee pensions and other benefits in a manner that systematically funds liabilities and maintenance of an Unassigned Fund Balance in its General Fund of a minimum of 7.5 percent of total expenses less debt service. Any funds in excess of 7.5 percent of total expenses less debt service are available for non-recurring expenses. A 1983 resolution adopted by City Council requires the Mayor to develop and submit annually to the City Council for approval a continuous five-year Capital Improvement Plan (CIP). Each year, the Mayor must review the CIP, revise it as necessary, and obtain approval and adoption by City Council. The 2024 – 2028 CIP calls for the appropriation of \$8.18 billion over the five-year period for both enterprise and property tax supported projects. About \$4.5 billion of this total will be paid for with income generated by the self-supporting enterprise funds. The City's financial policies further require that capital projects or equipment purchases funded through the issuance of bonds or other obligations will be financed for a period not to exceed the expected life of the project or equipment. Annual contributions for debt service from the General Fund are limited to 20 percent of total General Fund revenues, excluding state and federal grants. In addition, Texas law mandates that the City's total tax supported indebtedness shall not exceed 10 percent of the total assessed valuation of property in the City. As of June 30, 2023, the City's outstanding debt payable from taxes and other revenue sources totaled \$14.2 billion. This is in compliance with all applicable financial policies and considered manageable. The City has investments totaling approximately \$5.7 billion. The City adheres to an investment policy that emphasizes, in order of priority, safety, liquidity, and return on investment. The success of this deliberate approach is evident in the 'AAA' credit quality rating and "V1" volatility rating assigned to the City's general investment portfolio by Fitch Rating Services.

Long-term Financial Forecast and Major Initiatives

The most recent five-year planning scenario available from the City's Finance Department indicates anticipated cost increases are bound to continue straining the City's fiscal health. While some drivers of increased expenditures may be attributable to increased employee and retiree health costs, recent expenditures requiring subsequent recurring investment have the potential to bear added stress. Without increasing efficiencies or creating new revenue, few viable long-term options to address rising costs and a growing deficit remain except to drastically cut costs.

Structural Budget Deficit

Another critical goal the City must work toward is achieving a structurally balanced budget each fiscal year. A balanced budget is achieved when revenues equal expenditures while a structurally balanced budget avoids the use of one-time nonrecurring funding sources to fill budget shortfalls. Historically, the administration has used nonrecurring funding to address a recurring budget deficit ranging between \$160 million and \$200 million each year since fiscal year 2016. In recent years, federal COVID recovery grant funding – a nonrecurring funding source – has been used to address shortfalls seen in recent budgets.

As it relates to the City's budgeting process, net current activity is calculated by subtracting the City's total expenditures from its total revenue. Achieving structural budgetary balance is and must continue to be the foremost financial priority for the City.

Retiree & Other-Post Employment Benefits (OPEB)

The City provides certain health care benefits for its retired employees, their spouses, and survivors. Beginning with fiscal year 2018, the City is required by the GASB Statement No. 75 to recognize the full other post-employment benefits ("OPEB") liability on the City's balance sheet. The OPEB plan includes benefits such as health and life insurance for current and future retirees. Nearly all City employees become eligible for these benefits after they reach normal retirement age.

As of June 30, 2023, the City's total OPEB liability is in excess \$1.76 billion. It has been the City's practice to fund the cost of OPEB on an annual pay-as-you-go (PAYGO) basis and account for OPEB costs as a current expenditures on the governmental fund financial statements in the fiscal year in which the OPEB cost is paid. This practice satisfies debt obligations but fails to structurally reduce the accruing liability.

For the fiscal year ended June 30, 2023, total OPEB liability decreased from approximately \$2.34 billion as of June 30, 2022, to approximately \$1.76 billion as of June 30, 2023, primarily due to the change in the discount rate used in the actuarial valuation from 2.16% for the fiscal year ended June 30, 2022, to 3.54% for the fiscal year ended June 30, 2023. The City is currently finalizing the plan set up a qualifying OPEB trust, with contributions from all City departments, during fiscal year 2024. By establishing a qualifying trust, total OPEB liability is expected to be further reduced. Without a solution to meaningfully address this growing unfunded liability, the City can expect to face serious constraints in the future.

Award

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its ACFR for the fiscal year ended June 30, 2022. This was the 26th consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized ACFR. This report must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report on a timely basis could not have been accomplished without the dedicated services and hard work of a highly qualified staff. The City of Houston has such a staff in the City Controller's Office. Although much time and effort in preparation of this report lies in the Financial Reporting Division, there was support from the other divisions of the Office: Administration, Executive, Operations and Technical Services, and Treasury. I would like to express my appreciation to the entire staff of the City Controller's Office, and to the staffs of the Finance, Aviation, Houston First (formerly, Convention and Entertainment Facilities), and Houston Public Works departments who assisted and contributed to the preparation of this report. The City Controller's Office also received invaluable assistance and support from many others outside its immediate organization. Within the City of Houston, the accounting staffs of the operating departments and the technical staff of the Information Services Division all played key roles in producing this report. McConnell & Jones/Banks, Finley, White & Co was not only our independent auditor, but also served as an invaluable source of information and ideas for improving the way City finances are reported.

Request for Information

This financial report is designed to provide a general overview of the City of Houston's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the City Controller, 901 Bagby Street, 8th Floor, Houston, Texas 77002. The Annual Comprehensive Financial Report is accessible on the City's web site and is also available in USB drive format.

Financial Section:

Home to the world's largest children's hospital and world's largest cancer hospital, the Texas Medical Center delivers one baby every 20 minutes, resulting in more than 26,000 births per year, and begins one surgery every three minutes. Since 1925, TMC has attracted the brightest minds in medicine, rising to the forefront of advancing life sciences. With more than 10 million patient encounters per year, the TMC plays a key role in the region's economic success and continued future prosperity.

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor, Members of City Council and
City Controller of the City of Houston, Texas

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Houston, Texas (the "City"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Houston Firefighters' Relief and Retirement Fund, Houston Municipal Employees' Pension Trust Fund and Houston Police Officers' Pension Trust Fund, fiduciary component units of the City, which represent 100% of the assets, net position, and additions/deductions of the pension trust funds, within the fiduciary funds as of and for the year ended June 30, 2023. We did not audit the financial statements of governmental and business-type discretely presented component units which represent 100% of the assets, net position (deficit)/fund balance, and revenues of the aggregate discretely presented component units. Those statements, except for the Houston Area Library Automated Network and Lamar Terrace Public Improvement District which were unaudited and represent less than .1% of the assets, net position and revenues of the governmental and business-type discretely presented component units, were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for such governmental and business-type discretely presented component units, are based solely on the reports of the other auditors. The financial statements of the Houston Firefighters' Relief and Retirement Fund were not audited in accordance with *Government Auditing Standards*. Additionally, except for the Houston Forensic Science Center, Houston Recovery Center LGC, and Memorial-Heights Redevelopment Authority, the governmental and business-type discretely presented component units were not audited in accordance with *Government Auditing Standards*.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As described in Notes 1 and 7 to the financial statements, for the year ended June 30, 2023, the City adopted new accounting guidance, GASBS No. 96, *Subscription – Based Information Technology Arrangements*. Our opinions are not modified with respect to this matter.

To the Honorable Mayor, Members of the City Council
and City Controller of the City of Houston, Texas
Page 2

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (pages 5 through 15), Schedule of Budgeted and Actual Revenues and Expenditures of the General Operating Fund (pages 152 through 157), Pension System Supplementary Information (pages 158 through 161), and Other Post-Employment Benefits Supplementary Information (pages 162 through 164) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers

To the Honorable Mayor, Members of the City Council
and City Controller of the City of Houston, Texas
Page 3

it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual nonmajor fund financial are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

McConnell Jones LLP Banks, Finley, White & Co.

CITY OF HOUSTON, TEXAS

This page is intentionally left blank

MANAGEMENT'S DISCUSSION AND ANALYSIS**June 30, 2023****(Unaudited)**

As management of the City of Houston, Texas (the "City"), we offer readers of this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2023 ("FY2023"). Please read this information in conjunction with the transmittal letter that precedes this section and the basic financial statements that follow this section. The discussion and analysis include comparative data for the fiscal year ended June 30, 2022 ("FY2022").

Financial Highlights

Some of the City's financial highlights for the fiscal year ended June 30, 2023 include:

- Total assets and deferred outflows of resources of the City exceeded its total liabilities and deferred inflows of resources by \$7.6 billion. This is a net increase from the prior year of \$1.7 billion and is mainly attributable to an increase of approximately \$802.6 million in total assets and a decrease in total liabilities of \$919.5 million. Of the \$802.6 million increase in total assets, approximately \$906.4 million is due to increases in capital assets in both governmental and business-type activities, offset by a decrease of \$103.9 million in current and other assets. Total liabilities decreased by \$919.5 million in FY2023 mainly due to a decrease in total other post-employment benefit ("OPEB") liability of \$576.6 million and a decrease of \$407.8 million in total outstanding debt.
- The City's unrestricted net position is a deficit of \$4.8 billion. This is an improvement of approximately \$1.5 billion compared to FY2022. The deficit is mainly attributable to the outstanding net pension liabilities for the pension plans, pension obligation bonds, and total OPEB liabilities.
- The City's total expenses totaled \$5.1 billion compared to \$4.6 billion in FY2022. The increase was primarily due to an increase of \$366.2 million in general government and public safety expenses and an increase of \$236.3 million in business-type activities.

Impact of COVID-19 Pandemic (the "Pandemic")

Since the Pandemic began in early 2020, the Federal Government infused an unprecedented amount in economic stimulus into the economy in response to the Pandemic. As of June 30, 2022, the City has fully expended the entire \$404.8 million Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") funds the City received in the fourth quarter of fiscal year 2020 from the Federal Government. The funds were used for direct response to the Pandemic.

On March 11, 2021, the American Rescue Plan Act ("ARPA") was signed into law. Under ARPA, the State and Local Fiscal Recovery Fund ("SLFRF") provided additional funding to state and local governments for response and recovery from the Pandemic. The City was awarded a total of \$607.7 million, which was received in two separate payments of \$303.8 million each in FY2021 and FY2022. As of June 30, 2023, the City has expended approximately \$360.4 million on revenue replacement, public safety, and other programs.

Furthermore, the City's Airport System, (the "Airport System"), received a total of \$200.2 million of CARES Act funds through the Federal Aviation Administration (the "FAA"). The Airport System also received funds under the Coronavirus Response and Relief Supplemental Appropriation Act ("CRRSA Act"), passed by the U.S. Congress on December 27, 2020. The Airport System and its airport concessions were awarded approximately \$45.8 million and \$6.2 million, respectively, of CRRSA Act funds through the FAA. All CARES Act and CRRSA Act funds have been expended as of June 30, 2023. Under ARPA, the Airport System and its concessions are eligible to receive approximately a total of \$181.0 million and \$24.8 million, respectively. As of June 30, 2023, approximately \$50.9 million of the \$181.0 million ARPA funds remain unexpended.

Adoption of New Accounting Standards - Subscription-Based Information Technology Arrangements

The City implemented Government Accounting Standards Board ("GASB") Statement No. 96, Subscription-Based Information Technology Arrangements ("SBITA"), for the fiscal year beginning July 1, 2022. Upon adoption of the new standard, the City recognized subscription right-of-use assets totaling \$43.8 million and subscription liabilities totaling \$43.8 million. See Notes 1, 7, and 9 for disclosures on significant accounting policies, summary description of SBITA, and information on estimated future subscription payments.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: (1) government-wide financial statements ("GWFS"), (2) fund financial statements, and (3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. GWFS are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The GWFS distinguish between functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, health, housing and community development, parks and recreation, and library. The business-type activities of the City include the Airport System, Combined Utility System (the "Combined Utility"), and Convention & Entertainment Facilities (the "Convention and Entertainment").

The GWFS include not only the City itself (known as the primary government), but also legally separate component units for which the City is financially accountable. Except for the three pension systems, financial information for the component units is reported separately from the financial information presented for the primary government itself. The pension systems, although also legally separate, function for all practical purposes as departments of the City, and therefore have been included as an integral part of the primary government.

Fund financial statements. A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the GWFS. However, unlike the GWFS, fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of GWFS, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the GWFS. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. The governmental fund balance sheet displays a reconciliation to facilitate this comparison between governmental funds. The reconciliation between the governmental fund statement of revenues, expenditures, and changes in fund balances and governmental activities is provided on a separate schedule.

The City maintains ten individual governmental funds for financial reporting purposes. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the debt service fund, the capital projects fund, the ARPA fiscal recovery fund and the grants fund, all of which are considered as major funds. Data from the other funds is combined in the column labeled "Nonmajor Governmental Funds" on both of these statements (see the separate tab labeled "Governmental Funds" for more information on these funds).

The City adopts an annual budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget in the Required Supplementary Information section of this report.

Proprietary funds. The City maintains two different types of proprietary funds: Enterprise funds (see separate tab of same name) and internal service funds (see separate tab of same name). Enterprise funds are used to report the same functions presented as business-type activities in the GWFS. The City uses enterprise funds to account for its Airport System, Combined Utility, and Convention and Entertainment. The City uses internal service funds to account for health benefits and long-term disability activities. Because both health benefits and long-term disability activities predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the GWFS.

Proprietary funds provide the same type of information as the GWFS, only in more detail. The proprietary fund financial statements provide separate information for the Airport System, Combined Utility, and Convention and Entertainment, all of which are major funds for the City. Conversely, both internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements.

Fiduciary funds. Fiduciary funds (see separate tab of same name) are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the GWFS because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes (see separate tab of same name) provide additional information that is essential to a full understanding of the data provided in the GWFS and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning: General fund – budget vs. actual, the City's three defined benefit pension plans, and the two other post-employment benefits plans.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, on a government-wide basis, assets and deferred outflows were higher than liabilities and deferred inflows by \$7.6 billion at June 30, 2023.

The largest portion of the City's net position is net investment in capital assets of approximately \$9.8 billion (e.g., land, building, machinery, equipment, and infrastructure); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Resources that are subject to external restrictions on how they may be used represents approximately \$2.6 billion of the City's net position.

Net Position June 30, 2023 (in thousands)

Governmental activities. Governmental activities increased the City's net position from FY2022 by approximately \$904.1 million. The key elements of this change are as follows:

- Charges for services increased by approximately \$120.2 million due to higher activities resulting in more fees collected.
- Operating grants and contributions decreased by approximately \$196.9 million to \$814.7 million in FY2023. The decrease was due to less federal award expenditures during FY2023 compared to FY2022.
- Sales tax revenue for FY2023 increased by approximately \$71.2 million as both commercial and personal activities returned to pre-pandemic levels in the City. In addition, federal funds distributed to organizations and individuals contributed to the growing economy in the City.
- Total expenses increased by approximately \$332.9 million due to increases in public safety and general government spending, offset by a decrease in housing and community development spending due to expiring grants.

FY2023 Governmental Activities – Revenue by Source**FY2023 Governmental Activities – Program Revenues and Expenses**

Business-type activities. Change in net position totaled \$810.3 million for the City's business-type activities in FY2023. Total net position increased from \$4.4 billion at the end of FY2022 to \$5.2 billion at the end of FY2023. Of the \$5.2 billion total net position, the Airport System accounted for approximately 37.9% or \$2.0 billion, while the Combined Utility accounted for approximately 60.0% or \$3.1 billion of the total, the remaining 2.1% of total net position is for the Convention & Entertainment.

FY2023 Business-Type Activities – Revenue by Source

FY2023 Business-Type Activities – Program Revenues & Expenses

Key elements of this change are as follows:

- The Airport System's operating revenues increased by approximately \$79.1 million or 16.4% to \$560.2 million in FY2023 mainly due to total number of passengers increasing from 52.0 million in FY2022 to 57.8 million in FY2023 as both business and leisure travel continue to recover since the Pandemic. Passenger Facility Charges earned also increased by \$10.3 million or 10.5% to \$108.8 million in FY2023. Operating expenses totaled approximately \$571.9 million in FY2023. This is an increase of \$89.1 million from \$482.8 million in FY2022. \$36.5 million of this increase was attributable to increases in personnel expenses - \$12.4 million in salaries and benefits, \$17.4 million in OPEB expenses, and \$5.1 million in pension expenses. Services and other operating expenses increased by approximately \$22.7 million and \$24.5 million, respectively, primarily due to increased passenger volume and activities related to the IAH Terminal Redevelopment Program.
- The Convention & Entertainment's maintenance and operating expenses increased by \$16.2 million or 19.8% as business and other activities increased in downtown Houston during FY2023 compared to FY2022. In addition, hotel occupancy tax revenue increased from \$82.5 million in FY2022 to \$104.9 million in FY2023, a \$22.3 million or 27.1% increase, due to a 14.7% increase in average daily rate in FY2023 from \$100.89/night to \$115.75/night and a 9.7% increase in occupancy rate from 56.6% to 62.1%.
- The Combined Utility's operating revenues increased by approximately \$196.5 million or 15.0% in FY2023 compared to FY2022. This increase was mainly due the rate increases implemented in April 2022 and April 2023 based on the rate study completed in fiscal year 2021. Operating expenses increased by approximately \$121.2 million or 16.2% primarily attributable to an increase in materials and supplies along with an increase in repairs in Q4 of FY2023. Record-setting high temperatures and lack of rainfall during FY2023 contributed to dry soil conditions that caused significant ground shifting resulting in increased water leaks and subsequent repair costs. In addition, personnel expenses increase by approximately \$8.2 million due to scheduled salary increase.
- Investment income (loss) for business-type activities increased by \$177.8 million from a loss of \$(89.8) million in FY2022 to an income of \$87.9 million in FY2023. This is mainly due to higher interest income as a result of higher interest rates.

Financial Analysis of the Governmental Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds (see separate tab of same name). The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of FY2023, the City's governmental funds reported combined ending fund balances of approximately \$1.7 billion. Approximately 29.6% of this total, or \$509.9 million, constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is set aside to indicate that it is not available for new spending because it has already been assigned for capital expenditures, \$140.3 million; restricted to pay debt service, \$172.0 million; or a variety of other restricted purposes, \$899.9 million.

The general fund is the chief operating fund of the City. At the end of FY2023, unassigned fund balance of the general fund was \$509.9 million, while the total fund balance reached \$550.3 million. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents approximately 21.3% of total general fund expenditures, while total fund balance represents 23.0% of that same amount. Revenues increased by approximately \$160.5 million or 5.9% while expenditures increased by approximately \$122.9 million or 5.4%.

Key differences in the general fund activity between FY2023 and FY2022 are as follows:

- Property tax revenue increased by approximately \$50.8 million or 4.1% to \$1,295.5 million for FY2023 due to increases in total market and appraised values compared to FY2022. In addition, the Proposition 1 cap on property tax, as described in Note 13, increased primarily due to increases in Consumer Price Index in 2021 and 2022.
- Sales tax revenue increased by \$68.4 million or 8.3% due to more than \$5 trillion in economic stimulus injected into the economy in response to the Pandemic and rapid recovery in Houston's economy resulting increased consumer spending.
- Charges for services increased by \$7.5 million or 4.6% primarily due to an increase of \$5.0 million in ambulance fees collected and an increase of \$3.3 million of police services provided by the Houston Police Department to the Airport System during FY2023.

- Intergovernmental grants increased by \$8.5 million or 4.2% mainly due to an increase of \$23.1 million in ARPA grants expended for various governmental functions totaling \$162.6 million in FY2023 compared to \$139.4 million in FY2022. This increase is offset by decreases of \$11.8 million and \$3.8 million in ambulance supplemental reimbursements for the Fire Department and the Delivery System Reform Incentive Payment (DSRIP) program for the Health Department, respectively.
- Investment income (loss) increased by \$15.4 million or 219.8% due to higher interest income earned on deposits and investments as well as lower fair value adjustments/loss on investments.
- Expenditures for Public Safety increased by approximately \$36.2 million or 2.4% primarily due to increases in salaries and employee benefits totaling approximately \$33.1 million. Of the \$33.1 million, approximately \$20.3 million was for the Police Department, while \$12.8 million was for the Fire Department.
- Expenditures for Public Works increased by approximately \$14.6 million or 6.6% due to higher maintenance and repair costs.
- Park and Recreation Department's expenditures increased by approximately \$11.9 million or 16.2% mainly due to a \$4.4 million contribution made to a joint project between the City and the Houston Parks Board. In addition, building maintenance and structural work increased by approximately \$2.3 million, and salaries and benefits increased by approximately \$2.1 million.
- Capital Outlays increased by approximately \$24.8 million or 68.2% mainly due to the adoption of GASB Statement No. 96, with a total addition of \$36.6 million in SBITA, offset by a \$6.5 million decrease in leases and \$6.5 million in fleet purchases compared to FY2022.
- Debt service principal increased by approximately \$18.0 million or 273.7% mainly due to principal payments related to SBITA.

Debt service expenditures (principal and interest) for the debt service fund remained relatively unchanged compared to FY2022. Proceeds from issuance of debt totaled \$38.7 million in FY2023, all of which were from the general obligation commercial paper. No general obligation bonds were issued during FY2023.

The capital projects fund, which is used for the acquisition and/or construction of capital facilities by the City (except those financed by the three enterprise funds), has a fund balance of \$165.3 million as compared to \$132.2 million a year ago. Intergovernmental grants decreased by \$16.2 million or 21.9% primarily due to decreases in funding from the Metropolitan Transit Authority of Harris County and other governments related to construction projects and purchases of land. Capital outlay decreased by \$84.9 million or 27.1% primarily due to decreased construction activities in the Police Department, Fire Department, Parks Department, Health Department, and General Government totaling approximately \$74.3 million, offset by an increase in construction work in the Public Works Department. In addition, fleet purchases decreased by approximately \$16.2 million by the Police and Fire departments compared to FY2022.

The ARPA fiscal recovery fund is used to receive funds from the U.S. Department of the Treasury to be used for the response efforts relating to local fiscal recovery from the Pandemic pursuant to the ARPA. Cash and cash equivalents and unearned revenue decreased by \$197.3 million or 43.2% and \$206.6 million or 45.5%, respectively, due to additional federal awards expended during FY2023. See Note 13.G. to the basic financial statements for additional details on the ARPA funds received and expended.

The grants fund, which is used to account for grant resources received from various local, state, and federal agencies and organizations, has a fund balance of \$191.5 million at June 30, 2023, a 0.5% increase from \$190.6 million at the June 30, 2022. Significant amount of grants was received by the City during FY2022 in response to the Pandemic. In comparison, grant revenues decreased by \$228.3 million or 34.1% to approximately \$441.6 million in FY2023. This decrease was primarily due to many activities related to the Pandemic being ceased/completed. Expenditures totaled approximately \$435.9 million, a decrease of \$207.4 million or 32.2% compared to FY2022. Many governmental functions had lower expenditures in FY2023 compared to FY2022, with the most significant decrease, approximately \$176.3 million, in the Housing and Community Development Department. Of the \$176.3 million decrease, approximately \$74.9 million was related to the Emergency Rental Assistance program, and approximately \$84.9 million was related to various single family, multi-family, public services, and economic revitalization programs.

Tax revenues reported in Nonmajor Governmental Funds. In FY2023, two sub-funds of the Other Special Revenue Fund, reported collections of incremental property taxes, sales tax, and mixed beverage tax totaling approximately \$46.4 million. These collections are considered as special revenues and are restricted for two of the Tax Increment Reinvestment Zones ("TIRZs"), which are to be set up as separate legal entities in the future similar to other TIRZs, which are discretely presented component units of the City. See Note 1 for a list of discretely presented component units and Note 5 regarding TIRZs.

Proprietary funds (see tabs labeled "Enterprise Funds" and "Internal Services Funds"). The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

At June 30, 2023, the Airport System, Convention and Entertainment, and Combined Utility had an unrestricted net position (deficit) of \$(68.0) million, \$22.2 million, and \$647.8 million, respectively. Major factors concerning the finances and change in net position of these funds are addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

Total revenues were above the final budget by approximately \$115.5 million due to higher-than-expected collections in property tax and sales tax by \$23.7 million and \$82.1 million, respectively. The increase in property tax was attributable to increase in assessed property values, which rose significantly in FY2023 or tax year 2022. The increase in sales tax was attributable to overall economic environment in the City and the State of Texas post-Pandemic as well as inflation. Additionally, charges for services exceeded the budget by approximately \$5.3 million primarily due to higher collections from ambulance services. The details of the more significant variances are summarized below:

- \$23.7 million above budget in property tax
- \$3.6 million above budget in industrial assessments
- \$82.1 million above budget in sales taxes
- \$2.9 million above budget in mixed beverage tax
- \$5.4 million above budget in ambulance services
- \$1.7 million above budget in interest income
- \$3.1 million above budget in other income

Total expenditures for the general fund were \$48.9 million below the final expenditure budget and was mainly due to savings in personnel, supplies, and services. Personnel costs were approximately \$21.8 million under the budgeted amount, and other departmental expenditures were approximately \$20.9 million under the budgeted amount. Lower personnel costs were mainly due to many open positions still to be filled at the end of FY2023. The details of the more significant variances are highlighted below:

- \$16.6 million under budget in general government
- \$15.3 million under budget in public safety
- \$4.9 million under budget in parks and recreation
- \$1.6 million under budget in library
- \$4.1 million under budget in transfers out

Capital Assets and Debt Administration

Capital assets: The City's investment in capital assets, net of accumulated depreciation, for its governmental and business-type activities as of June 30, 2023 totaled approximately \$21.9 billion. This investment in capital assets includes land, buildings and improvements, machinery, equipment, storm drainage, streets and bridges. The City's capital assets, net, increased by more than \$906.4 million in FY2023.

Capital Assets June 30, 2023 (in thousands)

Major capital asset events during FY2023 included the following:

- Governmental fund activities recorded a total of \$472.0 million additions to capital assets. Of the \$472.0 million, more than \$316.6 million was added to construction in progress for drainage, roads, and other projects. In addition, the City continued to work on various projects related to disaster recoveries during FY2023. Construction in progress, after placing a total of \$273.6 million of assets in service, totaled approximately \$903.9 million as of June 30, 2023. Furthermore, the City adopted GASB Statement No. 96 as of July 1, 2022, and SBITA, net of accumulated amortization, totaled approximately \$56.2 million as of June 30, 2023.
- Business-type activities had approximately \$1.2 billion of additions to capital assets during FY2023.
 - The Airport System added approximately \$500.1 million of capital assets during FY2023, with \$488.1 million to construction in progress. Majority of the additions to construction in progress is related to the Airport System's IAH Terminal Redevelopment Program. At June 30, 2023, the Airport System had approximately \$869.1 million in construction in progress.
 - The Combined Utility added approximately \$702.6 million of capital assets during FY2023. Construction in progress increased from \$2.2 billion at the end of FY2022 to more than \$2.5 billion at the end of FY2023. The increase was mainly due to expansion work at the Northeast Water Purification Plant, which accounted for approximately \$255.7 million of the \$679.9 million additions to construction in progress. In addition, various water and sewer projects were placed in service during the year, resulting transfers totaling \$454.2 million from construction in progress to infrastructure and other capital assets.

More detailed information regarding capital assets can be found in Note 6 to the financial statements.

Long-term debt: The City's total debt remained stable in FY2023. At the end of FY2023, the City had total bonded debt of \$14.3 billion outstanding. The two largest portions of this total consisted of approximately \$2.0 billion debt backed by the full faith and credit of the government and \$9.9 billion of revenue bonds payable from the three enterprise funds' revenues. The remainder of the City's debt represents various long-term contracts, leases, SBITA, and \$1.4 billion in pension bonds.

New debt issued during FY2023 included borrowings from the general obligation commercial paper totaling \$148.7 million and the Airport System commercial paper totaling \$165.0 million. The proceeds were used for construction and various capital projects/purchases. The outstanding balances of the general obligation and Airport System commercial paper as of June 30, 2023, were fully refunded through the issuances of the Public Improvement and Refunding Bonds Series 2023A and the Airport System Subordinate Lien Revenue and Refunding Bonds Series 2023A. See Note 16 - Subsequent Events - to the financial statements for additional details.

Standard & Poor's, Moody's, Fitch's and Kroll's underlying ratings of the City's obligations as of June 30, 2023, are as follows:

	<u>Standard & Poor's</u>	<u>Moody's</u>	<u>Fitch's</u>	<u>Kroll</u>
General Obligation	AA	Aa3	AA	N/R
Water & Sewer System Junior Lien	AA+	Aa1	AA+	N/R
Combined Utility System First Lien	AA	Aa2	AA	N/R
Houston Airport System-Subordinate Lien	A+	A1	A+	AA-
Houston Airport System-CRCF Special Facility	A	A3	A-	N/R
Convention & Entertainment - Senior Lien	A	A2	N/R	N/R
Combined Utility System - CWA	AA	N/R	AA+	N/R

State statutes limit the amount of general obligation debt a governmental entity may issue to 10% of its total assessed valuation. At June 30, 2023, total assessed valuation is approximately \$380.3 billion, and therefore, the City's debt limit is \$38.0 billion. The City's outstanding general obligation debt of \$3.2 billion as of June 30, 2023 is well below the current debt limitation.

More detailed information on long-term debt can be found in Note 8 to the financial statements.

Economic Factors and Next Year's Budget and Rates

The unemployment rate for the Houston-The Woodlands-Sugarland Metropolitan Statistical Area decreased to 4.5% as of June 2023 compared to 4.8% as of June 2022 according to the U.S. Bureau of Labor Statistics. As of September 2023, the unemployment rate remained stable at 4.4% compared to June 2023.

Highlights of the fiscal year 2024 budget are as follows:

- The property tax rate was decreased to 51.9190 cents per \$100 of valuation in fiscal year 2024 ("FY2024") compared to 53.3640 cents for FY2023. While assessed property values increased for FY2024, due to the Proposition 1 restriction discussed in Note 13.A, property tax revenues cannot exceed the limit of \$1,376,663 thousand.
- Budgeted sales tax revenue decreased to \$865.6 million in FY2024. The budgeted amount for FY2024 is mainly based on the actual amount earned in FY2023 and assumes a 3% decrease from FY2023. Although inflation results higher sales tax revenue, rising interest rates have opposite effect to the revenue.
- Total expenditures and other uses increased by approximately \$120.0 million to \$2.77 billion in FY2024, primarily due to pay increases for all employee groups, including 3 percent for municipal employees, 3 percent for police, and 6 percent for fire.
- Public safety remains a top priority of the City representing \$1.6 billion or 68.1% of the total general fund expenditures, excluding debt service and other pay-as-you-go expenditures.

Request for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the City Controller, Attention: Financial Reporting Division, 901 Bagby Street, Houston, Texas 77002.

**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance of
Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2023
(amounts expressed in thousands)**

Net change in fund balances - total governmental funds	\$	251,109
--	----	---------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the depreciation of \$335,303 and net disposal of assets of \$8,194 was less than the increase in capital assets of \$472,005 in the current period. For capital outlay, the Statement of Revenues, Expenditures and Changes in Fund Balance is \$357,542 of which \$36,967 is related to right of use assets which were offset by proceeds from financing related to leases and subscriptions. The City also recorded donated capital assets of \$172,908 which is recorded as capital contributions in the Statement of Activities.		136,995
---	--	---------

Revenue in the statement of activities that do not provide current financial resources are deferred as revenues in the funds.		169,541
---	--	---------

Generally, governmental funds report revenue when cash is actually received, or is expected 60 days after the close of the fiscal year. Cash received during the period relates to prior periods.		(137,852)
---	--	-----------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report, as expenditures, the effect of premiums, discounts, and similar items when debt is first issued, where as these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		138,850
--	--	---------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. Governmental funds report payments as expenditures in the period of disbursement. The liquidation of long-term liabilities previously accrued should not be reported in the statement of activities.		326,242
--	--	---------

Internal service funds are used by management to charge the costs of certain activities, such as the cost of health benefits, to individual funds. The net revenue (expense) of the internal service fund is reported with governmental activities.		19,180
---	--	--------

Change in net position of governmental activities	\$	904,065
---	----	---------

OFFICE OF THE CITY CONTROLLER

Hermann Park

NOTES TO FINANCIAL STATEMENTS

Notes to Financial Statements:

In 1914, Houston-born oilman and philanthropist, George H. Hermann, gifted the City 278 acres of land for use as a park. Between 1922 and 1924, the City purchased an additional 122 acres, growing to what is now considered one of the nation's preeminent urban parks. With more than six million annual visitors, Hermann Park is home to the Houston Zoo, the Miller Outdoor Theatre and Hermann Park Golf Course, among other attractions.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Houston, Texas (the "City") was incorporated under the laws of the Republic of Texas in 1837 and again under the laws of the State of Texas in 1905. The City operates under a Home Rule Charter with a Mayor-Council form of government and provides the following services as authorized or required by its charter: public safety (police and fire), highways and streets, sanitation, water, airports, health services, culture-recreation, storm drainage, solid waste disposal, planning and inspection, civil defense, public improvements, and general administrative services, including pension and other benefits for its employees.

The financial statements presented in this report conform to the reporting requirements of the Governmental Accounting Standards Board ("GASB"), which establishes combined statements at the required reporting level for governmental entities that present financial statements in accordance with generally accepted accounting principles in the United States of America ("GAAP").

The significant accounting policies of the City are as follows:

A. Principles Used in Determining the Reporting Entity for Financial Reporting Purposes

The accompanying financial statements include the City and all of its component units, collectively referred to as "the financial reporting entity". In accordance with GASB Statement No. 14 and GASB Statement No. 61, the component units have been included in the City's reporting entity because of the significance of their operational and financial relationships with the City. Organizations are included if they are financially accountable to the City, or the nature and significance of their relationship with the City are such that exclusion would cause the financial statements to be misleading or incomplete. Inclusion is determined on the basis of the City's ability to exercise significant influence. Significant influence or accountability is based primarily on its operational or financial relationship with the City (as distinct from legal relationship).

Component units are related organizations to the primary government. They are legally separate, independently audited, and are incorporated into the City's Annual Comprehensive Financial Report ("ACFR"). Factors for determining if an entity should be treated as a component unit of a primary government are as follows:

- Fiscal dependency: does the primary government appoint a voting majority of the governing body
- Financial benefit or burden relationship or the ability for the primary government to impose its will
- Financial presentation: the potential that exclusion would result in misleading financial reporting

There are 2 classifications of component units: blended and discretely presented.

A blended component unit functions, for all practical purposes, as an integral part of the primary government, much like a department. The following criteria is utilized to determine if a component unit is blended:

- Substantively the same governing body and a financial benefit or burden relationship exists
- Substantively the same governing body and operational responsibility falls with the primary government
- (Almost) exclusive service or benefit to the primary government itself rather than its citizens
- Total debt of the component unit repayable (almost) entirely from resources of the primary government

If a component unit does not function as an integral part of the primary government, it is reported as a discretely presented component unit.

B. Basis of Presentation - Financial Reporting Entity**1. Component Units**

Most component units of the City issue separately audited financial statements and are reported in this ACFR. Additional information is available by contacting the entities at the addresses shown herein.

All component units of the City have the same fiscal year end as the City, June 30, except the following component units, which have December 31 year end: Houston First Corporation, Houston Housing Finance Corporation, Houston Zoo Inc., Miller Theatre Advisory Board Inc., Greater Houston Convention and Visitors Bureau Inc., and Houston Arts Alliance.

The City has two blended component units, and they are incorporated into the financial statements of the City.

Blended Component Units	Brief Description of Activities, Relationship to the City and Key Inclusion Criteria
<i>TechConnect Houston</i> <i>900 Bagby St.</i> <i>4th Floor</i> <i>Houston, TX 77002</i>	Created on June 13, 2022, TechConnect Houston ("TechConnect") has a four-member board of directors, appointed by the Mayor. This public, 501(c)(3) non-profit corporation, is organized and operated exclusively for charitable and education purposes, for the use and benefit of the City in its efforts to provide digital equity and technological opportunities for the underserved youth in the City. The programs are offered at various Houston Parks and Recreation centers. TechConnect received \$1,050 private contributions for the fiscal year ended June 30, 2023, and the contributions received are reported in the Park Special Revenue Fund. Reporting Fund: Park Special Revenue Fund
<i>Houston Spaceport Development Corporation</i> <i>16930 JFK Boulevard</i> <i>Houston, TX 77032</i>	Created on September 15, 2021, Houston Spaceport Development Corporation ("HSDC") has a seven-member board of directors, including the Director of Aviation of Houston Airport System, which is appointed by the Mayor. This corporation is responsible for managing and promoting the development of Houston Spaceport as well as applying for funds under the Texas Spaceport Trust Fund. During the year ended June 30, 2023, HSDC did not have any financial activities and had no impact to the operating results of the Airport System Fund. Reporting Fund: Airport System Fund

Following are the City's fiduciary component units:

Fiduciary Component Units	Brief Description of Activities, Relationship to the City and Key Inclusion Criteria
<i>Houston Firefighters' Relief and Retirement Fund ("HFRRF")</i> <i>4225 Interwood North Parkway</i> <i>Houston, TX 77032</i>	Responsible for administration, management, and operation of the pension system solely for active and retired City of Houston firefighters. One member of the Board is either the Mayor or an appointed representative, five members are elected by active firefighters, one member is elected by retired firefighters, two members are citizen representatives, and one member is the City Treasurer. There is a fiscal dependency on the City, and there is the potential that exclusion would result in misleading financial reporting. Reporting Fund: Houston Firefighters' Relief and Retirement Pension Trust Fund.
<i>Houston Municipal Employees Pension System ("HMEPS")</i> <i>1201 Louisiana, Suite 900</i> <i>Houston, TX 77002</i>	Responsible for administration, management, and operation of the pension system solely for active and retired municipal (non-classified) employees of the City. One member of the Board is appointed by the Mayor, one member of the Board is appointed by the City Controller, four are elected by active employees, two are elected by retirees, one is appointed by the elected trustees and two are appointed by the governing body of the City. There is a fiscal dependency on the City, and there is the potential that exclusion would result in misleading financial reporting. Reporting Fund: Houston Municipal Employees' Pension Trust Fund.
<i>Houston Police Officers' Pension System ("HPOPS")</i> <i>602 Sawyer, Suite 300</i> <i>Houston, TX 77007</i>	Responsible for administration, management, and operation of the pension system solely for active and retired police officers of the City. One member of the Board is appointed by the Mayor, three are elected by employees, two are elected by retirees, and one is the City Treasurer. There is a fiscal dependency on the City, and there is the potential that exclusion would result in misleading financial reporting. Reporting Fund: Houston Police Officers' Pension Trust Fund.

Discretely presented component units, both business-type and governmental, are reported in separate columns in the government-wide financial statements of the City. Discretely presented component units are classified as major and minor component units. Whether a given component unit is major depends on the nature and significance of its relationship to the primary government as follows:

- It is essential that financial statement users have separate information on the component unit because of the type of services it provides to citizens.
- The component unit is engaged in significant transactions with the primary government.
- There is a significant financial benefit or burden relationship with the primary government.

Major discretely presented component units, both business-type and governmental, are reported in detail within combining statements included as part of the basic financial statements. Non-major discretely presented component units are summarized in one column within said combining statements.

Following are the City's discretely presented business-type component units: (* indicates a major designation)

Discretely Presented Component Units	Brief Description of Activities, Relationship to City, and Key Inclusion Criteria
<i>*Houston First Corporation 701 Avenida de las Americas Houston, TX 77010</i>	On June 1, 2011, City of Houston City Council approved the consolidation of the City's Convention & Entertainment Facilities Department's operations into the Hotel Corporation ("Consolidation"), effective July 1, 2011, in order to bring various entities responsible for generating and spending City hotel occupancy tax (HOT) revenues under one governing body. In connection with the Consolidation, the Hotel Corporation reconstituted and renamed itself as Houston First Corporation ("HFC"), which assumed the primary roles and responsibilities of the Department. To accomplish this, the Hotel Corporation amended its bylaws and articles of incorporation to broaden its authority to accomplish its expanded duties and responsibilities. The City appoints a voting majority of HFC's board. There is a fiscal dependency on the City, as well as a financial burden on the City, and there is the potential that exclusion would result in misleading financial reporting.
<i>*Houston Housing Finance Corporation 9545 Katy Freeway, Suite 105 Houston, TX 77024</i>	Non-profit corporation incorporated by the City in accordance with the Texas Housing Finance Corporation Act to finance residential mortgage loans to low or moderate-income persons through the sale of revenue bonds collateralized by the mortgage loans. The Board is nominated by the Mayor and confirmed by City Council. The City has financial accountability because it appoints a voting majority of the Board and a financial benefit/burden relationship exists, allowing the City to impose its will.
<i>*Houston Zoo, Inc 1513 Cambridge Street Houston, TX 77030</i>	Houston Zoo, Inc. ("HZI") is a 501(c)(3) non-profit corporation and has a contract with Houston Zoo Development Corporation to operate the Zoo. The Mayor may appoint up to 20% of the Board of Directors of HZI. Houston Zoo Development Corporation ("HZDC") is a local government corporation that leases the zoo from the City. The lease provides for the City to make payments in support of capital and operating expenses over the lease term, which it makes available to HZI. The City appoints a voting majority to the HZI board. There is a fiscal dependency on the City, as well as a financial burden on the City, and there is the potential that exclusion would result in misleading financial reporting.

Following are the City's discretely presented governmental component units: (* indicates a major designation)

Discretely Presented Component Units	Brief Description of Activities, Relationship to City, and Key Inclusion Criteria
<i>City Park Redevelopment Authority c/o Hawes Hill and Assoc, LLP P.O. Box 22167 Houston, TX 77227-2167</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the City Park Tax Increment Reinvestment Zone Board in the redevelopment of a neighborhood northwest of Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by the City Council and a financial benefit/burden relationship exists, allowing the City to impose its will. In addition, there is a fiscal dependence on the City.
<i>East Downtown Redevelopment Authority 711 Louisiana Street, Suite 2300 Houston, TX 77002</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the East Downtown Tax Increment Zone Board in the redevelopment of a blighted neighborhood east of Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and a financial benefit/burden relationship exists, allowing the City to impose its will. In addition, there is a fiscal dependence on the City.
<i>Fifth Ward Redevelopment Authority c/o Fifth Ward Community Redevelopment Corporation 4300 Lyons Avenue, Suite 300 Houston, TX 77020</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Fifth Ward Tax Increment Reinvestment Zone Board in the redevelopment of a blighted neighborhood adjacent to Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and a financial benefit/burden relationship exists, allowing the City to impose its will. The City has investment authority for the Zone's assets.
<i>Fourth Ward Redevelopment Authority 410 Pierce Street, Suite 355 Houston, TX 77002</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Fourth Ward Tax Increment Reinvestment Zone Board in the redevelopment of a blighted neighborhood adjacent to Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and a financial benefit/burden relationship exists, allowing the City to impose its will. The City has investment authority for the Zone's assets.
<i>Greater Greenspoint Redevelopment Authority 12257 Kuykendahl Houston, TX 77067</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Greater Greenspoint Tax Increment Reinvestment Zone Board in the redevelopment of the Greenspoint Mall and a blighted adjacent neighborhood in North Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and a financial benefit/burden relationship exists, allowing the City to impose its will.

Discretely Presented Component Units	Brief Description of Activities, Relationship to City, and Key Inclusion Criteria
<i>Greater Houston Convention and Visitors Bureau</i> <i>701 Avenida De Las Americas</i> <i>Houston, TX 77010</i>	A non-profit organization established in 1963. Prior to July 1, 2014 the organization was funded by both private sector memberships and a portion of the hotel occupancy tax. Subsequent to July 1, 2014 it is funded by only private sector memberships. Their mission is to improve the economy of Greater Houston by attracting conventions, tourists and film projects to the area through sales and marketing efforts. The City has financial accountability because there is a fiscal dependence on the City and a financial benefit/burden relationship exists, allowing the City to impose its will.
<i>Gulfgate Redevelopment Authority</i> <i>c/o Bracewell LLP</i> <i>711 Louisiana Street, Suite 2300</i> <i>Houston, TX 77002</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Gulfgate Tax Increment Reinvestment Zone Board in the redevelopment of the Gulfgate Mall and a blighted adjacent neighborhood southeast of Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and a financial benefit/burden relationship exists allowing the City to impose its will.
<i>Harrisburg Redevelopment Authority</i> <i>c/o Hawes Hill & Associates, LLP</i> <i>9610 Long Point Rd., Suite 150</i> <i>Houston, TX 77055</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Harrisburg Tax Increment Reinvestment Zone Board in the redevelopment of the East End area of Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and a financial benefit/burden relationship exists allowing the City to impose its will.
<i>Hiram Clarke/Fort Bend Redevelopment Authority</i> <i>14083 South Main Street</i> <i>Houston, TX 77035</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Hiram Clarke/Fort Bend Tax Increment Reinvestment Zone Board in the redevelopment of the Hiram Clarke area of Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and a financial benefit/burden relationship exists allowing the City to impose its will.
<i>Houston Area Library Automated Network</i> <i>Houston Central Library</i> <i>500 McKinney Street</i> <i>Houston, TX 77002</i>	Provides review and guidance to the operation, funding and development of the Houston Area Library Automated Network, which provides library services to Houston and surrounding communities. Three members are appointed by City Council, two by the County, and one elected by the smaller libraries. The City does appoint a voting majority, and is financially accountable for this organization because HALAN is fiscally dependent on the City for revenues, allowing the City the ability to impose its will.
<i>Houston Arts Alliance</i> <i>5280 Caroline Street</i> <i>Houston, TX 77004</i>	A 501(c)(3) non-profit corporation with a mission to enhance the city's quality of life through advancing and investing in the arts and diverse cultural programming. The Alliance awards grants, provides arts-related services and manages portions of the City's Civic Art Program. The City has financial accountability because it must approve the members of the board of directors and a financial benefit/burden relationship exists, allowing the City to impose its will. In addition, there is a fiscal dependence on the City for the revenues provided from a portion of hotel occupancy tax.

Discretely Presented Component Units	Brief Description of Activities, Relationship to City, and Key Inclusion Criteria
<i>Houston BARC Foundation c/o City of Houston, Administration and Regulatory Affairs Department 611 Walker Street, 13th Floor Houston, TX 77002</i>	A 501(c)(3) non-profit corporation with a mission to enhance the City's quality of life through advancing and investing in the care and humane treatment of animals. The Foundation solicits funds, gifts, and bequests for use at BARC. It promotes awareness to Houston area residents on responsible pet ownership, and the humane treatment of all animals. The City has financial accountability because it must approve the members of the board of directors and a financial benefit/burden relationship exists, allowing the City to impose its will.
<i>Houston Civic Events, Inc 901 Bagby Street, 1st Floor Houston, TX 77002</i>	A 501(c)(3) non-profit, local government corporation and component unit created specifically to support the City's Civic Celebration Program. Under the existing structure, donations and sponsorship revenues received by the Mayor's Office of Special Events are currently housed with two component units, Houston Parks Board, Inc. and Central Houston Civic Improvement, Inc. Board members are appointed by the City and a financial benefit/burden relationship exists, allowing the City to impose its will. There is the potential that exclusion would result in misleading financial reporting.
<i>Houston Downtown Park Corporation 1500 McKinney Street Houston, TX 77010</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to aid and act on behalf of the City to accomplish the City's governmental purpose of providing for the acquisition, development, operation, and maintenance of a new public park, open space and related amenities and facilities to provide recreational, educational and tourism opportunities within, and beautification of the Central Business District of the City. Additionally, the corporation maintains an enterprise fund to account for the activities of the Discovery Green Parking Garage. Board members are appointed by the City and a financial benefit/burden relationship exists, allowing the City to impose its will. There is the potential that exclusion would result in misleading financial reporting.
<i>*Houston Forensic Science Center, Inc. 500 Jefferson Street, 13th Floor Houston, TX 77002</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to provide forensic science services previously provided by the Houston Police Department. Board members are appointed by the City and a financial benefit/burden relationship exists, allowing the City to impose its will. There is the potential that exclusion would result in misleading financial reporting.
<i>Houston Land Bank c/o City of Houston, Housing and Community Department 1919 Decatur Houston, TX 77007</i>	The Houston Land Bank ("HLB") formerly known as Land Assemblage Redevelopment Authority is a 13-member board appointed by the Mayor, City Council, Harris County and the Houston Independent School District. The HLB is organized for the purpose of aiding, assisting and acting on behalf of the City in the performance of its governmental functions to promote the common good and general welfare of the City and in undertaking and completing one or more projects, as may be defined or determined by the City Council. The City has financial accountability because the voting majority of the board members are nominated by City Council, allowing the City to impose its will, and the operations provide financial benefits to the City.

Discretely Presented Component Units	Brief Description of Activities, Relationship to City, and Key Inclusion Criteria
<i>Houston Media Source</i> <i>410 Roberts Street</i> <i>Houston, TX 77003</i>	A non-profit organization organized to coordinate and develop all public and educational cable access activities within the City of Houston. Funding is provided by Public and Educational, and Government Access ("PEG") payments made to the City by cable operators under the City's cable franchises with respect to the annual support of the PEG Channels for the support of public, educational, and governmental access programming. Board members are appointed by the City and a financial benefit/burden relationship exists, allowing the City to impose its will. There is the potential that exclusion would result in misleading financial reporting.
<i>*Houston Parks Board LGC, Inc</i> <i>300 N. Post Oak Lane</i> <i>Houston, TX 77024</i>	Acquires land for and develops and improves new and existing public parks and open spaces and advises the Mayor and City Council on park acquisitions and improvements. These activities provide a direct benefit to the City. The Houston Parks Board administers and manages the LGC's business operations and grants privately raised funds to the LGC in support of its purpose. LGC board members are nominated by the Mayor and confirmed by City Council, allowing the City to impose its will. Upon dissolution, the LGC's assets revert to the City. There is a potential that exclusion of the LGC would result in misleading financial reporting.
<i>Houston Public Library Foundation</i> <i>Houston Central Library</i> <i>550 McKinney Street</i> <i>Houston, TX 77002</i>	A 501(c)(3) non-profit corporation that solicits and manages funds raised privately for library improvements and advises the Mayor and City Council on additions and improvements to the library system that provide a direct benefit to the City. Board members are nominated by the Mayor and confirmed by City Council, allowing the City to impose its will. There is a potential that exclusion would result in misleading financial reporting.
<i>Houston Recovery Center, LGC</i> <i>150 North Chenevert Street,</i> <i>Suite 100</i> <i>Houston, TX 77002</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to provide management of the Houston Center for Sobriety. The City has financial accountability because the voting majority of the board members are nominated by City Council and the operations provide financial burden to the City, allowing the City to impose its will.
<i>*Lake Houston Redevelopment Authority</i> <i>c/o TIFWorks, LLC</i> <i>P.O. Box 10330</i> <i>Houston, TX 77206</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist Tax Increment Reinvestment Zone 10 Board in the redevelopment of the Lake Houston area. The City has financial accountability because the voting majority of the board members are nominated by City Council and the operations provide financial benefits to the City.
<i>Lamar Terrace Public Improvement District</i> <i>City of Houston</i> <i>P. O. Box 1562</i> <i>Houston, TX 77251</i>	Special tax district organized under state statute to redevelop a blighted neighborhood in Southwest Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and the operations provide financial benefits to the City, allowing the City to impose its will.

Discretely Presented Component Units	Brief Description of Activities, Relationship to City, and Key Inclusion Criteria
Leland Woods Redevelopment Authority I c/o Bracewell, LLP 711 Louisiana Street, Suite 2300 Houston, TX 77002-2770	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act and Chapter 394 of the Texas Local Government Code to assist the City and Tax Increment Reinvestment Zone Number 22 in the redevelopment of a blighted neighborhood. The City has financial accountability because the voting majority of the board members are nominated by City Council and a financial benefit/burden relationship exists, allowing the City to impose its will.
Leland Woods Redevelopment Authority II c/o Bracewell, LLP 711 Louisiana, Suite 2300 Houston, TX 77002-2770	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act and Chapter 394 of the Texas Local Government Code to assist the City, Leland Woods Redevelopment Authority and Tax Increment Reinvestment Zone Number 22 in the redevelopment of a blighted neighborhood. The City has financial accountability because the voting majority of the board members are nominated by City Council and a financial benefit/burden relationship exists, allowing the City to impose its will.
Main Street Market Square Redevelopment Authority 909 Fannin, Suite 1650 Houston, TX 77010	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Main St./Market Square Tax Increment Reinvestment Zone Board in the redevelopment of Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and the operations provide financial benefits to the City.
Memorial City Redevelopment Authority c/o Hawes Hill & Associates, LLP P.O. Box 22167 Houston, TX 77227-2167	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Memorial City Tax Increment Reinvestment Zone Board in the redevelopment of the Memorial City Mall and the Town & Country Mall areas west of Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and the operations provide financial benefits to the City.
*Memorial-Heights Redevelopment Authority c/o John Kuhl, Attorney SKLaw 1980 Post Oak Boulevard, Suite 1380 Houston, TX 77056	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Memorial Heights Tax Increment Reinvestment Zone Board in the redevelopment of a blighted neighborhood adjacent to Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and the operations provide financial benefits to the City.
*Midtown Redevelopment Authority 410 Pierce Street, Suite 355 Houston, TX 77002	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Midtown Tax Increment Reinvestment Zone Board in the redevelopment of a blighted neighborhood south of Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and the operations provide financial benefits to the City.

Discretely Presented Component Units	Brief Description of Activities, Relationship to City, and Key Inclusion Criteria
Miller Theatre Advisory Board, Inc 6000 Hermann Park Drive Houston, TX 77030-1702	A 501(c)(3) non-profit corporation with a mission to act as a steward of public and private funds to provide professional-caliber performances, free to the public, at the Miller Outdoor Theatre for the cultural enrichment of Houston's diverse communities and visitors to this great city. Miller Outdoor Theatre is owned by the City and the Board awards grants to various artistic and performing groups for performances at Miller Outdoor Theatre. The City has financial accountability because the directors are appointed by the Mayor and approved by City Council and a financial benefit/burden relationship exists, allowing the City to impose its will. In addition, there is a fiscal dependence on the City for the revenues provided from a portion of hotel occupancy tax.
Montrose Redevelopment Authority c/o Knudson, LP Zone Administrator 8588 Katy Freeway, Suite 441 Houston, TX 77024	Montrose Redevelopment Authority ("Montrose RA") was set up as a local government corporation pursuant to provisions of Chapter 431 of the Texas Transportation Code and Chapter 394 of the Texas Local Government Code. Montrose RA is organized as a public non-profit corporation for the purpose of aiding, assisting, and acting on behalf of the City in the performance of its governmental function to promote the common good and general welfare of Reinvestment Zone Number Twenty-Seven and neighboring areas and to promote, develop, encourage and maintain housing, educational facilities, employment, commerce and economic development in the City. Montrose RA may issue bonds with consent of City Council. Montrose RA is managed by a board of directors consisting of seven members who are appointed by the Mayor with the approval of City Council.
Near Northside Redevelopment Authority c/o Bracewell LLP 711 Louisiana Street, Suite 2300 Houston, TX 77002-2770	A local government corporation established by the City of Houston in 2009 in accordance with Chapter 311 of the Texas Tax Code. The City has financial accountability because the voting majority of the board members are nominated by City Council and a financial benefit/burden relationship exists allowing the City to impose its will.
Old Sixth Ward Redevelopment Authority c/o City of Houston, Mayor's Office of Economic Development 901 Bagby Street, 4th Floor Houston, TX 77002	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Old Sixth Ward Tax Increment Reinvestment Zone Board in the redevelopment of a neighborhood adjacent to Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council, the operations provide financial benefits to the City, and the City has investment authority for the Authority's assets.
OST/Almeda Corridors Redevelopment Authority 3131 Emancipation Avenue Suite 225 Houston, TX 77004	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the OST/Almeda Corridors Tax Increment Reinvestment Zone Board in the redevelopment of a blighted neighborhood south of Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and the operations provide financial benefits to the City.

Discretely Presented Component Units	Brief Description of Activities, Relationship to City, and Key Inclusion Criteria
<i>Saint George Place Redevelopment Authority</i> <i>c/o Hawes Hill & Associates, LLP</i> <i>P.O. Box 22167</i> <i>Houston, TX 77227-2167</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the St. George Place Tax Increment Reinvestment Zone Board in the redevelopment of a blighted neighborhood in southwest Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council. The operations provide financial benefits to the City and the City has investment authority for the Authority's assets.
<i>South Post Oak Redevelopment Authority</i> <i>c/o City of Houston, Mayor's Office of Economic Development 901 Bagby Street, 4th Floor</i> <i>Houston, TX 77002</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the South Post Oak Tax Increment Reinvestment Zone Board in the development of an affordable housing project in Southwest Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council, and the operations provide financial benefits to the City.
<i>Southwest Houston Redevelopment Authority</i> <i>c/o Hawes Hill & Associates, LLP</i> <i>P.O. Box 22167</i> <i>Houston, TX 77227-2167</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Southwest Houston Tax Increment Reinvestment Zone Board (TIRZ 20) in the redevelopment of the Sharpstown Mall and adjacent neighborhoods southwest of Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and the operations provide financial benefits to the City.
<i>Sunnyside Redevelopment Authority</i> <i>3200 Southwest Freeway</i> <i>Suite 2600</i> <i>Houston, TX 77027</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Sunnyside Tax Increment Reinvestment Zone Board in the redevelopment of the neighborhood south of Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and the operations provide financial benefits to the City.
<i>Upper Kirby Redevelopment Authority</i> <i>3120 Southwest Freeway, Suite 102</i> <i>Houston, TX 77098</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Upper Kirby Tax Increment Reinvestment Zone Board in the redevelopment of a neighborhood west of Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and the operations provide financial benefits to the City.
<i>*Uptown Development Authority</i> <i>1980 Post Oak Boulevard, Suite 1700</i> <i>Houston, TX 77056</i>	Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to assist the Uptown Tax Increment Reinvestment Zone Board in the redevelopment of the Galleria Mall area, west of Downtown Houston. The City has financial accountability because the voting majority of the board members are nominated by City Council and the operations provide financial benefits to the City.

2. Related Organizations

The following entities are related organizations to which the City appoints board members but for which the City has no significant financial accountability. Some of these organizations are Access Houston Cable Corporation, Coastal Water Authority, Employees Deferred Compensation Plan, Harris County–Houston Sports Authority, Metropolitan Transit Authority of Harris County, Houston Clean City Commission, and the Miller Theatre Advisory Council. All transactions with these related organizations are conducted in the ordinary course of business. Further financial information is available from the respective organizations.

C. Basis of Presentation

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. The effect of interfund activity between governmental funds has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable and is a financial burden/benefit.

The statement of activities demonstrates the degree to which the direct expense of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported instead as *general revenues*. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The accounts of the City are organized on the basis of funds, each of which is accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows, liabilities, deferred inflows, fund balance/net position, revenues, and expenditures/expenses. Government resources are allocated to and accounted for in individual funds for the purpose of carrying on specific activities in accordance with special regulations, restrictions, or limitations. The type and purpose of funds are described below.

Fund Accounting

1. The City reports the following major governmental funds:

- a. **General Fund** - is the principal operating fund of the City and is used to account for all financial resources except those required to be accounted for in another fund.
- b. **Debt Service Fund** - is used to account for the accumulation of resources for, and the payment of principal, interest, and related costs of tax supported debt.
- c. **Capital Projects Fund** - is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds). Such resources are derived principally from proceeds of public improvement bonds and from special assessments.
- d. **ARPA Fiscal Recovery Fund** - The ARPA Fiscal Recovery Fund is used to receive funds from the U.S. Department of the Treasury to be used for the response efforts relating to local fiscal recovery from the COVID-19 pandemic pursuant to the American Rescue Plan Act of 2021. Based on management judgement, the ARPA Fiscal Recovery Fund is particularly important to financial statement users due to its significance; therefore, this fund is being reported as a major fund. Even though, this fund is a sub-fund of the Grants Fund.

- e. **Grants Fund** - is used to account for grant resources received from various local, state and federal sources. The use of these resources is restricted to a particular function of the City by each grantor.
2. **The City reports the following major enterprise funds:**
- a. **Airport System Fund (the "Airport System")** - is used to account for the operations of the City's Airport System. The system is comprised of George Bush Intercontinental Airport, William P. Hobby Airport, and Ellington Airport.
 - b. **Convention and Entertainment Facilities Fund (the "Convention and Entertainment")** - is used to account for the operations of the City's major entertainment facilities, outdoor venues, and parking garages and surface lots. These assets include, but are not limited to, the following: George R. Brown Convention Center, Gus S. Wortham Center, Jesse H. Jones Hall, Talento Bilingue de Houston, Jones Plaza, and Theater District parking garages.
 - c. **Combined Utility System Fund (the "Combined Utility")** - is used to account for the production and transmission of water and the treatment of wastewater for City residents and businesses as well as for other governmental entities located in the Houston area.
3. **The City reports the following additional funds:**
- a. **Nonmajor Special Revenue Funds** - are used to account for the proceeds of specific revenue sources (other than identified major fund) that are legally restricted to expenditures for specific purposes.
 - b. **Internal Service Funds** - are used to account for the financing of goods or services provided by one department to other departments of the City on a cost-reimbursement basis.
 - c. **Fiduciary Fund Types** - are used to account for assets held by the City in a trustee capacity for individuals, private organizations, and other governmental units. These include the following:
 - (1) **Pension Trust Funds** - are used to account for the assets held in trust for the members and beneficiaries of the City's three defined benefit pension plans.
 - (2) **Private-Purpose Trust Fund** - is used to account for assets held in a trust of the Houston Foundation which is dedicated to providing benefits to recipients in accordance with the benefit terms. The Houston Foundation was created by City ordinance on March 22, 1915, as a general-purpose charity trust and is administered by an outside board of directors. The City's Finance Director serves as the treasurer of the board in accordance with the ordinance. Additions to the trust consist of individual donor contributions and investment income. Distributions from the fund, primarily to external/eligible 501(c)(3) organizations, may be made for humanitarian needs of the people of Houston.

D. Measurement Focus and Basis of Accounting

The government-wide financial statements display information about the City as a whole. Government-wide statements exclude both fiduciary funds and fiduciary component units. The statement of net position and the statement of activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place, regardless of the timing of related cash flows. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Non-exchange Transactions". Program revenues include (1) amounts received from those who purchase, use, or directly benefit from a program, (2) amounts received from parties outside the City of Houston's citizenry that are restricted to one or more specific programs, and (3) earnings on investments that are legally restricted for a specific program. Program revenue is divided into three categories: (1) charges for services, (2) operating grants and contributions, and (3) capital grants and contributions.

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus applied. All governmental funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current period. Expenditures are recognized under the modified accrual basis of accounting in the accounting period in which the fund liability is incurred, if measurable. Claims, judgments, and compensated absences are recognized when matured.

The following types of revenues are susceptible to accrual under the modified accrual basis of accounting: property taxes, including delinquent property taxes (including penalty and interest); services billed to other funds; sales tax; mixed beverage tax; franchise fees; fines and forfeitures; ambulance receipts; and investment earnings. Intergovernmental revenue from reimbursable grants and capital projects is recognized when the related expenditure is incurred. See Note 5 for dates and additional disclosures related to property tax.

All governmental funds and certain component units are accounted for using the current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balances (net current assets) are considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Non-current portions of certain long-term receivables, primarily property taxes and special assessments, are reported on the balance sheets of governmental funds in spite of their spending measurement focus. Special reporting treatments are used to indicate that they should not be considered "available spendable resources," since they do not represent net current assets. Recognition of governmental fund revenues represented by noncurrent receivables is deferred until they become current receivables and are reported as deferred inflows of resources.

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Proprietary funds, fiduciary funds of the primary government, and certain component units are accounted for on a cost of services or "economic resources" measurement focus. This means that all assets and all liabilities (whether current or noncurrent) associated with their activity are included on their statements of net position.

All proprietary funds define operating revenues and expenses consistent with the precepts of GASB Statement No. 9, paragraphs 16 – 19 and 31: cash receipts from customers, cash receipts from interfund services provided and used with other funds and other operating cash receipts. All other revenues or expenses recognized are non-operating.

All proprietary and fiduciary funds use the full accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses and related liabilities, including claims, judgments, and compensated absences, are recognized when they are incurred.

When restricted and unrestricted resources are available to cover expenses, unrestricted resources are first applied. Administrative overhead charges are included in direct program expenses.

In accordance with GASB Statement No. 62, "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements", paragraphs 114-123, the City utilizes the percentage-of-completion method for a long-term construction contract when estimates of costs to complete and extent of progress toward completion of long-term contracts are reasonably dependable.

E. Assets and Liabilities

1. Deposits and Investments

Substantially all cash, except for imprest accounts, is deposited with financial institutions in non-interest-bearing accounts. The City's deposit account is considered as a non-interest-bearing account. Instead of receiving interest on the accounts, the City receives the "Earnings Credit Rate". The majority of the City's cash and investments are administered using a pooled concept, which combines the monies of various funds for investment purposes. Interest earnings of the pool are apportioned to each fund, unless otherwise required by bond covenants, based on the fund's relative share of the investment pool. All cash and investments are displayed on the statement of net position as "Cash and cash equivalents" and "Investments" and in accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools."

Investments are carried at fair value as defined in GASB Statement No. 72, "Fair Value Measurement and Application". Consistent with GASB Statement No. 72, the City categorizes its fair value measurements within the fair value hierarchy. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. A detail of the fair value hierarchy of investments held by the City are disclosed in Note 3 to the financial statements. Similar disclosure for debt held by the City at fair values is disclosed in Note 8.C.14 to the financial statements. The fiduciary and discretely presented component units separately invest their funds and report investments pursuant to their respective investment policies described in their separately audited financial statements.

"Cash and cash equivalents" and "Investments" are further split into current and non-current in accordance with GASB Statement No. 62, "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements".

The City considers all highly liquid debt securities with a maturity date of three months or less to be cash equivalents.

Investments authorized by the City's investment policy, which is guided by state laws and city ordinances, generally include: obligations of the United States of America or its agencies and instrumentalities; fully-collateralized certificates of deposit from City Council-approved public depositories; direct obligations of the State of Texas or its agencies and instrumentalities; other obligations, the principal and interest of which are unconditionally guaranteed or insured by, or backed by the full faith and credit of, the State of Texas or the United States or their respective agencies and instrumentalities; obligations of states, agencies, counties, cities, and other political subdivisions; no-load money market mutual funds registered and regulated by the Securities and Exchange Commission; corporate commercial paper; fully collateralized repurchase agreements; and reverse repurchase agreements within specific terms.

2. Inventories of Materials and Supplies

With the exception of fuel, inventories are carried at the average cost in government-wide, proprietary and governmental funds. Inventories are presented under the consumption method. These inventories include: automobile parts, chemical and medical supplies, uniforms and their accessories, vaccines and office supplies. Fuel is carried at the lower of market or replacement cost.

3. Capital Assets

a. Governmental Funds and Governmental Activities - Property, Plant, Equipment, and Infrastructure

Capital assets are defined by the general government as assets with an initial cost of \$5,000 or more, and an estimated useful life in excess of one fiscal year. The costs of maintenance and repairs that do not significantly add to the utility of an asset, or materially extend its useful life beyond its initially estimated useful life are not capitalized.

Capital asset valuation is based on historical costs if purchased or constructed, or based on estimated historical costs if original costs are not available - such as for the costs of infrastructure acquired prior to fiscal year 1981. Donated capital assets are recorded at acquisition value on the dates of donation.

General governmental capital acquisition and construction charges for land; buildings and improvements; improvements other than buildings; machinery and equipment; construction in progress; and infrastructure (e.g., storm drainage, streets and bridges) are reflected as capital outlay expenditures in the governmental funds' Statement of Revenues, Expenditures and Changes in Fund Balances. Capitalizable expenditures are reported also as capital assets in the Governmental Activities column of the government-wide Statement of Net Position.

During any construction phase, capitalizable outlays are reported as construction-in-progress on the government-wide Statement of Net Position. There is no depreciation expense for this class of capital assets.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Useful Life
Buildings and improvements	Range from 20 to 45 years
Improvements other than buildings	Range from 15 to 30 years
Machinery	Range from 5 to 20 years
Equipment	Range from 3 to 15 years
Storm drainage	Range from 40 to 50 years
Streets	Range from 6 to 50 years
Bridges	Range from 20 to 50 years

b. Enterprise Funds – Property, Plant, and Equipment

Property, plant, and equipment owned by the enterprise funds are stated at cost or estimated historical cost if original cost is not available. Construction costs (excluding land and equipment) are added to work-in-progress until the assets are substantially complete. At that point, the project is moved to the appropriate asset category and depreciation begins. Land and equipment costs are added to the capital asset base in the year of acquisition. Depreciation on equipment begins in the year of acquisition.

Depreciation is computed using the straight-line method on the composite asset base over the estimated useful lives as follows:

Assets	Useful Life
Airport System Facilities	Range from 3 to 50 years
Convention & Entertainment Facilities	Range from 5 to 45 years
Combined Utility Facilities	Range from 5 to 50 years

Water rights and conveyance system rights of the Combined Utility are not amortized. Garage rights of the Convention and Entertainment are amortized over the life of the related contracts. These rights are reported as capital assets. Land use and navigation easements of the Airport System are not amortized.

c. Leases

Leases are defined by the general government as the right to use an underlying asset. As a lessee, the City recognizes a lease liability and an intangible right-of-use lease asset at the beginning of a lease that have a term exceeding one year and the cumulative future payments on the contract exceeding \$100,000, unless the lease is considered a short-term lease or transfers ownership of the underlying asset. Right-of-use lease assets are measured based on the net present value of the future lease payments at inception, using the incremental borrowing rate or the weighted average cost of capital, which approximate the incremental borrowing rate. Re-measurement of a lease liability occurs when there is a change in the lease term and/or other changes that are likely to have a significant impact on the lease liability.

The City calculates the amortization of the discount on the lease liability and report that amount as outflows of resources. Payments are allocated first to accrued interest liability and then to the lease liability. Variable lease payments based on the usage of the underlying assets are not included in the lease liability calculations but are recognized as outflows of resources in the period in which the obligation was incurred.

As a lessor, the City recognizes a lease receivable. The lease receivable is measured using the net present value of future lease payments to be received for the lease term and deferred inflows of resources at the beginning of the lease term. Periodic amortization of the discount on the receivable are reported as interest revenue for that period. Deferred inflows of resources are recognized as inflows on a straight-line basis over the term of the lease. This recognition does not apply to short-term leases, contracts that transfer ownership, leases of assets that are investments, or certain regulated leases. Any initial direct costs are reported as an outflow of resources for that period. Re-measurement of lease receivables occur when there are modifications, including but not limited to changes in the contract price, lease term, and adding or removing an underlying asset to the lease agreements. In the case of a partial or full lease termination, the carrying value of the lease receivable and the related deferred inflows of resources will be reduced and will include a gain or loss for the difference.

For lease contracts that are short-term, the City recognizes short-term lease payments as inflows of resources (revenues) based on the payment provisions of the lease contracts. Liabilities are only recognized if payments are received in advance, and receivables are only recognized if payments are received subsequent to the reporting period.

Leases between the Airport System and air carriers and other aeronautical users are subject to external laws and regulations. As permitted by GASB Statement No. 87, paragraph 43, the Airport System recognizes inflows of resources based on the payment provisions of the lease contract, and the accounting policies described above do not apply to regulated leases. Additional disclosures regarding regulated leases are in Note 9.

d. Subscription Based Information Technology Arrangements

SBITA assets are defined by the general government as the right to use vendor-provided information technology ("IT") with access to vendors' IT assets. The City recognizes a subscription liability and an intangible subscription right-of-use asset at the beginning of the subscription term that have a term exceeding one year and the cumulative future payments on the contract exceed \$100,000 unless the contract is considered a short-term SBITA. A SBITA asset is measured based on the net present value of subscription payments expected to be made during the subscription term, using the incremental borrowing rate, and is amortized using the straight-line method over the shorter of the subscription term or the useful life of the underlying IT assets. Re-measurement of a subscription liability occurs when there is a change in the contract term and/or other changes that are likely to have a significant impact on the subscription liability.

4. Bond Premiums, Discounts and Issuance Costs

Bond premiums, discounts and prepaid bond insurance costs are amortized over the term of the bonds using the effective interest or straight-line amortization method. Gains or losses on refundings are reported as deferred inflows or outflows, respectively, and are amortized over the term of the lesser of the new bonds or the refunded bonds using the straight-line or effective interest method. Debt issuance costs are recognized as expenditures/expenses when incurred.

F. Deferred Outflows and Inflows of Resources

In accordance with GASB Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position," the City reports deferred outflows of resources in the Statement of Net Position in a separate section following assets. Similarly, the City reports deferred inflows of resources in the Statement of Net Position in a separate section following liabilities.

The components of the deferred outflows of resources and deferred inflows of resources are as follows (in thousands):

	Governmental Activities	Business Type Activities			Total
		Houston Airport System	Convention & Entertainment	Combined Utility System	
Deferred Outflows of Resources:					
Municipal pension activities	\$ 11,829	\$ 11,588	\$ 51	\$ 2,957	\$ 26,425
Police pension activities	165,016	—	—	—	165,016
Firefighter's pension activities	216,283	—	—	—	216,283
Deferred outflows of resources for pensions	393,128	11,588	51	2,957	407,724
OPEB activities - long-term disability	2,317	232	—	407	2,956
OPEB activities - health benefits	270,666	9,276	1,261	22,747	303,950
Unamortized refunding costs/SWAP liability	29,601	17,495	143	242,474	289,713
Total Deferred Outflows of Resources	\$ 695,712	\$ 38,591	\$ 1,455	\$ 268,585	\$ 1,004,343
Deferred Inflows of Resources:					
Municipal pension activities	\$ (175,933)	\$ (23,861)	\$ (653)	\$ (43,532)	\$ (243,979)
Police pension activities	(188,856)	—	—	—	(188,856)
Firefighter's pension activities	(292,739)	—	—	—	(292,739)
Deferred inflows of resources for pensions	(657,528)	(23,861)	(653)	(43,532)	(725,574)
OPEB activities - health benefits	(777,893)	(26,446)	(3,675)	(65,483)	(873,497)
OPEB activities - long term disability	(3,577)	(358)	—	(629)	(4,564)
Property tax and other unavailable revenues	(65,091)	—	—	—	(65,091)
Unamortized cost on refunded debt	—	—	(7,839)	—	(7,839)
Leases (as lessor)	(34,626)	(227,753)	(5,059)	—	(267,438)
Total Deferred Inflows of Resources	\$ (1,538,715)	\$ (278,418)	\$ (17,226)	\$ (109,644)	\$ (1,944,003)

In the fund financial statements, revenues that have met the eligibility criteria for future years except for the time availability have been reclassified from liabilities to deferred inflows of resources. In the government-wide financial statements, the unamortized loss on refunding has been reclassified from long-term debt to deferred outflows of resources.

G. Fund Balances and Budget Stabilization Arrangements**1. Fund Balance Descriptions**

- a. **Non-spendable** - indicates that portion of a fund balance that cannot be spent because they are either:
 - 1) not in spendable form (such as inventories and prepaid amounts); or
 - 2) legally or contractually required to be maintained intact.
- b. **Restricted** - indicates that portion of a fund balance for which external constraints are placed on the use of resources that are either:
 - 1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or
 - 2) imposed by law through constitutional provisions or enabling legislation.
- c. **Committed** – refers to that portion of a fund balance that can only be used for specific purposes pursuant to constraints imposed by ordinance of the City Council. The same formal action is required to remove the limitation.
- d. **Assigned** – indicates that portion of a fund balance that are intended to be used for specific purposes but do not meet the criteria to be classified as restricted or committed. City Council may assign fund balance through approval of budget appropriations.
- e. **Unassigned** – residual net resources as a positive balance within the general fund only.

Assigned:												
Capital construction	-	-	140,315	-	-	-	-	-	-	-	-	140,315
Total assigned	-	-	140,315	-	-	-	-	-	-	-	-	140,315
Unassigned:	509,924	-	-	-	-	-	-	-	-	-	-	509,924
Total	\$ 550,255	\$ 172,048	\$ 165,333	\$ 191,463	\$ 6,625	\$ 33,337	\$ 321,026	\$ 143,223	\$ 7,436	\$ 131,403	\$ 636,425	\$ 1,722,149

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the City's policy is to first apply the expense toward restricted resources and then toward unrestricted resources. In governmental funds, the City's policy is to first apply the expenditure toward restricted fund balance and then to other, less-restrictive classifications - committed and then assigned fund balances before using unassigned fund balances when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications are available.

3. Budget Stabilization Arrangements

In accordance with the City's Financial Policies (as amended by Ordinance 2018-390) (the "Financial Policies"), the City created a Budget Stabilization Fund in an amount not less than the greater of (a) 1% of Adopted Budget General Fund expenditures (excluding debt service payments and transfers for pay-as-you-go ("PAYGO") capital expenditures) or (b) \$20 million, which may be used in accordance with the definition of the fund. Transfers necessary to meet this requirement shall occur by July 31 of each fiscal year. Any proposed use of the Budget Stabilization Fund shall be accompanied by a justification to City Council and shall require approval from two-thirds of the City Council present and voting. When an event causing use of the Budget Stabilization Fund has concluded, the City shall allocate sufficient funds by the end of the second subsequent full fiscal year to restore the Budget Stabilization Fund to at least minimum levels. Also, in accordance with the Financial Policies, the City will maintain fund balance as additional insurance against disasters, emergencies, and economic instability. The City's desired minimum unassigned fund balance for any given fiscal year is 7.5% of General Fund expenditures for that fiscal year, excluding debt service payments and transfers for PAYGO capital expenditures. These amounts are included in the General Fund's unassigned fund balance.

On February 24, 2021, Ordinance 2021-144 was passed authorizing the appropriation of \$10 million from the Budget Stabilization Fund to the Disaster Recovery Fund for immediate relief during Winter Storm Uri. During fiscal year 2022, a total of \$5 million was replenished to the Budget Stabilization Fund from Disaster Recovery Fund (Fund 5303) for Winter Storm Uri. The remaining \$5 million from Winter Storm Uri has been fully replenished in fiscal year 2023.

H. Transfers, Revenues, Expenditures and Expenses

1. Interfund Transactions

A description of the four basic types of interfund transactions and the related accounting policies are as follows:

- a. Loans are reported as receivables and payables as appropriate.
- b. Charges for services are reported as revenues for the performing fund and expenditures of the requesting fund.
- c. Transactions to reimburse a fund for expenditures made by it for the benefit of another fund are recorded as expenditures or expenses in the reimbursing fund and as a reduction of expenditures or expenses in the fund that is reimbursed.
- d. All other interfund transfers, such as legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended, are transfers. Transfers are classified as other financing sources or uses (or transfers for proprietary funds) in the Statement of Revenues, Expenditures (or expenses) and Changes in Fund Balances (or net position). For reporting at the government-wide financial statements level, the City eliminates direct interfund charges for services and the balances created within the same fund categories (i.e. governmental vs. business-type). This process ensures neither business-type nor governmental funds report direct internal revenue/expenditures. Interfund activity and balances resulting from transactions with the fiduciary funds are not eliminated. Instead, the fiduciary interfund activity and balances are treated as transactions with an external party. Interfund activity with discretely presented component units are handled in the same manner as fiduciary interfund activity balances. However, the discretely presented balances are reported on a separate line of the Statement of Net Position. The Internal Service Fund reports any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost reimbursement basis.

2. Compensated Absences

Full-time civilian employees of the City are eligible for 10 days of vacation leave per year. After four years, employees receive 15 days. The amount of vacation time gradually increases after that, reaching a maximum of 25 days per year after 18 years of service. Employees may accumulate up to 105 days of vacation leave or 60 days for employees with a computation date after December 31, 1999. However, upon termination or retirement, full-time civilian employees are paid a maximum of 90 days of unused vacation leave or 45 days for employees with a computation date after December 31, 1999, which is based on the average rate of pay during the employee's highest 60 days of employment. Part-time and temporary employees are not eligible for vacation or sick leave benefits. Firefighters accrue 15 to 22 days of vacation annually, based upon years of service. Police officers participate in a paid time off program that combines sick and vacation leave. Officers enter the program upon completion of their probationary period and then accrue 15 to 40 days annually, based upon years of service.

The majority of full-time civilian employees and firefighters are covered under the compensatory sick leave plan and receive a leave time allowance of 2.5 hours per payroll period (bi-weekly) up to a maximum of 65 hours per year. Employees who use fewer than 65 hours during the benefit year will receive a match equal to the number of hours accrued minus the number of hours used. Once an employee's balance has reached 1,040 hours, no additional match for unused hours is given. Upon termination, all unused sick leave time allowances in excess of 1,040 hours are payable to the employee at the employee's rate of pay at the time of termination. An employee who uses less than 16 hours of sick leave in any benefit year receives up to three days of personal leave in the next year. Personal leave may be used in place of vacation leave but will not accumulate and will not be paid out at termination. The balance of full-time civilian employees and firefighters are covered by a sick plan that was closed to employees in 1985. That plan accumulates a cash value for every sick day not used, which is payable upon resignation or retirement.

The City also has adopted policies of compensatory time to comply with the Fair Labor Standards Act as amended in 1985. These policies provide limits to the accumulation of compensatory time and provide that time not used will be paid in cash. Only classified employees and civilian employees in certain pay grades routinely earn compensatory time.

To the extent that the City's obligation is attributable to employees' services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means, vacation and compensatory time benefits are accrued as liabilities (on a government-wide basis) as employees earn the benefits. On a fund financial statement basis for the governmental funds, only matured liabilities and liabilities expected to be liquidated with current assets are accrued. Sick leave benefits are accrued as a liability as employees earn the benefits, but only to the extent that it is probable that the City will compensate the employees through cash payments conditioned on the employees' termination or retirement. A compensated absence is liquidated in the fund where the employee's salary was paid at termination, with all compensated absences liquidated in the general fund that are associated with employees' salaries paid from governmental funds.

I. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

J. Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements. This reclassification had no effect on previously reported change in net position.

K. Internal Service Funds

The Internal Service Funds' purpose is to measure the full cost of providing health benefits and long-term disability to City employees and dependents for the purpose of fully recovering that cost through fees or charges – employee payroll deductions and expenditures in departmental personnel budgets. Any profit (loss) during a period is credited (charged) back to participating programs. All assets and liabilities are reported in the governmental activities column of the Statement of Net Position.

L. New Accounting Pronouncements

In May 2019, the GASB issued Statement No. 91, "Conduit Debt Obligations". This statement is to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with 1) commitments extended by issuers, 2) arrangements associated with conduit debt obligations, and 3) related note disclosures. The requirements of this statement are effective for reporting periods beginning after December 15, 2021. The City has implemented GASB Statement No. 91 in this annual report.

In March 2020, the GASB issued Statement No. 93, "Replacement of Interbank Offered Rates". This Statement establishes accounting and financial reporting requirements related to the replacement of IBORs in hedging derivative instruments and leases. It also identifies appropriate benchmark interest rates for hedging derivative instruments. The requirements of this statement are effective for reporting periods ending after December 31, 2021. The City has identified two applicable hedging derivative instruments that utilize a London Interbank Offered Rate ("LIBOR"), and the agreements were amended as of July 2023 as the LIBOR tenor ceased to be published.

In March 2020, the GASB issued Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements". This Statement establishes standards of accounting and financial reporting for Public-Public Partnerships and Availability Payment Arrangements for governments. The requirements of this statement are effective for reporting periods beginning after June 15, 2022. The City has implemented GASB Statement No. 94 in this annual report. There was no material impact to the basic financial statements upon adoption.

In May 2020, the GASB issued Statement No. 96, "Subscription-Based Information Technology Arrangements". This Statement provides guidance on accounting and financial reporting for subscription-based information technology arrangements ("SBITA") for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The City has implemented GASB Statement No. 96 in this annual report.

In April 2022, the GASB issued Statement No. 99, "Omnibus 2022". The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. Certain provisions of Statement No. 99 are effective upon issuance, while other provisions of Statement No. 99 are effective for fiscal years beginning after June 15, 2022, or 2023. The City has implemented the provisions of Statement No. 99 that are effective upon issuance in fiscal year ended June 30, 2022, and the City has implemented the provisions of GASB Statement No. 99 that are effective as of July 1, 2022, in this annual report. The City is evaluating the effect of other provisions not yet effective.

In June 2022, the GASB issued Statement No. 100, "Accounting Changes and Error Corrections – Amendment of GASB Statement No. 62". This Statement prescribes the accounting and financial reporting for (1) each type of accounting change, and (2) error corrections. This Statement requires that (a) changes in accounting principles and error corrections be reported retroactively by restating prior period, (b) changes to or within the financial reporting entity be reported by adjusting beginning balances of the current period, and (c) changes in accounting estimates be reported prospectively by recognizing the change in the current period. The requirements of this statement are effective for financial statement for reporting period beginning after June 15, 2023. The City is evaluating the impact that adoption of this Statement will have on its financial statements.

In June 2022, the GASB issued Statement No. 101, "Compensated Absences". This Statement clarifies the recognition and measurement guidance for compensated absences. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. The requirements of this Statement are effective for financial statements for reporting periods beginning after December 15, 2023. The City is evaluating the impact that adoption of this Statement will have on its financial statements.

The remainder of this page is intentionally left blank

NOTE 2: RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**A. Explanation of Certain Differences between the Governmental Fund Balance Sheet and the Statement of Net Position**

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period, and accordingly, are not reported as fund liabilities in the governmental fund statements. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported in the government-wide statement of net position. Also, during the year, the City had proceeds from its general obligation commercial paper. The amount borrowed is received in the governmental funds and increases fund balance.

Balances at June 30, 2023, were (in thousands):

Deferred outflows of resources	\$ 695,712
Deferred inflows of resources	(1,538,715)
	<u>\$ (843,003)</u>
Internal Service Fund total assets	\$ 95,891
Internal Service Fund liabilities	(46,673)
Allocation to Proprietary Funds	(3,583)
	<u>\$ 45,635</u>
Bonds and notes payable	\$ (3,386,844)
Arbitrage liability	(23)
Accrued interest	(41,939)
Compensated absences not reported at the fund level	(568,734)
Claims and judgments not reported at the fund level	(162,608)
Net pension liability	(1,875,807)
Lease liability	(69,758)
Subscription liability	(56,660)
Other post employment benefits obligation	(1,578,305)
	<u>\$ (7,740,678)</u>

B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

Proceeds from issuance of debt are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the government-wide statement of net position, however, issuing debt increases long-term liabilities and does not affect the government-wide statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the government-wide statement of net position.

Balances at June 30, 2023, were (in thousands):

Debt issued:	
Commercial paper	\$ 148,700
	<u>148,700</u>
Repayments:	
Payment to escrow	(270,805)
	<u>(270,805)</u>
Amortization of:	
Premium	(16,745)
Net adjustment	(16,745)
Total	<u>\$ (138,850)</u>

Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the government-wide statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. The adjustment is a combination of the following items (in thousands):

Property taxes earned but not available	\$ 43,051
Ambulance fees earned but not available	82,980
Fines and forfeits earned but not available	2,855
Other (primarily storm water drainage fees) earned but not available	40,655
Total revenue not reported at fund level	<u>\$ 169,541</u>
Property taxes for prior periods	\$ (42,565)
Ambulance fees for prior periods	(64,416)
Fines and forfeits for prior periods	(2,838)
Other (primarily storm water drainage fees) earned but not available	(28,033)
Total revenue for prior period transactions	<u>\$ (137,852)</u>
Accrued interest	\$ 2,751
Municipal Employees pension	104,767
Police Officers' pension	134,670
Firefighters' pension	77,027
Claims and judgments	(1,728)
Compensated absences	(39,709)
Other post employment benefits	48,487
Arbitrage liability	(23)
Total differences in accrued expenses	<u>\$ 326,242</u>

NOTE 3: DEPOSITS AND INVESTMENTS**A. Deposits**

The City's Investment Policy (the "Investment Policy") requires all deposits to be fully collateralized with depository insurance; obligations of the United States of America or its agencies and instrumentalities (excluding those mortgage-backed securities prohibited by the Public Funds Investment Act); or in any other manner and amount provided by law for the deposits of the City. At all times, such securities should have a fair value of not less than 102% of the amount of the deposits collateralized thereby, adjusted by the amount of applicable depository insurance. There were no deposits with custodial risk at year end.

Cash, Cash Equivalents, and Investments

The City maintains a cash and investment pool (the "Pool") that is available for use by all funds. On the Statement of Net Position, "Cash and Cash Equivalents" includes each fund's portion of the Pool and each fund's non-pooled cash; "Investments" represents each fund's portion of the Pool and non-pooled investment. Participation in the Pool is limited to normal operating activities of the fund and other funds that are restricted because of statutory or contractual considerations but does not include cash on hand (petty cash and change funds), which is included in non-pooled cash. Earnings from the Pool are allocated to the funds based upon each fund's average daily balance in the Pool. A summary of balances in pooled and non-pooled accounts as of June 30, 2023, is as follows (in thousands):

	Pooled Cash and Cash Equivalents	Pooled Investments	Total Pooled Cash and Investments	Non-Pooled Cash	Non-Pooled Investments	Total Cash and Investments
Governmental Funds:						
General	\$ 143,327	\$ 438,257	\$ 581,584	\$ 90	\$ —	\$ 581,674

Fiduciary:						
Private-purpose Trust	—	—	—	336	6,710	7,046
Total	<u>\$ 1,161,277</u>	<u>\$ 4,678,154</u>	<u>\$ 5,839,431</u>	<u>\$ 54,288</u>	<u>\$ 14,323</u>	<u>\$ 5,908,042</u>

B. Investments and Risk Disclosures

The following describes the investment positions of the City's operating funds as of June 30, 2023. The City held \$5.7 billion in high grade, fixed income investments in three separate investment pools, each serving a specific purpose as described below. All investments are governed by state law and the Investment Policy, which dictates the following objectives, in order of priority:

1. Safety
2. Liquidity
3. Return on Investment
4. Legal Requirements

These funds are managed internally by City personnel. The investments listed in this section do not include the City's three pension funds, which are described separately in Note 3.C.

Fair Value Measurements

To the extent available, the City's investments are recorded at fair value. GASB Statement No. 72, "Fair Value Measurement and Application," defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Inputs are used in applying the various valuation techniques and take into account the assumptions that market participants use to make valuation decisions. Inputs may include price information, credit data, interest and yield curve data, and other factors specific to the financial instrument. Observable inputs reflect market data obtained from independent sources. In contrast, unobservable inputs reflect the entity's assumptions about how market participants would value the financial instrument. Valuation techniques should maximize the use of observable inputs to the extent available.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used for financial instruments measured at fair value on a recurring basis.

The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the City has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

1. General Investment Pool

The General Investment Pool consists of all working capital, construction, and debt service funds not subject to yield restriction under Internal Revenue Service ("IRS") arbitrage regulations. The funds of the City's enterprise systems, as well as the general fund, are commingled in this pool to gain operational efficiency. Approximately 98.7% of the City's total pooled investable funds are held in this portfolio.

Investments As Of June 30, 2023	Credit Quality Ratings ⁽¹⁾⁽²⁾	Fair Value (in thousands)	WAM* (years)
U.S. Treasury Securities	AAA	\$ 2,824,414	1.5
Agency Discount Notes	AAA	247,277	0.2

*Weighted Average Maturity ("WAM") is computed using average life of mortgage-backed securities and effective maturity of callable securities.

⁽¹⁾ Fitch Ratings Inc. has assigned an AAA credit quality rating and S1 volatility rating to the City's General Investment Pool. The AAA signifies the highest level of credit protection, and the S1 rating signifies volatility consistent with a portfolio of government securities maturing from one to three years.

⁽²⁾ All credit ratings shown are either actual Fitch ratings, or if a Fitch credit rating is not available, the equivalent Fitch credit rating is shown to represent the actual Moody's or Standard & Poor's credit rating.

⁽³⁾ These are securities issued by government sponsored enterprises, including the Federal Home Loan Bank, Federal Home Loan Mortgage Corporation ("Freddie Mac"), Federal National Mortgage Corporation ("Fannie Mae"), and Federal Farm Credit Bank ("Farmer Mac").

⁽⁴⁾ These securities were issued by the Federal Home Loan Bank, Freddie Mac, Fannie Mae, and Farmer Mac. While these individual issues were not rated, senior lien debt of these entities is rated AAA.

Risk Disclosures:

Interest Rate Risk. In order to ensure the ability of the City to meet obligations and to minimize potential fair value losses arising from rising interest rate environments, the Investment Policy limits this investment portfolio's WAM to 2.5 years maximum. As of June 30, 2023, this investment portfolio's WAM was 1.343 years. Modified duration was 1.305 years. Modified duration can be used as a multiplier to determine the percent change in price of a bond portfolio for every 100 basis point (1%) change in yield. For example, a portfolio with a modified duration of 1.305 years would experience approximately a 1.305% change in market price for every 100 basis point change in yield.

Credit Risk – Investments. The U.S. Treasury Securities and Housing and Urban Development Securities are direct obligations of the United States government. Government Agency Securities and Mortgage-backed Securities were issued by government sponsored enterprises but are not direct obligations of the U.S. Government. The Money Market Mutual Funds were rated AAA. Municipal Securities were rated at least AA. The Investment Policy limits investments in the General Investment Pool to high quality securities with maximum maturity of five years for all U.S. Treasuries, Government Agency, and Municipal Securities except for Government Mortgaged-backed Securities which can have maximum maturity of 15 years. Certificates of Deposit maximum maturity is two years, and Commercial Paper maximum maturity is 365 days. The General Investment Pool maximum sector exposure are as follow: U.S. Treasuries up to 100%; Government Agency Securities up to 85% with maximum exposure to any one Agency issuer is 35%; Mortgage- backed Securities up to 20%; Municipal Securities up to 20% with a rating not less than A by a nationally recognized rating agency; Money Market Mutual Funds up to 25%; Certificates of Deposit up to 15%; and Commercial Paper up to 20%.

Credit Risk – Securities Lending. Under its securities lending program, the City receives 102% of fair value for its U.S. Treasury securities at the time the repurchase agreements are signed, and agreements are limited to 90 days by policy and have been less than 35 days by practice. At June 30, 2023, there were no securities lending agreements outstanding.

Custodial Credit Risk. The custodial credit risk for investments is the risk that in the event of failure of a counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are not registered in the name of the City, and are held by either the counterparty or the counterparty's trust department or agent but not in the City's name. As of June 30, 2023, none of the City's investments in the General Investment Pool were subject to custodial credit risk.

Foreign Currency Risk. Foreign currency risk is the risk that investments will change value due to changes in exchange rates between time of purchase and reporting or sale. The City's General Investment Pool investments are limited by policy to U.S. dollar denominated investments and not subject to this risk.

A summary of the General Investment Pool's investment under the requirements of the fair value hierarchy follows:

	Fair Value Measurements Using (in thousands)			
	June 30, 2023	Quoted prices (Level 1)	Other significant observable inputs (Level 2)	Significant observable inputs (Level 3)

MMF - TexSTAR Cash Reserves	268,853			
Total investments measured at the net asset value (NAV)	268,853			
Total investments measured at fair value and NAV	\$ 5,669,854			

TexSTAR uses the fair value method to determine the Net Asset Value ("NAV") per unit of the Cash Reserve Fund. Under the fair value method, fixed income securities are valued each day by independent or affiliated commercial pricing services or third-party broker-dealers. In instances where sufficient market activity exists, the pricing services or broker-dealers may utilize a market-based approach through which quotes from market makers are used to determine fair value. In instances where sufficient market activity may not exist or is limited, the broker-dealers or pricing services also utilize proprietary valuation models which may consider market transactions in comparable securities and the various relationships between securities in determining value and/or market characteristics such as benchmark yield curves, option adjusted spreads, credit spreads, estimated default rates, coupon-rates, anticipated timing of principal repayments, underlying collateral, and other unique security features in order to estimate the relevant cash flows, which are then discounted to calculate the fair values.

TexSTAR Cash Reserve Fund has not been classified in the fair value hierarchy table. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Position. For additional information regarding TexSTAR, visit: https://www.texstar.org/GetDocument.aspx?FileName=TexSTAR_InformationStatement.pdf.

2. Tax Exempt Pool

The Tax Exempt Pool consists of those funds which are subject to yield restrictions and arbitrage regulation under the 1986 Tax Reform Act. All these investments were held in a tax-exempt municipal bonds and cash.

Investments as of June 30, 2023	Credit Quality Ratings	Fair Value (in thousands)	WAM (Days)
Municipal Securities	AAA Long Term	\$ 7,890	226

Risk Disclosures:

Interest Rate Risk. In order to ensure the ability of the City to meet obligations and to minimize potential fair value losses arising from rising interest rate environments, the Investment Policy limits this pool's WAM to 1.5 years. As of June 30, 2023, the pool's dollar-weighted average maturity was 226 days or 0.619 years. Modified duration was 0.829 years.

Credit Risk. The Investment Policy limits investments in the Tax-Exempt Pool to high quality securities with a maturity of less than three years and a minimum rating of AA.

Custodial Credit Risk. As of June 30, 2023, none of the City's investments in this pool were subject to custodial credit risk.

Foreign Currency Risk. The City's investments in this pool are all U.S. dollar denominated and not subject to foreign currency risk.

A summary of the Tax Exempt Pool's investment under the requirements of the fair value hierarchy follows:

Fair Value Measurements Using (in thousands)				
	June 30, 2023	Quoted prices (Level 1)	Other significant observable inputs (Level 2)	Significant observable inputs (Level 3)
Investments by fair value level				
Municipal Securities	\$ 7,890	\$ —	\$ 7,890	\$ —
Total Investment by Fair Value Level	\$ 7,890	\$ —	\$ 7,890	\$ —

3. Housing Department Section 108 Pool

The Housing Department Pool was created to comply with rules of the U.S. Department of Housing and Urban Development ("HUD"), which requires that funds provided by HUD must be held in a separate custodial account for HUD's benefit. The primary goal of this fund is to meet the cash flow and investment needs of the City's Housing and Community Development HUD program.

Investments as of June 30, 2023	Credit Quality Ratings	Fair Value (in thousands)	WAM (Days)
U.S. Treasury Bills	F1+	\$ 7,963	35

Risk Disclosures:

Interest Rate Risk. In order to ensure the ability of the City to meet obligations and to minimize potential fair value losses arising from rising interest rate environments, the Investment Policy limits this investment portfolio's dollar-weighted average stated maturity to six months maximum. As of June 30, 2023, this investment portfolio's dollar-weighted average stated maturity was 35 days. Modified duration was 0.096 years.

Credit Risk. HUD requires that investment of these funds must be in direct obligations of the U.S. Government.

Custodial Credit Risk. As of June 30, 2023, none of the City's investments in this pool were subject to custodial credit risk.

Foreign Currency Risk. The City's investments in this pool are all U.S. dollar denominated and not subject to foreign currency risk.

A summary of the Housing Department Section 108 Pool's investment under the requirements of the fair value hierarchy follows:

Fair Value Measurements Using (in thousands)				
	June 30, 2023	Quoted prices (Level 1)	Other significant observable inputs (Level 2)	Significant observable inputs (Level 3)
Investments by fair value level				
Debt Securities				
U.S. Treasury Bills	\$ 7,963	\$ 7,963	\$ —	\$ —

4. Miscellaneous Money Market Accounts

In addition to its investment pools, the City maintains several money market accounts for various purposes. These accounts are considered cash and cash equivalents on the Statements of Cash Flows because they maintain a weighted average maturity of less than three months. These accounts are described below:

Investments as of June 30, 2023	Credit Quality Ratings	Fair Value (in thousands)	WAM (Days)
BlackRock Institutional Temporary Liquidity Fund: Balances held for Consolidated Rental Car Facility operations, improvements, debt service	AAA	\$ 53,749	24
First American US Treasury Money Market Fund: Balances held for commercial paper debt service	AAA	105	32
Total Miscellaneous Money Market Funds		<u>\$ 53,854</u>	

Risk Disclosures:

Interest Rate Risk. These money market funds maintain an average maturity of less than 60 days and seek to maintain a stable net asset value of \$1.00. These funds are redeemable on a same day notice.

Credit Risk. These funds hold only U.S. dollar denominated securities that present minimal credit risk. They have the highest credit ratings.

Custodial Credit Risk. As of June 30, 2023, none of the City's investments in this pool were subject to custodial credit risk.

Foreign Currency Risk. The City's investments in this pool are all U.S. dollar denominated and not subject to foreign currency risk.

A summary of the investment under the fair value hierarchy follows (in thousands):

	June 30, 2023
Investments measured at net asset value (NAV)	
BlackRock FedFund-Institutional	\$ 53,749
First American U.S. Treasury MMF	105
Total investment measured at net asset value (NAV)	<u>\$ 53,854</u>

5. Houston Foundation

The Houston Foundation (the "Foundation") consists of the Hill Trust. It is reported as a private-purpose trust fund (a fiduciary fund); its investments are laid out below. The Hill Trust was established by will in the early 1900's as a general purpose charity trust. The trust is administered by an outside trustee. The City's Administration and Regulatory Affairs Department provides administrative support to the foundation and its board.

Investments as of June 30, 2023	Credit Quality Ratings	Fair Value (in thousands)	WAM (years)
Cash and Equivalents	Not Rated	\$ 73	N/A
Fixed Income	Not Rated	1,293	9.0
Equities	N/A	5,241	N/A
Tangible Assets	N/A	103	N/A
Total Assets		<u>\$ 6,710</u>	

Risk Disclosures:

Interest Rate Risk. The cash and equivalents portions of this portfolio are invested in money market mutual funds. The fixed income portfolio is invested in bond mutual funds with WAM equal to or less than 8.14 years. The WAM for the fixed income portfolio is 9.0 years, and the weighted average duration is 5.4 years.

Credit Risk. The allocations of assets among various asset classes are set by the Foundation's board. The fixed income portfolio consists of unrated mutual funds. The equities portion of this portfolio is invested in common stocks.

Custodial Credit Risk. As of June 30, 2023, all of the Foundation's holdings were subject to custodial credit risk.

Foreign Currency Risk. Foreign currency risk is the risk that investments will change value due to changes in exchange rates between times of purchase, reporting or sale. The equity investments of the Foundation are subject to this risk to the extent that the Foundation held have not fully hedged their foreign currency dealings.

A summary of the Foundation's investment under the requirements of the fair value hierarchy follows:

Fair Value Measurements Using (in thousands)				
	June 30, 2023	Quoted prices (Level 1)	Other significant observable inputs (Level 2)	Significant observable inputs (Level 3)
Investments by fair value level

Total Investment by Fair Value Level	<u>\$ 6,710</u>	<u>\$ 6,257</u>	<u>\$ 350</u>	<u>\$ 103</u>

C. Pension Systems Investments and Risk Disclosures**1. Houston Municipal Employees Pension System (“HMEPS”)**

HMEPS’ Board, in accordance with the power and authority conferred under the Texas Statutes, engaged State Street Bank and Trust Company (the “Custodian”) as custodian of the assets of HMEPS, and in said capacity, the Custodian is a fiduciary of HMEPS’ assets with respect to its discretionary duties including safekeeping of HMEPS’ assets.

The Custodian has established and maintains a custodial account to hold, or direct its agents to hold, for the account of HMEPS all assets that the Board shall from time-to-time deposit with the Custodian. All rights, title, and interest in and to HMEPS’ assets shall at all times be vested in HMEPS.

HMEPS’ Board shall manage the investment program of HMEPS in compliance with all applicable Federal and State statutes and regulations concerning the investment of pension assets. HMEPS’ Board has adopted an investment policy statement to set forth the factors involved in the management of investment assets for HMEPS and which is made part of every investment management agreement. Representative guidelines by type of investment are disclosed in HMEPS’ separately issued financial statements.

Fair Value Disclosures:

A summary of the fair value hierarchy is as follows (in thousands):

June 30, 2023	Fair Value Measurements Using			
	Total	Level 1	Level 2	Level 3
Investments by fair value level				
Global equity and inflation linked	\$ 926,537	\$ 920,850	\$ —	\$ 5,687
Fixed income	190,254	—	185,675	4,579

Real estate limited partnerships	272,375	172,048	N/A	N/A
	<u>\$ 2,797,721</u>	<u>\$ 887,797</u>		

Risk Disclosures:

Custodial Credit Risk. Investment securities are exposed to custodial risk if the securities are uninsured, are not registered in the name of HMEPS and are held by either the counterparty or the counterparty's trust department or agent but not in the HMEPS' name.

Concentration Risk. The allocation of assets among various asset classes is set by HMEPS' Board. For major asset classes (e.g., global equity, fixed income, real estate, private equity, inflation-linked, absolute return and private credit), HMEPS will further diversify by employing managers with demonstrated skills in complementary areas of expertise. The managers retained will utilize varied investment approaches, but when combined will exhibit characteristics that are similar, but not identical, to the asset class proxy utilized in the strategic asset allocation plan. The investment portfolio as of June 30, 2023, contained no concentration of investments in any one entity that represented 5% or more of the total investment portfolio, excluding passive index funds.

Interest Rate Risk. Duration is the measure of a bond prices sensitivity to a 100-basis point change in interest rates. The duration of HMEPS' debt securities is managed by the active managers.

At June 30, 2023, the following table shows HMEPS' investments by type, fair value and the effective duration rate (in thousands):

	Effective Duration	Domestic	International	Total
Collateralized mortgage obligations	3.2	\$ 2,788	\$ —	\$ 2,788
Convertible bonds	—	487	—	487
Corporate bonds	5.8	74,820	10,364	85,185
GNMA/FNMA/FHLMC	5.4	24,683	—	24,683
Municipal	8.7	201	—	201
Government issues	8.2	23,673	2,436	26,109
Misc. receivable (auto/credit card)	1.2	3,119	—	3,119
Other ABS	N/A	614	—	614
Bank loan	N/A	46,776	293	47,068
Commingled funds	N/A	38,295	—	38,295
Total		<u>\$ 215,456</u>	<u>\$ 13,093</u>	<u>\$ 228,549</u>

Credit Risk. The quality ratings of investments in fixed income securities are set forth in HMEPS' Investment Policy Statement. All issues purchased by investment grade fixed income managers must be of investment grade quality, unless expressly authorized by HMEPS' Board. Fixed income investments should emphasize high-quality and reasonable diversification.

The quality ratings of investments in fixed income securities as described by nationally recognized statistical rating organizations at June 30, 2023, are as follows (in thousands):

Quality Rating	Fair Value	Percentage
AAA	\$ 2,309	1.01 %
AA	2,046	0.90 %
A	6,583	2.88 %
BBB	19,620	8.58 %
BB	10,006	4.38 %
B	24,091	10.54 %
CCC	24,694	10.80 %
Commingled funds	33,724	14.76 %
Not available	105,476	46.15 %
Total	<u>\$ 228,549</u>	<u>100.00 %</u>

Securities Lending. HMEPS is authorized under its Investment Policy Statement to participate in a securities lending program through its agent and Custodian. Under this program, for an agreed-upon fee, HMEPS-owned investment are loaned to a borrowing financial institution. During the year ended June 30, 2023, the Custodian lent HMEPS securities and received cash and securities issued or guaranteed by the U.S. government as collateral. The following table show the fair value measurement of the securities lent, cash collateral received, and the reinvested cash collateral at June 30, 2023 (in thousands):

	Fair Value of Underlying Securities Lent	Cash Collateral Received	Collateral Reinvestment Value
Domestic bond and equities	\$ 59,773	\$ 60,706	\$ 60,706
International equities	323	323	323
Total	<u>\$ 60,096</u>	<u>\$ 61,029</u>	<u>\$ 61,029</u>

Foreign Currency Risk. International securities investment managers are expected to maintain diversified portfolios by sector and by issuer using HMEPS' Investment Policy.

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit.

HMEPS' has an indirect exposure to foreign currency fluctuation as of June 30, 2023, as follows (in thousands):

	Fair Value
Australian Dollar	\$ 8,879
Brazilian Real	5,408
Canadian Dollar	30,363
Czech Koruna	191
Danish Krone	7,288
Euro Currency	143,101
Hong Kong Dollar	14,513
Hungarian Forint	335

South African Rand	995
South Korean Won	3,095
Swedish Krona	13,438
Swiss Franc	17,602
Turkish Lira	795
Total	<u>\$ 351,128</u>

2. Houston Firefighters' Relief and Retirement Fund ("HFRRF")

Statutes of the State of Texas authorize HFRRF to invest surplus funds in the manner provided by the Government Code, Title 8, Subtitle A, Subchapter C. This subchapter provides for the investment of surplus assets as described in section 802.202 of the Government Code. HFRRF's Board seeks to produce a return on investments that is based on prudent and reasonable investment risk and the cash flow requirements of HFRRF given prevailing economic and capital market conditions. While HFRRF's Board recognizes the importance of the preservation of capital, it also adheres to the theory of capital market pricing which maintains that varying degrees of investment risk should be rewarded with incremental returns. Consequently, prudent risk-taking is justifiable.

HFRRF's Board manages the investment program of HFRRF in compliance with all applicable Federal and State statutes and regulations concerning the investment of pension assets. HFRRF has adopted an Investment Policy Statement to set forth the factors involved in the management of investment assets for HFRRF. HFRRF's Board has established an Investment Committee to act on all matters related to investments.

Fair Value Disclosures:

A summary of the fair value hierarchy is as follows (in thousands):

June 30, 2023	Fair Value Measurements Using

Total investments measured at the NAV	4,273,874			
Total investments	\$ 4,984,632			

Alternative Investments – As of June 30, 2023, HFRRF was invested in various private equity funds as detailed in the table below (in thousands).

Investment Type	Fair Value
<i>Private Equity</i>	
Buyout partnerships/funds	\$ 731,364
Co-investments	240,891
Digital assets	12,457
Distressed debt partnerships/funds	83,310
Direct investments	1,075
Infrastructure partnerships/funds	101,104
Mixed strategies	74,878
Secondary partnerships/funds	190,950
Special situations investments	79,677
Venture capital partnerships/funds	168,509
Total	\$ 1,684,214

Risk Disclosures:

Custodial Credit Risk. Portions of HFRRF's investments are classified as security investments. A security is a transferable financial instrument that evidences ownership or creditorship. Investments in companies, partnerships and real estate are investments that are evidenced by contracts rather than securities. At June 30, 2023, HFRRF's security investments (excluding cash) that were not subject to custodial credit risk were the investments not registered on an exchange.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributable to the magnitude of HFRRF's investment in a single issue. The allocation of assets among various asset classes is set by HFRRF's Board with the objective of optimizing the investment return of HFRRF within framework of acceptable risk and diversification. For major asset classes (e.g., domestic equities, international equities, fixed income, hedge funds, private equity and real estate), HFRRF further diversifies by employing investment managers who implement the strategies selected by the Investment Committee (IC). In addition, Exchange Traded Funds (ETFs) may be used.

Significant risk management asset allocation guidelines and actual allocations are disclosed in HFRRF's separately issued financial statements.

Interest Rate Risk. HFRRF invests in fixed income securities including, but not limited to, investments representing instruments with an obligated fixed rate of interest including public and private debentures, mortgages, investments in life insurance general accounts and guaranteed investment contracts, with maturities greater than one year, and options/futures. Instruments may have an investment grade or non-investment grade rating. Purchases and sales, investment selection and implementation of investment strategies are delegated to the discretion of external investment managers, subject to compliance with its investment management agreement and HFRRF's Investment Policy.

HFRRF does not have a formal investment policy that limits investment maturities as a means of managing its exposure to potential fair value losses arising from future changes in interest rates, but rather mandates such limits within the external manager's investment management agreement.

At June 30, 2023, the following table shows HFRRF's investments by type, with weighted average maturity and fair value (amounts in thousands):

	Weighted Average Maturity	Fair Value
Commingled Funds	4.4	\$ 319,103
Non-U.S. Convertibles	0.8	2,719
Non-U.S. Corporate	3.1	69,168
Taxable Municipals	20.8	1,325
U.S. Agencies	29.0	32,660
U.S. Collateralized	10.4	536
U.S. Convertibles	0.6	414
U.S. Corporate	2.7	404,956
U.S. Treasuries	14.4	40,183
Total Fixed Income Securities		<u>\$ 871,063</u>

Credit Risk. HFRRF does not have a formal policy limiting investment credit risk, but rather mandates such limits within the investment management agreement of each manager as may be appropriate to strategy.

HFRRF's exposure to investment credit risk in fixed income securities (which includes government securities, corporate bonds, convertibles) as of June 30, 2023, is as follows (in thousands):

Quality Rating	Fair Value	Percentage of Holdings
AGY	\$ 32,660	0.66%

Total credit risk debt securities*	<u>\$ 830,880</u>	<u>16.65%</u>

*Obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and therefore, have not been included in this disclosure.

Foreign Currency Risk. HFRRF's policy allows external investment managers to decide what action to take regarding their respective portfolio's foreign currency exposures subject to compliance with its respective investment management agreement of each manager as may be appropriate to strategy.

HFRRF's exposure to foreign currency fluctuation as of June 30, 2023, is as follows (in thousands):

	Fair Value	Percentage of Holdings
Euro Currency Unit	\$ 218,849	4.39 %
Total securities subject to foreign currency risk	<u>\$ 218,849</u>	<u>4.39 %</u>

3. Houston Police Officers' Pension System ("HPOPS")

Statutes of the State of Texas authorize HPOPS to invest surplus funds in a manner provided by the Government Code, Title 8, Subtitle A, Subchapter C. These statutes stipulate that the governing body of HPOPS is responsible for the management and administration of the funds of HPOPS and shall determine the procedure it finds most efficient and beneficial for the management of the reserve fund of HPOPS. The governing body may directly manage the investments of HPOPS or may choose and contract for professional investment management services.

Fair Value Disclosures:

A summary of the fair value hierarchy is as follows (in thousands):

June 30, 2023	Fair Value Measurements Using

Risk Disclosures:

Custodial Credit Risk for Deposits and Investments. As of June 30, 2023, HPOPS had a balance of \$152 thousand on deposit at a financial institution. The Federal Deposit Insurance Corporation ("FDIC") covered cash on deposit up to \$250 thousand at this financial institution. Therefore, as of June 30, 2023, none of the \$152 thousand of HPOPS' bank balance was exposed to custodial credit risk. At June 30, 2023, HPOPS did not have any other investments with other financial institutions subject to custodial credit risk.

Credit Risk. As of June 30, 2023, HPOPS' fixed income assets that are not U.S. government guaranteed represented 86.4% of HPOPS' fixed income plus short term investments portfolio. The tables below and on the following page summarize the HPOPS' fixed income portfolio and short term investment exposure levels and credit qualities as of June 30, 2023 (in thousands).

Average Credit Quality and Exposure Levels of Non-U.S. Government Guaranteed Securities

Fixed Income Security Type	Fair Value	Percent of Total	Weighted Average Credit Quality

HPOPS' investment policy allows investment managers full discretion in adopting investment strategies to deal with these risks. Specific guidelines governing risks and concentrations and portfolio quality are established in contracts with each manager and are monitored by HPOPS' staff.

Concentration of Credit Risk. HPOPS' investment policy does not provide for specific limits on investment in any one single security, as this is governed by contracts with individual managers. As of June 30, 2023, HPOPS did not have any single investment in any one organization which represented greater than 5% of plan net position.

Interest Rate Risk. HPOPS' investment policy delegates the management of interest rate risk to the individual investment managers in accordance with each manager's designated strategy. Investment managers have full discretion in adopting investment strategies to deal with these risks, and all of HPOPS' fixed income portfolios are managed in accordance with guidelines that are specific as to the degree of interest rate risk taken. The reporting of modified duration as of June 30, 2023, found in the tables below quantify the interest rate risk of HPOPS' fixed income and short-term investments.

Modified Duration by Security Type

Security Type	Fair Value	Percent of Total	Weighted Average Modified Duration (years)

Foreign Currency Risk. The books and records of HPOPS are maintained in U.S. dollars. Foreign currencies and non-U.S. dollar denominated investments are translated into U.S. dollars at the bid prices of such currencies against U.S. dollars at each balance sheet date. Realized and unrealized gains and losses on investments which result from changes in foreign currency exchange rates have been included in the net appreciation in fair value of investments. Net realized foreign currency gains and losses resulting from changes in exchange rates include foreign currency gains and losses between trade date and settlement date of investment securities transactions, foreign currency transactions and the difference between the amounts of interest and dividends recorded on the books of HPOPS and the amount actually received. International and global managers have the permission to use currency forward and futures contracts to hedge currency against the U.S. dollar.

Currency forwards and futures used for the purpose of hedging currency shall be subject to the following guidelines: 1) net forward and futures sales of any currency may not exceed total fair value of the assets denominated in that currency (this limitation does not apply to global fixed income managers and currency overlay managers if provided for in their contracts), 2) foreign currency exchange contracts with a maturity exceeding 12 months are not permitted, 3) currency options may be entered into in lieu of or in conjunction with forwards sales of currencies with the same limitations as currency forwards and futures. Cross hedging, the selling of one foreign currency for another foreign currency, which may or may not be the base currency of the portfolio, is permitted.

HPOPS' exposure to foreign currency risk in U.S. dollars as of June 30, 2023, is shown in the table below (in thousands).

Foreign Currency Exposure by Asset Class

Securities Lending Program. HPOPS' Board of Trustees' policies permit HPOPS to lend securities (domestic and international equities and fixed income) to securities firms on a temporary basis through its custodian bank. HPOPS receives fees for all loans and retains the right to all interest and dividend payments while the securities are on loan. Cash, letters of credit or various government securities having fair values equal to or exceeding 102% and 105% of the value of the loaned securities for domestic and international securities, respectively, collateralize all security loan agreements. Whenever the fair value of the securities on loan changes, the borrower must adjust the collateral accordingly. HPOPS' bank pools all collateral received from securities lending transactions and invests any cash collateral. HPOPS holds an undivided share of the collateral provided by the borrowers of the securities. At June 30, 2023, the weighted-average maturity of the collateral pool was 13 days. The relationship between the maturities of the collateral pool and HPOPS' loans has not been determined. Cash collateral invested in the custodian bank collateral pool at June 30, 2023, was \$158.5 million. HPOPS also had non-cash collateral at June 30, 2023, of \$22.1 million consisting of U.S. Treasury securities and letters of credit. HPOPS cannot sell or pledge the collateral unless the borrower fails to return the securities borrowed.

The fair value of securities on loan at June 30, 2023, was \$177.1 million. At June 30, 2023, HPOPS had no credit risk exposure to borrowers because the amounts HPOPS owes the borrowers, \$180.5 million, exceeds the amounts the borrowers owe HPOPS, \$177.1 million.

Derivatives. HPOPS' investment managers may invest in derivatives if permitted by the guidelines established by HPOPS' Board of Trustees. HPOPS' staff monitors guidelines and compliance. From time to time HPOPS' investment managers will invest in equity, fixed income and short term futures contracts along with foreign currency forward contracts. No derivatives are purchased with borrowed funds. These investments derivatives are primarily classified in Level 1 of the fair value hierarchy as futures contracts are price base on market quotes.

The fair value balance of posted margin and collateral and notional amounts of derivative instruments outstanding at June 30, 2023, classified by type, and the changes in fair value of such derivative instruments for the year then ended is shown in the table below (in thousands).

	Fair Value				
	Changes in Fair Value	Posted Margin	Collateral Held at Custodian Bank	Collateral Held at Broker	Notional Value
Equity Futures	\$ 119,219	\$ 28,059	\$ 994,455	\$ —	\$ 1,007,486
Currency Futures	6,205	(911)	106,117	—	(214,518)
Currency Forwards	2,957	—	—	—	(33,238)
Commodity Futures	(503)	—	65	—	—
Equity Options	(11,744)	—	38,250	—	897,250

Futures are used to obtain market exposure and to take advantage of mis-pricing opportunities. When a position is taken in a futures contract, a margin is posted and the contract is subject to daily mark-to-market adjustments. For options, no margin is posted. Instead, options are purchased at a premium, which is either forfeited or recouped, depending on the gain or loss on the contract. Foreign currency contracts are used to hedge against the currency risk in the System's investments in foreign equity and fixed income securities. To liquidate the contract prior to expiration an offsetting position in the same contract must be taken.

These derivative instruments are subject to the following risks:

- **Custodial Credit Risk** – Consistent with HPOPS' investment policy, HPOPS' derivative instruments were held by the counterparty that was acting as HPOPS' agent.
- **Credit Risk** – HPOPS' investment policy allows investment managers full discretion in adopting investment strategies to deal with this risk. HPOPS' investment managers seek to control this risk through counterparty credit evaluations and approvals, counterparty credit limits, and exposure monitoring procedures.

- *Interest Rate Risk* – Interest rate risk is the risk that changes in interest rates will adversely affect the fair values of the HPOPS' derivative instruments.
- *Foreign Currency Risk* – HPOPS' exposure to foreign currency risk derives from its positions in foreign currency denominated international equity and fixed income investments as outlined in the following schedule. HPOPS has a currency hedging program in place that hedges fifty percent of the exposure to the Euro, Pound, and Yen exposure in these investment programs. This hedging program is disclosed elsewhere in this footnote.

HPOPS' derivative instruments exposure to foreign currency risk in U.S. dollars as of June 30, 2023, is shown in the table below (in thousands).

Notes Receivable

The City entered into various loan agreements with various third parties related to Hurricane Harvey projects and its affordable housing and community development programs. Of the \$104.9 million recorded in notes receivable, approximately \$100.7 million is not expected to be collected within one year. Included in the \$104.9 million is a loans receivable totaling \$34.9 million for loans to Houston First Corporation, a component unit of the City, associated with Hurricane Harvey project costs. These loans have maturity date from 2024 to 2030, with interest rates ranging from 1.30% to 2.134%. The remaining \$70.0 million note and loans receivables are related to Grants Fund and Special Revenue Funds totaling \$184.3 million, net of allowance for doubtful accounts of \$114.3 million. Those loans have maturity date from 2025 to 2059, with interest rates ranging from 0% to 7%. The \$70.0 million of notes and loans have corresponding deferred inflows of resources balance recorded within the governmental funds.

In addition, the City entered into loan agreements with various third parties and organizations for the purpose of financing housing and redevelopment projects. These projects include a mix of affordable housing and market rate units. Principal and interest of these loans may be forgiven by the City upon meeting certain requirements, such as affordability period of the housing project. Payments on these loans may be required to be made from the project's surplus cash flows. Due to the uncertainty of payment, the City is not recognizing a receivable in the financial statements and will record all payments as revenue at the time of receipt. The total amount of these notes outstanding is \$595.1 million as of June 30, 2023.

NOTE 5: PROPERTY TAX

The City's annual ad valorem property tax is required to be levied by October 1, or as soon thereafter as practicable, on the assessed value listed as of the prior January 1 for all real and certain personal property. Taxes are due on January 31 of the year following the year of the levy. A tax lien attaches to all property on January 1 of each year to secure the payment of all taxes, penalties and interest that is ultimately imposed on the property. The tax rate established by the City Council for the 2022 tax year was \$0.533640 per \$100 of assessed value with \$0.385127 for operations and \$0.148513 for debt service.

In 2004, Houston voters approved Proposition 1, which limits increases in ad valorem tax revenues collected by the City. In each fiscal year, Proposition 1 limits increases in ad valorem tax revenues collected by the City by limiting such annual ad valorem collections to the lesser of (i) the actual ad valorem tax revenues collected in the preceding fiscal year, plus 4.5%, or (ii) actual ad valorem revenues received in fiscal year 2005, adjusted for the cumulative combined rates of inflation and the City's population growth (as determined by the U.S. Census). The Texas Property Tax Code (the "Code"), with certain exceptions, exempts intangible personal property, household goods, and family-owned automobiles from taxation. In addition, the Code provides for countywide appraisal districts.

Tax Increment Reinvestment Zones

The City has 27 active Tax Increment Reinvestment Zones ("TIRZs") as of June 30, 2023.

TIRZ #	TIRZ Name	TIRZ #	TIRZ Name	TIRZ #	TIRZ Name
1	St. George Place	11	Greenspoint	20	Southwest
2	Midtown	12	City Park	21	Near Northside
3	Main St/Market Square	13	Old Sixth Ward	22	Leland Woods
5	Memorial Heights	14	Fourth Ward	23	Harrisburg
6	**Eastside	15	East Downtown	24	**Greater Houston
7	OST/Almeda	16	Uptown	25	Hiram Clarke/Fort Bend County
8	Gulfgate	17	Memorial City	26	Sunnyside
9	South Post Oak	18	Fifth Ward	27	Montrose
10	Lake Houston	19	Upper Kirby	28	**Medical Center Area

The TIRZs were created pursuant to Chapter 311 of the Code to aid in financing the development or redevelopment of unproductive, underdeveloped or blighted areas.

The City, through its agreement with each individual TIRZ, contributes tax increment dollars to finance capital projects such as streets, drainage, water, parks and public facilities, streetscape (sidewalks, lighting, landscaping), parking facilities, and affordable housing to enhance economic growth. The amount of tax increment contributed by the City is based on the incremental taxable value generated by each individual TIRZ above its taxable value at creation.

Each TIRZ is required by Chapter 311 of the Code to create a project plan and reinvestment zone financing plan that reflects the TIRZ's goals and priorities for its term. The plan is subsequently approved by City Council for implementation. Annually, the City Council reviews and approves each TIRZ budget for implementation of capital projects.

During the year ended June 30, 2023, the City contributed \$186 million in tax increments to the City-led TIRZs. A summary of taxing units that participate in various TIRZs through interlocal agreements are listed below. These taxing units contributed a combined \$50.3 million to the TIRZs.

City of Houston TIRZ Interlocal Participation Agreements	
Taxing Jurisdiction	TIRZ Number
Harris County ^{1,2}	1, 2, 3, 5, 7, 8, 9, 10, 11, 13, 15, 24
Harris County Flood Control District ¹	3
Harris County Hospital District ¹	3
Harris County Port of Houston Authority ¹	3
Houston Community College District	2
Houston Independent School District	1, 2, 3, 4, 5, 7, 8, 9, 12, 13, 14, 15, 16, 18, 19
Humble Independent School District	10
Aldine and Spring Independent School Districts, Lone Star College District	11

¹ Included in the Harris County Interlocal Agreement

² Harris County no longer participates in TIRZ No. 1, 2, 5, 7, 8, 9, 10, 11 and 13

³ Harris County Hospital District and Harris County Flood Control no longer participates in TIRZ No. 2 and 3

⁴ Houston Independent School District no longer participates in TIRZ No. 5 and 19

** These TIRZs are not a legally separated entity from the City or a component unit of the City. Activities of this TIRZ are accounted for in the City's special revenue funds.

Tax Abatements

The City also enters into property tax abatement agreements with local businesses under the state Property Redevelopment and Tax Abatement Act, Chapter 312. These have investment and employment requirements that must be met to have a portion of their property taxes abated. The total amount abated was \$1,219,042, to eight businesses.

Company Name	Abatement Project Information	Investment Requirement	City's Abatement Commitments	Amount Eligible for Abatement (HCAD Value)	Tax abatement for Tax Year 2022 (COH tax rate - 0.53364%)
BVSW Garden Oaks	To renovate, develop, upgrade, and expand the existing 136 units of deteriorated, vacant apartment property into 166 units of upscale multi-family housing accommodations.	\$ 8,000,000	City agrees to grant the Owner a fifty percent (50%) of the ad valorem taxes levied on the Improvements in the Zone.	\$ 10,000,305	\$ 53,366
Brittmoore Founders District	Development of a multi-use facility including office space, co-working space, retail, regional community events center, 250+ units of multi-family apartments, athletic facilities and park amenities; the use of the facility is to create a 32 acre mixed-use entrepreneurial hub for startups, technology firms, and other high-growth businesses.	\$ 150,000,000	City agrees to grant the Owner a ninety percent (90%) of the ad valorem taxes levied on the Improvements in the Zone.	\$ 17,747,389	\$ 94,707
UPS	The facility will be approximately 400,000 to 500,000 square feet comprising package handling and distribution center and ancillary office facilities.	\$ 59,000,000	City agrees to grant the Owner a seventy-five percent (75%) of the ad valorem taxes levied on the Improvements in the Zone.	\$ 79,225,520	\$ 422,779
CyrusOne	CyrusOne will invest a minimum of \$10,000,000.00 in constructing and installing the improvements in the Zone by Effective date of Abatement and \$90,000,000.00 by the end of 2017. If, at the end of 2017, CyrusOne has not invested at least 70% of the \$90,000,000 investment commitment or \$63,000,000 the City will reduce the tax abatement percentage to 40%.	\$ 90,000,000	City agrees to grant CyrusOne a fifty percent (50%) abatement of the ad valorem taxes on the Improvements in the Zone during the abatement period. The tax abatement will apply to the appraised value up to \$72,000,000.00 and is capped at that value. Any value in excess of \$72,000,000.00 will not be subject to the abatement.	\$ 24,384,379	\$ 130,125

(Continued)

Halliburton	The Owner represents that it will complete construction of the Facility on the Real Property no later than December 31, 2015. The Owner represents and warrants that it will invest a minimum of \$145,000,000 in designing, construction, and installing the Improvements by the Effective Date of Abatement.	\$ 145,000,000	City agrees to grant Halliburton a fifty percent (50%) abatement of the ad valorem taxes on the Improvements in the Zone during the abatement period. Maximum abatement amount is \$1,500,000.	\$ 13,651,094	\$ 72,848
Kroger	The Company represents and warrants that it will invest approx. \$24M related to an upgrade of the Facility and approx. \$17M related to the expansion of the Facility in the Zone by the Effective Date of Abatement.	\$ 10,097,947	City agrees to grant Kroger a Seventy five percent (75%) abatement of the ad valorem taxes on the Improvements in the Zone during the abatement period. The real property improvements subjects to tax abatement are \$17M.	\$ 11,880,133	\$ 63,397
Cullen SH Apartments	The Company represents and warrants that it will invest a minimum of \$22M in acquiring the Real Property and constructing and installing the Improvements in the Zone by the Effective Date of Abatement.	\$ 22,000,000	City agrees to grant Cullen SH Apartments 90% abatement of the improvements.	\$ 24,855,444	\$ 132,639
Converge Midstream Services (formerly Fairway Energy)	The Company represents and warrants that it will invest a minimum of \$218M in capital improvements to the Facility by the Effective Date of Abatement and has provided a pro forma of projected annual Net Operating Income.	\$ 218,000,000	City agrees to grant a 50% abatement of the ad valorem taxes on the Improvements in the Zone during the Abatement Period.	\$ 46,694,522	\$ 249,181

See Note 9 for further details and disclosures on leases, including regulated leases, and subscription-based information technology arrangements, as well as lease and subscription liabilities.

NOTE 7: CHANGE IN ACCOUNTING PRINCIPLE

Effective July 1, 2022, the City adopted GASBS No. 96, "Subscription-Based Information Technology Arrangements", using the facts and circumstances that existed at the beginning of the period of implementation. There was no impact to the City's beginning net position upon adoption of the new accounting standard.

At July 1, 2022, the City recognized the following balances for subscription right-of-use assets and subscription liabilities (in thousands):

Governmental activities		
Subscription right-of-use assets	\$	38,587
Subscription liability		38,587
Business-type activities		
Subscription right-of-use assets	\$	5,254
Subscription liability		5,254

C. Terms of Long-Term Debt

1. Public Improvement Bonds

The City has issued Public Improvement Bonds on numerous occasions. The bonds are payable from ad valorem tax revenues. The proceeds are used for street and bridge improvements, traffic signals, municipal buildings, parks, and other capital improvements. Interest is payable semi-annually; principal is payable in various amounts annually through March 1, 2043. At June 30, 2023, the public improvement bonds have an outstanding balance totaling \$1,481.1 million.

2. Pension Obligation Bonds

The City has issued several series of General Obligation Taxable Pension Bonds. The proceeds were used to reduce the unfunded actuarial accrued liability of the Houston Municipal Employees Pension System and the Houston Police Officers Pension System. Interest is payable semi-annually, and principal is payable in varying amounts through 2047. Although these obligations have an ad valorem tax pledge, a portion of the liabilities is recorded in the enterprise funds because the liabilities are directly related and expected to be paid from those funds based on percentages of payroll. At June 30, 2023, the pension obligation bonds have an outstanding balance totaling \$1,438.4 million.

3. General Obligation Commercial Paper

The City currently multiple General Obligation Commercial Paper Programs ("GO Commercial Paper") with total authorization of \$975 million. The programs' current issuance capacity is \$925 million, of which \$625 million is supported by credit facilities: GO Commercial Paper, \$200 million Series E Program, \$200 million Series G Program, \$100 million Series H-2 Program, \$125 million Series J. The GO Commercial Paper may be issued for a period not to exceed 270 days and will bear interest based upon the specified term of the GO Commercial Paper, but not to exceed 10%. Principal on the GO Commercial Paper is payable from ad valorem tax revenue, the issuance of new commercial paper, bond proceeds and other funds provided under credit lines. Interest is payable from ad valorem tax revenue collected by the City. Proceeds from the GO Commercial Paper are used to finance various capital projects and public improvements for authorized City purposes. Upon maturity, the GO Commercial Paper will be remarketed by the commercial paper dealers or extinguished with long-term debt. At June 30, 2023, \$275.4 million (par amt) of GO Commercial Paper was outstanding. The City's outstanding notes from credit agreements contain a two – three-year repayment provision in the event of default or material adverse change.

The City has two unused programs, \$200 million Series K-1 and \$100 million Series K-2 that are Forward Bond Purchase Agreements.

During fiscal year 2023, the average interest rate for the outstanding GO Commercial Paper was 1.166%. This does not include Series K-1, K-2 and G-1 which was established mainly for appropriation purposes; therefore, there were no draws during fiscal year 2023. The average fees related to Series K-1 was 0.13%, K-2 is 0.13% and G-1 is 0.22% without any notes outstanding during fiscal year 2022. The Credit Agreements expire on the following dates: Series E-1 on July 10, 2026, Series E-2 on April 22, 2025, Series G-1 on April 11, 2024, Series G-2 on November 19, 2025, Series H-2 on November 8, 2023, Series J on May 20, 2023, Series K-1 on February 2, 2026, and Series K-2 on February 2, 2026.

4. Certificates of Obligation

Since 1988, the City has issued Certificates of Obligation each year to provide for the purchase of equipment utilized in general City operations including, without limitation, police vehicles, maintenance vehicles and equipment, computer equipment, and costs associated with demolishing dangerous structures. Each year the City is obligated to levy, assess, and collect ad valorem taxes sufficient to pay principal and interest on the certificates payable semi-annually until maturity. At June 30, 2023, the certificates of obligation bonds have an outstanding balance totaling \$11.0 million.

5. HUD Section 108 Loan

The City has borrowed money from the United States Department of Housing and Urban Development ("HUD") and loaned it to the Houston Business Development Initiative ("HBDI") and three hotels in the downtown business district. HBDI in turn makes small business loans to under-served areas of the community. The City has pledged only certain grant revenues and its receipts from the loans to repay HUD.

6. Airport System Revenue Bonds

At June 30, 2023, the Airport System has no senior lien revenue bonds outstanding. Any bonds issued on the senior lien would require net revenues, as defined by the Master Bond Ordinance for the Airport System, totaling 125% of the debt service requirements for such fiscal year. The Airport System has issued subordinate lien revenue bonds which are paid solely from a lien on the Airport System's net revenues, which must total 110% of the debt service requirements for subordinate lien revenue bonds for such fiscal year. At June 30, 2023, the subordinate lien revenue bonds have an outstanding balance totaling \$2,056.0 million with a final maturity in 2048.

7. Airport System Inferior Lien Contract

On October 21, 2015, the City authorized up to \$450.0 million in Airport System Inferior Lien Revenue Bonds, in one or more series. On November 5, 2015 the City authorized execution of a forward delivery purchase agreement with the Royal Bank of Canada ("RBC"), to expire February 5, 2027, for the issuance of \$450.0 million in Inferior Lien Revenue Bonds. City Council must reauthorize this liquidity arrangement annually. For the year ended June 30, 2023, no Inferior Lien Revenue Bonds have been issued and outstanding.

8. Airport System Special Facility Bonds

The Airport System Special Facilities Taxable Revenue Bonds, (CRCF Project), Series 2001, original par value \$130.3 million, financed the design and construction of a common car customer service building, a parking structure, maintenance, storage and administrative facilities for each car rental company lessee, a common bus fleet and maintenance facility, and related infrastructure at Intercontinental. The City holds legal title to the completed CRCF, as it was constructed on airport property, but the facility is operated and maintained by IAH RACS, LLC, a limited liability company formed by various car rental companies. The bonds are payable from Customer Facility Charges ("CFC") collected by the car rental companies from their customers and remitted to a trustee for payment of debt service and other uses allowable by a trust indenture. As of June 30, 2023, the daily usage charge per customer is set at \$4.00. The trust indenture determines when and how the City is responsible for changing the rate, which under the Bond covenants must be set to provide a debt service coverage ratio of at least 125%. The bonds are limited special obligations of the City, payable solely from and secured by pledged CFC. There is no pledge of car rental company revenues or any general revenue of the City.

At June 30, 2023, special facilities revenue and refunding bonds (CRCF) outstanding totaled \$52.5 million.

9. Airport System Commercial Paper Notes

During the year ended June 30, 2013, the City authorized up to \$150 million in Airport System Commercial Paper Notes ("Airport Commercial Paper"). On November 20, 2013, the City re-authorized and amended the Series A and B Airport Commercial Paper. A new direct pay letter of credit was issued on December 18, 2013, covering \$150 million in face value of Series A and B Airport Commercial Paper, plus \$11.1 million in respect of 270 days accrued interest computed at 10%. This letter of credit expired on December 16, 2016 and was replaced by a letter of credit for the same amount issued by Sumitomo Mitsui Banking Corporation ("SMBC"), which expires on December 15, 2025. Any advances made under the letter of credit and not repaid within 90 days will be converted to term loans payable in twenty quarterly installments, subject to the greater of several options for interest rates. The maximum interest rate permitted under the ordinance is 15%.

On April 1, 2020, the agreement with SMBC was expanded to \$350 million, plus interest. At June 30, 2023, the outstanding balance of Commercial Paper was \$350.0 million, with an average interest rate of 3.679%, and there was no available limit for additional borrowings.

10. Airport System Direct Borrowing Loans

During the year ended June 30, 2020, the Airport System began to borrow and incur interest on two loans obtained from the State Energy Conservation Office ("SECO"), a segment within the State of Texas Comptroller. The SECO program affords low-rate 2% loans for borrowers approved to build or acquire energy efficient equipment or other assets.

The Airport System entered into two reimbursement loan agreements with SECO, each with a SECO-approved list of projects, which have been completed during fiscal year 2022, and the initial repayment to commenced shortly thereafter.

Loan No. 1 has a maximum amount of \$8.0 million is to be repaid over approximately ten years. Loan No. 2 has a maximum amount of \$7.5 million, and similar terms to Loan No. 1. The replacement projects were completed during the fiscal year ended June 30, 2022. At June 30, 2023, the Airport System has a total of \$14.8 million loan balance outstanding.

There are no unique default provisions, payment provisions, or collateral pledged to either of these loans. In the event of default, such as failing to make timely payments in accordance with the agreements, the outstanding balances, including accrued interest, may become due immediately. As of June 30, 2023, the Airport System is in compliance with terms and conditions of these loan agreements.

11. Convention and Entertainment Facilities Bonds

These bonds are special limited obligations of the City that are paid from a lien on the pledged receipts of the Hotel Occupancy Tax ("HOT"), and revenues collected from certain City-owned parking facilities. The pledged HOT receipts are equal to 5.65% of the cost of substantially all hotel room rentals in the City, plus related penalties and interest for delinquent payments. As long as any of the Senior Lien Bonds remain outstanding, the City is required to levy HOT at a rate not less than 7%. The City currently levies HOT at the rate of 7%. Final maturity of the bonds is September 1, 2044.

Flexible Rate Notes from direct borrowings are paid from a lien on the pledged receipts of the HOT, as of June 30, 2023, Flexible Rate Notes totaled \$20 million and contain a provision that in an event of default, outstanding amounts are due immediately.

The City has obtained a debt service reserve insurance policy for the Senior Lien Hotel Occupancy Tax Revenue Bonds. The surety policy expires upon final maturity of the outstanding Bonds that are due through September 1, 2033.

12. Water and Sewer System Junior Lien Revenue Bonds

The City's Water and Sewer System Junior Lien Revenue Bonds are all bonds outstanding under the Previous Ordinance, prior to the Master Ordinance for the Combined Utility (the "Utility Master Ordinance"). The Utility Master Ordinance defines "Previous Ordinance" as, collectively, the City's ordinances that authorized the issuance of outstanding "Previous Ordinance Bonds." "Previous Ordinance Bonds" are defined as, on any date, all of the City's Water and Sewer System Junior Lien Revenue Bonds that are outstanding under the Previous Ordinance.

On September 3, 2003, City Council authorized creation of the Combined Utility, which currently consist of the City's Water and Sewer System. On June 10, 2004, as part of the restructuring to the new Combined Utility, the City refunded a substantial portion of its outstanding junior lien bonds and reissued bonds as Combined Utility System bonds. The only Previous Ordinance Bonds that are currently outstanding are the Series 1998A Bonds. Debt service payments on remaining Water and Sewer Junior Lien Revenue Bonds ("WS Junior Lien Bonds") will be made after payment of operating expenses and prior to any "other" debt service payments on the Combined Utility System bonds. The final maturity date for the remaining WS Junior Lien Bonds is December 1, 2028. No additional WS Junior Lien Bonds may be issued. As of June 30, 2023, the current principal balance outstanding is \$34.3 million.

13. Combined Utility System First Lien Revenue Bonds

On April 21, 2024, the City council approved the Utility Master Ordinance for issuance of City of Houston, Combined Utility System Revenue obligations. The Utility Master Ordinance includes covenants and agreements relating to the operation and management of the Combined Utility. The Combined Utility's First Lien Revenue Bonds are special obligations of the City, payable from and secured by a lien on Net Revenues of the Combined Utility, after payment of all required payments, including and not limited to, those defined as maintenance and operation expenses under Previous Ordinance, and debt service on WS Junior Lien Bonds. Therefore, the lien on Net Revenues securing these bonds is subordinate to the lien securing WS Junior Lien Bonds. So long as any Bonds remain outstanding, the Utility Master Ordinance requires the Combined Utility to generate Net Revenues in each fiscal year at least equal to the greater of 120% of the combined debt service on all Previous Ordinance and First Lien Revenue Bonds outstanding, or 110% of the combined debt service on all Previous Ordinance, First Lien and Second Lien Revenue Bonds outstanding, in such fiscal year. At June 30, 2023, the Combined Utility System First Lien Revenue Bonds have an outstanding balance totaling \$6,057.4 million.

In June 2004, the Combined Utility issued First Lien Revenue Refunding Bonds, Series 2004B and 2004C (Taxable) bonds as auction rate securities, each consisting of various sub-series, i.e., Series 2004B-1 through 2004B-6 and Series 2004C-1 through 2004C-5. In 2008, as a result of the credit/liquidity crisis, the series 2004B bonds were converted to variable rate demand bonds. In 2012, the Series 2004B-1 bonds were refunded by SIFMA Index Floating Rate Bonds, consisting of \$125 million and \$100 million of First Lien Revenue Refunding Bonds, Series 2012A and 2012B, respectively. In June 2018, the Series 2012B bonds were remarketed as variable rate demand bonds ("VRDB") and continue to remain outstanding as VRDBs. In 2020, the Series 2012A were remarketed as VRDBs and continue to remain outstanding as such. The remaining Series 2004B-2, B-3, B-4, B-5, and B-6 remain outstanding as VRDBs.

With respect to the Series 2004C bonds, in May 2008, these bonds were refunded by \$249.08 million of First Lien Revenue Refunding Bonds, Series 2008A and \$205.3 million first Lien Revenue Refunding Bonds, Series 2008D Bonds (Taxable), both of which were issued as adjustable rate bonds in multiple subseries. The Series 2008D-1, D-2, and D-3 sub-series have since been refunded with fixed rate bonds. In 2010, the Series 2008A-1 and A-2 bonds were refunded by the Series 2010B bonds, which were direct purchase adjustable rate bonds issued in the Indexed Floating Rate mode, with a mandatory tender date ("MDT") of March 22, 2013. In 2012, the Series 2010B bonds were refunded by the Series 2012C bonds, which were publicly offered Securities Industry and Financial Markets Association ("SIFMA") Index Floating Rate Bonds with a MDT of August 1, 2016. In 2016, the Series 2012C bonds were refunded by the Series 2016C bonds, which were a direct purchase by Bank of America Merrill Lynch. The 2016C bonds were issued as adjustable rate bonds with a MDT of August 1, 2019. In 2018, as a direct result of tax reform and the decrease in the corporate tax rate, the 2016C were refunded by the Series 2018C bonds, which as of July 30, 2023 are VRDBs.

Combined Utility System Direct Placement First Lien Revenue Bonds

On December 21, 2021, the City issued \$130.0 million of Combined Utility System, First Lien Revenue Bonds, Series 2021C, as a direct placement with Texas Water Development Board ("TWDB"), with coupons ranging from 0.600% – 1.610%. Proceeds will be used to pay for projects, a debt service reserve fund and to pay costs of issuance of the bonds. The bonds mature in varying amounts from 2023 to 2041.

There are no unique default provisions, payment provisions, or collateral pledged to either of these loans. In the event of default, such as failing to make timely payments in accordance with the agreements, the outstanding balances, including accrued interest, may become due immediately. As of June 30, 2023, the Combined Utility is in compliance with terms and conditions of these loan agreements.

14. Combined Utility System SWAP Agreements

In accordance with the GASB Statement No. 72, "Fair Value Measurement and Application", the City has determined the swap liability to be a level 2 measurement. The fair value below includes consideration of the City's credit rating and an adjustment for nonperformance risk. The City has determined that the swaps are effective hedges and the change in the fair values are reported as deferred inflows/outflows on the statement of net position (GASB 53, para.75). A summary of the total fair value is as follows:

Notional Amount	Change in Fair Value	Fair Value at June 30, 2023
\$ 902,400,000	\$ (49,610,475)	\$ 123,043,331
	(Deferred Outflows)	(SWAP Liability)

General Terms:

Objective (GASB 53, para. 71): To manage interest rate exposure and to reduce the cost of capital related to the City's Combined Utility System First Lien Revenue Refunding Bonds, Series 2004B (the "Series 2004B Bonds"), the City entered into several interest rate swap agreements (the "Series 2004B Swaps"). Additionally, to manage interest rate exposure and to reduce the cost of capital related to the City's Combined Utility System First Lien Revenue Refunding Bonds, Series 2018C (the "Series 2018C Bonds"), the City entered into an interest rate swap agreement (the "Series 2018C Swap"). The Series 2004B Swaps and Series 2018C Swap are collectively referred to herein as the "Swaps". Moreover, the Series 2004B Bonds and the Series 2018C Bonds are collectively referred to herein as the "Bonds".

Hedging Relationship (GASB 53): Hedge accounting can be applied for derivative instruments that are found to be effective hedges under GASB 53. The City has determined that the swaps are effective hedges and the changes in fair values are reported as deferred inflows/outflows on the statement of net assets.

Non-Performance Adjustments (GASB 72, para. 62): GASB 72 requires a government to consider nonperformance risk when measuring the fair value of a liability. The fair values include consideration of the City's credit rating and an adjustment for nonperformance risk.

Credit risk (GASB 53, para. 73(a)): As of June 30, 2023, the City was not exposed to credit risk because the Swaps had a negative fair value. However, should interest rates change and the fair value of the Swaps become positive, then the City will be exposed to credit risk in the amount of the fair value of the Swaps. In accordance with the City's swap policy and as established the Swaps, if a counterparty's credit rating falls below AA, collateral must be posted in varying amounts, depending on the credit rating and the fair value of the Swaps. No collateral has been required to date.

Basis risk (GASB 53, para. 73(c)): Basis risk is measured by the difference between variable receipts on the Swaps and variable payments on the Bonds. In the case of the Series 2004B Bonds, the basis is the difference between the 1-Week SIFMA and 10-Year Constant Maturity Swap Rate ("10-Year CMS"). In the case of the Series 2018C Bonds, the basis is the difference between 1-Month London Interbank Offered Rate ("LIBOR") and 10-Year CMS.

As of July 1, 2023, the ICE Benchmark Administration ceased publishing any LIBOR setting using the methodology in place as of December 31, 2021. As a result, as of July 1, 2023, LIBOR is no longer an appropriate benchmark interest rate for a derivative instrument that hedges the interest rate risk of taxable debt for purposes of GASB Statement No. 53. The agreements have been amended in July 2023 to reflect this change.

Termination risk (GASB 53, para. 73(d)): The City retains the right to terminate the Swaps at any time and for any reason. If the City terminates any of the Swaps, then a termination payment reflecting the "then-current" market value of the Swaps will be payable to or receivable by the City. By comparison, the City's counterparties may only terminate the Swaps in the event that the City fails to perform under the terms of the swap agreement, e.g., the City defaults on any swap payments.

Hedged Debt (GASB 53, para. 74): As of June 30, 2023, debt service requirements for the swap agreements are reported in Note 8D as if the swap was in effect, assuming current interest rates remain the same. As rates vary, variable rate bond interest payments and net swap payments will vary. Expected debt service payments on the associated bonds are included with other Combined Utility System Bonds on Note 8.D.

a. Combined Utility System Synthetic Fixed Rate Swap Agreements

Combined Utility System Synthetic Fixed Rate Swaps. On June 10, 2004, the City entered into three identical pay-fixed, receive variable rate swap agreements. The City pre-qualified six firms to submit competitive bids on the swap. The bidding took place on June 7, 2004. The three firms selected all matched the lowest fixed rate bid of 3.7784%. On November 15, 2018, the City amended the swap by changing the floating rate index from one-month LIBOR to 10-year constant maturity swap rate (CMS).

Terms. The notional amount totals \$653.3 million, the principal amount of the associated 2004B Bonds. The City's swap agreements contain scheduled reductions to outstanding notional amounts that follow anticipated payments of principal of the 2004B Bonds in varying amounts during the years 2028 to 2034.

Under the terms of the swaps, the City will pay a fixed rate of 3.7784% and receive a floating rate equal to 57.6% of One-Month U.S. Dollar LIBOR plus 37 basis points. All agreements were effective June 10, 2004, the date of issuance of the 2004B Bonds, and will terminate on May 15, 2034.

However, effective November 15, 2018, as per the amended terms, the City will now receive variable payments based on 58.55% of 10-year CMS.

At June 30, 2023, the effective rate on the 2004B Bonds associated with the swap was computed as follows:

	<u>Amended Terms</u>	<u>Rate (%) Received (Paid)</u>
Variable rate payment from counterparties	10Y CMS x 58.55%	2.0439
Swap Receipt		2.0439
Fixed rate paid to counterparties		(3.7784)
Net rate (paid)/received for swap		(1.7345)
Year-end variable rate on 2004B bonds, year-end		(2.4735)
Plus: dealer and credit fees on 2004B bonds		(0.5356)
Effective rate of the 2004B bonds		<u>(4.7436)</u>

In contrast, the fixed rate the City paid on its Combined Utility System Series 2004A fixed rate bonds, which have a comparable maturity, was 5.08%.

Fair Value. Because long-term interest rates have changed since inception of the swaps, the swaps had a negative fair value of \$95.4 million on June 30, 2023. This value was calculated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. The fair value is recorded on the balance sheet of the Combined Utility in the SWAP liability. These net payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swaps.

Counterparty	Notional Amount	GAAP Fair Value	Counterparty Rating (Moody's /S&P/Fitch)
Goldman Sachs	\$ 353,325,000	\$ (51,623,495)	A1/A+/A+
JP Morgan Chase	\$ 150,000,000	\$ (21,916,151)	Aa2/A+/AA
Wells Fargo	\$ 150,000,000	\$ (21,903,764)	Aa2/A+/AA-
Total	<u>\$ 653,325,000</u>	<u>\$ (95,443,410)</u>	

b. Combined Utility System Forward Interest Rate Swap

Combined Utility System Forward Starting Swap. On November 1, 2005, the City entered into a forward interest rate swap transaction with RBC. The City pre-qualified eight firms to submit competitive bids on the swap. RBC submitted the lowest fixed rate bid of 3.761% and was selected. On September 1, 2015, the swap agreement was novated to Wells Fargo.

On November 15, 2018, the City amended the swap by changing the floating rate index from one-month LIBOR to 10-year constant maturity swap rate (CMS). The transaction was conducted through a competitive bid process.

Terms. Under the terms of the initial contract, the City will pay a fixed rate of 3.761% on a par value of \$249.1 million, and it will receive variable payments based on 70% of One-Month U.S. Dollar LIBOR. The City's scheduled net swap payments are insured by Ambac Assurance Corporation.

However, effective November 15, 2018, as per the amended terms, the City will now receive variable payments based on 58.55% of 10- year CMS.

At June 30, 2023, the effective rate on the 2018C Bonds associated with the swap was computed as follows:

	Initial Terms	Amended Terms	RATE (%) Received (Paid)
		10Y CMS x	
Variable rate payment from counterparties		58.55%	2.0439
Swap Receipt			2.0439
Fixed rate paid to counterparties	Fixed		(3.7610)
Net rate (paid)/received for swap			0.3268
Year-end variable rate on 2018C bonds			(2.5431)
Effective rate of 2018C bonds			<u>(2.2163)</u>

Fair value. The swap had a reported negative fair value of \$27.6 million on June 30, 2023. The fair value is recorded on the balance sheet of the Combined Utility in the SWAP liability. This value was calculated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These net payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swaps.

Counterparty	Notional Amount	GAAP Fair Value	Counterparty Rating (Moody's /S&P/Fitch)
Wells Fargo	\$ 249,075,000	\$ (27,599,921)	Aa2/A+/AA-

15. Combined Utility System Commercial Paper

Effective December 17, 2009, the City established a \$700 million Series B Commercial Paper Note program (the "Utility Commercial Paper") that provides for the issuance of Utility Commercial Paper notes to finance costs of eligible projects, including acquisition, construction, improvements and additions or extension for the Combined Utility, and pay costs of issuance. The program is structured as a revolving commercial paper note program, whereby the Utility Commercial Paper may be issued for a period that does not exceed 270 days and the maximum interest rate may not exceed 10%. The Utility Commercial Paper are issued as third lien obligations and are payable from and secured by a lien on Net Revenues of the Combined Utility which is subordinate to the lien securing payment of First Lien Bonds. The Combined Utility's outstanding notes from credit agreements contain a two – four-year repayment provision in the event of default or material adverse change. Effective May 17, 2023, the City amended and restated the Series B Ordinance authorizing for issuance \$1 billion of Utility Commercial Paper notes.

A portion of the Utility Commercial Paper, in the amount of \$475 million, is secured by credit facilities from Bank of America (Series B-1 and Series B-6) with an expiration date of August 19, 2027, SMBC, acting through its New York Branch (Series B-3) with an expiration date of January 10, 2025, PNC Bank, N.A (Series B-4) with an expiration date of July 12, 2025, and JPMorgan (Series B-7) with an expiration date of May 30, 2025. The Series B-7 (\$100 million of principal) was established within the amended and restated ordinance of May 2023. As of June 30, 2023, the Combined Utility has no outstanding in Series B commercial paper notes.

In addition, the City has established an Extendable Commercial Paper ("ECP") Note program in the amounts of \$75 million and \$250 million, that provide for the issuance of Series B-2 and Series B-5 ECP Notes as third lien obligations. During FY23, the City amended and restated the Supplemental Ordinance authorizing the issuance of Series B-2 ECP notes in the aggregate principal amount not to exceed \$275 million outstanding at any time and provide for the issuance of Series B-2 notes through December 15, 2039. The Series B-2 ECP Notes and Series B-5 ECP Notes may each be issued for a period not to exceed 90 days (which may be extended, but in no event later than 270 days following the date of issuance) and bear interest at an annual rate not to exceed 9%. The Series B-2 and Series B-5 ECP Notes are (1) separately offered and remarketed by Morgan Stanley & Co. LLC, (2) issued as Third Lien Obligations, and (3) are separately payable from and secured by a lien on Net Revenues of the Combined Utility, which is subordinate to the lien securing payment of First Lien Bonds. Proceeds of Series B-2 and B-5 ECP Notes may each be used to finance various capital projects of the Combined Utility.

16. Combined Utility Subordinate Liens

In December 2015 and December 2016, the City closed on a TWDB subordinate lien State Water Implementation Fund for Texas ("SWIFT") Loans of \$25,915,000 and \$63,020,000, respectively. These loans were issued to fund the Northeast Plant Expansion and Northeast Transmission Line. Annual debt service is payable from the Combined Utility, General Purpose Fund. The annual debt service payments began in May 2016 and May 2017, respectively. As of June 30, 2023, \$4,570,000 and \$10,130,000 of the principal has been paid for the 2015 loan and 2016 loan, respectively. These bonds mature on November 15, 2045, and November 15, 2046, respectively. Two new SWIFT loans were issued in November 2017 (2017C) and June 2018 (2018B) for \$83,170,000 and \$106,910,000, respectively. The annual debt service payments began in May 2018 and November 2018, respectively, and the bonds mature in fiscal year 2047. As of June 30, 2023, \$10,775,000 of principal has been paid for 2017C and \$10,825,000 of principal has been made paid for 2018B. A new SWIFT loan was issued in November 2018 (2018F) for \$170,265,000. As of June 30, 2023, \$16,250,000 of principal was paid for this bond. This bond matures in fiscal year 2049. A new SWIFT loan was issued in November 2020 (2020E) for \$38,000,000. As of June 30, 2023, \$2,240,000 of principal was paid for this bond. This bond matures in fiscal year 2050. The outstanding debt for Subordinate Lien as of June 30, 2023 is \$432.5 million.

17. Coastal Water Authority ("CWA")

The contract payable relating to CWA represents the outstanding balance of \$44.6 million at June 30, 2023, for Series 2010 and Series 2014 (both refunding) issued by CWA, a governmental agency of the State of Texas, to finance the construction of a water conveyance system. Pursuant to a series of exchange agreements with CWA, the City issued the Certificate and endorsed the bonds and is unconditionally obligated to pay from the gross revenues of the Combined Utility all debt service payments on these Certificates and Bonds, as well as amounts necessary to restore deficiencies in funds required to be accumulated under the CWA bond resolutions. The outstanding bonds mature on December 15, 2025, and December 15, 2034, respectively.

Luce Bayou

In January 2009, the City entered into a contract with CWA for the project design, property acquisition, construction and financing of the Luce Bayou Interbasin Transfer Project. This would include the construction of infrastructure sized to transfer approximately 450,000 acre feet per year of the City's permitted surface water from Trinity River to Lake Houston. The funding for this project is to be financed and paid through the TWDB financing program. The Water Infrastructure Fund ("WIF") Bonds are secured by the City's pledged revenues to pay debt service. The current contract payable out of the General Purpose Fund relating to Luce Bayou as of June 30, 2023, represents \$28,754,000 of State Participation Loan (maturing in 2047), \$28,000,000 of Series 2009 WIF Loan (maturing in 2029, outstanding principal balance of \$17,650,000 as of June 30, 2023) and \$5,115,000 of Series 2010 WIF Loan (maturing in 2030, outstanding principal balance of \$3,410,000 as of June 30, 2023). The annual debt service payments for the State Participation Loan started in fiscal year 2015, Series 2009 started in fiscal year 2019 and Series 2010 WIF Loan started in fiscal year 2020.

In fiscal year 2017, two new State Water Implementation Revenue Fund for Texas ("SWIRFT") bonds were issued in relation to Luce Bayou on November 2015 and December 2016 for \$66,565,000 and \$136,460,000, respectively. The annual debt service payments for these bonds started in fiscal year 2019 and their maturity is in 2050 and 2051, respectively. Additionally in fiscal year 2018, two new SWIRFT bonds were issued in relation to Luce Bayou on November 2017 for \$72,795,000 and \$24,180,000, respectively. The annual debt service payments for the \$72.795 million bond started in fiscal year 2019. This bond matures in 2052. The annual debt service payments for the \$24.1 million bond started in fiscal year 2018, with a current outstanding principal balance of \$20,435,000 as of June 30, 2023. This bond matures in 2047.

Luce Bayou-Land & Mitigation Costs-ROW

Land and Mitigation Costs associated with the Luce Bayou Project relate to acquisition of land and costs of environmental mitigation. CWA advanced funds to pay for the City's share of Land and Mitigation costs from available CWA revenues in lump sums (\$6.4 million in 2009, \$3.2 million in 2010, \$3.2 million in 2012) for a total of \$12.8 million. Repayment of the loan started in FY 2019 with the accrued interest during 2009-2020 rolled into principal to be amortized over the next 20 years. As of June 30, 2023, the current principal balance is \$14.6 million.

18. Other Contracts

U.S. Army Corps of Engineers

Payments on the following contracts will be made only after the Combined Utility has funded all maintenance and operation costs and debt service payments for the Combined Utility, including required reserves.

On June 20, 1967, the City, TRA, and Chambers-Liberty Counties Navigation District contracted with the United States of America to have the U.S. Army Corps of Engineers build a salinity control barrier and recreation facilities at Wallisville Lake. Because of legal actions, construction was blocked for a long period, and the project was not completed until April 2003. The City's share of the project cost was \$10,580,707, which will be paid to the U.S. government over 50 years at 3.222% interest with final payment due January 1, 2053. Current principal balance outstanding as of June 30, 2023, is \$7.9 million.

D. Schedule for Debt Service Requirements to Maturity:

Aggregate future debt service payments to maturity as of June 30, 2023, are as follows (in thousands):

1. General Long-Term Tax Obligation Debt:

Year Ending June 30	Public Improvement Bonds		Pension Obligation Bonds	
	Principal	Interest	Principal	Interest
2024	\$ 192,390	\$ 62,318	\$ 29,829	\$ 61,352

E. Debt Issuances and RefundingsRefunding Debt

For the year ended June 30, 2023, there were no refunding transactions.

Prior Year Defeased Debt

In August 2021, the City issued Public Improvement Refunding Bonds, Series 2021B to defease \$106,670,000 of Bonds by placing a portion of new bond proceeds in an escrow to provide for the future debt payments on the defeased bonds. Accordingly, the escrowed assets and the liability for the defeased bonds are not included in the accompanying financial statements. As of June 30, 2023, \$95,720,000 of defeased bonds are still outstanding.

In fiscal year 2021, the City issued Combined Utility System First Lien Revenue and Refunding Bonds Series 2020C and Combined Utility System First Lien Revenue Refunding Bonds Series 2020D to defease \$208,885,000 of Bonds by placing new bond proceeds in an escrow to provide for the future debt payments on the defeased bonds. Accordingly, the escrowed assets and the liability for the defeased bonds are not included in the accompanying financial statements. As of June 30, 2023, \$91,175,000 of defeased bonds are still outstanding.

In fiscal year 2021, the City issued Combined Utility System First Lien Revenue Refunding Bonds Series 2021B to defease \$92,070,000 of Series 2012D and 2013B Bonds, by placing new bond proceeds in an escrow to provide for the future debt payments on the defeased bonds. Accordingly, the escrowed assets and the liability for the defeased bonds are not included in the accompanying financial statements. As of June 30, 2023, \$41,565,000 of defeased bonds are still outstanding.

F. Bond Compliance Requirements

The revenue bond ordinances require that, during the period in which the bonds are outstanding, the City must create and maintain certain accounts or funds to receive the proceeds from the sale of the revenue bonds and to account for the revenues (as defined), which are pledged for payment of the bonds. The assets can be used only in accordance with the terms of the bond ordinance and for the specific purpose(s) designated therein.

The City is generally required to make a monthly transfer to debt service funds equal to one-sixth of the next interest payment and one-twelfth of the next principal payment. Certain bond ordinances have additional requirements for the establishment of rates and the accumulation of principal and interest repayment amounts from surplus operating funds. Generally, the bonds may be redeemed prior to their maturities in accordance with the bond ordinances and at various premiums equal to or less than 2%. As of and for the year ended June 30, 2023, the City has complied with the requirements of all revenue bond ordinances and related bond restrictions.

G. Voter Authorized Obligations

On November 4, 2001, voters of the City authorized the issuance of \$776,000,000 of Public Improvement Bonds. Since June 2002, the City Council has authorized issuance of the entire amount as General Obligation Commercial Paper Series G, H-1 and H-2.

On November 7, 2006, voters of the City authorized the issuance of \$625,000,000 of Public Improvement Bonds. The City Council has authorized issuance of \$524,950,000 as General Obligation Commercial Paper Series G, H-1, H-2 and J.

On November 2012, voters authorized an additional \$410,000,000 of Public Improvement Bonds. The City Council has authorized issuance of \$400,308,000 as General Obligation Commercial Paper Series G1, G2, H-2 and J.

On November 2017, voters authorized an additional \$495,000,000 of Public Improvement Bonds. The City Council has authorized issuance of \$97,966,000 as General Obligation Commercial Paper Series G, H-2 and J.

On November 2022, voters authorized an additional \$478,000,000 of Public Improvement Bonds.

H. Legal Debt Margin

At June 30, 2023, the City's legal debt limit was 10% of assessed property valuation totaling \$380,273,903 thousand. The City's legal debt margin less applicable outstanding debt was \$34,821,474 thousand.

I. Arbitrage Rebate

Arbitrage rebate rules, under the Internal Revenue Code Section 148 and related Treasury Regulations, require generally that a tax-exempt bond issuer forward to the federal government any profits made from investing bond proceeds at a yield above the bond yield, when investing in a taxable market. Payments based on cumulative profits earned by bonds are due, in general, every five years. At June 30, 2023, a yield restriction/arbitrage rebate of \$23 thousand and \$866 thousand was accrued for governmental and business-type activities, respectively.

NOTE 9: LEASES AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS**A. LEASES****1. City as Lessee**

The City has obtained office space, data processing, machinery, and other equipment through long-term leases. The terms and conditions for these leases varies. Some leases are fixed, periodic payments over the lease term, which ranges between 1-50 years. See Note 6 for changes in lease right-of-use assets for the year ended June 30, 2023.

Principal and interest requirements to maturity for the lease liability as of June 30, 2023, are as follows (in thousands):

General Government				Airport System		
Year ending June 30	Principal	Interest	Total	Principal	Interest	Total
2024	\$ 5,607	\$ 1,130	\$ 6,737	\$ 45	\$ 1	\$ 46

2. City as Lessor

The Convention and Entertainment leases all of its capital assets to Houston First Corporation, a discretely presented component unit. The agreement is a cancellable lease that is subject to termination in 2026. The capital assets include the George R. Brown Convention Center and the Convention Center Parking Garage, Wortham Theater Center, Jones Hall for the Performing Arts, Theater District Parking Garages, Miller Outdoor Theater, and Talento Bilingue De Houston, among others.

The Airport System leases terminal space (except for regulated leases), aircraft maintenance and overhaul facilities, cargo facilities, hangars, and other structures to air carriers and other tenants under various leases, a majority of which is non-cancellable and terminate no later than July 2058. Certain provisions of the leases provide for fixed and variable rental payments, and all are generally designed to allow the Airport System to meet its debt service requirements and recover certain operating and maintenance costs. In addition, certain of the agreements under which the Airport System receives revenue from the operation of concessions at Intercontinental and Hobby airports provide for the payment of a fee based on the greater of an aggregated percentage of gross receipts or a guaranteed minimum.

For the year ended June 30, 2023, the total amount of inflows of resources recognized are as follows (in thousands):

Governmental

	Fixed Payments
Rentals, bldgs	\$ 1,422
	<u>\$ 1,422</u>

Enterprise

	Airport System		Convention & Entertainment	
	Fixed Payments	Variable Payments	Fixed Payments	Total

3. Regulated Leases

The City and United Airlines (“United”), Southwest Airlines (“Southwest”), Delta Air Lines, American Airlines, Spirit Airlines, and Air Canada (collectively, the “Signatory Airlines”) entered into Airport Use and Lease agreements (“Regulated Leases”), for usage of Intercontinental and Hobby Airport facilities for the purpose of conducting business as air transportation businesses. These agreements are non-cancellable and terminate no later than 2042, with options to extend, or month-to-month and cancellable with 30 days’ notice. Under the terms of these agreements, Signatory Airlines pay the Airport System monthly based on the annual rental rate/fee schedule. Rate calculations are based on total estimates of costs and expenses, estimates of passengers and total landed weight, and other factors. Final settlements are made each year after the audit of Airport System Fund’s ACFR. Other airlines operating at Intercontinental and Hobby airports are billed at rates established by the City ordinances.

Under the agreements with United, United has exclusive and preferential use of certain space and facilities of terminals A, B, C, and E at Intercontinental Airport and preferential use of certain apron areas. And under these agreements, all or part of the concession revenues and related costs generated from terminals B, C, and E of Intercontinental Airport are excluded from the Airport System Fund’s concession revenues and operating expenses on the statements of revenues, expenses, and changes in net position, as United operates, retains revenues, and pay related costs of operations for those concessions in accordance with the agreements. In addition, one of the agreements with Southwest grants Southwest preferential use of West Terminal/West Concourse, boarding gates, and other areas at Hobby Airport. Another agreement grants Southwest exclusive and preferential use of certain terminal areas of terminal A at Intercontinental Airport. No other airlines have exclusive or preferential use of more than ten (10) percent of terminal space or other areas of the Airport System as of June 30, 2023.

Exclusive and preferential use of space, as of June 30, 2023, are summarized as follows:

George Bush Intercontinental Airport (IAH)			
	United	Southwest	Total IAH
Terminal areas - leasable airline space (in thousands)	2,380 sq. ft.	10 sq. ft.	3,824 sq. ft.
Apron - leasable airline space (in thousands)	2,728 sq. ft.	95 sq. ft.	3,878 sq. ft.
Number of gates and remote stands	96	3	134

William P. Hobby Airport (HOU)		
	Southwest	Total HOU
Terminal areas - leasable airline space (in thousands)	381 sq. ft.	468 sq. ft.
Apron - leasable airline space (in thousands)	516 sq. ft.	815 sq. ft.
Number of gates and remote stands	24	30

(in thousands)			
	Fixed Payments	Variable Payments	
United	\$ 110,514	\$ 42,582	
Southwest	\$ 38,472	\$ 22,039	
Other Signatory Airlines	\$ 15,441	\$ 8,528	

Expected future minimum lease payments from Regulated Leases at June 30, 2023, are as follows, projected by management of the Airport System using the following assumptions: 1) revenues earned from the Signatory Airlines during the year ended June 30, 2023, 2) through the expiration of the agreements with the Signatory Airlines or the next five (5) years, whichever is longer, 3) compounded at three (3) percent per annum, and 4) without considering future expansion and changes in operations by the Airport System or the Signatory Airlines (in thousands):

Year ending June 30	Total
2024	\$ 242,469
2025	249,743
2026	257,235
2027	235,621
2028	242,689
2029-2033	1,327,125
2034-2038	1,538,501
2039-2043	1,211,046
Total	<u>\$ 5,304,429</u>

The Airport System' senior lien and subordinate lien revenue refunding bonds are secured by net revenues earned from the airlines.

B. Subscription-Based Information Technology Arrangements

The City has entered into SBITA involving data center, various desktop and server software, electronic workflows and document management software, public safety radio communication system, public safety detection software, public safety case and records management, solid waste fleet management system, airport operations management systems, airport passenger information and public Wi-Fi systems, and airport parking management system. As of June 30, 2023, all SBITA have fixed, periodic, payments over the subscription periods, which range from 1 to 15 years and expire no later than fiscal year 2038. In addition, certain of these agreements are cancellable with a 30 or 60-day notice. There are no commitments or outflows of resources related to SBITA that are not yet effective. See Note 6 for changes in subscription right-of-use assets for the year ended June 30, 2023.

Future subscription payments as of June 30, 2023, are as follows (in thousands):

NOTE 10: PENSION PLANS**A. General Information**Plan Descriptions

The City has three single employer defined benefit pension plans, which provides pension benefits for substantially all of its full-time employees. These pension plans were established under the authority of Texas statutes (Vernon's Texas Civil Statutes, Articles 6243.e2 (1), 6243h, and 6243g-4), which establish the various benefit provisions. Independent Boards of Trustees administer each plan. The fiscal year of each pension fund ends June 30. The most recent available stand-alone financial statements of the pension funds are for the year ended June 30, 2023. The specific summary plan description for each plan and the financial statements are available at the plan offices (see Note 1.B.1).

Benefits Provided

Houston Firefighters' Relief and Retirement Fund ("HFRRF"): Prior to July 1, 2017, retirement benefits for firefighters with 20 or more years of service are entitled to 50% of average salary (defined as the monthly average of their highest individual 78 pay periods) for a total monthly pension not to exceed 80% of the average monthly salary for the highest 78 pay periods. After July 1, 2017, benefits accrue at 2.75% per year prior to 20 years of service and 2% thereafter for those hired prior to July 1, 2017. For those hired after that date, 2.25% is accrued per year, up to 20 years of service and 2% thereafter, subject to a maximum of 80%. Benefits are adjusted annually for a cost-of-living adjustment between 0% and 4% for eligible members. A DROP is available to eligible members with 20 or more years of service that were hired prior to July 1, 2017.

Houston Municipal Employees' Pension System ("HMEPS"): The plan includes three contributory groups and provides for service-connected disability and death benefits to eligible members and surviving spouse and/or dependents, with no age or service eligibility requirements. Pension benefits are based on a participant's average monthly salary and years of debited service, as defined in the Pension Statute. Pension benefits are adjusted annually for a cost-of-living adjustment of between 0% and 2%, depending on investment returns. The maximum pension benefit is 90% of the participant's average monthly salary. A Deferred Retirement Option Plan ("DROP") is available to eligible members.

In March 2022, employees of Houston First Corporation ("HFC"), a component unit of the City, were determined to be eligible to participate in HMEPS based on a settlement agreement between the City and HMEPS. Per the settlement agreement, HFC made a lump-sum contribution of \$16.0 million to HMEPS and started making employer contributions in accordance with the plan provisions effective January 1, 2022.

Houston Police Officers' Pension System ("HPOPS"): Retirement benefits for police officers are equal to 2.75% of the member's pensionable pay for each of the member's first 20 years of service plus 2% of pensionable pay for each year more than 20 years with no maximum percentage. Members hired or rehired after October 9, 2004 accrue benefits equal to 2.25% of the member's pensionable pay for the first 20 years plus 2% of the member's pensionable pay for each year in excess of 20 years, subject to a maximum of 80%. Pension benefits are adjusted annually for a cost-of-living adjustment between 0% and 4%. A DROP is available, generally, to members hired before October 9, 2004, for eligible members with at least 20 years of service.

Contributions

Employer and employee obligations to contribute, as well as employee contribution rates, are included in the enabling pension statutes. Additionally, these laws provide that employer funding be based on annual actuarial valuations. There are three contributory pension plans. All pension plans provide service, disability, death, and survivor benefits. In addition, each pension plan recognizes participant and employer contributions as revenues in the period in which they are due pursuant to formal commitments and recognizes benefits and refunds when they are due and payable in accordance with the terms of the pension statutes.

As of the most recent measurement date of the net pension liability, membership data for the pension plans are as follows:

	HFRRF	HMEPS	HPOPS
Inactive members or beneficiaries currently receiving benefits	3,490	11,776	5,082
Inactive members entitled to but not yet receiving benefits	144	8,301	78
Active members	3,029	11,402	5,198
DROP members	631	—	—
Total plan members	7,294	31,479	10,358

B. Net Pension Liability (Asset)

The Net Pension Liability ("NPL") or Net Pension Asset ("NPA") is the difference between the Total Pension Liability ("TPL") and the plan's Fiduciary Net Position ("FNP"). The TPL is the present value of pension benefits that are allocated to current members due to past service by entry age normal actuarial cost method. The TPL includes benefits related to projected salary and service, and automatic cost of living adjustments ("COLAs"). In addition, ad hoc COLAs are also included in the TPL to the extent they are substantively automatic. The FNP is determined on the same basis used by the pension plans. The City's TPL, NPL, and certain sensitivity information are based on an actuarial valuation performed as of July 1, 2022, or 2023. See actuarial assumptions in Note 10.H. The total pension liability was rolled forward from the valuation date to the measurement date of June 30, 2023, as applicable, using generally accepted actuarial principles.

Net pension liability (in thousands)	HFRRF	HMEPS	HPOPS
Measurement date	June 30, 2023	June 30, 2023	June 30, 2023
Total pension liability	\$ 5,167,589	\$ 5,698,777	\$ 7,892,171
Less: Fiduciary net position	(5,109,178)	(4,072,345)	(7,208,455)
Net pension liability (asset)	\$ 58,411	\$ 1,626,432	\$ 683,716

A schedule of Net Pension Liability (Asset), in addition to the information above and multi-year trend information, is presented in the Required Supplementary Information section on pages 158 through 161.

C. HMEPS - Allocation between the Primary Government and Component Unit and Explanation on the Amounts Reported on the Government-Wide Financial Statements

Effective January 1, 2022, employees of HFC became members of HMEPS. As of June 30, 2023, net pension liability, related amounts of deferred outflows and inflows of resources, and pension expense, allocated based on each's proportional share of employer contributions, for the primary government and its component unit are as follows (in thousands):

	HMEPS as of June 30, 2023 Measurement Date			
	Primary Government		Component Unit ⁽¹⁾	
	Governmental Activities	Business-Type Activities	Business-Type Activities	Total
Net pension liability	\$ 1,133,680	\$ 466,497	\$ 26,255	\$ 1,626,432
Deferred outflows of resources	11,829	14,596	20,273	46,698
Deferred inflows of resources	175,933	68,046	3,515	247,494
Pension expense	38,670	20,447	10,102	69,219

⁽¹⁾ Amounts for HFC, which has a calendar year-end, will be reported in the separately issued financial statements of HFC as of and for the year ending December 31, 2023.

HMEPS as of June 30, 2023 Reporting Date				
Primary Government		Component Unit ⁽²⁾		Total
Governmental Activities	Business-Type Activities	Business-Type Activities		
Net pension liability	\$ 1,133,680	\$ 466,497	\$ 11,069	\$ 1,611,246
Deferred outflows of resources	11,829	14,596	13,350	39,775
Deferred inflows of resources	175,933	68,046	2,562	246,541
Pension expense	38,670	20,447	8,291	67,408

⁽²⁾ Due to the difference in the year-end dates, amounts for HFC, included in the City's government-wide financial statements as of and for the year ended June 30, 2023, are as of and for the year ended December 31, 2022. Amounts reported by HFC as of and for the year ended December 31, 2022, were measured as of June 30, 2022.

D. Schedule of Changes in Net Pension Liability (Asset)

Changes in the City's NPL/NPA presented below are calculated on the same basis as each of the plans. The Changes in NPL/NPA for HFRRF, HMEPS, and HPOPS for the ended June 30, 2023, are as follows:

HFRRF

Changes in Net Pension Liability (Asset) (in thousands)	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability (Asset)

Administrative Expense	—	(4,238)	4,238
Net Change	306,437	346,467	(40,030)
Net Pension Liability Beginning	7,585,734	6,861,988	723,746
Net Pension Liability Ending	<u>\$ 7,892,171</u>	<u>\$ 7,208,455</u>	<u>\$ 683,716</u>

E. Pension Expense (Benefit)

For the year ended June 30, 2023, the City recognized pension expense (benefit) totaling \$89.9 million. Pension expense (benefit) recognized by each plan is as follows (in thousands):

Amounts Recognized in Pension Expense (Benefit)	HFRRF	HMEPS	HPOPS
Service Cost	\$ 55,961	\$ 85,184	\$ 78,356
Interest	353,824	381,016	520,211
Difference between Expected and Actual Experience	(14,724)	(1,966)	41,298
Changes of Assumptions	33,289	(7,828)	2,026
Differences between Projected and Actual Earnings	(43,776)	(84,487)	(94,396)
Member Contributions	(31,973)	(34,600)	(52,399)
Projected Earnings on Plan Investments	(362,734)	(273,117)	(474,089)
Administrative Expense	4,482	5,636	4,238
Other	1,099	(619)	—
Total Pension Expense (Benefit)	<u>\$ (4,552)</u>	<u>\$ 69,219</u>	<u>\$ 25,245</u>

F. Schedule of Deferred Outflows and Inflows of Resources

Deferred outflows of resources and deferred inflows of resources by source reported by the City on June 30, 2023, for each plan are as follows (in thousands):

	HFRRF		HMEPS		HPOPS		Total	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Experience	\$ 127,705	\$ (163,817)	\$ 16,971	\$ (3,173)	\$ 165,016	\$ (11,476)	\$ 309,692	\$ (178,466)
Changes in Assumptions	88,578	(108,363)	—	(13,860)	—	(5,103)	88,578	(127,326)
Net Difference between Projected and Actual Earnings	—	(20,559)	—	(200,734)	—	(172,277)	—	(393,570)
Change in Proportion	—	—	29,727	(29,727)	—	—	29,727	(29,727)
Total	<u>\$ 216,283</u>	<u>\$ (292,739)</u>	<u>\$ 46,698</u>	<u>\$ (247,494)</u>	<u>\$ 165,016</u>	<u>\$ (188,856)</u>	<u>\$ 427,997</u>	<u>\$ (729,089)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions at June 30, 2023, will be recognized in pension expense as follows (in thousands):

Year Ending June 30:	HFRRF	HMEPS	HPOPS	Total
2024	\$ (32,957)	\$ (87,864)	\$ (72,241)	\$ (193,062)
2025	(110,906)	(150,225)	(135,866)	(396,997)
2026	72,539	26,942	143,458	242,939
2027	(7,772)	10,351	17,720	20,299
2028	(5,040)	–	17,719	12,679
Thereafter	7,680	–	5,370	13,050
Total	<u>\$ (76,456)</u>	<u>\$ (200,796)</u>	<u>\$ (23,840)</u>	<u>\$ (301,092)</u>

A single discount rate of 7.00% was used to measure the TPL for the HMEPS and the HPOPS. This single discount rate was based on the expected rate of return on the respective pension plan's investments of 7.00% and the current municipal bond rate was not applicable. The projection of cash flows used to determine this single discount rate assumed that respective plan member contributions will be made at the current contribution rate and that City contributions will be made at the rate determined actuarially in the annual Risk Sharing Valuation Study which would become effective in the fiscal year beginning one year after the study date. Based on these assumptions, the respective pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, a single discount rate of 7.00% was applied to all periods of projected benefit payments to determine the total pension liability. For the June 30, 2023, measurement date, the single discount rate used was 7.00% for each of the plans.

The discount rate used to measure HFRRF's TPL was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions to the plan will continue to follow the current funding policy. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members for all future years. Therefore, a single discount rate of 7.25% was applied to all periods of projected benefit payments to determine the total pension liability. For the June 30, 2023, measurement date, the single discount rate of 7.25% was used.

G. Sensitivity of the net pension liability to changes in the discount rate

The following presents the NPL/NPA for each of the City's plans as of June 30, 2023, calculated using the discount rate, as well as what the City's NPL would have been if it were calculated using a discount rate that is 1-percent-point lower and 1-percent-point higher than the current rate (in thousands):

	Net Pension Liability (Asset)		
	Current		
	1% Decrease 6.25 %	Discount Rate 7.25 %	1% Increase 8.25 %
HFRRF - Net Pension Liability (Asset)	\$ 582,690	\$ 58,411	\$ (375,010)
	6.00 %	7.00 %	8.00 %
HMEPS - Net Pension Liability	\$ 2,202,979	\$ 1,626,432	\$ 1,141,455
	6.00 %	7.00 %	8.00 %
HPOPS - Net Pension Liability	\$ 1,494,498	\$ 683,716	\$ 17,628

H. Actuarial Assumptions

Schedule of Assumptions	HFRRF	HMEPS	HPOPS
Inflation	3.00%	2.25%	2.30%
Salary Changes	3%	3.25% to 5.50%	0% to 30%, plus a 3.25% inflation and productivity component
Investment Rate of Return	7.25%	7.00%	7.00%
Valuation Date	7/1/2022	7/1/2022	7/1/2023
Actuarial Cost Method	Entry Age Normal Cost	Entry Age Normal Cost	Ultimate Entry Age Normal Cost
Amortization Method	Level Percent of Payroll	Level Percent of Payroll, Open	Level Percent of Payroll, 30 year closed laddered bases
Amortization Period	30 Years	25 Years	24 Years
Asset Valuation Method	Market value	5 Year smoothed market, direct offset of deferred gains and losses	Market value of assets less a five-year phase in of the excess (shortfall) between expected investment return and actual income.
Cost-of-Living Adjustments	2.5%	3% – 6%	2.0%
Mortality Assumption	Mortality Improvement Scale MP-2019	PUB-2010 table, amount weighted, below-median income, with a 2-year set forward. The rates are then projected on a fully generational basis by the long-term rates of improvement of scale MP-2020.	RP-2020 Table combined healthy mortality tables with blue collar adjustment for males and no collar adjustment for females
Experience Study	6/30/2019	6/30/2020	6/30/2017

The long-term expected rate of return on the investments was supported using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2023, are summarized in the following table:

Asset Class	HFRRF		HMEPS		HPOPS	
	Target Allocation	Long-term Expected Rate of Return	Target Allocation	Long-term Expected Rate of Return	Target Allocation	Long-term Expected Rate of Return
Cash & Short-term	2.00 %	3.31 %	— %	3.65 %	(9.75)%	0.70 %
Domestic Equity	19.00	8.99	28.00	6.75	28.80	6.30
International Equity	19.00	9.44	—	—	19.20	3.70
Fixed Income	—	—	10.00	5.10	10.20	1.80
Aggregate Bonds	5.00	4.45	—	—	—	—
Inflation Linked	—	—	20.00	7.73	—	—
Intermediate Credit	3.00	4.93	—	—	5.80	5.20
Intermediate High Yield	5.00	8.66	—	—	—	—
Hedge Funds	2.00	6.55	—	—	7.75	4.30
Private Equity	25.00	14.39	17.00	9.60	21.50	11.70
Private Debt	10.00	8.09	12.50	8.20	6.50	6.90
Real Estate	10.00	7.72	12.50	7.95	10.00	6.00
	<u>100.00 %</u>		<u>100.00 %</u>		<u>100.00 %</u>

NOTE 11: OTHER EMPLOYEE BENEFITS

The City's Other Post-Employment Benefit ("OPEB") plans consist of a health benefit plan and a long-term disability plan. As of and for the year June 30, 2023, total balances of OPEB related assets, deferred outflows of resources, liabilities, deferred inflows of resources, and expenses are as follows (in thousands):

Plan	Total OPEB Liabilities	Deferred Outflows of Resources	Deferred Inflows of Resources	Expenses
Health Benefit (Note 11.A)	\$ 1,759,895	\$ 303,950	\$ 873,497	\$ 2,626
Long-term Disability (Note 11.C)	14,071	2,956	4,564	2,019
Total	<u>\$ 1,773,966</u>	<u>\$ 306,906</u>	<u>\$ 878,061</u>	<u>\$ 4,645</u>

A. Post-Employment Health Insurance Benefits Plan

The City's OPEB Health Benefit plan is a single-employer plan, and calculations are based on the OPEB benefits provided under the terms of the plan in effect at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point.

The City provides certain health care benefits for retired employees as approved during the annual budget process. Substantially all the City's employees become eligible for these benefits if they reach normal retirement age while working for the City. The City is not required by law or contractual agreement to provide funding for OPEB other than pay-as-you-go amounts necessary to provide current benefits to retirees, eligible dependent, and beneficiaries. The plan is not accounted for as a trust, and an irrevocable trust that meets the criteria of GASB codification P22.101 or P52.101 to pay related benefits has not been established for this OPEB plan. The cost of retiree health care premiums incurred by the City (employer and subscriber) amounted to approximately \$56.5 million for the year ended June 30, 2023.

1. Membership

Membership data is updated every two years by the Actuary. As of the most recent actuarial valuation of the total OPEB liability, membership data is as follows:

Retirees and beneficiaries currently receiving	10,175
Active members	20,954
Total participants	<u>31,129</u>

2. Total and Net OPEB Liability

The total OPEB liability was measured as of June 30, 2022. The total OPEB liability was determined from an actuarial valuation as of June 30, 2022. The net OPEB liability is the total OPEB liability less the plan fiduciary net position. The total OPEB liability is the present value of all future benefit payments for current retirees and active employees, considering assumptions about demographics, turnover, mortality, disability, retirement, health care trends, and other actuarial assumptions (in thousands).

Measurement Date:	June 30, 2022
Reporting Date:	June 30, 2023
Total OPEB Liability	\$ 1,759,895
Less: Fiduciary Net Position	<u>—</u>
Net OPEB Liability	<u>\$ 1,759,895</u>

A schedule of Total OPEB Liability, in addition to the information above, includes multi-year trend information, is presented in the Required Supplementary Information section on page [162](#) through [164](#).

3. Schedule of Changes in Total OPEB Liability

Changes of assumption reflects a change in discount rate from 2.16% in 2021 to 3.54% in 2022. In addition, per capita health costs and future trend on such costs, as well as actuarial spread factors used to estimate individual retiree and spouse costs by age and by gender, have been updated. Changes in total OPEB liability for the year ended June 30, 2023, are as follows (in thousands):

Change in Total OPEB Liability	
Service cost	\$ 124,690
Interest	52,553
Change of benefit terms	—
Difference between expected and actual experience	23,213
Changes of assumptions	(720,476)
Benefit payments	(56,511)
Net change in total OPEB liability	(576,531)
Beginning total OPEB liability	2,336,426
Ending total OPEB liability	<u>\$ 1,759,895</u>

4. OPEB Expense

For the year ended June 30, 2023, the City recognized OPEB expense of \$2.6 million. OPEB expense recognized is as follows (in thousands):

Components of OPEB Expense (Benefit)	
Service cost	\$ 124,690
Interest	52,553
Current-period benefit changes	—
Difference between expected and actual experience	3,316
Changes of assumptions	(102,925)
Amortization of beginning of year deferred amounts	(75,008)
OPEB expense (benefit)	<u>\$ 2,626</u>

5. Schedule of Deferred Outflows and Inflows of Resources

Deferred outflows and inflows of resources related to OPEB reported by the City at June 30, 2023, is as follows (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	\$ 220,498	\$ (796,552)
Difference between expected and actual experience in the total OPEB liability	19,896	(76,945)
Contributions subsequent to the measurement date	63,556	—
Total	<u>\$ 303,950</u>	<u>\$ (873,497)</u>

\$63.6 million reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2024.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to total OPEB liability at June 30, 2023, will be recognized in OPEB expense (benefit) as follows (in thousands):

Year Ending June 30		
2024	\$	(174,617)
2025		(128,023)
2026		(81,835)
2027		(55,785)
2028		(93,234)
Thereafter		(99,609)
Total	\$	<u>(633,103)</u>

6. Sensitivity of the Total OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rate

The following presents the total OPEB liability, calculated using the discount rate and the healthcare cost trend rate, as well as what the City's total OPEB liability would have been if it were calculated using a discount rate or healthcare cost trend rate that is 1-percent-point lower and 1-percent-point higher than the current rate (in thousands):

1% Decrease 2.54%	Current Discount Rate 3.54%	1% Increase 4.54%
\$ 2,057,272	\$ 1,759,895	\$ 1,524,711

1% Decrease in Health Care Cost Trend Rates	Current Health Care Cost Trend Rates	1% Increase in Health Care Cost Trend Rates
\$ 1,490,595	\$ 1,759,895	\$ 2,111,265

7. Schedule of Assumptions

The total OPEB liability is based on an actuarial valuation as of June 30, 2022, using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

Experience study	July 1, 2018
Inflation	2.25%
Salary increases	2.75% to 22.75%, varies by job classification, service and age
Discount rate	3.54% and 2.16% for June 30, 2022 and 2021 reporting, respectively
Measurement date	June 30, 2022
Healthcare costs trends rates	
Medical	7.00% grading down to 4.5% by 0.25% per annum
Prescription drug	8.00% grading down to 4.5% by 0.25% per annum
Medicare Advantage	1.80% grading down to 4.5% by 0.25% per annum
Administrative costs	2.00%
Healthy mortality rates	Rates that vary by job classification and employee status. The rates are consistent with the pension plans valuation assumptions for the same employees.

B. Health Benefits Internal Service Fund

On May 1, 2019, the City awarded CIGNA a five-year contract with two (2) one-year renewal options for 3 new health plans. All have an emphasis on a wellness component and include: 1) a limited network HMO-type plan, 2) an open access PPO-type plan with out-of-network coverage, and 3) a consumer driven high deductible health plan, partnered with a health reimbursement account.

Premiums paid (employer and subscriber) for current employees to third party administrators including claim liability totaled \$304.2 million for the year ended June 30, 2023.

		CIGNA	
		Schedule of Changes in Liability	
		(in thousands)	
		June 30, 2023	June 30, 2022
Beginning actuarial estimate of claims liability reserve, July 1	\$	28,316	\$ 27,483
Catastrophic claims reserve, July 1		15,000	15,000
Incurred claims for fiscal year		320,999	336,357
Payments on claims - net of RX rebates and refunds		(321,681)	(335,524)
Ending actuarial estimate of claims liability including catastrophic claims liability, June 30	\$	<u>42,634</u>	<u>\$ 43,316</u>

C. Long-Term Disability Plan

The long-term disability ("LTD") plan, with related contributions and benefit payments accounted for as an internal service fund, is a part of the City's Compensable Sick Leave Plan ("CSL") and is provided at no cost to City employees who are members of CSL. Coverage is effective the later of September 1, 1985, or upon completion of one year of continuous service. When an employee cannot work because of injury or illness, the plan provides income equal to 50% of base pay plus longevity or 70% of base plus longevity when combined with income benefits available from other sources. Plan benefits may be payable after all CSL scheduled sick leave benefits, including frozen sick leave days, have been used, however, not before six months absence from work. The plan is administered by Reed Group, which is reimbursed from the internal service fund for claims as they are paid along with a fee for administrative services. For the year ended June 30, 2023, claims paid totaled approximately \$0.9 million. Effective September 1, 2001, the Meet and Confer Agreement establishes Paid Time Off for classified police officers. This replaces those police officers' participation in the LTD plan. No assets are accumulated in a trust that meets the criteria of GASB codification P22.101 or P52.101 to pay related benefits for this OPEB plan.

1. Changes in Total OPEB Liability (in thousands)

	Total OPEB Liability
Balance at 06/30/2022	\$ 14,170
Changes for the year	
Service cost	1,571
Interest	541
Experience	(965)
Assumption changes	(326)
Benefit payments	(920)
Net change	(99)
Balance at 06/30/2023	<u>\$ 14,071</u>

Total OPEB liability at June 30, 2023, was measured as of June 30, 2023. And total OPEB liability of \$14.1 million includes \$8.2 million for active employees and \$5.9 million for disabled employees. Changes of assumption reflects a change in discount rate from 3.54% in 2022 to 4.13% in 2023.

2. OPEB expense for the year ended June 30, 2023, is \$2.0 million. Components of OPEB expense for the year ended June 30, 2023, are as follows (in thousands):

Service cost	\$	1,571
Interest		541
Differences between expected and actual experience		(340)
Changes in assumptions		247
Total OPEB expense	\$	<u>2,019</u>

3. Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2023, the City reports deferred outflows of resources and deferred inflows of resources related to the LTD plan from the following sources (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 692	\$ (3,610)
Changes in assumptions	2,264	(954)
	<u>\$ 2,956</u>	<u>\$ (4,564)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (in thousands):

Year Ending June 30

2024	\$	(92)
2025		(92)
2026		(92)
2027		(92)
2028		(81)
Thereafter		(1,159)
	\$	<u>(1,608)</u>

4. Sensitivity of the Total OPEB Liability to Changes in the Discount Rate (in thousands)

The following presents the total OPEB liability, calculated using the discount rate of 4.13%, as well as what the total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1 percentage-point higher than the current rate:

	1% Decrease 3.13%	Current Discount Rate of 4.13%	1% Increase 5.13%
Total OPEB Liability	<u>\$ 14,622</u>	<u>\$ 14,071</u>	<u>\$ 13,517</u>

The last experience study for the LTD plan was performed as of July 1, 2018.

D. Deferred Compensation Plan

The City offers its employees a deferred compensation plan (the "DCP"), created in accordance with Internal Revenue Code Section 457 as a separately administered trust. The DCP, available to all City employees, permits employees to defer a portion of their salary until future years. The City does not make any matching or discretionary contributions to the DCP. The DCP is considered as an other employee benefit plan in accordance with paragraph 6 of GASBS No. 97. And the DCP is not considered as a fiduciary activity of the City under the provisions of GASBS No. 84. The deferred compensation funds are not available until termination, retirement, death, or unforeseeable emergency. However, the Plan now offers loans to participant employees. The maximum loan amount is the lesser of \$50,000 or 50% of the total account balance, less any outstanding loans. The minimum loan amount is \$1,000. The DCP's assets are not subject to the City's general creditors and are not included in the accompanying financial statements.

E. Workers' Compensation Self-Insurance Plan

The City has established a Workers' Compensation Self-Insurance Plan, accounted for within the various operating funds. This plan is administered by TriStar Insurance Group, Inc. Funds are wire transferred to TriStar as needed to pay claims.

As of June 30, 2023, the City has an accumulated liability in the amount of approximately \$146.2 million, covering estimates for approved but unpaid claims and incurred but not reported claims (calculated on an actuarial basis), recorded in the accompanying Statement of Net Position.

Schedule of Changes in Liability			
(in thousands)			
	June 30, 2023		June 30, 2022
Beginning actuarial estimate of claims liability, July 1	\$ 148,698	\$	135,520
Incurred claims for fiscal year	24,704		45,743
Payments on claims	(19,200)		(32,400)
Actuarial adjustment	(8,000)		(165)
Ending actuarial estimate of claims liability, June 30	<u>\$ 146,202</u>	<u>\$</u>	<u>148,698</u>

The remainder of this page is intentionally left blank

NOTE 12: INTERFUND TRANSACTIONS**A. Transfers**

Transfers during the year ended June 30, 2023, were as follows (in thousands):

Transferred from:	Transferred to:					Total Transfers Out
	General Fund	Debt Service Fund	Capital Projects Fund	Grants Fund	Nonmajor Governmental Funds	
General Fund	\$ —	\$ 380,019	\$ 10,426	\$ —	\$ 91,743	\$ 482,188
Capital Projects Fund	—	2,599	—	399	740	3,738
Grants Fund	1,694	530	2,277	—	90	4,591
Nonmajor Funds	19,829	4,591	134,473	—	630	159,523
Convention and Entertainment	1,522	—	—	—	—	1,522
Combined Utility System	49,147	4,899	—	—	350	54,396
Total transfers in	<u>\$ 72,192</u>	<u>\$ 392,638</u>	<u>\$ 147,176</u>	<u>\$ 399</u>	<u>\$ 93,553</u>	<u>\$ 705,958</u>

Transfers are used to (1) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and (3) use unrestricted revenues in the Combined Utility and non-major revenue fund to finance general fund programs.

B. Schedule of Amounts Due To and Due From Other Funds

The interfund balances are primarily due to charges for services between funds during the fiscal year and settled shortly after year-end. The composition of interfund balances as of June 30, 2023, is as follows (in thousands):

Receivable fund:	Payable fund:							Total
	General Fund	Capital Projects	Grants	Nonmajor	Airport System	Combined Utility	Internal Service	
General	\$ —	\$ 21,209	\$ 2,306	\$ 5,395	\$ 608	\$ 37,750	\$ 83	\$ 67,351
Capital Projects	7,488	—	4,210	—	—	—	—	11,698
ARPA	11	—	—	—	—	—	—	11
Grants	278	—	—	3	—	—	—	281
Nonmajor	343	—	160	53	1	95	—	652
Airport System	245	—	—	314	—	—	—	559

NOTE 13: COMMITMENTS AND CONTINGENCIES**A. Litigation and Claims**

Claims and judgments at June 30, 2023, consist of the following (in thousands):

	Governmental Activities	Business-Type Activities	Total
Health benefits (Note 11.B)	\$ 42,634	\$ –	\$ 42,634
Workers' compensation (Note 11.F)	137,218	8,984	146,202
Other workers' compensation	2,274	–	2,274
Litigation and claims	7,163	–	7,163
Environmental liabilities	18,231	–	18,231
Total claims and judgments	<u>\$ 207,520</u>	<u>\$ 8,984</u>	<u>\$ 216,504</u>

The City is a defendant in various lawsuits and is aware of pending claims arising in the ordinary course of its governmental and enterprise activities, certain of which seek substantial damages. That litigation includes lawsuits and claims alleging that the City caused personal injuries and/or wrongful deaths; class actions and other lawsuits and claims alleging discriminatory hiring and promotional practices and certain civil rights violations arising under the Federal Voting Rights Act; various claims from contractors for additional amounts under construction contracts; and claims involving property tax assessments and various other liability claims. The status of such litigation ranges from an early discovery stage to various levels of appeal of judgments both for and against the City. The amount of damages is limited in certain cases under the Texas Tort Claims Act and is subject to appeal. The City intends to defend itself vigorously against the suits. There is other threatened litigation for which an amount cannot be determined. The City typically utilizes the General Fund to liquidate claims and judgments.

Propositions

In 2004, Houston voters approved two ballot propositions limiting City revenue growth. Proposition 1 generally limits annual growth in property tax revenues to the lesser of the actual revenues collected in the preceding fiscal year, plus 4.5 percent, or the allowable property tax revenues in the previous fiscal year, plus the cumulative combined rates of inflation and the City's population growth. With the exception of grant monies, revenue received from other governmental entities and interfund transfers, Proposition 2 caps growth in all City revenues, including the General Fund, Special Revenue Funds and Enterprise Funds (combined revenues). Proposition 2 would require a 60 percent vote at a regular election before the City could increase combined revenues over the combined revenues for the preceding fiscal year as adjusted for rates of change in the consumer price index and population growth. Any combined revenues collected by the City in excess of the Proposition 2 restriction would be placed in a taxpayer relief fund. Although both propositions received a majority of votes in the 2004 election, the City declared that Proposition 2 was not effective because Proposition 1 received the higher number of favorable votes.

Supporters of Proposition 2 filed a lawsuit to declare Proposition 2 effective. After protracted litigation, on August 26, 2011, the Texas Supreme Court vacated the judgment of the trial court (for lack of ripeness) without reference to the merits and dismissed the case for want of jurisdiction. In April 2014, the suit was refiled. The court granted the City Defendant's Motion for Summary Judgment on September 16, 2019, and denied plaintiffs' Motion for Summary Judgment. On October 4, 2019, the trial court held a bench trial on the remaining issues. On October 29, 2019, the trial court held for the City Defendants, ordering that the plaintiffs take nothing. The parties cross appealed and the case has been fully briefed. Oral arguments were held on June 2, 2021. On October 12, 2021, the court of appeals issued a 2-1 decision affirming the trial court's ruling. The remaining plaintiff filed a petition for review. The Supreme Court asked for briefing, which has been filed by all parties. The parties await a final decision from the Supreme Court granting or denying review.

In 2007, Houston voters approved several ballot propositions including Proposition G, which eliminated some of the most serious concerns created by the potential application of Proposition 2 by revising how the City's revenues limited by the Charter would be calculated (including the removal of the revenues of the City's Enterprise Funds from the revenues limited by the City Charter), and Proposition H, which allowed the City to raise revenues for police, fire, and emergency services in excess of the revenues allowed under any revenue limitations contained in the City Charter.

Wastewater Treatment and Collection System

In 2013, the City commenced formal negotiations with the U.S. Environmental Protection Agency ("EPA") and the U.S. Department of Justice ("DOJ") (collectively, the "United States") on a draft Clean Water Act consent decree relating to the City's Wastewater Treatment and Collection System (the "Collection System") that would contain specific remedial measures to address sanitary sewer overflows ("SSOs") and wastewater treatment plant permit exceedances and mitigate against future occurrences. The State of Texas (the "State") later joined in the negotiations and resolution of this matter. Before the EPA, DOJ, State and the City could complete the consent decree negotiations, a citizen group called Bayou City Waterkeeper ("BCW") notified the City in July 2018 of BCW's Notice of Intent to Sue ("NOI") the City on the same matters being addressed in the consent decree negotiations with the United States and the State. In response to the threatened citizen suit, the United States and the State filed a suit against the City first in the United States District Court for the Southern District of Texas (Civil Action No. 4:18-cv-03368) – on September 20, 2018 – which the City believed precluded BCW under federal law from filing a separate suit on the same matters. The United States also requested that the Court stay the United States' and State's proceeding to allow the parties to complete the settlement negotiations, and the Court granted the motion to stay. BCW also ultimately intervened in the United States' September 20, 2018, lawsuit as allowed by the Clean Water Act. In addition, and notwithstanding the United States' suit, BCW filed a separate action (also in the United States District Court for the Southern District of Texas; Civil Action No. 4:18-cv- 03369) on the next day – September 21, 2018 – which was ultimately dismissed with prejudice.

Following filing of the lawsuit on September 20, 2018, the United States, State and City continued settlement negotiations, which resulted in an agreement between those parties on a proposed consent decree (the "Consent Decree"). On July 24, 2019, City Council, by ordinance, approved the Consent Decree and payment of \$4.4 million in penalties to the State and United States, and \$200,000 in attorney fees to the State to resolve all civil claims of the federal government and the State against the City for alleged wastewater violations since 2005. The City signed the Consent Decree on July 26, 2019, and after execution by federal and state officials, the Consent Decree was lodged with the federal District Court on August 27, 2019. Notice of the lodging of the Consent Decree was published in the Federal Register on September 3, 2019, which opened a 30-day period (until October 14, 2019) for the submission of public comments to the United States on the Consent Decree; on October 9, 2019, however, the United States extended the public comment period on the Consent Decree until November 8, 2019. Notice of the Consent Decree was published in the Texas Register on September 13, 2019, which opened a 30-day period (until October 14, 2019) for the submission of public comments to the State of Texas on the Consent Decree. The public comment periods for the State and United States closed on October 14, 2019, and November 8, 2019, respectively. On August 7, 2020, the United States and the State filed a motion to enter the Consent Decree with the Court, including the response to comments that were submitted concerning the Consent Decree. After reviewing the motion, comments, and any other pleadings in support of or opposing entry of the Consent Decree, the Court signed an Order on March 31, 2021 approving the Consent Decree as lodged on August 27, 2019, and entered the Consent Decree as a final judgment on April 1, 2021. The City has posted a copy of the Consent Decree and related documents on its website at <https://www.houstonpublicworks.org/wastewater-cd>.

While the total amount of the investment to be made in the wastewater system will not be known until the City completes the assessment work to identify the condition and remedial measures needed, it is estimated that the City may be required to invest an additional \$2 billion over 15 years to upgrade the wastewater system pursuant to the Consent Decree.

In fiscal year 2019, the City engaged a utility rate consultant to review the water and wastewater cost of service and rate design, and water and wastewater impact fee update, which among other things, took into account the additional investment requirements in the then-proposed Consent Decree. The City sought court validation of the water and wastewater rates excluding contract rates and on October 4, 2021, a final judgment was entered by a Travis County District Court validating the water and wastewater rates for which the City sought validation.

Other than the costs identified above that have been paid for resolution of all civil claims of the federal government and the State against the City for alleged wastewater violations since 2005, the City cannot predict the total financial impact on current and future long-term operations, annual maintenance and/or capital improvements costs that may be required, which could be substantial.

The Consent Decree terms cause stipulated penalties to accrue in certain situations; the City has paid to the United States and Texas \$1,442,600 in stipulated penalties for SSOs and wastewater treatment plant permit exceedances that occurred during the seven (7) quarters since the operation under the Consent Decree, which was expected as it takes time to correct the defects in the City's wastewater system. It is unclear at this time the total amount of stipulated penalty monies that may be demanded from the City over the life of the Consent Decree. The City continues to manage the its wastewater system, including Consent Decree commitments, through capital investments, maintenance, and assessment activities. These activities include enhanced sewer cleaning; renewal, rehabilitation, and consolidation of lift stations; restaurant inspections; lift station and wastewater treatment plant inspections and investigations; SSO response; and public outreach and education.

Drainage Utility Fee

In 2011, City Council passed an ordinance that imposed an assessment upon benefited properties that receive drainage services (the "Drainage Utility Fee") to assist with the provision, maintenance and improvement of the City's drainage and street drainage systems. Certain properties are exempt from the Drainage Utility Fee, including State government agency facilities, public and private institutions of higher education, and churches existing at the time of passage. Exempt properties comprise approximately 2.55% of the drainage service area.

The Drainage Utility Fee is deposited into a segregated drainage account in the "Dedicated Pay-As-You-Go Fund for Drainage and Streets" (the "Pay-As-You-Go Fund"), which also includes ad valorem tax revenue, certain grants, and a developer impact fee. All funding in the Pay-As-You-Go Fund that is not derived from ad valorem taxes is excluded from the revenue limitations in the City Charter.

Jones v. Turner. On October 21, 2019, taxpayers filed suit in state district court alleging miscalculation by the City of required ad valorem tax contributions to Pay-As-You-Go-Fund resulting in alleged underpayments into the fund. The plaintiffs seek declaratory relief, an injunction, mandamus relief, attorneys' fees, and any other relief to which they may be entitled. The trial court denied the City's plea to the jurisdiction in December 2019, and the Fourteenth Texas Court of Appeals reversed in the City's favor and rendered a decision dismissing Jones' claim. The Texas Supreme Court reversed the Court of Appeals decision and remanded the case to the trial court for further proceedings.

Drainage Utility Fee Litigation. In 2012, the owners of three apartment complexes filed a lawsuit against the City and the Director of Houston Public Works in their official capacity, challenging the validity of the Drainage Utility Fee and alleging ultra vires actions by the Director. The City filed a plea to the jurisdiction seeking dismissal of the suit. The City's plea was granted in part and denied in part. The apartment complexes' remaining ultra vires claims, declaratory judgment claims, and constitutional challenges to the ordinance remain pending in the district court. The apartment complexes appealed, the court of appeals affirmed the trial court's decision and the Supreme Court denied review. The case was abated pending the resolution of another case challenging the drainage fee ordinance.

A small business filed a lawsuit contending that the City and Mayor Sylvester Turner and the Director of Houston Public Works in their official capacities have illegally assessed, collected and spent hundreds of millions of dollars for drainage and street repairs from Houston taxpayers and landowners for the past seven years, pursuant to a void Charter Amendment and/or a void City Ordinance. The case was abated pending the resolution of a similar case challenging the drainage fee ordinance.

An additional lawsuit has been filed against the City seeking a declaratory judgment that the Drainage Utility Fee is illegal and asking that the City reimburse residents who have paid the fee in prior years. The lawsuit seeks to certify such residents as a class. The trial court dismissed the case; the plaintiff has appealed and the dismissal of the case was affirmed on appeal. The Texas Supreme Court granted review, received briefing and heard oral argument. On June 10, 2022, the Texas Supreme Court confirmed the City's ability to charge a drainage fee and remanded the case to the trial court to allow repleading on any remaining claims. The plaintiff has moved for a re-hearing before the Texas Supreme Court.

B. Environmental Liabilities

The City is aware of various sites contaminated by asbestos or other hazardous materials. As of June 30, 2023, the City has recorded accrued liabilities of \$18.2 million, to be used for: assessment and remediation of asbestos, lead and mold; Phase I and II environmental site assessments and remediation; and remediation of radioactive material.

C. Commitments for Capital Facilities

At June 30, 2023, the City had appropriated but not yet spent from the Capital Projects and Enterprise Funds approximately \$2.7 billion for capital projects.

D. Risk Management

The City purchases fidelity coverage to comply with City ordinance, boiler and machinery insurance with a per occurrence loss limit of \$125.0 million and commercial property insurance with a per occurrence loss limit of \$200.0 million. The commercial property insurance sub-limit for flood is \$200.0 million. The commercial property insurance provides deductibles as follows: \$2.0 million per occurrence for all perils, except (1) 3% of the damaged insured value for windstorm or hail from a named storm, subject to a \$2.5 million minimum and a \$20.0 million maximum deductible and (2) 3% of the damaged insured value for flood, subject to a \$2.5 million minimum and a \$20.0 million maximum deductible. Should a named storm event occur that involves both perils of windstorm and flood, the maximum deductible is \$20.0 million. The City's property insurance retention is 10% of the \$50.0 million primary limits, not to exceed the \$5.0 million retention limit.

Self-insured claims are reported as liabilities in the accompanying financial statements when it is probable that a loss has occurred, and the amount of that loss can be reasonably estimated. This determination is based on reported pending claims, estimates of claims incurred but not yet reported, actuarial reports and historical analysis. All claims are accounted for in the accompanying Government-wide Statement of Net Position.

Claims that are expected to be paid with expendable, available financial resources are accounted for in the General Fund and the appropriate Enterprise Funds.

E. Purchase Commitments for Electricity

On July 1, 2020, the City entered into an electricity supply agreement with Reliant Energy Retail Services, Inc. for a 5-year term with two 1-year options, with locked rates for the duration of the contract terms. The total committed price is approximately \$634.0 million for expected usage of the potentially 7-year contract. As of June 30, 2023, the remaining commitment is approximately \$322.9 million.

On November 13, 2015, the City entered into a solar energy supply agreement with ENGIE to supply solar power to the City from a facility located in Alpine, Texas, for a 20-year term starting in April 2017. The contract value is approximately \$124.7 million. As of June 30, 2023, the remaining commitment is approximately \$86.4 million.

F. Federal and State

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal and state governments. Any disallowed claims, including amounts already collected, could be a liability of the City. The amount of liability, if any, cannot be determined at this time. City management believes any such claims would be immaterial to the City's financial position at June 30, 2023.

G. Risk and Uncertainties Related to COVID-19 Pandemic

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, has been characterized as a pandemic (the "Pandemic") in March 2020 by the World Health Organization and continues to affect many parts of the world, including the United States and Texas. Many of the federal and State actions and policies had significant effect to the operation of businesses and directly impacts the national, State, and local economies.

The American Rescue Plan Act ("ARPA") was signed in to law on March 11, 2021. Under ARPA, the State and Local Fiscal Recovery Fund ("SLFRF") provides additional funding to state and local governments for response and recovery from the Pandemic. The City's allocation of SLFRF funds totals \$607.7 million, which was received in two separate payments of \$303.8 million each. The first was in May 2021 and the second in June 2022. The City allocated and used these funds towards eligible costs such as COVID-19 public health related expenditures and for revenue replacement for the provision of government services. SLFRF allows localities to spend the funds for revenue replacement to the extent of the reduction of revenue due to the Pandemic. Further information on the City's ARPA program can be found at the City's official ARPA SLFRF website (<https://www.houstontx.gov/arpa/>).

H. Chapter 380 Program and Commitment

Chapter 380 of the Local Government Code authorizes municipalities to offer incentives designed to promote economic development such as commercial and retail projects. In 1999, the City created the Chapter 380 Program (the "380 Program") by City Ordinance 1999-74, to incentivize job creation and stimulate business and commercial activity in Houston. Under the 380 Program, private businesses and developers fund public improvements in advance and assume the risks related to those public improvements during the construction period. If the improvements are completed as planned, these businesses or developers are reimbursed over time by the City from incremental property tax, sales tax, or beverage tax. At June 30, 2023, the City has a number of 380 Program agreements as follows:

Type of Agreement	Number of Active Agreements	(in thousands)		
		Gross Commitment	Reimbursed to-Date	Remaining Commitment
Agreed-up on maximum commitment	9	\$ 62,103	\$ 37,744	\$ 24,359
Actual cost reimbursement	7	\$ —	\$ 160,538	Costs subject to the City's review and approval

The remainder of this page is intentionally left blank

NOTE 14: RELATED ORGANIZATION TRANSACTIONS**A. Metropolitan Transit Authority ("METRO")**

The City and METRO have an inter-local agreement governing the distribution and usage of a portion of incremental sales tax collected within the METRO service area for Eligible Transportation Projects ("General Mobility Program", "Program"). The City uses funds allocated through the Program to perform street maintenance/construction, traffic control, and other eligible transportation projects. During the fiscal year ended June 30, 2023, the City received \$141.7 million from METRO under this contract. The breakout was \$71.0 million to Capital Projects and \$70.7 million to Special Revenues. \$0 of payments were for the prior contract year. In addition, the City did not make any payments to METRO for services performed through the Program.

Consistent with provisions under Chapter 451 of the Texas Transportation Code, the City currently appoints five (5) of the nine (9) members of the METRO Board of Directors; however, the City has no financial accountability for the Authority and the entity is separate from the operating activities of the City.

B. Trinity River Authority ("TRA")

As described in Note 8.C, the City and TRA have a long-term contract under which the City is obligated to pay debt service for certain bonds as well as certain maintenance and operating expenses for a TRA dam and reservoir. During the year ended June 30, 2008, all outstanding long-term debt had been paid off. During the year ended June 30, 2023, the City paid \$4.5 million for maintenance and operating expenses under the terms of the contract.

In December 2016, the City and the TRA entered into a Raw Water Supply Contract. This contract referred to prior agreements with TRA regarding the construction of Lake Livingston and the Wallisville salinity control barrier of which the City paid for all the construction costs. The 2016 agreement established a receivable due from TRA for their 30% share of the project costs. The receivable will be offset by the charges due from the City to TRA as established by the Raw Water Supply contract. It is estimated the receivable will be dismissed by 2040. The balance as of June 30, 2023, is \$60.1 million. The current portion of this receivable is \$3.5 million with the remaining \$56.6 million reflected as non-current.

C. Coastal Water Authority ("CWA")

The City has a long-term contract with CWA for water conveyance. During the year ended June 30, 2023, the City paid CWA \$6.4 million for debt services and \$32.0 million for maintenance and operating expenses.

D. Jointly Governed Organizations

The City is a participant in jointly governed organizations. Six of thirteen board members of the Harris County Houston Sports Authority with the chairman appointed jointly by the City and Harris County. Three of twelve board members of the Gulf Coast Rail District with the chairman appointed jointly by the City and Harris County.

NOTE 15: CONDUIT DEBT OBLIGATIONS

The City has authorized various issues of Special Facilities Bonds to enable United Airlines, Inc. ("United") (formerly known as Continental Airlines, Inc.), a publicly traded company, to construct facilities at the George Bush Intercontinental Airport ("Special Facilities") that were deemed to be in the public interest. These bonds are limited special obligations of the City, payable solely from and secured by a pledge of revenues generated from lease agreements with United. Collected pledged revenues are remitted directly to a trustee by United. In addition, no commitments beyond the payments from United and maintenance of the tax-exempt status of the conduit debt obligation were extended by the City. At June 30, 2023, the bonds have an aggregate outstanding principal amount payable of approximately \$1.1 billion.

Under the terms of the related lease agreements, United operates, maintains, and insures the terminals, and manages and retains revenues from all concessions operated in the Terminal B and E Special Facilities. The City operates, maintains, insures, and manages and retains revenues from all concessions operated in all other terminal facilities.

The City holds legal title to the completed facilities, as they are constructed on airport property, but the constructed facilities are operated and controlled by United through long-term leases, and the City and the Airport System will enjoy no direct financial benefit from these facilities for the term of the lease agreements. Accordingly, the City accounts for the Special Facilities Bonds shown in the following table as conduit debt, and neither the debt nor the related assets have been recorded in the accompanying financial statements.

	(in thousands)
	June 30, 2023
Airport System Special Facilities Revenue Bonds (Continental Airlines, Inc. Terminal Improvement Projects), Series 2011 (AMT), \$113,305,000 original principal, matures in 2038	\$ 113,305

Airport System Special Facilities Revenue Refunding Bonds (United Airlines, Inc. Airport Improvement Projects), Series 2021B-1 (AMT), \$219,320,000 original principal, matures in 2041	219,320
Total Conduit Debt Outstanding	<u>\$ 1,092,420</u>

On August 25, 2021, the City issued \$70.2 million and \$219.3 million in Airport System Special Facilities Revenue Bonds (United Airlines, Inc. Terminal E Project and Terminal Improvement Projects), Series 2021A and 2021B-1, respectively, on behalf of United, for the purpose of 1) financing the costs of development, construction, and acquisition of a new multi-terminal baggage handling system and other infrastructure improvements at George Bush Intercontinental Airport and 2) paying related costs of issuance. Interest rate for both series is 4% per annum. Maturity dates are July 1, 2041, and July 15, 2041, for Series 2021A and 2021B-1, respectively.

On June 29, 2020, the City issued \$34.2 million in Airport System Special Facilities Revenue Bonds (United Airlines, Inc. Airport Improvement Projects), Series 2020A (AMT) on behalf of United, to refund certain outstanding Special Facilities Revenue Bonds, and to pay the Series 2020A costs of issuance. The bonds were issued as a 5% Term Bond due July 1, 2027, with a yield of 4.375%.

On June 29, 2020, the City issued \$47.5 million in Airport System Special Facilities Revenue Bonds (United Airlines, Inc. Airport Improvement Projects), Series 2020B-2 (AMT) on behalf of United, to refund certain outstanding Special Facilities Revenue Bonds, and to pay the Series 2020B-2 costs of issuance. The bonds were issued as a 5% Term Bond due July 15, 2027, with a yield of 4.375%.

On June 29, 2020, the City issued \$66.9 million in Airport System Special Facilities Revenue Bonds (United Airlines, Inc. Airport Improvement Projects), Series 2020C (AMT) on behalf of United, to refund certain outstanding Special Facilities Revenue Bonds, and to pay the Series 2020C costs of issuance. The bonds were issued as a 5% Term Bond due July 15, 2027, with a yield of 4.625%.

On February 20, 2018, the City issued \$90.7 million in Airport System Special Facilities Revenue Bonds (United Airlines, Inc. Technical Operations Center Project), Series 2018 (AMT) on behalf of United, to finance the construction of a technical operations center and related facilities at IAH. The bonds were issued as a 5% Term Bond due July 15, 2028, with a yield of 3.60%.

On February 20, 2018, the City issued \$46.4 million in Airport System Special Facilities Revenue Bonds (United Airlines, Inc. Airport Improvement Projects), Series 2018C (AMT) on behalf of United, to finance the improvement, renovation, expansion and repair of certain special facilities at IAH, including improvements to an existing aircraft maintenance hangar facility, construction of an aircraft shops facility, and renovation of a maintenance and parts storage facility. The bonds were issued as a 5% Term Bond due July 15, 2028, with a yield of 3.60%.

On March 16, 2015, the City issued \$176.7 million in Airport System Special Facilities Revenue Bonds (United Airlines, Inc. Terminal Improvement Projects), Series 2015B-1 (AMT) on behalf of United, to finance the construction of a new North Concourse building at Terminal B with jet bridge loading, and to make improvements to related facilities. The bonds were issued with a coupon rate of 5.00%, and a yield of 4.75%, to mature in varying amounts from 2026 to 2035.

On May 8, 2014, the City issued \$308.7 million in Airport System Special Facilities Revenue Refunding Bonds (United Airlines, Inc. Terminal E Project) Series 2014 on behalf of United, at coupon rates ranging from 4.50% to 5.00%. The bonds mature in varying amounts from 2020 to 2029. Proceeds of the bonds were used to refund a portion of the City's outstanding Airport System Special Facilities Revenue Bonds (Continental Airlines, Inc. Terminal E project) Series 2001 and to pay costs of issuance.

On November 17, 2011, the City issued \$113.3 million in Airport System Special Facilities Revenue Bonds (Continental Airlines, Inc. Terminal Improvement Projects), Series 2011 (AMT), at coupon rates ranging from 6.50% to 6.625%, to finance the replacement of two flight stations at Terminal B, with a new South Concourse building to serve United Airlines' regional jet operations.

NOTE 16: SUBSEQUENT EVENTS

Management has evaluated subsequent event through the date that the financial statements were available to be issued, November 17, 2023, and determined that the following items require disclosure. No events occurring after this date have been evaluated for inclusion in these financial statements.

Public Improvement Bonds

On October 25, 2023, the City issued \$271.3 million of Public Improvement and Refunding Bonds Series 2023A ("PIB 2023A Bonds"), with an average coupon rate of 5.15% and the last maturity date of March 1, 2043. The PIB 2023A Bonds were issued to refund the general government outstanding commercial paper and fund certain voter authorized public improvements.

Houston Airport System

On July 19, 2023, the City issued \$647.9 million and \$108.2 million of Airport System Subordinate Lien Revenue and Refunding Bonds Series 2023A and 2023B ("Series 2023 Bonds"), respectively, with interest rate of the bonds ranges from 4.25% to 5.25%. The Series 2023 Bonds mature on July 1, 2053. The Series 2023 Bonds were issued for the purpose of providing funds to: (a) refund and redeem all the outstanding principal amount of the Refunded Notes and Bonds; and (b) pay certain costs of issuance with respect to the Series 2023 Bonds. By issuing the Series 2023 Bonds, the City obtained an estimated economic gain of approximately \$19.0 million and obtained a net present value of savings of approximately \$12.9 million.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**June 30, 2023****(Unaudited)****1. General Budget Policies**

During January of each year, the Mayor, with City Council input, establishes budget guidelines. All departments of the City submit requests for appropriations to the Mayor and the City's Department of Finance so that a budget may be prepared. Typically during June, the City Controller certifies that funds are available for a continuing appropriation and the budget is proposed to City Council. City Council holds public hearings and a final budget is normally adopted by June 30th. A final appropriation ordinance is adopted later in the fiscal year and may include budget revisions or amendments.

The legal level of budgetary control is the departmental level within each fund, even though the budget is prepared by fund, department, and expenditure category. The Mayor is authorized to transfer unlimited budgeted amounts within departments and amounts between departments, provided such transfers do not exceed 5% of an expenditure category. Expenditure categories are personnel services, other current expenditures and capital outlay. Appropriations related to funds with annual budgets lapse at year-end except for Capital Outlay appropriations, which cover multiple years.

On April 27, 2023, City Council approved the fiscal year 2023 general appropriation ordinance in the amount of \$2.8 billion for the General Fund.

Annual operating budgets are adopted for the General Operating Fund, the Debt Service Fund, the Special Revenue Funds (except for the Grants Revenue Fund, Disaster Recovery, Health Special Fund and the Housing Special Fund), and the Proprietary Funds. The budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. Budgets for proprietary funds are prepared on the accrual basis, but focus on expenses relating to maintenance and operations, and equipment purchases and, accordingly, exclude depreciation and other allocations related to income determination.

The following provides actual fiscal year 2023 results for both budgeted and non-budgeted Special Revenue Funds (in thousands):

	Revenues	Expenditures	Other Sources (Uses)
Budgeted Special Revenue Funds	\$ 429,403	\$ 291,984	\$ (67,219)
Non-budgeted Grants Revenue Fund	421,426	435,869	(4,192)
Non-budgeted Health and Housing	1,233	934	328
Non-budgeted Other Funds	12,671	26	400
Total Special Revenue Funds - Actual	<u>\$ 864,733</u>	<u>\$ 728,813</u>	<u>\$ (70,683)</u>

2. General Fund Budgetary Highlights

Revenues were \$114.4 million above budget. This increase was mainly evident in taxes and assessments of \$112.5 million. Additionally, increases in licenses and permits of \$0.6 million, charges for services of \$5.3 million, fines and forfeits of \$1.8 million, interest of \$1.7 million, and other income of \$3.1 million were offset by decreases in intergovernmental-grant of \$9.6 million, and other financing sources (uses) of \$1 million.

Significant differences between budgeted and actual taxes and assessments include:

- \$23.7 million increase in property taxes
- \$3.6 million increase in industrial assessments
- \$82.1 million increase in sales tax
- \$2.9 million increase in mixed beverage tax

Notes to Schedule:

- The schedule is intended to show information for ten years. The additional years' information will be displayed as it becomes available.
- Benefit changes in fiscal year ended June 30, 2017:
 - Standard service pension benefit changed for retirements on or after November 1, 1997, to the following: for retirement on or after November 1, 1997, and applicable for service accrued prior to July 1, 2017, 50% of monthly salary; plus 3% of average monthly salary per year of service in excess of 20 years. For service accrued after July 1, 2017, 2.75% of average monthly salary per year of service for the member's first 20 years of service; plus 2% of average monthly salary per year of service in excess of 20 years.
- Changes of assumptions:
 - Discount rate was changed from 8.50% to 7.25% for the year ended June 30, 2017.
 - For the year ended June 30, 2018, mortality rates for active participants and non-disabled pensioners were based on the RP-2014 Mortality Tables with Blue Collar Adjustment and generational improvement using Scale MP-2017. Projected longevity improvements were applied by adjusting the RP-2014 tables back to 2006 using Scale MP-2014, and then applying generational projection from 2006 forward using Scale MP-2017.
 - For the year ended June 30, 2021, the assumptions used in the actuarial report are based on recommendations made and approved by the HFRF Board as part of an experience study covering fiscal year ended June 30, 2015 through fiscal year ended June 30, 2019.

Notes to Schedule:

- The schedule is intended to show information for ten years. The additional years' information will be displayed as it becomes available.
- Changes of assumptions:
 - Discount rate was changed from 8.50% to 8.00% as of July 1, 2015, and subsequently lowered to 7.00% as of July 1, 2017.
 - The actuarially determined contribution includes the Legacy Liability payment as specified by the January 1, 2017 Risk Sharing Valuation and a calculated employer rate equal to the normal cost and the amortization of any new unfunded liabilities over a closed 30-year period from the valuation date the liability base was created.
 - Salary increases were changed as of July 1, 2016, from 3.25%-6.00%, including inflation, to 3.25%-5.50%, including inflation.
- Covered payroll for 2022 is reported fiscal year pay, except for Houston First Corporation ("HFC") employees. For HFC, annualized pay was used.

Notes to Schedule:

- The schedule is intended to show information for ten years. The additional years' information will be displayed as it becomes available.
- The benefit changes in fiscal year 2017 are detailed in the "Final Risk Sharing Valuation Study as of June 30, 2016" dated September 25, 2017, as a result of the amendment of the Governing Statute on July 1, 2017, which included changes to normal retirement eligibility, normal retirement benefit, and post-retirement Cost of Living Adjustments (COLA).
- Changes of assumptions:
 - Discount rate was changed from 8.00% to 7.00% for the year ended June 30, 2017.
 - A new set of assumptions were adopted in the July 1, 2018, actuarial valuation and are first reflected in the contribution rate determined for the fiscal year ending 2020.

OFFICE OF THE CITY CONTROLLER

Discovery Green

GOVERNMENTAL FUNDS

Governmental Funds:

Boasting 12 acres in the heart of Downtown Houston, Discovery Green has been a popular destination for residents and visitors since its opening in spring 2008. Since then, Discovery Green has welcomed more than 20 million visitors and hosts hundreds of events a year. With its close proximity to other popular destinations, Discovery Green offers downtown residents, workers and visitors alike a calming escape.

Governmental Funds

General Fund – The General Fund is used to account for sources and uses of financial resources applicable to the general government operation of the City. All general operating revenues and expenditures that are not restricted and, therefore, accounted for in another fund, are recorded in the General Fund.

Debt Service Fund – The Debt Service Fund is used to account for the payment of interest and principal on all general long-term debt other than debt issued for and serviced by Enterprise Funds.

Capital Projects Fund – The Capital Projects Fund accounts for all resources used for the acquisition and/or construction of capital facilities by the City, except those financed by Enterprise Funds.

ARPA Fiscal Recovery Fund – The ARPA Fiscal Recovery Fund is used to receive funds from the U.S. Department of Treasury to be used for the response efforts relating to local fiscal recovery from the COVID-19 pandemic pursuant to the American Rescue Plan Act of 2021.

Grants Fund – The Grants Fund is used to account for grant resources received from various local, state, federal, and national agencies and organizations. The use of these resources is restricted to a particular function of the City by the grantor.

Nonmajor Funds – Nonmajor Funds did not meet the established criteria for major fund status. They are used to account for the proceeds of specific revenue sources (other than capital projects) that are restricted to expenditures for special purposes. All Nonmajor Funds have been presented; however, only certain sub-funds have legally adopted budgets. Nonmajor funds are:

- **Public Safety Special Fund**
 - Budgeted: Asset Forfeiture, Auto Dealers, Child Safety, Houston Emergency Center, Local Truancy Prevention & Diversion, Municipal Courts Technology Fee, and Police Special Services
 - Not budgeted: Helmets for Bicycle Safety, Nuisance Abatement, and FTA Special
- **Public Works Special Fund**
 - Budgeted: Building Inspection, Dedicated Drainage and Street Renewal, Historic Preservation, Planning and Development Special, and Recycling Revenue
 - Not budgeted: Mobility Response Team
- **Health and Housing Special Fund**
 - Budgeted: Essential Public Health Services, Health Special, Laboratory Services, Special Waste, and Swimming Pool Safety
 - Not budgeted: Housing Special, and HJTPC Self Insurance
- **Parks and Recreation Special Fund**
 - Budgeted: Bayou Greenway 2020, Parks Golf Special, and Parks Special
 - Not budgeted: MacGregor Parks Endowment, and Planting Tree
- **Other Special Revenue Fund**
 - Budgeted: Cable Television, Contractor Responsibility, Houston TranStar, and Park Houston
 - Not budgeted: MNC Memorial City Way, W.A.T.E.R., John Battaglia Trust, Inc. Fund, and Houston Foundation

Nick Hubbard/Memorial Park Conservancy

ENTERPRISE FUNDS

Enterprise Funds:

Named to honor the soldiers who fought in World War I and trained in the site, formerly known as Camp Logan, Memorial Park is one of the largest urban parks in the United States spanning more than 1,500 acres. In early 2023, the Memorial Park Conservancy unveiled the park's Land Bridge and Prairie Project, a key step to restoring more than 45 acres of Gulf Coast Prairie, an endangered ecosystem. Featuring a renowned public golf course, scenic drives, running and walking trails, and other outdoor amenities, Memorial Park serves as a key destination for all.

Enterprise Funds

Enterprise funds are established to account for City operations that are financed and operated in a manner similar to private business enterprises where the cost of providing goods or services to the general public is financed primarily through user charges.

Airport System — This fund is used to account for the operations of the City's Airport System. The system is comprised of George Bush Intercontinental Airport, William P. Hobby Airport and Ellington Airport.

Convention and Entertainment Facilities — This fund is used to account for the managements of the City's major convention and entertainment centers, as well as parking facilities and selected downtown parks. These centers include George R. Brown Convention Center, Jones Hall, Wortham Theater Center, Bayou Places, Hobby Center, Talento Bilingue de Houston, and Miller Outdoor Theater. The parking facilities include the Theater District Parking Garage, the Convention District Garages and various surface lots. Downtown parks include Sesquicentennial Park, Jones Plaza, Root Memorial Square, and Sabine Promenade.

Combined Utility System — This fund is used to account for the production and transmission of water and the treatment of wastewater for City residents and businesses as well as for other governmental entities located in the Houston area.

H-Town Family Palooza

INTERNAL SERVICE FUNDS

Internal Service Funds:

Hosted in conjunction with other local government partners, *H-Town Family Palooza* is a family-friendly event filled with music, games, activities and more. Located in Downtown Houston in 2022, *H-Town Family Palooza* is one of the many public programs intended to exhibit Houston's quality of life and serves as a positive interaction between residents and local government.

Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one City department to other City departments on a cost reimbursement basis.

Health Benefits — This fund is used to account for the costs incurred to provide City employees' health care and life insurance benefits.

Long-Term Disability — This fund is used to account for the costs incurred to provide City employees' long-term disability coverage.

Hermann Park

FIDUCIARY FUNDS

Fiduciary Funds:

In 1914, Houston-born oilman and philanthropist, George H. Hermann, gifted the City 278 acres of land for use as a park. Between 1922 and 1924, the City purchased an additional 122 acres, growing to what is now considered one of the nation's preeminent urban parks. With more than six million annual visitors, Hermann Park is home to the Houston Zoo, the Miller Outdoor Theatre and Hermann Park Golf Course, among other attractions.

Fiduciary Funds

Funds are used to account for assets held by a government unit as trustee or agent, for individuals, private organizations, and/or other governmental units.

Pension trust funds are used to account for the operation of the employee pension retirement programs. The funds include: Houston Firefighters' Relief and Retirement, Houston Municipal Employees', and Police Officers' pension trust funds.

Private-purpose trust fund is used to account for assets held in a trust of the Houston Foundation which is dedicated to providing benefits to recipients in accordance with the benefit terms. The Houston Foundation was created by City ordinance on March 22, 1915, as a general-purpose charity trust and is administered by an outside board of directors. The City's Finance Director serves as the treasurer of the board in accordance with the ordinance. Additions to the trust consist of individual donor contributions and investment income. Distributions from the fund, primarily to external/eligible 501(c)(3) organizations, may be made for humanitarian needs of the people of Houston.

CITY OF HOUSTON, TEXAS

This page is intentionally left blank

OFFICE OF THE CITY CONTROLLER

Ion Houston, Shannon O'Hara

COMPONENT UNITS

Component Funds:

Located in the heart of the Ion District, the Ion building serves as a headquarters for Houston's burgeoning innovation community and ecosystem. Through the cultivation of a culture for people, places, ideas and experiences, the Ion District is well positioned to spur innovation throughout region for decades to come.

Discretely Presented Component Units (Governmental-type)

Discretely Presented Component Units are legally separate organizations that the City of Houston must include as a part of its financial reporting entity for fair presentation. The City has thirty-three (33) governmental nonmajor component units which are divided into five (5) categories.

Redevelopment – Local government corporations created by the City to redevelop blighted neighborhoods adjacent to Downtown Houston and other areas of the City.

Arts & Cultural – Non-profit organizations with a mission to enhance the city's quality of life through advancing and investing in the arts, diverse cultural programming, library service, tourist and film projects.

Educational & Research – Non-profit organizations with a mission to coordinate and develop public and educational cable access activities within the City of Houston.

Houston BARC Foundation – A 501(c)(3) non-profit corporation with a mission to enhance the city's quality of life through advancing and investing in the care and humane treatment of animals.

Houston Recovery Center LGC, Inc. – Local government corporation created by the City in accordance with Chapter 431 of the Texas Transportation Corporation Act to provide management of the Houston Center for Sobriety.

CITY OF HOUSTON, TEXAS

This page is intentionally left blank

PART III

STATISTICAL SECTION

Statistical Section:

Located in the heart of Houston's Museum District, the Museum of Fine Arts, Houston (MFAH) is a dynamic cultural complex comprising three gallery buildings, a sculpture garden, visitors center, gift shop, library, restaurants, two art schools, two movie theaters, and two house museums. Attracting more than 450,000 visitors per year, MFAH is a prominent destination for both visitors and residents.

Statistical Section

(Unaudited)

This part of the City's Statistical annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>Content</u>	<u>Page</u>
Financial Trends	240
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	251
These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	
Debt Capacity	257
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
Demographic and Economic Information	267
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	
Operating Information	274
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

GENERAL FUND BUDGET FOR FISCAL YEAR 2024
(amounts expressed in thousands)
(unaudited)

Budgeted Resources

Revenues:

Ad Valorem Taxes (current and delinquent)	\$ 1,376,668
Sales and Use Tax	865,593
Franchise Fees	149,179
Municipal Courts Fines and Forfeits	16,134
Miscellaneous	479,226
Total Current Revenues	<u>2,886,800</u>

Beginning Fund Balance as of July 01, 2023 ¹	420,482
Sale of Capital Assets	2,755
Transfers from Other Funds	10,722
Total Budgeted Resources	<u>\$ 3,320,759</u>

Budgeted Expenditures

Administrative Services	\$ 86,177
Public Safety	1,646,141
Development and Maintenance Services	175,696
Human and Cultural Services	216,222
Elected Officials and General Government	317,083
Debt Service and PAYGO Capital Projects	475,304
Total Budgeted Expenditures	<u>2,916,623</u>

Budgeted Ending Fund Balance as of June 30, 2024	404,136
Total Budgeted Expenditures and Reserves	<u>\$ 3,320,759</u>

⁽¹⁾ This amount represents an estimate of the beginning fund balance which was used in preparing the Fiscal Year 2024 Budget.

CONTINUING DEBT DISCLOSURE INFORMATION**June 30, 2023****(amounts expressed in thousands)****(unaudited)****Capital Improvement Plan**

The 2023 - 2027 CIP consists of the projects and facilities described in the following chart. (The 2023-2027 CIP also includes proposed improvements for the Combined Utility System, Airport System and Convention and Entertainment Facilities, which are financed primarily with revenues of those enterprise systems and, therefore, are not included in the table below).

	Amount
Streets, Bridges and Traffic Control	\$ 1,104
Storm Sewers and Drainage	899
Parks and Recreation	106
Police Department	89
Fire Department	74
General Government	188
Public Library	53
Public Health	37
Solid Waste Management	9
Homeless and Housing	4
Technology	48
Fleet	190
Total	<u>\$ 2,802</u> ^(*)

^(*) The tax-supported component of the 2023-2027 CIP addresses a full range of capital facility and infrastructure improvements. The voter authorized improvements are expected to be initially financed with Commercial Paper Notes. The remaining amount is expected to be funded by grants, funds from agencies participating in joint capital improvement projects with the City and various other sources.

General Fund Indirect Charges to Other City Funds

A charge is made by the General Fund to the Water and Sewer System, Airport System, and to certain grant and special revenue funds for indirect charges incurred by the General Fund on behalf of such funds.

Fiscal Year	Amount
2023	\$ 22,801
2022	25,235

(1) The net direct debt amounts above, except for that which relates to the City of Houston, were provided by the individual government entities or the Municipal Advisory Council of Texas (MACTx). The percentage of debt applicable to the City was provided by MACTx. Net Direct Debt is equal to the outstanding principal amount less sinking fund balances.

(2) The percentage of overlapping debt applicable is estimated using (market or taxable) assessed property values. Applicable percentages were estimated by determining the portion of the overlapping government's (market or taxable) assessed value that is within the overlapping jurisdiction's boundaries and dividing it by the overlapping jurisdiction's total (market or taxable) assessed value.

⁽¹⁾ The Texas Constitution limits the maximum ad valorem tax rate to \$2.50 per \$100 of assessed valuation for home-rule cities such as the City; however, for a discussion of the more restrictive City Charter Limitations, see "PROPERTY TAXES – City Charter Tax and Revenue Limitations."

⁽²⁾ The figures represent net adjusted levies, including the late certification and correction rolls from the Appraisal District, through June 30 of each Fiscal Year, except for fiscal year 2024, which is as of August 18, 2023.

⁽³⁾ These amounts do not include revenues from various types of Industrial District Contracts entered into by the City with industrial property owners outside of the City's corporate limits. Such Industrial District Contracts have a term of fifteen years (currently scheduled to terminate in Tax Year 2027) and allow property owners to make payments to the City in lieu of paying ad valorem taxes.

⁽⁴⁾ Includes all ad valorem tax receipts received by the City, including tax increment revenues that are deposited into special funds designated for various tax increment reinvestment zones. By virtue of contracts among the City, the Zones and the local government corporations that manage the zones, the tax increments are transferred to the respective local government corporation and are available to fund authorized projects in the Zone and to be pledged to obligations issued by the local government corporation on behalf of the Zone. Bonds and other obligations issued by the local government are not debt of the City. In Fiscal Year 2024, the City has budgeted approximately \$261.1 million of tax increments to be transferred to special funds for such zones, as required by State law, of which approximately \$41.5 million will be transferred back to the City for affordable housing projects, an administrative fee and a fee for municipal service costs attributable to development in such Zones. Much of the tax increments transferred to the zones are used to promote economic developments through the acquisition and construction of public improvements to spur development in certain areas of the City. Additionally, the zones provide affordable housing and funds for certain City capital improvement projects.

⁽⁵⁾ The City's fiscal year 2024 Budget includes a property tax levy in compliance with Proposition 1. Upon receipt of the Certified Initial Roll a proposed tax rate is calculated to comply with the tax revenue restrictions.

⁽¹⁾ With the exception of Tax Year 2022, the tax roll represents the total appraised value of property, after subtracting all exemptions, and reflects all adjustments made by the Appraisal Districts as of June 30 of each Fiscal Year. The Tax Year 2022 amount represents the Appraisal Districts' estimate of certified taxable property values.

⁽²⁾ Per capita figures are based on population estimates according to the U.S. Census Bureau.

⁽³⁾ These amounts have not been reduced by the combined ending fund balances in the General Debt Service Fund.

⁽⁴⁾ These amounts include principal and interest payments for Tax Obligations, except it only includes interest for Commercial Paper Notes at an assumed rate appropriate for each Fiscal Year.

⁽⁵⁾ Sources of funds for the general obligation debt service requirement include the tax levy and transfers from Enterprise and Special Revenue Funds.

⁽⁶⁾ Information as reported in the City's Monthly Operations and Financial Report dated as of December 31 of each Fiscal Year.

**PRINCIPAL AND INTEREST PAYABLE FROM AD VALOREM TAXES
(EXCLUDING COMMERCIAL PAPER NOTES)

	<u>\$ 1,862,283,128</u>	<u>\$ 2,140,755,147</u>	<u>\$ 11,426,000</u>	<u>\$ 4,014,464,275</u>

Each Fiscal Year the City budgets for Commercial Paper Notes debt service and related reserve funds based on a calculation that assumes a certain amount of Commercial Paper Notes is expected to be issued during that Fiscal Year at an assumed rate of interest.

⁽¹⁾ Total debt service does not include payments related to various leases for office space and equipment, which are not considered debt under Texas law. The terms and conditions of such leases and agreements vary.

⁽²⁾ GO portion only.

⁽³⁾ Adjusted to reflect the sinking fund payments for the Tax and Revenue Certificates of Obligation (QECB - Direct Pay to Issuer), Series 2013Q (the "Series 2013Q Certificates"). Excludes the federal subsidy payment expected to be received by the City in connection with the Series 2013Q Certificates.

⁽⁴⁾ Totals may reflect a variance due to rounding.

Average daily sewage treatment (millions of gallons)	225	257	256	253	252	270	245	264	251	242

⁽¹⁾ The Fire Department now has a better system to record inspections. For example, a ten-building apartment complex is now counted as ten inspections, not one.

⁽²⁾ The Solid Waste Department started the tree recycling program in January 2009, which greatly increased the tons of recyclables collected.

⁽³⁾ A dry year caused a higher than usual number of breaks.

⁽⁴⁾ New connections represents all water connection types as meters (physical connections) to the water supply, not the regulatory definition of a connection.

VOTER-AUTHORIZED OBLIGATIONS
(amounts expressed in thousands)
(unaudited)

The following schedule sets forth the categories of bond authorization approved by the voters in elections held in November 2001 (the "2001 Election"), November 2006 (the "2006 Election"), November 2012 (the "2012 Election"), and November 2017 (the "2017 Election"), the amount of each such authorization approved by City Council for issuance as Commercial Paper Notes, the amount of commercial paper issued as of year-end, and the amount of commercial paper approved but unissued.

The City has issued all bonds authorized at the election held in November 1997.

2023	84,632	27.1 %	7,678	36.2 %	—	— %	92,310

- (1) The Pledged Hotel Occupancy Tax (HOT) revenues are revenues (including penalties, interest and delinquencies, if any) collected due to an occupancy tax of 5.65% applied to the cost of substantially all hotel room rentals in the City other than the Hilton Americas Hotel during the first ten years of its operation. The total HOT imposed by the City is 7%.
- (2) The City's pledge of parking revenues for debt service is subordinate to the City's pledge of the first \$1,200,000 of such gross revenues, charges and tolls to the payment of its annual obligation under the Music Hall Lease, unless such obligation is paid, defeased, matures or is otherwise restructured. These annual payments totaled \$1,000,000 for fiscal years 2001-2005, \$1,050,000 for fiscal year 2006, and \$1,100,000 for fiscal years 2007 and beyond.
- (3) The Tax Rebates consist of rebates of hotel occupancy taxes, sales taxes, and mixed beverage taxes derived from the Hilton Americas Hotel and parking garage during the first ten years of operation. They ended December 31, 2013, so there are no rebates to report in FY2023.
- (4) Amounts shown do not include investment earnings on pledged revenues, which are also pledged.

⁽¹⁾ Does not include debt service on CWA Bonds, which are payable from Gross Revenues as a Maintenance and Operating Expense of the Combined Utility System.

⁽²⁾ First Lien Debt Service largest payment requirement.

⁽³⁾ Excludes Restricted Receipts under Master Ordinance.

⁽⁴⁾ Net Revenues as calculated under the Master Ordinance, which includes as revenues restricted receipts and earnings under the Master Ordinance.

⁽⁵⁾ Available cash from Operating and General Purpose Fund net of encumbrances.

The Combined Utility System - Water & Sewer Facilities General

The City of Houston Drinking Water Operations (“DWO”) System covers over 580 square miles, providing drinking water to four counties: Harris, Fort Bend, Montgomery, and Galveston. There are 496,945 active water service accounts. 85% of source water is pulled from the San Jacinto and Trinity rivers while the remaining 15% originates from groundwater wells. In total, DWO has 861 million gallons per day (“MGD”) combined design production capacity of groundwater and surface water. More specifically, the water production and storage system include 3 surface water plants, 55 groundwater plants, 146 groundwater wells, 7 surface water re-pressurization plants, and 157 water storage tanks and towers. Average water purification and production is 476 MGD, which is enough to fill the Astrodome almost twice per day. The water distribution network consists of 7,660 linear miles of piping, 62,509 fire hydrants, and over 171,188 valves that are managed and maintained to the highest standards.

The City of Houston Wastewater Operations System receives and processes wastewater generated by residential, commercial, and industrial customers throughout the service area. The service area covers approximately 650 square miles within the City of Houston and serves a population of about 2.3 million people. The Wastewater System consists of over 6,192 miles of both gravity and force main lines, 600 miles of service lines within public right of way, 39 wastewater treatment plants, and over 377 lift/pumping stations and a centralized laboratory. The general condition of the collection lines varies depending on age, location and type of construction. The average daily wastewater flow through the Wastewater Treatment Facilities for Fiscal Year 2023 was 242 MGD. The permitted treatment capacity of the wastewater treatment facilities, as reflected by State permits, is 587 MGD.

The Combined Utility System - Annexation Program - In - City Districts

The City has created reinvestment zones and public improvement districts in which infrastructure improvements, including water and wastewater facilities, will be financed by the respective district or zone through bonds supported by assessments within the districts and by a tax increment fund into which will be deposited the amount of ad valorem taxes collected in the reinvestment zones in excess of the amount calculated on the basis of the property tax appraisals in effect at the time of creation of the particular reinvestment zone. Under State law, the City can create a public improvement district both within the corporate limits of the City and within its extraterritorial jurisdiction.

COMBINED UTILITY SYSTEM STATISTICS
(unaudited)

Funding of Proposed System Improvements

It is anticipated that the system improvements contemplated in the Combined Utility System's Fiscal Year 2024-2028 CIP will be financed approximately as follows:

Proposed Source of Funding	Amount (in thousands)
System Revenue Bonds (Net Proceeds and Interest Earnings) ⁽¹⁾	\$ 3,499,689
System Revenue	1,250,000
Swift Loan (Subordinate Lien)	—
Contributed Capital	97,801
	<u>\$ 4,847,490</u>

⁽¹⁾ The Combined Utility System's fiscal year 2024-2028 CIP anticipates the periodic issuance of additional First Lien Bonds and Subordinate Lien Commercial Paper. City Council must approve each issuance of bonds, but not each issuance of Commercial Paper Notes.

Obligations Payable from Combined Utility System Revenues

The following sets forth the total outstanding principal amount of the Combined Utility System obligations payable from revenues of the Combined Utility System as of June 30, 2023:

Contract Revenue Bonds Payable from System Gross Revenues	Amount (in thousands)
CWA Bonds ⁽¹⁾	\$ 44,570
Total - Contract Revenue Bonds	<u>\$ 44,570</u>
 System Revenue Bonds Payable from System Net Revenues	
Previous Ordinance Bonds	\$ 34,342
First Lien Bonds	6,057,355
Third Lien Obligations	—
Total - System Revenue Bonds	<u>\$ 6,091,697</u>
 Total - All Bonds Payable from System Revenues	 <u>\$ 6,136,267</u>

⁽¹⁾ Under a 1968 agreement, as amended and superseded in part, and a 1995 agreement, CWA agreed to construct the CWA conveyance system and certain other projects and the City agreed to pay, as a maintenance and operation expense of the System, amounts calculated to be sufficient to cover maintenance and operation expenses of the CWA Conveyance System plus debt service of the CWA Bonds.

COMBINED UTILITY SYSTEM STATISTICS**June 30, 2023****(unaudited)****Largest Sewer Customers**

The following schedule presents information concerning the ten largest customers of the Sewer Facilities for the twelve month period ended June 30, 2023. The total charges to such customers represent approximately 2.01% of the Combined Utility System Gross Revenue and 4.67% of Sewer Facilities gross charges during such period.

Customers	Gross Charges
1. Anheuser-Busch, Inc	\$ 7,316,994
2. City of Houston	6,224,753
3. Houston Independent School District	5,801,005
4. Harris County	4,145,608
5. University of Houston	3,521,650
6. Memorial Hermann	2,588,863
7. Rice University	1,839,059
8. MD Anderson	1,119,935
9. Houston Baptist Church	406,049
10. Methodist Hospital	366,373
	<u>\$ 33,330,289</u>

COMBINED UTILITY SYSTEM STATISTICS**June 30, 2023****(unaudited)****Water and Sewer Rate Adjustments**

In recent years, the water and sewer rates have been adjusted on the average as follows:

Date of Change	Average Percent Rate Increase (Decrease)	
	Water	Sewer
April 2014	1.2 %	1.2 %
April 2015	4.4 %	4.4 %
April 2016	1.4 %	1.4 %
April 2017	3.4 %	3.4 %
April 2018	2.8 %	2.8 %
April 2019	2.8 %	2.8 %
April 2020	3.5 %	3.5 %
April 2021	1.5 %	1.5 %
September 2021*	9.0 %	20.0 %
April 2022*	7.5 %	11.0 %
April 2022	5.6 %	5.6 %
April 2023	9.2 %	9.2 %
April 2023*	6.0 %	6.0 %

1. Current water rates are based on customer class. Customer classes include single-family, commercial, industrial, contract and agricultural. The amount of the bill is the sum of the fixed charge based on meter size and an additional charge based on the volume of water consumed. For example, for single-family customers, water rates can vary from \$9.48 for the first thousand gallons to \$94.69 for ten thousand gallons.
2. Wastewater rates also include a fixed charge based on meter size and an additional charge based on the volume of the water usage. For example, for single-family customers, wastewater rates can vary from \$19.87 for the first thousand gallons to \$123.66 for ten thousand gallons. Additionally, industrial customers may be subject to a sewer surcharge based on the quality of their wastewater discharge.
3. The bill for a typical single family residential customer using 7,000 gallons per month would be \$147.19 for both water and wastewater services. However, total water and sewer charges may range from \$29.35 for 1,000 gallons to \$102.74 for 5,000 gallons per month for single-family residential customers.
4. *Determined from Water and Wastewater Cost of Service Study Rate formally approved by City Council in 2021. Refer to City of Houston, Texas, Ordinance No. 2021-15 for further information.

COMBINED UTILITY SYSTEM STATISTICS**June 30, 2023****Water Supply****(unaudited)****Capacity, Production, and Sales**

The following schedule sets forth information concerning Water Facilities capacity, production and sales for Fiscal Year 2023 (million gallons per day):

	Available Capacity	Production Planned	Actual Production
Ground	153	71	71
Surface	540	401	405
Total	693	472	476
Total Sales			
Treated	416		
Untreated	227		
	643		

Sources of Combined Utility System Revenues - General

As of June 30, 2023, the Water Facilities and the Sewer Facilities served approximately 496,945 and 470,877 active service connections, respectively. During Fiscal Year 2023 approximately 48.66% of Combined Utility System Gross Revenues were derived from the sale of water, (90.50% from treated water and 9.50% from untreated water), approximately 43.22% from providing wastewater treatment services 1.39% from interest income and the remaining 6.73% from various other sources. Of the treated water sales, 93.27% of revenues were from retail customers and 6.73% from bulk sales to other governmental entities.

COMBINED UTILITY SYSTEM STATISTICS**June 30, 2023****Water Supply****(unaudited)****Largest Treated Water Customers**

The following schedule presents information concerning the ten largest treated water customers of the Combined Utility System for the twelve month period ended June 30, 2023. The total charges to such customers during such period represent approximately 3.80% of the Combined Utility System Gross Revenues and 7.81% of total water sales revenues for such period.

Largest Untreated Water Customers

The following schedule presents information concerning the ten largest untreated water customers of the Combined Utility System for a twelve month period ended June 30, 2023. The total of the contract payments by these ten customers during such period represents approximately 3.04% of the Combined Utility System Gross Revenue and 6.24% of total water sales revenues for such period.

Customers	Gross Charges
1. Equistar Chemicals LP	\$ 9,828,146
2. Deer Park Refining Partnership LP	6,135,281

⁽¹⁾ Includes CWA Maintenance and Operating lien.

⁽²⁾ \$249,075,000 of the Series 2012C variable rate bond debt service is calculated at the rate of 5.061% through March 2013 and thereafter at the fixed rate payor swap rate of 3.761%. This was refunded in 2016 & again in 2018 to Series 2016C and Series 2018C respectively. Series 2004B debt service is adjusted to take into account expected payments under the Series 2004B Qualified Hedge Agreements.

Discretionary Debt Service Paid by the System

The total amount of Discretionary Debt Service paid from Net Revenues of the Combined Utility System for the past nine fiscal years and the amount budgeted for fiscal year 2024 is set forth below:

Fiscal Year	Discretionary Debt Service (in millions)
2024 (budgeted)	\$ 2.8
2023	4.9
2022	4.9
2021	5.0
2020	5.6
2019	7.8
2018	9.1
2017	9.2
2016	9.9
2015	12.0

Combined Utility System General Purpose Fund Transfers for Drainage

The Combined Utility System transfers from its General Purpose Fund to the Storm Water Fund for the past nine fiscal years and the amount budgeted for fiscal year 2024 are reflected below:

Fiscal Year	General Purpose Fund Transfers (in millions)
2024 (budgeted)	\$ 49.7
2023	51.4
2022	57.1
2021	66.5
2020	58.8
2019	55.4
2018	54.0
2017	52.8
2016	42.2
2015	35.2

Indirect Charges Paid by the System

Fiscal Year	Indirect Charges (in thousands)
2024 (budgeted)	\$ 8,418
2023	7,333
2022	8,824
2021	9,503
2020	11,069
2019	10,404
2018	10,877
2017	9,988
2016	9,810
2015	9,776

COMBINED UTILITY SYSTEM STATISTICS**Last Ten Fiscal Years****(amounts expressed in thousands)****(unaudited)****Revenues and Expenses of the Water and Sewer System**

The following schedule sets forth the revenues and expenses (exclusive of certain non-cash transactions, primarily depreciation and amortization) of the "Water and Sewer System," as defined in the Coastal Water Authority Official Statements.

APPENDIX B

ECONOMIC AND DEMOGRAPHIC CHARACTERISTICS

This Appendix contains a brief discussion of certain selected economic and demographic data on the City of Houston, Texas (the “City”) and surrounding areas. Information in this Appendix has been obtained from sources that are believed to be reliable; however, such information is subject to revision and adjustment, and no representation is made with respect to the accuracy or completeness of such information.

The following data focuses primarily on four geographic areas, the Houston Primary Metropolitan Statistical Area (the “Houston PMSA”), the Consolidated Metropolitan Statistical Area (the “Houston CMSA”), the Greater Houston Area and Harris County, the county in which the City primarily lies. The Greater Houston Area includes all of Harris County and parts of six surrounding counties. The Houston PMSA consists of six counties: Chambers, Fort Bend, Harris, Liberty, Montgomery and Waller. The Houston CMSA consists of eight counties: Brazoria, Chambers, Fort Bend, Galveston, Harris, Liberty, Montgomery and Waller.

IT SHOULD BE NOTED THAT THE FOUR GEOGRAPHIC AREAS DESCRIBED ABOVE ENCOMPASS POPULATIONS AND AREAS WHICH FAR EXCEED THE POPULATION AND AREA OF THE CITY, SO THAT THE FOLLOWING DATA MAY SET FORTH STATISTICS AND TRENDS WHICH DO NOT NECESSARILY REFLECT STATISTICS AND TRENDS APPLICABLE SOLELY TO THE CITY ITSELF. IN ADDITION, INVESTORS SHOULD NOTE THE DATA CONTAINED IN THIS APPENDIX MAY FLUCTUATE MORE OR LESS IN SUBSEQUENT YEARS THAN IN PRIOR YEARS AND SUCH FLUCTUATIONS MAY BE COUNTER TO THE TRENDS AND STATISTICS EXHIBITED IN THE FOLLOWING TABLES.

October __, 2024

City of Houston, Texas

Re: \$ __,000,000 City of Houston, Texas Tax and Revenue Anticipation Notes,
Series 2024

To the Addressees:

We have acted as Special Tax Counsel for the City of Houston, Texas (the "City") in connection with the issuance by the City of its Tax and Revenue Anticipation Notes, Series 2024 (the "Notes"). In such capacity, we have examined (a) the ordinance adopted by the City Council of the City on August 28, 2024 (the "Ordinance"), authorizing the issuance of the Notes and (b) such law and such other certified proceedings, certifications and documents as we have deemed necessary to render this opinion. In all such examinations, we have assumed the genuineness of signatures of original documents and the conformity to original documents of all copies submitted to us as certified, conformed or photographic copies, and as to the certificates of public officials, we have assumed the same to have been properly given and to be accurate.

We have acted as Special Tax Counsel for the sole purpose of rendering an opinion with respect to the excludability of the interest on the Notes from gross income for federal income tax purposes. As to certain questions of fact material to the opinion of Special Tax Counsel, Special Tax Counsel will rely upon certificates, representations and covenants made on behalf of the City, the City's co-financial advisors (the "Financial Advisors") and the initial purchaser of the Notes (the "Initial Purchaser"), respectively, and certificates of appropriate officers and public officials, which Special Tax Counsel has not independently verified.

Defined terms used herein that are not otherwise defined herein shall have the meanings assigned to such terms in the Ordinance.

Based upon the foregoing, we are of the opinion that, under existing law:

Interest on the Notes is excludable from gross income for federal income tax purposes and will not be treated as an item of tax preference in computing the alternative minimum tax imposed on certain taxpayers other than corporations (as defined for federal

income tax purposes). The opinion set forth in the preceding sentence assumes the accuracy of factual representations made by the City, the Co-Financial Advisors and Initial Purchaser and is subject to the compliance by the City with all requirements of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder, that must be satisfied subsequent to the issuance of the Notes in order that the interest on the Notes be, and continue to be, excludable from gross income for federal income tax purposes. The City has covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause interest on the Notes to be included in gross income for federal income tax purposes retroactively to the original date of issuance of the Notes. We express no opinion regarding any other federal, state or local tax consequences caused by the ownership or receipt or accrual of interest on the Notes.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

Sincerely yours,

HOLLAND & KNIGHT LLP

Houston, Texas 77046

October __, 2024

City of Houston, Texas

Re: City of Houston, Texas Tax and Revenue Anticipation Notes, Series 2024, in the principal amount of \$____,000,000

Ladies and Gentlemen:

We have acted as Co-Bond Counsel in connection with the issuance and sale by the City of Houston, Texas (the "Issuer"), of its Tax and Revenue Anticipation Notes, Series 2024, (the "Notes").

All terms used herein in capitalized form and not otherwise defined herein shall have the same meanings as ascribed to them in the ordinance adopted by the City Council of the Issuer authorizing their issuance on August 28, 2024 (the "Ordinance").

The Notes have been issued in fully registered form, bear interest from the date thereof at the rates provided for by the Ordinance, finally mature on June 30, 2025, and are subject to redemption prior to their maturity in the manner and upon the terms and conditions as provided for by the Ordinance and other documents relating to the issuance of the Notes.

The Notes have been issued to finance the City's general operating expenditures for fiscal Year 2025 in anticipation of the collection of taxes and revenues for fiscal Year 2025 and paying certain costs of issuance with respect thereto.

The description of the Notes in this opinion and other statements concerning the terms and conditions of the issuance of the Notes do not purport to set forth all of the terms and conditions of the Notes or of any other document relating to the issuance of the Notes, but are intended only to identify the Notes and to describe briefly certain features thereof. This opinion shall not be deemed or treated as an offering circular, prospectus or official statement, and is not intended in any way to be a disclosure document used in connection with the sale or delivery of the Notes.

In rendering the opinions set forth below, we have examined a certified copy of the Ordinance and various other agreements, certificates and opinions, and are relying on the covenants and agreements of the Issuer contained therein.

Atlanta | Austin | Birmingham | Boston | Century City | Charlotte | Chattanooga | Chicago | Dallas | Denver | Fort Lauderdale
Houston | Jacksonville | Los Angeles | Miami | Nashville | Newport Beach | New York | Orlando | Philadelphia
Portland | Richmond | San Francisco | Stamford | Tallahassee | Tampa | Tysons | Washington, D.C. | West Palm Beach

We have examined a certified copy of the proceedings of the Issuer, and other information submitted to us relative to the issuance and sale by the Issuer of the Notes. In addition, we have examined and relied upon the certain certified copies of customary certificates of officers, agents and representatives of the Issuer, the Issuer's co-financial advisor, and public officials as to among other things the due organization and valid existence of the Issuer, the due adoption of the Ordinance and all documents associated with the issuance thereof, the levy and collection of the ad valorem taxes and the issuance of notes payable therefrom, other certified showings relating to the authorization and issuance of the Notes and the compliance of the Issuer with all conditions precedent to the issuance of the Notes.

We have relied on such other agreements, certificates, documents and opinions, including certificates and representations of public officials and other officers and representatives of the various parties participating in this transaction, as we have deemed relevant and necessary in connection with the opinions expressed below. We have not undertaken an independent audit, examination, investigation or inspection of the matters described or contained in such agreements, documents, certificates, representations and opinions, and have relied solely on the facts, estimates and circumstances described and set forth therein.

In our examination of the foregoing, we have assumed the genuineness of signatures on all documents and instruments, the authenticity of documents submitted as originals and the conformity to originals of documents submitted as copies.

The opinions set forth below are expressly limited to, and we opine only with respect to, the laws of the State of Texas.

Based upon and subject to the foregoing, we are of the opinion that, under existing law:

(1) The transcript of certified proceedings evidences complete legal authority for the issuance of the Notes in full compliance with the Constitution and laws of the State of Texas presently effective and, therefore, the Notes constitute valid and legally binding obligations of the Issuer; and

(2) Taxable property in the Issuer is subject to the levy of ad valorem taxes, within the limits prescribed by law, to pay the Notes and the interest thereon.

Our opinions expressed herein are predicated upon present laws, facts and interpretations thereof. We assume no affirmative obligation with respect to any change in circumstances or laws or interpretations thereof after the date hereof that may adversely affect the opinions contained herein to update the opinions expressed herein.

All opinions as to legal obligations of the Issuer set forth above are subject to and limited by (a) bankruptcy, insolvency, reorganization, moratorium or similar laws, in each case relating to or affecting the enforcement of creditors' rights, (b) applicable laws or equitable principles that may affect remedies or injunctive or other equitable relief, and (c) judicial discretion which may be exercised in applicable cases to adversely affect the enforcement of certain rights or remedies.

The scope of our engagement in relation to the issuance of the Notes has been limited solely to the examination of facts and law incident to rendering the opinions expressed herein. We have not been engaged or undertaken to review, confirm or verify and therefore express no opinion as to the accuracy, completeness, fairness or sufficiency of any of the statements in the Official Statement or any exhibits or appendices thereto or any other offering material relating to the Notes. In addition, we have not been engaged to and therefore express no opinion regarding the perfection or priority of the lien on the ad valorem taxes or other amounts pledged under the Ordinance or as to the compliance by the Issuer or the initial purchaser(s) with any federal or state statute, regulation or ruling with respect to the sale or distribution of the Notes.

Sincerely yours,

HOLLAND & KNIGHT LLP

BRATTON & ASSOCIATES, PLLC

APPENDIX D

DEPOSITORY TRUST COMPANY

The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the Notes. The Notes will be issued as fully-registered securities in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of each series of the Notes, in the aggregate principal amount of such series, and will be deposited with DTC.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants or DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LCC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s Rating Services rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Note

documents. For example, Beneficial Owners of Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Notes unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with Notes held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Paying Agent/Registrar, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or Paying Agent/Registrar; disbursement of such payments to Direct Participants will be the responsibility of DTC; and reimbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Notes purchased or tendered, through its Participant, to the Paying Agent/Registrar, and shall effect delivery of such Notes by causing the Direct Participant to transfer the Participant's interest in the Notes, on DTC's records, to the Paying Agent/Registrar. The requirement for physical delivery of Notes in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Notes are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Notes to the Paying Agent/Registrar's DTC account.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the City or Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.
